

Colleges & Universities

The 375th Air Mobility Wing has established Memorandums of Understanding with six colleges and universities, to offer 23-degree programs within the Scott AFB Education and Training Center. Colleges and Universities include Southwestern Illinois College, Park University, McKendree University, Southern Illinois University - Carbondale, Webster University and Maryville University of St. Louis. All institutions have Academic Advisors available on base, to help students navigate available programs. In addition to the on-base institutions, several online resources are available to help students explore local and distance learning degree completion opportunities. The Education Office team is available on a walk in basis, Monday through Friday, from 0900-1530, to provide academic guidance and advisory support.
