## Setting up a Desktop Icon Launch Icon for the VLC Media Player to Automatically Play WOFR.org – Word of Faith Radio

1) This tutorial assumes that you have already downloaded and installed the VLC Media Player as shown in our other .PDF instruction document, available here:

## http://www.wofr.org/VLC.pdf

 Go to our web site and type in this URL (web address) in your web browser's "address bar." NOTE: This is "case sensitive" in your browser address line:

## http://www.wofr.org/WOFR-org.ico

3) You will see a blank white web page with a small icon on the page. "Right-Click" on the icon and you will see this menu:

- 4) Choose "Save Image As..." as shown, and save the .ico (icon file) in a convenient directory on your local hard drive, for this document, we will assume that you saved it in the directory: "C:\WOFR\" that is, a directory created off the root of your C: drive, called "WOFR" once you have saved the file there, you are ready to proceed to Step 5.
- 5) "Right-Click" on your PC's desktop (background screen) anywhere, and you will see this screen:

6) Click on the "Shortcut" option (as shown above) and then fill in the next screen as shown below:

R	This wizard helps you to create shortcuts to local or network programs, files, folders, computers, or Internet addresses. Type the location of the item: ching 5000 http://feed.wofr.org:8000 Browse Click Next to continue.
	< Back Next > Cancel

The line to type in is as follows (be sure to type it in **EXACTLY** as shown:)

## "C:\Program Files\VideoLAN\VLC\vlc.exe" --http-caching 5000 http://feed.wofr.org:8000

(This, of course, assumes that you installed the VLC Media Player at the "default" location, if you installed it in another directory, adjust the line above to reflect that change.) It is IMPERITIVE that you type it AS SHOWN!

Scieut à fille loi die Fi	Type a name for this shortcut: WOFR.org
	Click Finish to create the shortcut.
	< Back Finish Car

7) Click "Ne»

8) Type in the shortcut name as shown in the image in step 7, that is: WOFR.org, and click "Finish"

9) Now, we will change the icon for the shortcut, to use something other than the default VLC icon. Do this by "Right-Clicking" on the new shortcut icon you created as shown below, and click on "Properties"

۸		
FR	Open Select Left File for Compare Run as Scan with AVG Free	
	Two Explorers, side by side Open Other File Operations Clipboard Tricks Command Prompt Here WIL Interactive	* * *
