COMMERCIAL CLEANING SOLUTIONS

There's never been
a better time to start
your own business.

Maybe you're looking for a little extra income to make life easier for yourself and your family.

Maybe you'd like to have a nest egg for retirement or college tuition.

Or maybe you dream of the freedom and rewards that come with building a large, thriving business – a business that you're proud to own.

However modest or ambitious your dreams may be, the Buildingstars franchise model will help you achieve your goals.

Why should you start a business in the commercial cleaning industry?

Commercial cleaning is a \$70 billion industry that continues to grow.

Buildingstars focuses on commercial cleaning because demand stays constant during good and bad economic times – ensuring that your business won't be affected by fluctuating trends or changes in technology.

Why should you start your business with Buildingstars?

Because we offer more options than any other cleaning franchise.

How often do you want to work? How much do you want to earn? Do you want to increase the size your business, and, if so, how quickly? You decide and we'll help you succeed.

The team at your regional Buildingstars support center will:

- provide training
- provide your initial customer base
- find and manage additional accounts as you grow
- manage billing and collection
- offer marketing support
- provide customer service to your clients

StarBuilder™ Account Profiling Program

Successful businesses have to choose their accounts carefully as well. We provide our franchise owners with the most desirable cleaning accounts based on size, hours of operation, location, industry and more.

No restaurants. No health clubs or retail stores. We focus on office buildings to help you keep your schedule and workload consistent, attract quality employees and keep your customers happy.

Wherever you start, we'll help you succeed.

Our Rising Star™ Management Program provides a clear path for advancement. You can settle in at the stage that best suits your needs or start at one stage and work your way up to the top.

Technician Program

Build trust. The Technician stage is a part-time program designed for entry-level business owners or entrepreneurs who wish to supplement their family income.

Franchise owners at this level are hands-on technicians who do the cleaning themselves. The initial investment is as little as \$995*, only a fraction of the cost of other cleaning franchises. The Technician stage is the only part-time program in the industry.

*Cost of Technician franchise only. Equipment and supply package extra.

Onsite Manager Program

Build experience. When you're ready for larger jobs and a higher volume of business, we'll help you transition from the Technician program into a full-time program.

Franchise owners in the Onsite Manager program manage larger accounts, lead a team of cleaning employees and pitch in themselves when needed. The team at your regional Buildingstars support center will provide training in team management practices, helping you transition smoothly into full-time business ownership.

Corporate Program

Build wealth. If you've developed the expertise and resources to manage larger tenant office buildings and small corporate headquarters, we'll welcome you to our Corporate program.

Designed for select individuals with the talent and desire to build an exceptional cleaning business, our Corporate program is the only large building franchise in the industry. It also offers the highest average gross revenue of any cleaning franchise.

The steps to ownership.

“Buildingstars Corporate Franchise is the only large office building franchise in the industry. I knew from the beginning that I wanted to manage large accounts and only Buildingstars had a plan that showed how to get there. Buying a Buildingstars Franchise is one of the best decisions I’ve ever made. I am truly living the American Dream.”

Hector Lomas

Corporate Franchise Owner

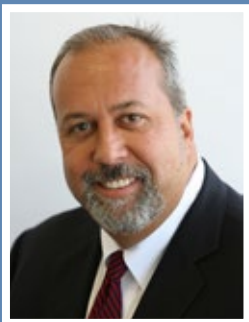

“Buying a Buildingstars Franchise has been the best business decision I have made. Their well-developed and proven business model has allowed me to take a small investment, add my own dedication and hard work and create a valuable business that I am proud of owning. Partnering with Buildingstars has been such an exciting and rewarding experience for me. I am extraordinarily happy and best of all I love what I am doing.”
