Section 1 – Introduction

This directory provides a list of Health First Health Plans' network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage*.

Regardless of which type of plan you have, Health First Health Plans does not require you to select a Primary Care Physician (PCP), but it's still important to establish a relationship with a doctor for your preventive and primary care and to coordinate any specialty care you may need. The term "PCP" will be used throughout this directory.

Many services today are offered by physician assistants, nurse practitioners or others who are not licensed as physicians. These services are rendered in accordance with Florida regulations, and require the same cost share as you would pay for seeing a physician.

The "network providers" listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. This directory includes providers with offices in the area near where you live. For a list of other providers in our network, please contact us or visit our web site.

If your plan includes point-of-service (POS) benefits, you may see providers out of the network. If a bill is sent directly to you after seeing an out-of-network provider, submit the bill to Health First Health Plans for processing and determination of enrollee liability, if any.

Health First Health Plans does not require members or their providers to obtain a referral for covering medically necessary services, but some specialists may require referrals from primary care physicians. Also, some services may require prior authorization.

If you receive bills from out-of-network providers that you believe should be paid by Health First Health Plans

Health First Health Plans covers certain health care services that may be obtained from out-of-network providers. These include:

- Care for a medical emergency
- Urgently needed care
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area. (If possible, please call Customer Service before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away.)
- Care that has been approved in advance by Health First Health Plans
- Any services which were ordered to be covered through an appeals process

Sometimes an out-of-network provider may ask or require you to pay for any of these covered services. The out-of-network provider has a right to get his/her fees, but does not have a right to get them from you. You should ask them to bill us first. In cases where you have already paid for the covered services, we will reimburse you for our share of the cost. You should never pay any out-of-network provider more than what is allowed by Medicare. If you get a bill asking for payment, you can send the bill to us for payment. We will pay your out-of-network provider for our share of the bill and will let you know what, if anything, you must pay.

For questions regarding any of these situations, contact Customer Service toll-free at 1.800.716.7737 (TTY/TDD relay: 1.800.955.8771) weekdays from 8 a.m. to 8 p.m. and Saturdays from 8 a.m. to noon. From October 1 to March 31, we're available seven days a week from 8 a.m. to 8 p.m.

You will also find detailed information in your *Evidence of Coverage*.

Coverage when traveling out of the plan's service area or in an emergency

If you need care when you are outside the service area, your health care coverage is limited. Unless your plan includes POS benefits, the only services we cover when you are outside our service area are:

- Care for a medical emergency, including maintenance care and hospital care after you are stable (known as post-stabilization care)
- Urgently needed care
- Renal dialysis (kidney)

- Care that has been approved in advance by Health First Health Plans

For more information about medical emergency and urgently needed care, review the *Evidence of Coverage*. If you question whether a service is covered when you travel, call Customer Service toll-free at 1.800.716.7737 (TTY/TDD relay: 1.800.955.8771) weekdays from 8 a.m. to 8 p.m. and Saturdays from 8 a.m. to noon. From October 1 to March 31, we're available seven days a week from 8 a.m. to 8 p.m.

Unless your plan includes POS benefits, you must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Health First Health Plans will be responsible for the costs.

When out of the service area, you can obtain renal dialysis services from any Medicare-certified dialysis facility. (If possible, please call Customer Service before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away.)

If your plan includes POS benefits, with the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.

Introduction

This booklet provides a list of Health First Health Plans' network pharmacies. To get a complete description of your prescription drug coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and Health First Health Plans' formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Health First Health Plans only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of **December 3, 2019**.

For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for Brevard, Flagler, Hardee, Highlands, Indian River and Volusia Counties which includes the area in which you live.

However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our plan. For information on more pharmacies in our plan network not listed in this directory please call our Customer Service

Department at 1.800.716.7737 weekdays from 8 a.m. to 8 p.m. and Saturdays from 8 a.m. to noon. From October 1 to March 31, we're available seven days a week from 8 a.m. to 8 p.m. TTY/TDD users should call 1.800.955.8771. If you have questions about any of the above, including for instructions on how to submit claims for prescriptions that you had to fill at a non-network pharmacy, please see the first and last cover pages of this directory for information on how to contact us.

We have listed the individual locations of local network pharmacies as well as provided central telephone numbers for chain pharmacies. You can use this directory to find a network pharmacy near your area or you can call the central number of a chain pharmacy to determine the location nearest your home. You can also visit our website at myHFHP.org or call our Customer Service Department.

HOME INFUSION

We will cover home infusion therapy if your prescription drug is on our formulary or you have a formulary exception, and we have approved your prescription drug for home infusion therapy, and your prescription is written by an authorized prescriber. Please contact our Customer Service Department for more information.
