The **ONTARIO** *Simmental* **SOLUTION** *Sale*

*I*t is hard to believe that we are only weeks away from the fourth annual Ontario Simmental Solution Sale. Thank you to the consignors and bidders for making this sale a success! Here we are in the second sale year with Covid-19. There will be an end to this and everyone can't wait for this to happen. We are excited about this years offering, the consignors again have dug in deep and brought a group of females that should excite everyone. There is a wide selection of genetics that will make an excellent addition to anyone's herd. All the animals will be preg checked prior to the sale and updates will be provided prior to the sale. Video's (if available) will be added to the Ontario Simmental Solution facebook, watch it for the updates.

Again this year we will have DLMS onsite so if you are unable to attend we have DLMS available for internet bidding or contact the sales management team.

Jaxon made the trek to almost all of the consignors in a few short days. If you have any questions on the cattle contact Bohrson Marketing or the consignors direct. Also we are thankful Darryl will be at the sale doing what he does best, he had a short time off.

We would like to thank Dave Carson and his staff, Scott Bohrson and his staff and our auctioneer Dan Skeels. A huge thank you to Donna Bohrson for putting the sale catalogue together and working along with the consignors, wow was she fast! To the consignors, you have brought a tremendous set of breds to the sale! A thank you to the advertising sponsors for their support, anyone needing their services or products, give them a call. To the buyers, present and future, we thank you for making this a successful event and wish you much success with your purchases.

Please join us on October 2 at Carson's Sales Arena, we look forward to seeing you!

◆ ◆ *Ontario Simmental Sale Group* ◆ ◆

*T*he Simmental Solution Sale is one of the most enjoyable sales to attend of the fall because it is annually backed by great people who are passionate about the breed and bring their very best to town. Deep pedigrees with the very best cow families represented has elevated these programs to be able to showcase the strongest from their herds that will surely increase the ROI for the successful purchasers. You will find a deep set of sale cattle here once again, backed by breeders that stand behind them and want the very best for their cattle to go out and work for the customers.

The bred heifer section is as deep as it has ever been and that is a huge statement as it has truly been impressive in years past. These future cornerstone females are carrying exciting services that can be invested in with confidence. Whether it is an exciting bred heifer or a proven bred cow that you seek, we are confident you will find an offering here that will suit your needs. On top of that, an exclusive set of semen and embryos are available and hold a lot of marketability to invest in as they are exclusive and exciting to say the least.

In years past we have seen cattle move through this sale and go on to do great things for the customers that wisely purchased them. These genetics are proven to work and once again, the people behind them are some of the best we have the honour to work with each and every fall. Make plans to join us on Saturday, October 2 in Listowel as you will be impressed with once again, a strong set of sale cattle that have the ability to take your program to the next level.

Where to start with Rona?! Darryl selected this cherry red tank of a heifer last fall to be our feature heifer for this year so here she is! For those who love the old genetics, Klaus is a direct son of the old Lilli- Marlen cow and sired by none other than Hafke; crossed with a big old Romulus cow with a touch of South African in the bottom to complete the package. Add the polled factor with her Philosophy mating should make for a very marketable calf. Her maternal sister by Balist sold to Keato Meadows Simmentals in last years sale. Full Fleckvieh

Bred to Fairview Philosophy (1221002) on March 22nd.

The youngest heifer in our sale offering, this Polled Full Fleckvieh heifer is the result of a flush we did on one of our high-volume cows out of Heidi's Debutante (Heidi x Richmond Mr. Shareholder 43E) and JNR's Polled Crackerjack resulting in 34 embryos. She is an easy doing sweet tempered heifer and if she turns out anything like the other female's we have out of this cow family, she will easily follow in their steps. She is patterned much like our Guerrero heifer in the sale is bred to Guerrero to enhance those traits in her progeny.

Bred to FGAF Guerrero 810Y (748277) on May 2nd.
No exposure. Checked safe in calf Aug 16, 2021

We purchased Hannah's dam from Elm Tree Farms at the 2019 Eastern Harvest Sale. We wanted to add a Elm Tree Zander heifer to our program and when we walked through the pen Leonnie's disposition won us over. She put everything into this heifer and she did a great job. A lighter coloured heifer but she is good. A twist in the pedigree to our usual consignments

Bred to Anchor T Metro on March 27th. Exposed to Anchor D Gibraltar July 10 to August 28, safe to AI date.

Another great purchase from Ferme Gagnon at their 2019 sale. Her dam was the second high seller at the sale and has a bonus of being homo polled. This Guerrero daughter has a great disposition and would be an asset to anyone's herd. Awaiting the results to see if she is homo polled as well.

Bred to Anchor T Metro on May 27th. Exposed to Anchor D Gibraltar July 10 to August 28.

Wow is all I have to say. Her dam(Aby) raised our high selling heifer 2 years ago, selling to Elm Tree Farms. We home raised Deebran Polled Foreman and used him for a clean up bull and rented him out to a couple commercial guys. With too many bulls around and limited space we made a decision to cull him. Hazel was his only heifer and you decide if we made a mistake! Aby is another Mom that leaves her mark on her kids, Hazel is a little lighter then Aby but has the build and marking to match mom.

Bred to FGAF Guerrero on March 27th. Exposed to Anchor D Gibraltar July 10 to August 28, safe to AI date.

Semen Lot - Stored at Alta Genetics

A) 10 doses of Anchor D Gibraltar 431G B) 10 doses of Anchor D Gibraltar 431G

With the interest we had on him last year we are offering a limited opportunity again this year. A huge thank you James Creek Simmentals, North Dakota for purchasing all of the USA semen. Contact Heathe for any purchases in USA. This guy has turned into one of the biggest pets we have around here. Call his name and he looks around trying to find where you are. We used him on a few heifers and had no issues. His first set of calves all are dark red like their Dad, consistent vigorous calves up in minutes walking with small birth weights to add. When you walk into the barn you know which are Gibraltar calves for sure. He was the high selling Polled Full Fleckvieh at Anchor D Ranch spring sale in 2020. If you select animals based on performance then take a serious look at his EPD's! We are offering 2 lots of 10 doses of semen, Canadian only. This will be the only semen offered this year. Keep in mind, he is one of only very few Polled FGAF French Attack sons!

This is the first calf from a heifer we purchased out of the Camrose Classic from South Seven Farms and we are very impressed with the job she did. An easy fleshing, smooth polled very well put together female. We had several Guerrero calves last year and were happy with their calving ease and very happy with the rate of gain on the backgrounded steers. You will notice that several of the sale heifers are bred back to him which will pretty much guarantee a polled calf. This heifer will have a bright future in someone's herd and I'm sure you will be happy with her production. Smooth Polled Full Fleckvieh. Bovishield Gold FP5L5HB, Tasvax 8, Safeguard & Ivomec.

This heifer is out of a very good cow, CVC Bailey is out of an animal we purchased from Vaughn Gibbons. She goes back to a high seller at Murray Farms dispersal MFI Helga 8067. With Broadway in there as well, She will no doubt preform. Her sire CVC Bohannon 605D has stamped them with the dark pigment. Lots of resemblance to the high seller last year that went to Black Ridge Simmentals. Bred to Rugged R Cavill.

AI to Rugged R Cavill on March 15th.

The decision to include Jersey Girl in the Ontario Solution Sale is based on the fact that she represents our cow families and our longstanding phrase - Maximum gain, minimum maintenance. She can take care of herself and her calf on grass and hay. We are keeping her stylish polled 2021 heifer calf and offering her and her 2020 bred heifer, DEK 50H in this sale (Lot 51). Bred to our homozygous polled bull, Masterchef 3F, you are guaranteed a clean polled calf with length, correctness, style and performance. Jersey Girl is an easy calving cow with great milk and a beautiful udder. You will not regret adding her to your herd and making her one of your best performance cows and foundation females.

Exposed to DEK Polled Masterchef 3F from March 27th.

Here is a beautiful example of a young Simmental cow as feminine and productive as her dam. She is the maternal sister to our homozygous herdsire DEK Polled Masterchef 3F. Bred to DEK Polled Hudson 52H, a FGAF Guerrero son, you will be guaranteed a dark red calf combining genetic strength from two of our oldest cow families. Golden Girl's Sunny Valley Freedom heifer calf will stay in the herd. Don't be put off by her colour. The colour of her progeny can be manipulated (see photo). Her style and performance is guaranteed. Breed her anyway you want and keep her milk, correctness and docility. Golden Girl 36G does not like having her picture taken but is proud to show off her calf!!

Bred to DEK Polled Hudson 52H on May 18th.

Another maternal sister to our homozygous polled herdsire, DEK Masterchef 3F, Harmony 42H is a deep, correct and very attractive, possibly homozygous polled heifer with heaps of potential. Her mother is a naturally quiet cow with no calving problems, longevity and milk, and carrying the genetics of one of the strongest cow families. Harmony 42H possesses all the ingredients to produce calves with higher weaning weights and natural muscle development.

Bred to Fairview Philosophy 99E on April 22nd.

Here is one of Karina's favorites. Polled Highness 44H is an incredibly easy doing and easy going heifer. She had a yearling weight of 1084lbs, at the top of the group. Safe in calf to Fairview Philosophy, imagine the possibilities. Her dam, Millie 8A, also possesses the milk factor essential for gain and muscle development. If you are after docility, this girl has never been halter broken yet is as easy to manage as a show heifer. She loves her pats and cuddles. Plus she has longevity on her side.

Bred to Fairview Philosophy on April 22nd.

A maternal sister to our herdsire DEK Galileo 33G, 46H will be a cow to keep in your herd producing high gaining, polled, dark red calves for years to come. Hazel has inherited the finesse and femininity of her dam, who produced our polled Galileo with a yearling weight of 1380 lbs. Bred to SVF, her calf will have genetics outside the box. Her Dam, DEK 7D has definitely moved into the position of one of our top cow families. Her offspring are consistently some of our best.

Bred to Sunny Valley Freedom on April 4th.

Maternal Bro: Galileo 33G

Here is a dark red, goggled eyed FGAF Guerrero heifer that catches everyone's eye. Harper is thick, powerful, and very correct with terrific performance. It was a tossup if we could have also offered her dam, DEK 22F, in the sale if only to display the style and power of our herdsire DEK Curry 7E. Our decision to keep Harper's dam was made because of the powerful bull calf she gave us this year. We are hoping for another heifer calf next year!

Bred to Fairview Philosophy 99E on June 8th.

Here is a powerful heifer. Like her mother, DEK Jersey Girl 13E (Lot 40), she is a powerhouse. Honeysuckle had a yearling weight of 1070lbs. You cannot ask for better performance and she keeps improving with predominantly grass and hay! Honeysuckle is the future of Fleckvieh cattle plus the polled factor from the homozygous polled 3F. She carries her weight and size well while showing the femininity required indicating that she will be as consistent as her dam in producing the best. Masterchef 3F left his stamp on her.

Bred to Fairview Philosophy on May 15th.

**POWERFUL
 COMFORTABLE
 AND BEST OF ALL
 AFFORDABLE.**

When it comes to hay and cattle farming, there's never a moment's rest. But there can be a lot more comfort. The Kubota M6S series was built to be easier on its operator, with a fully loaded cold climate cab, more manoeuvrability in tight spaces and a more ergonomical design. It was also built with the power and performance you come to expect from Kubota and a little something you didn't expect: an affordable price tag.

◆ *Terms & Conditions* ◆

TERMS: The terms of the sale are cash or cheque payable in Canadian funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any livestock will be released.

CERTIFICATE OF REGISTRY: After settlement has been made the buyer will be provided with the proper registration papers, duly transferred on the record of the Canadian Simmental Association. Further transfer to the herd books of other countries shall be at the buyer's expense.

DELIVERY: Delivery will be the responsibility of the buyer and the buyer's risk.

FLECKVIEH STATUS: Full Fleckvieh will be considered as fullblood cattle tracing back to a minimum of 5 generations of German or Austrian heritage. It is recommended if further research is required to check with the Canadian Simmental Association and no assumption of Fleckvieh heritage will be guaranteed by neither consignor or the CSA.

BREEDERS GUARANTEE: Standard terms set forth by the Canadian Simmental Association, with the exception where any animal is subject to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales staff, auctioneer, or consignors assume any responsibility in the matter and disclaims any liability, legal or otherwise in the event of accident or loss of property.
