

Hunt ID: WY-WMDeerAntelopeTurkey-All-7WCAST4LENE-ELO3PEANT-OH9NJ

Hunt Both Sides of the Fence

Hunt both sides of the fence antelope hunt with over 500,000 acres of Wyoming to hunt you will see antelope.

Normal Hunting season Dates

Archery Unit 6,7,24 Aug 15 – Sept 30

Muzzleloader (No Special season)

Rifle Unit 5 – Oct 1- Nov 20, Unit 6,7- Oct 1- Oct15, Unit 24- Oct 1 – Oct 31

Two day guided on public land or go on the other side of the fence and hunt private land. The good bucks are ratty but more important they are staying in the hiding spots that they weathered each day through the season through. Pressure had dropped to almost nil during later in the season and hunts ad broken into Friday and Saturday or Sunday and Monday through the season as a norm.

We are able to go where others couldn't, across the fence, the trick that they have used to get through up to this point. You will be guided, 2,3 and No more than 4 hunters in a group. These hunts are 99.9% success and much higher on opportunity of course. The key is shooting; if you can shoot you will fill. We recommend being proficient at 200 yards but if at all possible practice hitting a 15x 14" target at 300 yards, then you will be ready for anything. A antelope chest is 15" by 15".

You will be hunting Wyoming Unit 24 and if shooting is your skill this is the time to team you up against the long rangers. Most shots are about 200 yards but if you want to stretch your barrel in practical experience this is the hunt because we can provide antelope at 400 yards, are you that good of a shot. All calibers from 243 on up are required. Also optics or range finding paraphilia, decoys, and ground blinds on water holes and so on are legal. Can you dope the wind? Remember this is Wyoming they never shut down the wind machines.

Only a limited number of hunters will be accepted.

YOU MUST GET OR HAVE AN ANTELOPE LICENSE FOR UNIT 24 in Wyoming is the unit directly north west of Wright, Wyoming, and get a license now before they are all sold out.

There is some options early on for unit 5, 6 and 7 in order of preference but get with the outfitter before putting in for those units.

The area 24 draws well and usually has some leftover licenses, but not many don't wait around or you will miss them.

Discounted Antelope, We hunt both sides of the fence, private land and if they get away onto public land we are licensed in there also. They can run but they can't hide.

The outfitter will provide transportation - no ATV's please.

His success rate is extremely high for rifle hunts for all species, it's in the 90% range for muzzle loader hunts and archery hunts are lower.

With 29 years of experience he know how to get antelope that are on the private land side of the fence and he has permits so that if the go on the other side of the fence he can get them there also. No need paying for a 3 day hunt when you can fill your tag easily in two days. Also you don't need 1 on 1 guide to hunter ratio you can bring your friends and get a 4-1 discounted rate. (Additional days can be purchased if needed and will be adjusted to the number of hunters that are left in your group that couldn't seem to get the antelope where the bullet was going.) Hard to do when I am only guide for extra days and calendar set.

If you can find a better buy on an antelope you tell me, and I will hunt there. This is the best thing going, and if you can shoot, you can take home an antelope.

He will provide you with phone numbers for lodging closest to where you will be hunting as Gillette and Wright Wyoming so you can make reservations for yourself. Restaurants are always in the area of the lodging and taking a lunch with you is always recommended.

Camping for tents and campers are always available and the normal weather this time of year is highs of 70 and lows at 30 depending on the weather fronts.

Normal Hunting season Dates

Archery Unit 6,7,24 Aug 15 – Sept 30 (See Combo Hunt archery & rifle together below.)

Muzzleloader (No Special season)

Rifle Unit 5 – Oct 1- Nov 20, Unit 6,7- Oct 1- Oct15, Unit 24- Oct 1 – Oct 31

(With all hunts extra days can be purchased if needed for \$200 per day per person.) Hard to do when I am only guide for extra days and calendar set.

1 Hunter to 1 guide ratio is \$2000 discounted down to only for the 1st 10 bookings \$ 1595

2 Hunters to 1 guide ratio is \$1900 discounted down to only for the 1st 10 bookings \$ 1295

3 Hunters to 1 guide ratio is \$1500 discounted down to only for the 1st 10 bookings \$ 1095

Archery Hunts are semi-guided 4 day hunts. These are usually ground blind hunting near an active waterhole. Although in the areas where the ground is rolling and provides some cover it is not unusual to get them with the spot and stalk method. Only Two hunters per hunt.

The premium days in Archery hunting is our combo hunt. This allows you to hunt the last 3 days of Archery season with a bow and if you don't fill you can continue on and hunt the first day of rifle season. The dates for that hunt are 9/28 through 10/1. Only two hunters per hunt.

Antelope Combo Hunt. Archery for three days followed by Antelope rifle.

(In Wyoming it requires a regular licenses and habitat stamp. The only addition is that there is a \$30 archery stamp to hunt archery, then as the opening day of rifle begins it is good for a rifle antelope.

Pre-booking for next year is available \$ 500 deposit with hold your dates.

Weather/ The weather can and will have a profound effect on your hunting sometimes in a positive manner sometimes in a negative manner. During the fall weather in Wyoming can change from 90 degrees during the day to freezing at night. Roads may be muddy and to wet to travel in the morning and dry in the same afternoon. We will hunt in bad weather, but safety and ranch road rules will be the deciding factors about leaving camp. October in Wyoming can get very cold. Bring clothes to cover the whole temperature span. Prior to your hunt go to the internet site www.weather.com and search Wright Wyoming. Checking out the long range forecast will help you prepare for your hunt. No extra days will be awarded or refunds given to lost hunting opportunity or season closures. Any additional cost for motels, meals, etc. under these circumstances is not the responsibility of the Hunting Lodge.

Lodging is the hunter's responsibility. The motels in Wright or Gillette are your best options and the outfitter has some phone contacts for them and will provide them to you when you book your hunt. Lodging is not included with the hunt, but locally available the earlier you book in the year the better because this has been deemed the highest antelope density area of the state.

Hunts during the week or after the first weekend make it easier to get lodging in the area because it is well known for its antelope population.

HUNTER SAFETY REQUIREMENTS: No person born on or after January 1, 1966 for Wyoming may take any wildlife by the use of firearms, unless the person possesses and can exhibit a certificate of competency and safety in the use and handling of firearms. (Hunter Safety card) Wyoming grants reciprocity to other states, countries or provinces providing recognized hunter safety certificates. Exhibit of certificates are not required to apply for or obtain a license; however certificates must be carried in the field.

The blaze orange requirement for Wyoming antelope is 1 garment either a hat or a vest of solid or camouflage blaze orange.

The minimum age to hunt in Wyoming is 12.

Besides your Antelope hunting license for unit Antelope-24 you will also need a \$12 Conservation Certificate which you can purchase with your license. If hunting archery you will need a \$30 archery stamp which allows the license to be good for the archery or rifle season.
