CSI Notice to Clients 08-2018

SUBJECT: NEW LEADERSHIP AND NEW NAME FOR COMPLIANCE SYSTEMS

Captain Richard Wigger will be retiring on December 31, 2018, after 20 plus years leading the Compliance Systems team. His successor will be Captain Lonnie P. Harrison, Jr, a 31-year Coast Guard veteran and two-time Captain of the Port. Lonnie has been onboard since August of this year and is currently transitioning into his new role as Vice President. Lonnie is also attending all of the OPA 90 Incident Management Team Exercises this year, so many of you, if you have not already, will have an opportunity to meet him. Other than the change of leadership position, there will be no other personnel changes. Robbie, Debbie, and Alan will continue in their current roles, taking care of day to day business as usual. There will be no changes to our business model and we hope the change in leadership will appear seamless to you, our valued clients. A small administrative change, however, is occurring simultaneously with the leadership change. Formerly known as 'EZ Compliance Systems Inc', CSI has officially changed its name to 'Colonial Compliance Systems Inc', with a new logo and will conduct business as Compliance Systems. The change to 'Colonial' aligns us better with our parent company, Colonial Group, Inc., which we have been a part of since our inception in 1988. The new logo, which you see on our website, future advisories, reports of attendance and daily correspondence, will be the Colonial C, with a propeller in the middle. The old 'EZ' international orange diamond logo will no longer be used. This should appear seamless to our customers, since our everyday use of Compliance Systems has and will not change.

CSI is always available to assist our clients. Should you have any questions concerning the above, please contact us at csi@compliancesystemsinc.com.
