(What follows is intended for those who would understand and apply the science of cosmic cycles applied from the teachings of the Ascended Masters of the Great White Brotherhood (of Light) as given through their Messengers, Mark and Elizabeth Clare Prophet and applied using the science of the cosmic clock and astrology. I have followed as faithfully as I can the direct application and translation of the cycles as given, understanding it is karma making to interpret. I have taken the Master's dictations to the altar and sat under my Christ Self and the Masters who tutor my soul and have applied these cycles in my own world for the purpose for which they are given, to save my soul. What follows is the product of the cycles as given by the Masters and as applied and understood in the meditation of my heart with the hearts of Mother, my Guru, Saint Germain, Kuthumi, and Maitreya. I have followed and applied this science for years. I have been compelled to share these with you. I have applied the science of light and the cosmic clock with my understanding of esoteric and mundane astrology to translate the hand writing on the wall of returning karma and to walk the Path of Initiation home. The light flushes out the darkness. The methodology of this applied science is not given here, but the inquiring mind may understand. The methodology will be given separately at a later date as new age astrology of the initiate for the soul's odyssey of the return home. It is my intention and purpose that you sit under your own vine and fig tree and use the material here and study the Masters teachings referenced here to enter into a dialogue with your God Presence and be God taught so as to acquire God's gifts of the Holy Spirit of Knowledge and Understanding, Discernment, and Interpretation of Tongues. Your Christ Self is your teacher. What truth lies here is only of value to you if it sets your heart to vibrate as two tuning forks that come into contact. The Truth will set you free. Your Christ Self is Truth. Seek and you will find.

What follows is for your intercession on behalf of mankind for the saving of souls and your ascension in the light.)

Preface

In the fall we reap in our physical world what has been *sown and nurtured*, in and up to this point in 2019. We see this from two perspectives. The first is the divine plan for the year for the planet, the nations, our communities, and ourselves as taught by Saint Germain on January 1st, 1984 in the Class of the Solar Ring. The second is what we have made of it given the first perspective.

We must look *through eyes clearly* at both perspectives because the masters teach that during the harvest the wheat and tares can be bundled into separate bundles and the latter burned. We have three solar cycles, Libra, Scorpio, and Sagittarius to wash seven times, to clean up what we *can* surrender. We also have the last six weeks of the year to clean up the tares we have sown this year. Both options require a deep analytical review (*Sun in Virgo*) and a determined will to surrender (*Sun in Taurus*) what has been growing in our fields of endeavor (*consciousness*). Review the documents on the site under the previous three quadrants (*winter, spring and summer*). Have your own astrology available to correlate with planetary astrology. I use the USA White House (*chart*) to represent the cycles of initiation of the planet and the nation. USA is the heart of the planet. This chart, I have come to believe, represents the highest aspirations and opportunities for the planet and America. It also indicates an open window on the planetary forces that oppose *the Great White Brotherhood (the white light)* and our best efforts in *the Battle of Armageddon*, for the souls of the planet.

Sun Enters Libra

Helios enters Libra in the second house, second decant. This represents the light of the people, their energy, their money supply. The latter in esoteric astrology means that the people's money is a measure of their liberty. Spiritually one's ability to draw down supply and the abundant life, "every good and perfect gift", is a measure of the light you invoke and keep and your mastery on the fifth ray and on the six o'clock line. The Sun in Libra, in the 2nd house 2nd decant is in the first decant of Libra. This decant of Libra governs "policies" that govern our money supply by government and in Libra, the *hidden (invisible) government*. We know them on the West Gate as the ICCA, the Beast out of the sea and the earth.

FALL EQUINOX 2019
BALANCE YOUR DEBTS TO LIFE
DIVINE JUSTICE * AN ACCOUNTING

Aa a rule of thumb, always look at the light, the divine plan or the purpose of the Sun representing “*life*” on (to) the planet, first. This includes those planets which the Maha Chohan (*the Holy Spirit*) tells us are out-pictured by those who assimilate the light, i.e. the way of Christ Jesus, the path home. They are the Sun, Venus, Jupiter, and for some who have the mastery, the Moon (*beneath their feet...Pisces, God Mastery*).

Once, we know the path of initiation of the light and what is expected of mankind then we look at the opposing forces, their agenda and strategies of darkness being employed and from whence they are coming. The opposing forces comprise two factors those of the light (*sons of the law of the One*) who on these particular light rays of the Sun have as yet to achieve mastery and who therefore break the law and those fallen angels who rebelled in heaven and are at war with heaven, still (*sons of Belial*). They war (*Libra*) on earth with God, represented in Mater as the Mother that some call ***Gaia or Terra***, more *specifically the Woman and her seed*, and with the Sons of Solitude, the Great White Brotherhood, who represent to man, our Father and his Son, Christ.

The first factor, the Maha Chohan tells us are those who in their rebellion and disobedience, play out the Four Horsemen, who deliver the karma to the planet to play out in the great drama, in the nations, community and our organization, the battle of Light and Darkness, as pawns to the forces of the second factor. We know these in history for example as, Benedict Arnold, Pilot, Judas, even Saint Peter. You know them today, though some as yet, are self deceived and know not yet what they do. Never-the-less it is written, *woe to them*. These are they who may yet have a three-fold flame. That which they have assimilated of the light is stored in their mansions in heaven, their casual body, but *that which is yet untransmuted* that they are called in this life, by their astrology, to transcend they have determined to hold on to in the face of the light of the Sun come to free their soul. They have believed the lie. They have become therefore an adversary of the light, the persecutors of the saints and the patriots. They are the army of factor two, agents provocateurs, the enemy within the gates, of the nation, the organization, and are set against the City Four Square because they are driven by their egos, their synthetic selves, their *human personalities*, the mask that hides their dweller.

2

The second factor, comprise the fallen angels, the Nephilim who rebelled in heaven and were cast out *into the earth* (to embody) and the Watchers who rebelled against their holy office as Watchers over mankind to protect them from themselves in their exercise of free will, from the enemy within. We know the enemy within Man as that which is hidden, within the 12th house and Pisces who governs it; the occult forces, the occult energy, within the subconscious and the collective unconscious. The use of energy by free will can produce *creative* man-i-festation or can produce *death* (Pisces) and *destruction* of mankind’s “works”, i.e. civilization and the heart of civilization, *the nation at its heart*, Atlantis come again, America, the Renaissance nation created by God for the Renaissance man and the promised Kingdom of God on earth, the coming Golden Age of Aquarius.

The Sun in Libra comes to bring all to ***the realization of their God Reality****. This occurs each year at fall equinox. The difference this year and in the years to follow, *for an indeterminant or unspecified period of time*, is that now we are come to the point in the evolution of the planet and its evolutions, prophesied through the ages, since Lemuria and Atlantis. We are

FALL EQUINOX 2019

come in the cycle of the solar systems orbit revolving through the Galaxy to that point of *the congruence of cycles*. The Mayans tell us *one billion years*, the masters tell us that there are many cycles converging, *one million years* (Saint Germain and Confucius), *25,800 years*, the Grand Sidereal Year as we move into a new cycle through the twelve constellations. And of the precession of the equinoxes as we move into Aquarius from Pisces. The Masters also tell us we are at the juncture of a *10,000-year cycle*. But it is much more, we are coming to the end of the of the long cycle of the Hindu Kali Yuga. We know this as the judgments that went forth in 1984. The Judgment of evil in the Matter Universe (1/1/1984) and on planet earth (Helios 7/4/84). We know this as the judgment of the Abusers of the Word on the First Ray (4/27/84). The Mayans know this as the time of the return of the Serpent (Feathered) to the Garden (earth, of the Sons of God) and the judgment of the fallen who must escape with the Serpent come to take them to safety with the genetic seed of **Man** necessary to perpetuate *their race* of mechanization man, *humans*.

We are come this fall to the God Realization, *the awakening of Mankind*, to separate them out from among *the humans, humanity* and to elect from among their own, their representatives who will lead them as they rally to Uncle Sam, the prophet Samuel, Saint Germain. As this people fulfill the prophecy and the mandate to come out of her, the anti-church, the Harlot who rides the Beast of Rome and Babylon the Great the anti-state and anti-city (Rev 18:4) and be a separate and chosen people, one nation, one people, one God. This is the first step (the elections of 2020) of much, much more to come, in the years ahead. The faithful know, but the others God has blinded (with their karma) and hardened their hearts so they cannot see or hear, the call, for they have chosen by re-creating their karma instead of serving America and leading the planet into the golden age.

3

The Sun in Libra comes to bring all to *the realization of their God Reality*. The soul's divine plan as a unique son or daughter of God, a singular individual flame blazing upon the altar of the heart chakra. The Sun comes to clear the heart center, the temple of man, the physical temple comprising the four lower bodies so that the temple of man and the flame therein permeates the four planes of matter to create as co-creators with God *the Coming Revolution in Higher Conscious* that will bring in the coming Golden Age. *It is happening on your watch*.

The Sun stands on the 9 o'clock line having initiated and cleansed all the soul would allow in the three preceding quadrants (bodies). Now we stand in Libra in the physical for all to see, our words and our works now being made manifest. We stand in Hamlet's shoes on the cusp of the coming confrontation in Capricorn, in Libra the cusp of the physical quadrant and *must* face the *warring (Libra)* in our members (*Gemini*). The Cosmic Clock teaches us that this warring manifests as treachery and intrigue, as the betrayal of the word (works) on the first ray (*blue ray, cardinal cross*) now in its 36th year (4/27/1984). We are being initiated to let go and come apart before the judgment descends, as an avalanche upon the fallen ones. That when it does and the planetary and personal dweller comes to you, they find nothing, you are not there or, if they find you the avalanche might hit you, but Morya teaches, it won't stick to you.

This reality of the Sun in Libra *is about the Heart*, the clearance of the heart chakra, the 12 petal and 8 petal chambers (*of the heart chakra*). It is about the bricks that entomb the heart, causing heart disease and clogged arteries within the heart. It is about the hardness of heart

(*Aquarius*) and its self-love that only knows hatred and the hate creation (*Aquarius*) in the subconscious records, our memory. This karma is returning this fall on the Ascendant-Descendant axis of planetary karma (Leo – Aquarius axis of the soul) which represents our misqualified energy that is recorded within the collective unconscious of the planet’s evolutions. Having gone within the soul enters the flame of his God Reality in Libra, his Holy Christ Self and his Father’s God Presence and instantly knows the God Solution to the challenges the soul faces. The soul is then one-pointed in attaining her victory over the specific challenge. This collective unconscious plays out in our worlds as did those challenges that Odysseus faced with his crew and which he had to decide to go within his Heart Center to the flame upon the altar and surrender his attachments to material substance and the substance of self, as taught by Master Kuthumi.

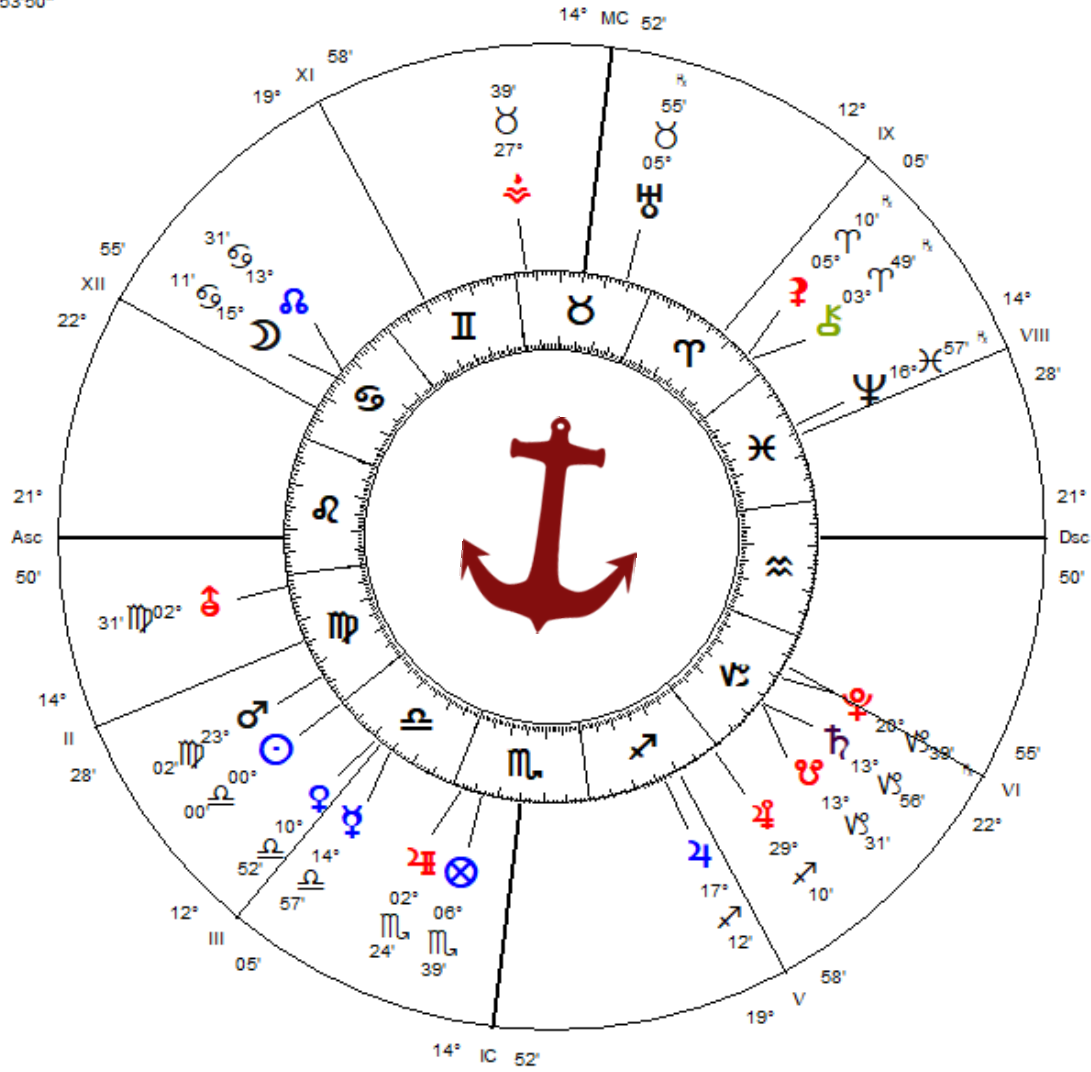

The Heart is poisoned in Libra by the ego, its pride which we are taught has at its root, ambition. Libra is the sign where the soul faces choices to go within and surrender, as the assimilator Venus ruler of Libra and Taurus (surrender). Or to bow before the Serpent (*in Aries on the 3 o’clock line*) now evolved Mother teaches us, having become the Dragon (*see the Enemy Within*). The Dragon that stands before the Divine Mother giving birth to Christ within your soul, to devour it as soon as it is born. The soul has the same choice Krishna faced in this situation with Pootna and her brother. Libra is opposed by Aries, the ego and its carnal mind and the forces of the Moon’s influence on Mars, the planet and the people, the Martian A’s (8 in number) anger, aggression... that pulls down consciousness (Mental quadrant) from the higher mental plane within the heart chakra (Sagittarius - God Victory and the all accomplishing wisdom of Amoghasiddhi) to the lower mental plane and mental body (Gemini, 3rd house) where the soul is submerged in the mass conscious and programmed by the fallen ones and their machines and computers as taught by Archangel Gabriel and manipulated by the collective unconscious, the grids and forcefields of planetary karma that are maneuvered by the planet’s and the Moon’s magnetic force and the gravity of the earth, by the fallen angels.

Understand the first principle of cosmic astrology, you stand in the physical earth on the cusp at 0 degrees Libra, on the 9 o’clock line of the Buddha. This first principle is the Buddha principle, the God Realization of the Reality of standing “everywhere in the consciousness of God”. This provides the soul the Reality of standing simultaneously at every point on the cosmic clock and on her astrology as she weaves her tapestry qualifying the thread as a light ray (color) entwining with it the black thread of her dweller as it rises to the surface to poison the heart with its ego’s carnal mind and its personality, *it’s feelings*. If you understand this principle then the

previous paragraph has deeper meaning. Morya taught us this principle in his teaching that all lines of the clock converge on the six o'clock line, forming cups to contain and hold, the light.

The Sun in Libra in the second house means that what is coming to play out in the second house as warring in the members (*Libra rules the seventh house of relationships, all kinds*) will play out in the economy having to do with our money supply and the policies put in place to govern or control the light of the people of America and the planet's I AM Race. What Buddha and our God Presence, our God Reality wants the soul to know is that you are your light, not your material outer manifestations, your possessions (jobs, houses...). Protect your money supply i.e. your savings, your light. Withdraw from their Nephilim economy of the new economic order of a one world governance. Recognize that when they implement their draconian measures, you must not take the mark of the beast. You must rise up before the altar of your heart, and the heart centers of your communities and nations and raise the right hand of the Cosmic Virgin (56.02) and bind the planetary dweller on the threshold (20.09). These are those who are separating out from those who are becoming the laggard evolution of earth, as happened on Maldek.

What is coming can be mitigated to the extent that the law allows, in 2019 or more specifically beginning at winter solstice and to be announced on New Year's Eve as the Divine Plan for 2020, beginning on January 1st (2020). You must be prepared to rally to Saint Germain (Uncle Sam) when he announces his plan to save America by coming apart to be a separate and chosen people from among the masses of the people of America and the planet who are about to receive the seven last plagues and the COMMAND of heaven to, "LET MY PEOPLE GO"! Saint Germain is prepared to lead this people, into the new frontier in *the Coming Revolution of Higher Consciousness* with the Once and Future King, all who have prepared to this time to follow him. Because their hearts have been purified and they see through the glass clearly.

(show of hands, who has read the documents from winter solstice, spring quarter, summer quarter? This document should inspire you to do so, to understand the import presented here about what is coming upon the earth. Those who have read the foundational documents of this year now should have a greater understanding and communion with their God Presence to prepare for their role in what is coming upon the earth.)

Virgo Rules Second Cusp

Virgo rules the second house activities as Helios enters Libra in the second house second decant. God Justice governs what will play out in the second house. The cusp at 14 degrees Virgo governs our "experiences" by the karma we have sown and now reap. The soul receives God's chastisement and is determined to wash 7 times during the Sun's transit of the physical quadrant, 28 solar days in each sign, seven solar days in each of the souls four lower bodies to re-gain/gain God Mastery over our dweller's (soul's) personality, its misqualified energy (on the 12 lines of the clock) and over the poisons of the individual components of personality, as taught by the Five Dhyani Buddhas.

This descent of our karma as the harvest of our sowings is both good and bad karma. The bad descends as the judgment of the reprobate, Mars at 23 Virgo in the first decant of the second

FALL EQUINOX 2019
BALANCE YOUR DEBTS TO LIFE

house, the unredeemed, unloving boy (inner) child who still after 2000 years wants outer gratification, the soul's untransmuted residual desires. These energies are competing for the Sun's energy still. They blind the soul to the Father's purpose and his divine plan. So, the soul must heed the message of Mercury who rules Virgo to deal with our reprobate self, the lessor self and her self love, the ego. If not, you will stand before your God Reality, with warring (Libra) in your members of self, community, nation and organization. This will play out in the second decant of the second house as the soul struggles to keep in alignment with her Presence (Sun) and will find, as did Saint Paul, that which I would not do, I do, and that I would do, I do not. As the cycles pass us by.

In contrast, the determined soul walks with her God Reality and washes seven times on each of the seven rays in each of her four lower bodies balancing in Libra her three fold flame, balancing light and darkness. The light invoked and held consumes the darkness that are the bricks of hardness of heart and the hate creation (Aquarius) now manifesting in the second house as *the have nots* and the *virgins without oil in their lamps* come to take that which is stored in the second house of the *Haves*. This is the story of the *haves* and *have nots* (among the people) and the *vestal virgins* (KOFs and Communicants CUT). The soul is being tested whether or not they have internalized the teachings of Jesus Christ, the lost teachings come again in the Everlasting Gospel delivered to an awakened people in the *Coming Revolution* in Higher Consciousness, that is *now come* upon the Nation(s) and the people. *But first* to the tribe of the Levites, the Priesthood of the twelve Tribes of Israel, who are the reincarnation of the Atlanteans, as told by the Ascended Master Phyllos, given him by the Ascended Master Ernon.

God is preparing our souls in 2019 to meet the coming challenges of 2020. The manifestation playing out of the planets in Capricorn, that Mother and Kuthumi teaches us are the orbits of our planets we have set in motion as our dweller, the collective unconsciousness. Please read Mother's book, *The Enemy Within*, possibly the most important book you will ever read (if you take it to *your* heart). These planets in Capricorn have been gathered, by Archangel Zadkiel who tells us in Mother's book, *The Vials of the Seven Last Plagues*, (page 100) in the east to the battle of the great day of God Almighty. Astrologers are calling this *the Great Transformation* the *glorification* of the Babylon civilization, dialectical materialism. They speak only of the fallen angels and their plans. They leave out completely the coming of our God in the Great White Brotherhood, as Jupiter, the Guru (Saint Germain, Hierarch of Aquarius) enters Capricorn to deliver the judgment of Helios. This web site, *Sun Star Lunar Dragon*, is dedicated to tell His Story, the History of the Great White Brotherhood and their moving in the Earth through people and events. This judgment begins on December 2nd, 2019 as Jupiter enters Capricorn to deliver the judgement to the Watchers on December 4th. (*See the Summer solstice series of documents, The Woman Clothed with the Sun, The Mandate of Victory.*) The coming of the Guru, Saint Germain as Hierarch of the Aquarian Age; he tells us, will see the freeing of Merlin from his entrapment and his return to Camelot, to cast out the black magicians...these are Vivien and her like sorceresses and the Modreds, as described by Morya. They are also the black magicians of those who were once of the light, who walked the path, who once had a threefold flame who have stood at *the Y in the road* and bowed before the devil, preferring the mark of the beast and the promise of ruling the nations and the outer organizations. Archangel Zadkiel (page 98) translates this to mean all who have forsaken the Holy Spirit, those who are possessive (Taurus) of material things or of spiritual things will not keep either. He says, "only those who

move in the flow of the Mother (Kundalini) can enjoy mater-realization (God Reality). Only those who flow in the movement of the Holy Spirit (o'clock line, Libra) can know the joy of Spirit-realization”.

Six-Pointed Star

The six-pointed star is the star appearing of the Word Incarnate, Mother tells us that this is always the case. The six-pointed star is the star of victory. It is also, Lord Maitreya tells us, the Six-Pointer star of the Lord of The World. The six points represents souls who have prepared for lifetimes to fulfill a role for the Brotherhood. The first, he describes as the Warrior who defends the community against the lies and propaganda in Aries of the Serpent on the East Gate, materialism.

The star appearing comprises the Nadir, Saturn conjunct Dragon's Tail, Neptune, MC, Moon conjunct North Node, and *the sixth point* between 12 Virgo 30 minutes and 18 Virgo. This *sixth point* of the star is occupied by all those on earth who stand in their natal charts between 12 and 18 Virgo who have prepared to this hour. *This is their Star Appearing*. They are called to fulfill their destinies and lead the nations and the organization into the Golden Age of Aquarius under the Hierarch Saint Germain. They are called to play a major role in humility and constancy as taught by Kuthumi, having erased the face of their lesser selves from the mirror of the Moon Mother, they see the face of the Cosmic Virgin. They are called in Cancer on the 6 o'clock line to defend the Mother and to raise up Woman, the divine feminine principle of the soul. They are called to nurture in the people and raise them up *to elevate woman as an equal partner to lead mankind* is this final battle against the darkness by the balanced threefold flame of the heart and to raise up the light of Mother, the Kundalini to the Heart and to the Third Eye to illuminate the darkness, consuming ignorance (Maitreya says) imparting wisdom. They are to be the eye of the storm, the flame of Cosmic Christ Peace, the shelter for the faithful midst the storm that is coming. These are the vestal virgins (Virgo) who have the oil of Cosmic Christ Peace, the Radiant Golden oil of Christ Peace in their lamps, *at his coming*.

This six-pointed star is made up of the water trine and the earth trine. These souls make up the Virgo point of the earth trine come to balance the water trine by their mastery of their emotions, the astral sea by their humility and constancy. They anchor the light, which they *arc* into the heavens on the midheaven drawing forth the light and anchoring it on the nadir, in the subconscious to consume the energy veil of the personal dweller on the threshold and planetary karma manifest as the collective unconsciousness of the souls of mankind on the Leo-Aquarius axis, of the Ascendant Descendant.

The six-pointed star is come to arc the light and *anchor* it in the earth to consume the sea of desire that holds the soul earthbound to the depths of the sea, the dweller. These stars (individualized God flames) are called to hold the balance in the Earth for the arousing of the beasts out of the earth and out of the sea on the 9 o'clock line, the West Gate that yet holds the multitudes to material desire. The Sun is come in Libra on the 9 o'clock line on the West Gate to gather the people to Archangel Zadkiel who stands on the West Gate looking East gathering the kings and their armies to the battle of the Great Day of our Lord. These, the incarnate word, are called to the Guru to be anointed to gather the people out of the clutches of the beasts out of the

sea and earth from the mark of the beast and their agents in the one-world government and economy, the international bankers and money changers, and the ICCC, manipulators of the Law of Abundant Life, and the light of Alpha and Omega in the sacred labor (sixth house Virgo) of the children of God...of all who subvert the authority of the Holy Spirit (9 o'clock) and usurp the office of the Calf occupied in Matter by the great multitude who are the children of the Most High God.

The Anchor

Gautama (West Gate, 9 o'clock line, Libra) in his Wesak Address of 1992, titled, "Have Mercy: The Thoughtform of the Anchor, tells us to withdraw our dreams and hopes (11th house) from the astral sea and its depths. He describes how we have anchored ourselves in the lower levels by anchors of desire (*Mars at 23 Virgo in the second house of possessions.*) He tells us instead to cast our anchor into the great sea of light, our casual body. He says to heave your anchor of pure hope into the highest octaves, the 33 planes. This anchor he teaches us will keep your ship in place midst the waves of attachment, aversion, and confusion, not letting you be carried in one direction or another. Also, he teaches the anchor does not float, it sinks and holds you in place with your hopes in the higher octaves. This means that gains or losses will not deter you, not even spiritual possessions, as taught by Archangel Zadkiel. The anchor keeps the mind fixed on keeping the body going (not on renown, honors, reverence, salutation, veneration and homage, even if he be at the height of gain or renown). (Gautama POW vol 35 #20)

Archangel Michael has given those who fought the good fight and won, *the point of the ruby ray*, it is shaped like an anchor and it is a loadstone. He tells us to call for *the flaming anchor of love* to multiply our God Power, God Love, God Mastery, God Control, God Obedience, God Wisdom, but especially God Harmony, God Gratitude and God Justice. He says because these last three must take us through the journey of the night through the astral plane of your karma that you will, he says, balance (Sun in Libra) by the gain you have *achieved* (Virgo) already (up to and including this year). It is, he says, the dark night of the soul of personal and planetary karma (*Leo - Aquarius on the axis of planetary karma and Taurus - Scorpio on the axis of personal karma*) that all must face who have balanced 51% of their karma. This dispensation of balancing 51% of karma was given, he reminds us, because souls lost the ascension when they faced the next initiation, *the descent into Death and Hell*. This initiation was announced by Saint Germain when we had entered this initiation in 1989. Since then we have seen many fail this initiation and depart.

Archangel Michael describes this anchor as *a fiery anchor of love* that will multiply the ruby ray initiations (*seven initiations on the Path of the ruby ray by Sanat Kumara*) and protect the soul in the astral quadrant (*32nd year in Leo on the Path of Personal Christhood and in the Initiation of the heart*) on the 6th, 7th, and 8th o'clock lines. It does multiply your God Reality, God Vision, and God Victory. He states that in the next initiation (*April 13th, 1986*) we will place the missing anchor in the center of the circle of your Christhood (*to begin your path of personal Christhood on Nov 1st, 1987*).

Archangel Michael speaks of the cycle, then in Aries (the dark cycle) now in Leo (path of personal Christhood in the initiation of the Heart) of the psychology of evil that would eclipse the light of the sun then in Aries, now in Libra. The eclipsing of the heart in 2019. If in the

chelas and Keepers of the flame then in the nation and nations. Evil is intent on eclipsing the light of America giving birth to Christ in you. (Archangel Michael and Kuthumi POW vol 29 # 46). This was prophesied as the Dragon standing before the Divine Mother giving birth to the Christ to devour the Christ in you as soon as it is born. As Arjuna's wife was being stripped of her light garments (Libra, the 10th station of the cross), she passed her initiation by calling upon Krishna who interceded performing the miracle of the (Sari) garment. Krishna came in the seventh incarnation of Vishnu to demonstrate how to meet this initiation of Christ when confronted by the Serpent (Dragon) at birth, as he slayed the Demon Pootna.

Sun Midpoint North Node and Jupiter

The Sun is conjunct the midpoint at 0 Libra 21 minutes between the North Node at 13 Cancer and Jupiter at 17 Sagittarius. The North Node is conjunct the US conceptual Sun at 13 Cancer which was conjunct the star Sirius at conception. This indicates the destiny of the nation and the occult nature and significance of its conception and birth. The North Node is in the 11th house third decant, indicating the repression of America's conception by the Dragon of the Luciferians (Aries) and the Satans (Taurus). This plays out through the fall of woman on Atlantis as the records and memory repeat themselves in America amongst these generations that believe the lie about woman's bodies and their right to murder the child of God in their womb and that of Victoria's Secret. They are being pulled down into the grasp of Mars from the embrace of Venus. Hence, the Moon conjunct North Node, the Lunar Dragon magnetizing and amplifying the fall of woman, the feminine principle of the soul. The current position in 2019 of the God Star, at 14 Cancer is midpoint between the Moon and North Node. Sirius, the God Star, called the Dog star by the ancient Nephilim civilizations, is come from the God-Government of the Galaxies on the star Sirius. Sirius has come to deliver the cosmic-galactic judgment through our system's star, Helios under the sign Virgo, God Justice to the Earth, upon the civilization of Babylon the Great and the beast of Rome, in the second house of their global economy and financial systems. This will play out in their monetary, fiscal, and credit policies of their escalating debt. **Their** global debt in America alone, has increased in this century from say 2 trillion to over 22 trillion and some argue the unofficial debt of America is over 160 trillion dollars.

Note, that this is *their* debt, their karmic debt made by seizing this nation and aborting her destiny. This debt is come due. It will unfold rapidly, suddenly as this people withdraw their support and involvement. As they rally to Saint Germain and his plans to separate this nation and hemisphere from the dominion of the fallen angels who argue that they (illuminati) don't exist and are integral to the light. Arguing that light only exists in contrast to evil. There is no evil in heaven, they were cast out. This is their lie to seduce woman, (the soul, our feminine principle, Men are from Mars, Women are from Venus. So, of old, we are called to come out of her or receive her karma. Helios has sent Jupiter in 2019 to deliver the judgment. This is the second coming, *the everlasting gospel*, we call *the Coming Revolution in Higher Conscious*. The awakening of the people to the God flame in their hearts, that has been initiated on planet Earth since the mega-conjunction in Capricorn in February 1988, at 0 Capricorn. Saint Germain, Uncle Sam is on schedule according to the divine plan released in waves, measured in years, always the 1st of January each year. He has kept his cards close to his chest, his heart. He gave this generation the opportunity to be the first fruits. These are they who were called out by the

Guru through his Messenger since the 60s. Their offerings have been evaluated every year since it was announced on January 1st 1987. Some have answered and they are being tested in 2019 as they publicly demonstrate their mastery of the Radiant Golden Oil of Peace, in their lamps. Now he (*the Seventh Angel, Saint Germain*) is come, swiftly as foretold of old, in the night, the dark night of the soul and is taking his own to his heart to play his hand.

Now, it is critical for these, the faithful, to expiate their remaining karma, and bind their remaining dweller, that when the karma descends as an avalanche, we shall have nothing to tie us to that karma playing out and if we do, it is minimal so that as the karma of the Seven Last Plagues descends it may hit us, but Morya tells us it won't stick. Read this book of Elizabeth Clare Prophet, *The Vials of the Seven Last Plagues*, and wash seven times of that spoken of therein.

Venus and Mars

Mars at 23 Virgo in the 2nd house 1st decant, represents *the determination* to act, to carry out God's will or to do it his way according to his will, the self-will of his lower animal instinctual nature. Mars is in the 3rd decant of Virgo to face the choice *to renunciate* his lower nature, the ego separate from God, the carnal desires of his carnal mind, the lower mind on the lower mental plane where he is subject to the influences of the Moon's amplification of his *possessiveness* in the second house, *his attachments* to the substance of things and of self, as taught by Master Kuthumi. Mars chooses to receive his Holy Christ Self and be his Sun Presence and work (act) the work of the ages. The soul has come to 2019 in Libra having achieved balance, a greater balance of the three-fold flame in the heart (Libra – Aries) over the lower nature. The soul is able to face the test of Lilith and Chiron in the 8th house 3rd decant by the *soul's attainment*, in Virgo – Pisces, having learned from her/his *experiences* to obey the law, to balance her karma on the Pisces Virgo karmic axis on her journeys experiences through the solar plexus, the Great Gallery of her Temple on the path to the Queen's chamber.

Venus at 10 Libra 52 minutes is in the 2nd house 3rd decant of *mastership*, the master of her ship as was Odysseus in the Odyssey (of the Soul). The mastery to go within the heart (Libra – Aries) and declare, to the relationships and partnerships she finds herself in, her *Independence*. She follows her star (Sun) and is able to extricate herself from karmic entanglements and the web that ties the soul to people and their group karma. She declares her freedom from the psychological entanglements, attachments to people that cause the soul to follow the will of others, dominant egos or the collective unconscious of the karmic group. She declares (commands heaven, light) and acts with Mars to cut herself free from the conditioning of her soul by Chiron at 3 Aries conjoined the Black Moon Lilith, at 5 Aries in the 8th house 3rd decant by *her attainment* in the 8th house of paying her debts. She has a momentum of balancing (Libra) her debts, her book of records, if you will. The Sun Venus midpoint is opposed by Lilith conjoined Chiron. Venus, the faithful devotee and patriot, follows her star, the Sun and balances her book of karmic debts in the second house. She declares her independence from the Nephilim's credit policy that governs the current economy.

The midpoint between Mars and Venus is 1 Libra 57. It is conjunct Mother's Nadir (2 Libra) and conjunct *the Galactic Center* (1 Libra) around which our Galaxy (*and many others*)

revolves, a *great central sun* (see YouTube video 4:11 min – *Laniakea, our home supercluster*). Venus is attuned to her star, her Sun Presence conjoined Mother's Nadir and the Central Sun that all in our galaxy are evolving around. Venus knows by her soul's psyche and her sensitivity and soul awareness the divine plan playing out and brings her soul into alignment with her cycles of cosmic destiny, her birth cycles governing her divine plan. This alignment of her four lower bodies means her consciousness is aligned with the etheric super consciousness of her Sun (sign) with Helios at fall equinox in the 2nd house. She is readying herself in anticipation of playing her part, in the coming changes, the casting out of the Black Magicians from Camelot and North America. The taking back of America from the Gentiles.

The midpoint, between Mercury and Venus at 12 Libra is conjunct the 3rd house cusp. Venus is attuned to the Messenger of her Sun Presence, Guru Ma. The soul stands in Libra in the balance scale having oil in her lamps, the Radiant Golden Oil of Peace, and is attuned to the Guru in listening grace and is able and willing to follow her intuition as she receives God Direction and is sitting under her own vine and fig tree and is God Taught, gnosis. The soul has come in 2019 to the 31st year in Cancer on the 6 o'clock line of the Safe Passage of the Soul under the mantle of learning, illumination, and self-knowledge. The soul's alignment and diligence in balancing her karma has placed the soul in a one-on-one relationship with the Guru, the Master. The soul has been walking this path since 2000 when during the mega-conjunction of seven planets in Taurus, the dweller known as the Beast came out of the Pit of the chelas/patriots/people's electronic belts and went forth to make war against the Guru, the prophets of the Seventh Angel, see *Revelations 10:7 – 11:7*. This occurred because the sponsorship of the nation and organization had changed from the nation/community to the individual. The singular individual who must now (beginning in 1998) walk on the one-on-one relationship with his/her Sun Presence, in the guru-chela, teacher-disciple relationship. This 1998 cycle and the 2000 cycle of initiation also coincided with the current (now coming to an end) Jupiter Saturn cycle (in 2000). It coincided in 1998 with the midpoint in the Galactic Alignment of Helios of the Sun with the Galactic equator, the rift. This is the 46-year cycle as the Divine Mother gives birth to the Christ, before which stands the Dragon, the dweller of the soul's creation to devour the Christ come for his Bride, the soul. This cycle began in 1975 to 2021, the midpoint being 1998. Also, coinciding with the ending of the last century and the beginning of the new, was the cycle Master Morya announced in 1986, the beginning of a **second** 14-year period of the testing of our souls in the 14 stations of the cross, the 14 tests of the crucifixion. The **first** cycle of 14 ended on June 27th, 1986 when Morya told us a **second** began that would end on June 27th, 2000. On this latter date a **third** and **final** 14-year cycle of the 14 tests of personal Christhood on the 14 tests of the crucifixion began. This final cycle of initiation of Christ, the bridegroom ended on *June 27th, 2014* coinciding with Rev 20:4, the end of the Church Age and the beginning of the Kingdom Age. *Read Rev 20:4-5*.

This congruence of cycles between 1998 and 2000 that resulted in the Reign of the Gentiles, after so much promise of the 20th century, was according to the cycles. Revelations tells us the story of our initiation, the seven initiations on the path of the Ruby Ray, as taught us by the Ancient of Days, Sanat Kumara. This is our story of the call, having been chosen to the path of personal Christhood by Jesus 2000 years ago. We were given 2000 years, to the year 2000 to complete the journey...to become Christ, the second coming of Christ in Man. This was to be in preparation for the Kingdom Age. This was to prepare our souls for the initiation of the

confrontation with absolute evil, the initiation of the Last Supper with Sanat Kumara, partaking of *the fruit of the Tree of the Knowledge of Good and Evil*. Many were called, few are chosen. Why, because the story tells us, we have free will and the Holy Spirit comes to initiate us (*February 1988 during the mega-conjunction at 0 Capricorn*) and we choose to assimilate the Teacher and teachings or to accommodate them, instead driven by the returning karma delivered by the Four Horsemen, Mars, Saturn, Uranus, and Neptune) many chose the road of ambition, the outer path. They never dealt with the bricks of their hardness of heart (Aquarius) therefore never entered Aquarius and the Kingdom Age. *So, what happened?*

We came to the initiation with our *offering of service* to the organization and the Nation and we were told, to serve Mother, the Community and America or to attack them. We came and *they* came, the Sons of the Law of the One and the sons of Belial. We, America are Atlantis come again. We are the twelve Tribes re-united, yet still divided by our carnal minds and dwellers in Gemini. Some have not yet, come apart to be a separate and chosen people elect unto God, ***one people, one nation, one God***. Why, because of our karma. We still have ties to the Nephilim gods and the Watchers, the False Hierarchies of the Ruby Ray. Revelations tells us that the angels came down from the heavens and unlocked the gates of Hades, we call hell. The fallen angels and their genetic creations were released to incarnate amongst us. This is required by law to give them a final opportunity to choose to serve the Prophets sent by the Seventh Angel (Rev 10:7) and America, Uncle Sam, Saint Germain, the Seventh Angel to build a Golden Age, the Kingdom Age on Earth or to revisit their decision to follow Lucifer in their rebellion to the second death. The global population doubled between 1940 and 1990 and it doubled again between 1990 and 2019. Coincidence? Perhaps not.

13

The stage was set and all the players present in the 1990s for the finale of the century...the Reign of Christ or the Reign of the Gentiles. This was the choice every man, woman and child faced as they stood in the shoes of Hamlet or his Uncle, the office of the king, the Son of Man to cast out the imposter, the abomination in high places or to choose not to. So, we see that the final ACT with all the players are in place in the 21st century, for the final confrontation between Christ and Antichrist. We are concluding the Last Supper with Sanat Kumara. Mighty Victory teaches us in his book, *The Mandate of Victory*, that the first 33 years of each century determines if Christ will manifest in that century. Please study this little book. This is the final opportunity for many in embodiment to pass their initiations and their tests to save this dying planet and her evolutions. The Divine Plan has been set and put into motion. It is up to each individually to fulfill their individual divine plans so that God with us - our God Presence may work through you the individuals who are called to act so that God might act through you in the coming events for the Turning of Worlds, overthrowing the plans of the Illuminati and their Fourth Turning and the Millennials to bring their destruction against the Holy Spirit in Man.

One Libra, The Great Central Sun

The Sun at Fall Equinox, the harvest cycle of the year, is conjunct the central sun around which our galaxy revolves. We saw from the video on Laniakea the super cluster of Virgo Pisces, one of six or more super clusters representing the chakras of the Universe that is Alpha and Omega. The Stars are aligned for the birth of Christ and the coming Transfiguration in Virgo

in 2020, in the 33rd year for the public demonstration of Christ mastery of the five secret rays in preparation for the 34th year on the path of personal Christhood in the initiation of the Heart as we stand in Libra on the West Gate to cast out the Beast out of the Sea and the Earth and the ICCC and international bankers from North America and Camelot. As we gather the multitudes who occupy in Matter the Office and authority of the Calf to fulfill the Divine Plan as told in Revelations by John the Revelator and by the prophet Daniel in chapters 7 – 12.

We are in the 36th year in 2019 of the judgment of evil in the Matter Universe. Review the Class of the Solar Ring to understand this meaning. You can order this class (recordings) from the Summit Lighthouse. There is, Morya El tells us, a great drama playing out and you are on the stage. The Universe is the audience, how will you perform? Will you perform your destiny and be recognized by the audience with a standing ovation or will you be a villain and be forgotten unnoticed or after a momentary act of infamy pass from memory. Planet earth stands at the cross roads and *that one* who came to earth long ago from the Wicked One in the vortex of evil in the black hole in the Universe, his time is up. He is the Beast of Revelations and going before him, the false Prophet named by Nostradamus as Mabus. We see on the West Gate, Blasphemy and on the North Gate, the Accuser of the Brethren, the clock of betrayers and Abaddon.

Much will transpire in the remaining time left to us in the first 33 years of this century, ending at winter solstice 2032 as we conclude the 33rd year in Virgo of *this Great Drama*, and *the Revolution in Higher Consciousness*. What will you write? What will the annals of our Sun, our Galaxy and our Universe write about you? Will it be written that you rallied to Saint Germain, Uncle Sam and saved the planet, the Nation America setting the stage for the rolling back of evil in the matter universe, and all its systems of worlds. This is the meaning of the central Sun around which our galaxy evolves, around which our solar system evolves and around which our Earth evolves.

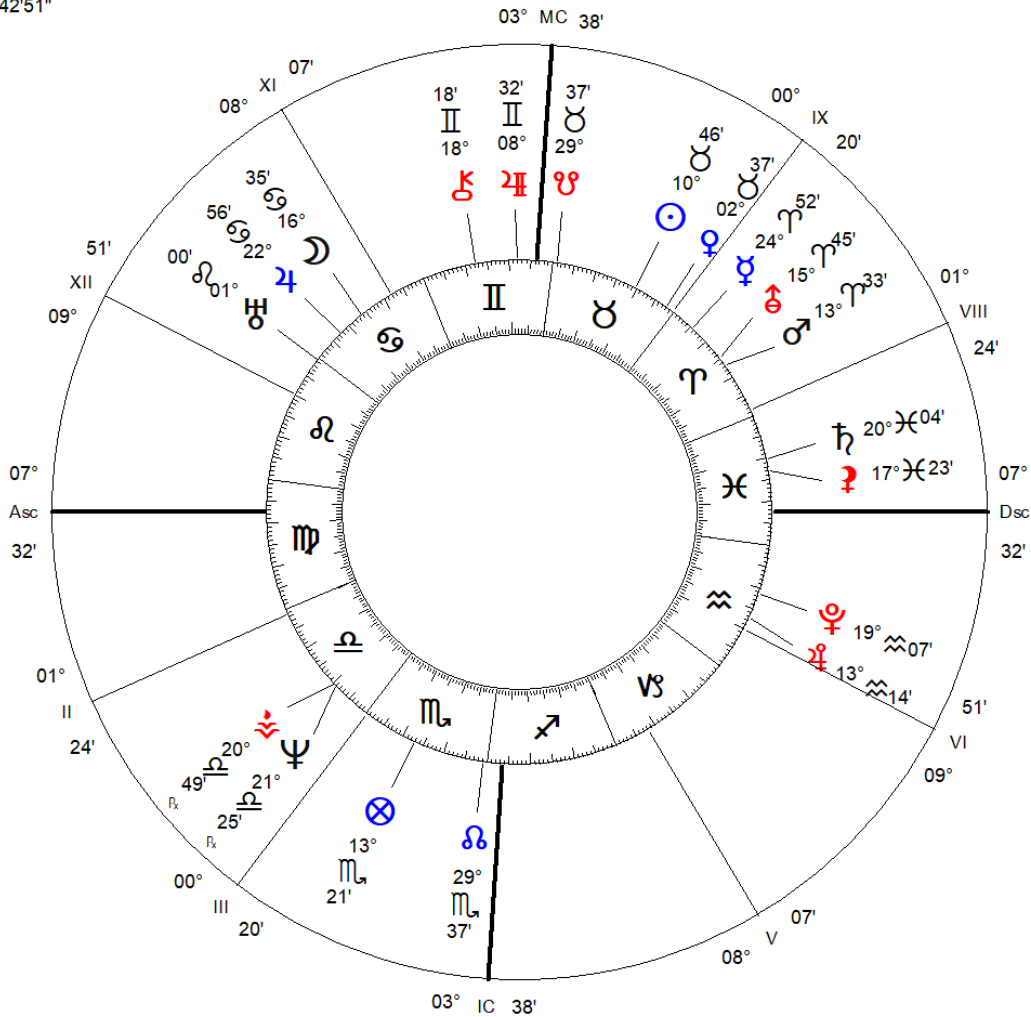

Sun Enters Libra in the Second House Conjunct America's Second House in Libra

The chart of the Sun's entry into Libra at fall equinox 2019 in the second house overlaps the USA second and eighth house cusps. What is playing out as the divine plan for 2019 will play out in America's second house, her economy and the policies governing the economy. We see in America's chart that the second house cusp is 1 Libra conjunct the central Sun around which our Galaxy revolves. The divine plan of 2019 has a direct impact on America. In fact, America is the agent as the heart of the planet, for the judgment that is coming upon the planet. We see that in the Fall Equinox chart, Mars is the trigger at 23 Virgo, determined to renunciate the hold of the Dragon over America. Alpha and Omega, Sanat Kumara and Lady Master Venus play a major role in America's second house, as ruler on the cusp. This is triggered by the transit at fall equinox by the Sun Mars conjunction. The carrying out of the law gone forth from the throne of God.

America's second house of the economy and money supply is dominated by Vesta representing the laggards of Maldek, who refused to bend the knee and who were influenced by Neptune to horde the wealth of the people, removing it from circulation. They have used financial policy to shift the wealth of the people to *hoards* controlled by moneyed interests and funds, now individuals in their greed. Neptune and Vesta represent the rejection of the love of the Divine Mother, once again using the wealth of America to wage war (Libra) and dominate the planet replacing the destiny of America with Babylon the Great Whore, the anti-state and the anti-city. The hour of their judgment is come.

The judgment comes first to the I AM Race, to separate them out from her the Harlot, described in Rev chapter 17 and 18. Correspondingly, the judgment comes first upon America. The divine plan states, Saint Germain tells us, that Merlin will be freed from his imprisonment in the crystal, and return to Camelot to fulfill his destiny to cast out the black magicians from Camelot. We know these as those chelas and disciples who have accommodated the Messengers and the path and who have stood at the Y in the road, in 2018 and 2019 to February 2020, and taken the left-handed path becoming Black Magicians. They are also we are told Vivien and her like sorceresses and the Modreds, Modred and his Black Knights. Goddess of Liberty adds that these black magicians will be cast out of North America, the City Four Square and that the Western Hemisphere will be sealed by the Divine Mother (oceans) as we see in chapter 18 of the Book of Revelations all trade on the planet, *the movement of goods will cease*. We will establish, the Goddess of Liberty tells, us an economy based on trade between North and South America during the period of the judgment upon the planet. There is plenty to do, there is work for all.

Saint Germain tells us to prepare to survive the next 200 years, 6 generations. He also told us to prepare to survive physically, 4 scenarios. So, we have been given sufficient knowledge of the coming changes to plan and to organize ourselves. But first, we must rally to Saint Germain, call for Merlin to be cut free and stand with him and the Once and Future King, and return to Camelot. We are being called to battle. We are in fact about to enter the final battle of Armageddon, the final battle of the American Revolution. What we began in 1776 we must now finish, in her third century, on the third ray by Aquarian Love. We must cast out the money changers from the Temple, the Heart of the planet, America.
