

AON Canada Stock Fund

Aon Canada is very pleased to offer employees an opportunity to purchase shares in the Company.

We want you to share in the future financial success of our Company and believe that employees who are owners of the Company have a strong stake in helping to achieve our goals. There are long-term benefits for you too. When Aon business results are strong, investors are interested in our stock and want to buy it. This can lead to higher stock prices...and increased value in your investment.

Investing in Aon Canada Stock

Participation in the Fund is entirely voluntary and there are currently no restrictions on the amount of assets that you can invest in stock. However, investing heavily in stock may expose you to fluctuations in both operational performance and stock price. There is no single formula or percentage that suits all investors, so you should consult a professional about what the right mix of investments is for you. As a general guideline, you should diversify your investments and have no more than 10% investment option of your total assets invested in any stock.

Details about Aon Canada Stock

As a member of the Aon Canada Inc. Company Share Save Plan, your contributions will be used to buy Aon PLC Common Stock on the New York Stock Exchange (NYSE). Aon PLC ticker symbol is AON. You can see how AON shares are performing on the NYSE website at: www.nyse.com. Results also appear in the business section of most local newspapers. Manulife Financial will purchase your shares of AON using the instructions you provide for both your contributions and AON contributions. Your share price will be the average weighted purchase price applicable for each purchase of shares. Manulife Financial will report your stock value in Canadian dollars – so remember to apply the most current exchange rate to the value you receive from the NYSE website or from your local newspaper.

BY INVESTING IN AON STOCK (9047), YOU WILL BE PART OF AON BOTH AS AN EMPLOYEE AND AN INVESTOR.
