

## Gain a clear and accurate view of your financing business.

Dealertrack DMS Buy-Here Pay-Here integrates your financing business with your general ledger.

Offering credit to customers can put you ahead of the competition. But managing contracts through a third party outside of your DMS doesn't always offer a clear and accurate view of your total financing business. Dealertrack DMS Buy-Here Pay-Here integrates your financing business with your general ledger in real-time, so you know exactly how your contracts portfolio is doing at all times.

### Features and Benefits:

- **Seamless integration** – Integrate your financing business with your general ledger in real-time.
- **Tracking and reporting** – Easily track and create reports for payments, deposits and collections.
- **No re-entry of data** – All financing entries automatically flow to your general ledger.
- **Real-time data** – Instantly access critical information.
