In 1997, the company made waves in the Filipino market with its launch in Makati City. The Philippines was the third location of the chain outside of North America to enjoy the Starbucks menu and its tradition of hospitality, exceptional customer care, and great blended coffee made it easy for the country to embrace. One Of The First Starbucks Stores In The Philippines Starbucks paved the way for coffee culture to thrive in the Philippines and turned coffee into an experience that the market was previously unaware of. Since then, Starbucks has become omnipresent around Metro Manila, and you'll often see people carrying white cups with the iconic green logo. Today, there are over 300 outlets throughout the country, constantly introducing new flavors and exciting twists to existing menu items. If the coffee shop continues to add new and exciting drinks & food to the Starbucks menu in the Philippines, they'll be sure to stick around for a long time to come.
