Summer 2017

Main Office: (303) 982-3311

Hello SLHS Community,

Many images are conjured up as we consider the term “home stretch”—the final segment of the race, the big push to the finish line, the excitement of watching how fast and how far one can go. It is the same with the end of the school year. As we close the books on another successful school year I want to thank and acknowledge the tremendous commitment from our students, faculty, and of course our amazing community. We must take time to celebrate that we did our best and made the most of our opportunities over the 2016-17 school year. I encourage everyone—students, staff, and parents—to keep this in mind as we prepare for our summer vacation and/or other plans. Instead of finding time to wind down, make this a time to gear up and keep learning alive and transition right into next year. Take time to enjoy the beautiful Colorado landscape, mountains, etc. but also take time to be thankful and be with family or friends. Your summer vacation is well deserved.

Thank you for helping your child blaze an educational trail that will lead them to success: in school, at home, in their careers, and in their bright futures. Have a very restful, relaxing and safe summer vacation!

ATTENTION: GRAPHING CALCULATORS REQUIRED FOR ALL SLHS STUDENTS THIS YEAR!

ALL Standley Lake High School math students (Algebra 1 or higher) will be required to have their own **GRAPHING CALCULATOR**. Students are required to have a Graphing Calculator on the first day of school. Graphing calculators will be used in class and at home on assignments.

Due to the cost of these calculators (\$80 - \$120), we wanted to make sure you know in plenty of time so you could be looking for back to school sales. Other places to look are on Amazon, ebay, craigslist...etc.

We recommend: TI-83, TI-83Plus, TI-84, TI-84 plus Silver Edition

If you choose to purchase a different model/brand of calculator, your teacher may not be able to show you how to use it, as we use the above models for classroom demonstrations.

Please note that we WILL NOT allow the use of calculator apps on ipods, iphones and other smart phones in the classrooms.

*We do have a limited number of rental calculators available to students on free/reduced lunch. Our supply is limited and available on a first come-first serve basis. See your teacher for details. The cost of replacing a lost rental is \$120.

*Students that are on Free/Reduced Lunch should see the Financial Secretary (Ms. Whitesides) to receive a voucher for a rental calculator prior to the start of school in August.

SchoolMessenger

The school district has a communications system – **SchoolMessenger** – that sends important information to parents quickly via phone, e-mail and text messages* based on parent requests. The system can send thousands of messages in minutes delivered in 14 languages for phone delivery, and more than 30 languages for e-mail delivery.

Parents and guardians can receive messages about emergency school closures, attendance, test dates, grading periods, school activities, and more.

To activate a SchoolMessenger account parents need to provide their student's school with up to date contact information by completing a Student Information Card. Then go online to: <http://www.jeffcopublicschools.org/schoolmessenger/> to select e-mail, telephone and text message preferences. For more information about SchoolMessenger see Frequently Asked Question at: <http://www.jeffcopublicschools.org/schoolmessenger/>.

*Jeffco Public Schools does not pay for text message charges that may be incurred by the user. Check with your cell phone provider for possible charges.

PARENTS/SPECTATORS/STUDENTS

t

➤ Remember that you are at a contest to support and yell for your team and to enjoy the skill and competition; not to intimidate or ridicule the other team and its fans.

e

➤ Remember that school athletics are learning experiences for students and they may make mistakes. Praise student-athletes in their attempt to improve themselves as students, as athletes and as people as you would praise a student working in the classroom.

a

➤ A ticket is a privilege to observe the contest, not a license to verbally assault others and be generally obnoxious.

m

➤ Learn the rules of the game, so that you may understand and appreciate why certain situations take place.

s

➤ Show respect for the opposing players, coaches, spectators and support groups. Treat them as you would treat a guest in your own home.

p

➤ Respect the integrity and judgment of game officials. Understand that they are doing their best to help promote the student/athlete, and admire their willingness to participate in full view of the public.

➤ Recognize and show appreciation for an outstanding play by either team.

o

➤ Refrain from the use of any controlled substances (alcohol, drugs, etc.) before, and during games, and afterwards on or near the site of the event (i.e., tailgating.)

r

➤ Use only those cheers that support and uplift the teams involved.

t

➤ Recognize and compliment the efforts of school and league administrators for their efforts in emphasizing the benefits of educational athletics and the rule of good SPORTING BEHAVIOR to the end.

s

➤ Be a positive role model through your own actions and by censuring those around you at events whose behavior is unbecoming.
