A brief history to Collins – pioneers in dictionary publishing since 1819

1819 Christian philanthropist William Collins founds Collins with the vision of “creating knowledge for all” through his publishing

1824 Donnegan’s Greek and English lexicon is published, meeting the need for dictionaries to help scholars understand the New Testament in the original Greek

1840s First illustrated dictionaries published

1853 *The Library Dictionary* – with over 1,000 pages and 1,000 engravings – is published

1874 *The Collins Senior Etymological Dictionary* is published

1902 The first *Gem English Dictionary* is published, now the bestselling little dictionary in the world

1920s The first bilingual gems for French, German, Italian and Spanish are published

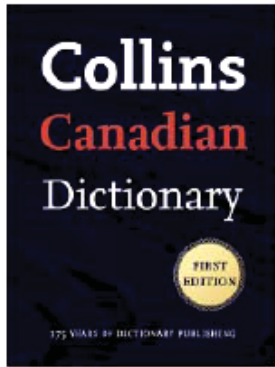

1971 The first comprehensive bilingual English-Spanish, Spanish-English dictionary is published thanks to the pioneering lexicographical work of Colin Smith. “A formidable achievement that provided a blueprint for any future bilingual dictionary” – *The Independent*

1979 *Collins English Dictionary* assigns headword status to more words than any dictionary of comparable size, thereby making the text layout more user-friendly

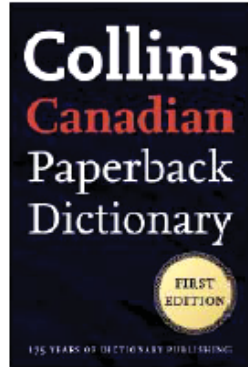

1987 The first *COBUILD Dictionary*, for learners of English, is published. This was the first dictionary to be based in full on research carried out using the Collins Corpus. The Collins Corpus is a database of over 4.5 billion words of written and spoken English which provides evidence of how English is really used

2011 Collins launches collinsdictionary.com, the most comprehensive dictionary to be available free online
