

# MERiT student report example GCSE Geography

**Assessments - Camilo Muir**

A breakdown of your scores according to content and skills (assessment objectives) in this set and you took 4. You can use this information to see where you need to study and aspects of the specification you have mastered.

Areas that were done well	Marks missed
Areas that need practice	Marks scored
Areas that need additional support	Average mark for the population

Note: Treat with caution content areas with fewer than 6 marks.

**Assessment Objectives**

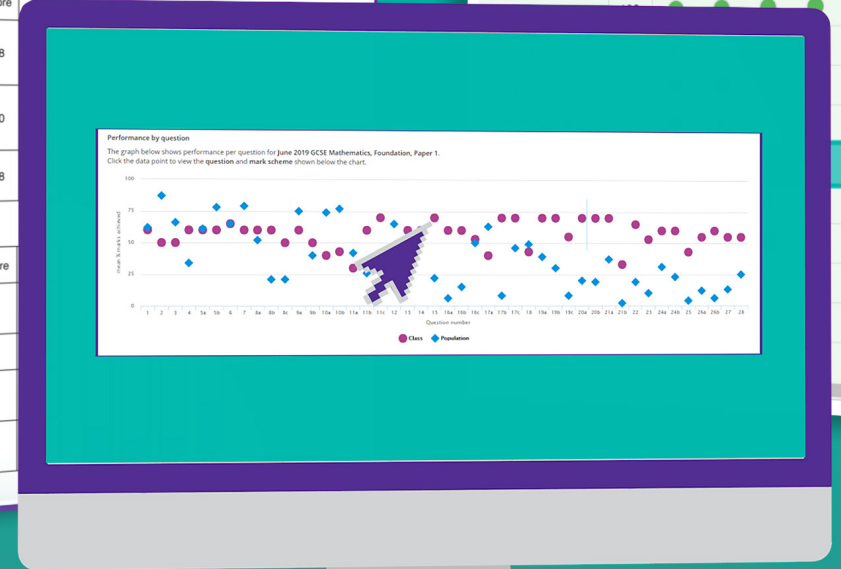

Strand	Marks available	Score	Class
AO1 Demonstrate knowledge and understanding	67	28	
AO2 Apply knowledge and understanding	39	20	
AO3 Analyse information and ideas	34	18	

**Biology Content**

Strand	Marks available	Score
B1 Life processes, cells and organisation	9	2
B2 Photosynthesis and respiration	7	1
B3 Ecosystems and environment	7	1
B4 Individuals, species and evolution	7	3

# Introduction

**MERiT from Exampro is a mock reporting tool that can help you to identify your students' strength and weaknesses.**

Once you've uploaded your student data and entered your students' mock exam marks, MERiT automatically generates detailed individual student and class reports.

Use this document to find out how you can use this data to help inform your planning and teaching.

## June 2019 GCSE Geography

### Individual student report - Camilo Muir

The reports are based on comparisons with other students who took the same test(s) at about the same time as you. Use the reports to see what you still need to learn and revise Remember, there may have been some topics that you have not yet been taught and the class mean score provides a good indication if this is the case.

Total score	73/229
Number of questions not attempted	20
Marks not attempted	53

Test	Date taken	Marks available	Score	Rank
Paper 1	03 Nov 2020	88	39	-
Paper 2	03 Nov 2020	88	14	-
Paper 3	03 Nov 2020	53	20	-

### Summary

The class mean shows the average score for all students in your class who took the same papers as you.

	Marks available	Score	Class mean	Population mean
AO.SPaG	9	4	3.4	-
AO1	29	15	11.0	-
AO1_2	14	2	1.0	-
AO2	30	8	8.7	-
AO2_3	52	12	10.7	-

Review your individual student performance quickly with this overview.

'Number of questions not attempted' could indicate that a student has run out of time or lacked the confidence to attempt one or more questions.

'Marks not attempted' shows the impact of questions not attempted. Missing a couple of low value questions may not be a significant issue but skipping one or two high tariff questions could impact the student's overall result.

Use this section to inform individual target-setting and help focus on areas for development.

See how a student is performing in certain AOs compared to others who sat the same paper at a similar time, with class and population means. Population data becomes available once enough schools have entered their marks.

Comparison between the student's score and the class mean indicates whether individual intervention or whole class learning needs to take place.

Get a better understanding of this information with the 'class overview' section of MERIT.

AO3 Application	27	8	7.1
AO3_4 Application and skills	19	4	6.3
AO4 Skills	49	20	20.5

Help students quickly identify personal areas for development. The RAG-coding gives a visual guide to students' performance using the grade boundaries from the live exams.

Encourage students to look at their paper alongside this report. Knowing why they achieved a particular mark – time management, content knowledge or awareness of the question requirements for example – will help them to work out how to improve.

### Individual student report - Camilo Muir
