Mortal Kombat 12 is an upcoming fighting game in the Mortal Kombat series. It is being developed by Netherrealm Studios and published by Warner Bros. Interactive Entertainment. It is the 12th main installment in the main series and will be released in April 2023 for PlayStation 5, Xbox Series X/S, Nintendo Switch. Like the previous game, Mortal Kombat 12 will feature the previous fighting mechanics with a new online mode called 'One to 100', a mode where one player faces off against 100 players on King of the Hill with special mystery buffs or debuffs. Mortal Kombat 12 will also hold previous DLC guest characters from MKX, MK11 and MK9 as well as new guest characters. The only confirmed guest character so far is Michael Myers, but it has been hinted other 4 new characters for Kombat Pack 1. Story Raiden was defeated by Liu kang & Kitana. Raiden was purified of the evil that corrupted him in MK X. Two years later with the fall of Liu Kang and Kitana that were restored by the undead Quan chi, Sareena is the queen of the underworld and she make a peace agreement with Plan-Land, Outworld, Edenia & Ramse. But a new threat arises, Odaria is the queen of Edenia. Rules of fair kingdom as Rain, Kitana and Sindel are no longer threats to her power, Anubis rules the kingdom of Ramses, but will now join forces again, this time against Onaga. The Dragon King Onaga has been resurrected along with his wife the Dragon Queen Omega, he will corrupt and dominate the realms again, with Mileena as his main servant. Now everyone should unite against the dragon king. Nubb Saibot back after finding the remains Cyrax Cyber-Lin Kuei, he reprograms Cyrax and they serve Onaga. Onaga seizes the Reptile body after this break the egg in which he was arrested and again. He will conquer the worlds. The NetherRealm Oni's attack led by Moloch and Drahmin's bands of demon's rampage, trying to fight off the king as well. All kingdoms must now fear Onaga. For the king Dragon returned. Characters Several characters from MK11, MKX and the Mortal Kombat 3D Era returns with some brand-new characters in the roster. It is scheduled for 35 characters as base roster with some characters that need to be unlocked. The characters listed in the game are: Sonya Blade Johnny Cage Triborg Kovu - NEW Jax Baraka Shang Tsung Reptile Frost Sub-Zero Kira Scorpion Rain - UNLOCKABLE Raiden Fujin Liu Kang Kung Lao Kitana Mileena Noob Saibot Sareena Jade Skarlet Jarek Ermac Li Mei Ashrah Darrius Nightwolf Blaze (Weakened) - UNLOCKABLE Leon Black - NEW Kintaro Goro Mokap - UNLOCKABLE Meat - UNLOCKABLE The Terminator Superman Wonder Woman The Joker Catwoman Robocop Saphira New Characters u/Thinkforyourself - An overwhelmingly smart redditor who believes everything on the internet, is an unstable boomer that consumes lead. Kovu - Kano's most loyal son who is the leader of the Black Dragon clan. Shortly after the death of his father Kovu takes the mantle of the black dragon. Kovu is an anti-hero character that eventually turns good in the story and is Mikuri's love interest... Bosses Blaze (Weakened) [Sub-Boss 1] Shang Tsung (Sub-Boss 2) Kintaro (Sub Boss 3) Goro (Sub Boss 4) Onaga (Final Boss) Guest Characters Freddy Krueger - Returning from MK9, this time having his original appearance from Wes Craven's original 'Elm Street' movie and is being voiced by Jackie Earle Haley. He appears in Kombat Pack 5 of 6 Pen - Object Show Character from Battle for Dream Island, He Appears in Kombat Pack 5 Or 6 Adog - A white idog from the idog franchise, he appears in Kombat pack 7 Bdog - a black idog from the idog franchise, he appears in Kombat pack 7 DLC Characters Pre-Order Bonus: Onaga Taven - Kombat Pack 1 Daegon - Kombat Pack 1 Takeda - Kombat Pack 2 Blaze (Powered) - Kombat Pack 2 Kenshi - Kombat Pack 3 Belokk - Kombat Pack 3 Geras - Kombat Pack 4 Kabal - Kombat Pack 4 Ermac - Kombat Pack 5 Havik - Kombat Pack 5 Unlockable Characters Shujinko (Complete the Story Mode) Rain (Complete Chapter 8 of the Story Mode) Mokap (Complete the Arcade Mode with the main roster on maximum difficulty) Blaze (Weakened) [Complete the Krypt] Onaga - Pre-Order Bonus Shujinko - UNLOCKABLE Meat (Play the game for 10 hours non-stop) Softonic reviewMortal Kombat X is another entry in the long-running fighting series, famous for its brutal, violent and incredibly gory gameplay. This time the fighters have more moves available than ever before, and fans will be eager to try out the new 'fatalities' of each. While the gameplay in Mortal Kombat X is a step forward from previous games, this PC version has some features we're not so keen on - paying real money for in-game currency that's used to buy various upgrades in the game.Complete KombatMortal Kombat X has 29 fighters for you to master. Some are returning favorites, and there are some newcomers. Here's the full list: Cassie Cage, D'vorah, Ermac, Erron Black, Ferra / Torr, Goro, Jacqui Briggs, Jason Voorhees, Jax Briggs, Johnny Cage, Kano, Kenshi, Kitana, Kotal Kahn, Kung Jun, Kun Lao Liu Kang Mileena, Predator, Quan Chi, Raiden, Reptile, Scorpion, Shinnok, Sonya Blade, Sub-Zero, Takeda, Tanya and Tremor.Does that look like a lot? As well as 29 characters, each also has three different combat styles, and each style has a wide range of moves to learn. So, mastering all the characters in Mortal Kombat X looks like quite a mountain to climb. Of course, most people settle for perhaps two or three characters who most suit them, and in this sense Mortal Kombat X's library of characters means you should be able to find something that fits you just right.There is a single player campaign in Mortal Kombat X that lasts about four hours. That may sound short, but it's good for a fighting game. Where in games like this the 'story' seems tacked on, and a bit pointless, in Mortal Kombat X's story campaign is a really fun, cinematic experience.Mortal Kombat fighting environments have always been characterized by their interactivity. Mortal Kombat X takes this a step further. Each environment is unique, with its own set of objects you can use to hurt your opponent. They can be used to as the start of combo moves, or as the final flourish of a combo.Mortal Kombat X is also rich in game modes. Faction Wars is its online game, where you join one of five factions, and from then on everything you do contributes to that clan's worldwide ranking. Living Towers mode returns, with more variety and challenges than ever. There's no shortage of things to do in Mortal Kombat X.Gorier than everOn PC, whether you use a keyboard and mouse or a controller, the controls are well designed and implemented. Whether or not you can master the plethora of moves available to you is another thing.Graphically, Mortal Kombat X is impressive, with matches running at a smooth 60 frames per second. However, for some reason the cinematic cut scenes and Fatalities only run at 30 frames per second, which seems an odd decision.Despite their reduced frame-rates, the fatality moves, a complex combination of controls that you execute just before beating your opponent, unleashing a ridiculously violent death, are no disappointment. If you like that sort of thing. The series has been famed and infamous for these gory match ending moves, and Mortal Kombat X ramps up the over the top violence even more.Great fun with questionable in-game paymentsSo, Mortal Kombat X has great graphics, excellent gameplay, and a ton of modes to keep you entertained, but there are some problems. You earn in-game currency by playing the game, but you can speed up this process by paying real money to get more. One innovation here is the ability to by 'Fatalities' that are easier to do. This feels wrong - the point of a fatality was to rub your opponents face in your superior skills, by finishing with a move that was complicated to do. Buying easy fatalities spoils this glory, somewhat.The available DLC for the game unlocks four more characters and some skins. This seems like paying for something that should have already been included, as it's a full-priced game.If you're a fan of the series, the schlocky campaign will be extra-enjoyable, and the actual combat is very good, and looks fantastic. The sheer amount of moves to learn could be off-putting for newcomers, whereas veterans will be angered that newbies can pay to make special moves easier.
