B. Any person convicted of a violation of any domestic violence crime described in Section 8.105.020.B hereof shall, at the discretion of the prosecuting authority, be subject to a supplemental proceeding before the court to determine such person's status as a domestic violence repeat offender. The court shall thereupon, after notice, set a hearing to determine such person's status as a domestic violence repeat offender.

C. A person adjudged to be a domestic violence repeat offender shall be sentenced to the maximum jail term allowable if the maximum penalty does not exceed 90 days in jail, and shall be sentenced to a minimum of 180 days in jail otherwise, and such mandatory minimum penalty shall not be suspended except as provided for pursuant to RCW 3.66.068, as now enacted or as hereafter amended, and Section 8.70.020 of the Tacoma Municipal Code as now enacted or as hereafter amended.

D. The words "value" and "worth," as used in this and the foregoing Section 8.04.060, shall be held and construed to mean the prevailing market price at which a thing is regularly sold in Tacoma.

8.12.011 Criminal attempt.

A. A person is guilty of an attempt to commit a crime if, with intent to commit a specific crime, he does any act:

1. Which is a substantial step toward the commission of that crime; and
2. Which strongly corroborates his intent to commit that crime.

B. If the conduct in which a person engages otherwise constitutes an attempt to commit a crime, it is no defense to a prosecution of such attempt that the crime charged to have been attempted was, under the attendant circumstances, factually or legally impossible of commission, if such crime could have been committed had the attendant circumstances been as such person believed them to be.

C. When the actor's conduct would otherwise constitute a criminal attempt under this section, it is an affirmative defense that, under circumstances manifesting a complete and voluntary renunciation of his criminal intent, he:

1. Abandoned his effort to commit the crime; or
2. Prevented the commission of the crime.

D. A person may not be convicted on the basis of the same course of conduct of both an attempt to commit an offense and either complicity in or the commission of that offense.

E. Any person convicted of criminal attempt as provided in this section shall be guilty of a misdemeanor and shall be punished by a fine not exceeding \$500.00, or by imprisonment in the Pierce County Jail for a period of not more than six months, or by both such fine and imprisonment.

(Ord. 22600 § 12; passed Dec. 29, 1981)

8.12.012 Liability for conduct of another – Complicity.

A. A person is guilty of an offense if it is attempted or committed by the conduct of another person for which he or she is legally accountable.

B. A person is legally accountable for the conduct of another person when:

1. Acting with the kind of culpability that is sufficient for the commission of the offense, he or she causes an innocent or irresponsible person to engage in such conduct; or
2. He or she is made accountable for the conduct of such other person by this title or by the law defining the offense; or
3. He or she is an accomplice of such other person in the commission of the offense.

C. A person is an accomplice of another person in the commission of an offense if:

1. With the intent of promoting or facilitating the commission of the offense, he or she:
 - a. Solicits, commands, or requests such other person to commit it; or
 - b. Aids or agrees to aid such other person in planning or committing it; or
2. His or her conduct is expressly declared by law to establish his or her complicity.

D. A person who is legally incapable of committing a particular offense himself may be guilty thereof if it is committed by the conduct of another person for which he or she is legally accountable, unless such liability is inconsistent with the purpose of the provision establishing his or her incapacity.

E. Unless otherwise provided by this title or by the law defining the offense, a person is not an accomplice in an offense committed by another person if:

1. He or she is a victim of that offense; or
2. The offense is so defined that his or her conduct is inevitably incident to its commission; or
3. He or she terminates his or her complicity prior to the commission of the offense and:
 - a. Deprives it of effectiveness in the commission of the offense, or
 - b. Gives timely warning to the law enforcement authorities or otherwise makes a good faith effort to prevent the commission of the offense.

F. An accomplice may be convicted on proof of the commission of the offense and of his complicity therein, though the person claimed to have committed the offense has not been prosecuted or convicted or has been prosecuted or convicted or has been acquitted.

G. A person may not be convicted on the basis of the same course of conduct of both the commission of and complicity in that offense.

H. Any person convicted of complicity as provided in this section shall be guilty of a misdemeanor and shall be punished by a fine not exceeding \$500.00, or by imprisonment in the Pierce County Jail for a period of not more than six months, or by both such fine and imprisonment.

Any person attending a meeting of the Council of the City of Tacoma, or of any duly constituted Board, Commission or Committee or hearing of said City, other than a member thereof, who shall, by noisy, riotous or tumultuous conduct, disturb the peace and quiet of the meeting or hearing, or who shall in any manner engage in annoying or insulting conduct which tends to disturb, impair, or impede the orderly conduct of the meeting or hearing, or who shall, after any ruling of the chairman or presiding officer which has not been overruled by such body, refuse to comply with the ruling, or who shall use profane or insulting language in addressing the Council, Board, Commission or Committee or hearing, or any member thereof,

Tacoma Municipal Code

or who shall knowingly misrepresent any material fact to the City Council, shall be guilty of disorderly conduct and, upon conviction thereof, shall be punished by a fine not exceeding \$500.00 or by imprisonment in the Pierce County Jail for a period of not more than six months, or by both such fine and imprisonment.

(Ord. 22574 § 1; passed Dec. 8, 1981; Ord. 16930 § 1; passed Dec. 5, 1961)

8.12.016 Disturbance of school functions.

Any person who wilfully disturbs any school or school meeting, or who in any manner engages in annoying or insulting conduct which tends to disturb, disrupt, impair or impede the orderly conduct of the school or school meeting, or who in any manner shall interfere with, impede or impair the regular and organized curriculum of the school or institution of higher learning shall be guilty of disorderly conduct and, upon conviction thereof, shall be punished by a fine not exceeding \$500.00 or by imprisonment in the Pierce County Jail for a period not exceeding six months, or both, in the discretion of the court.

(Ord. 22600 § 13; passed Dec. 29, 1981; Ord. 18649 § 2; passed Sept. 10, 1968)

8.12.020 Proof of guilt of conducting opium den.

In order to prove the guilt of any person who shall conduct or maintain a place where opium may be used, it shall not be necessary that any person should be found using opium in any manner therein, but the finding in the place of opium, pipes, or other appliances used for the purpose of smoking or inhaling opium shall be deemed sufficient evidence of the violation of this chapter; nor shall it be necessary in order to prove the guilt of or to convict a person who shall visit such place for the purpose of using opium, that he or she shall be found in the act of using opium in any manner, but evidence that such person was found in such place in the possession of opium, pipes or other appliances for the use of opium, or under the influence of opium, shall be deemed sufficient evidence for conviction.

(Ord. 10883 § 2; passed Dec. 7, 1932)

8.12.025 Criminal trespass.

A. 1. A person is guilty of criminal trespass in the first degree if he or she knowingly enters or remains unlawfully in a building.

2. Criminal trespass in the first degree is a gross misdemeanor.

B. 1. A person is guilty of criminal trespass in the second degree if he or she knowingly enters or remains unlawfully in or upon premises of another under circumstances not constituting criminal trespass in the first degree.

2. Criminal trespass in the second degree is a misdemeanor.

C. The following definitions apply to this section:

1. "Premises" includes any building, dwelling or any real property.

2. "Building" includes any public or private structure.

3. "Enters Unlawfully." A person enters unlawfully in or upon premises when he or she is not then licensed, invited or otherwise privileged to so enter.

4. "Remains Unlawfully." A person remains unlawfully in or upon premises when he or she is not then licensed, invited or otherwise privileged to so remain or has been warned to leave by the owner or occupant, occupant's agent, or a security or peace officer.

A license or privilege to enter or remain in a building which is only partly open to the public is not a license or privilege to enter or remain in that part of a building which is not open to the public. A person who enters or remains upon unimproved and apparently unused land, which is neither fenced nor otherwise enclosed in a manner designed to exclude intruders, does so with license and privilege unless notice against trespass is personally communicated to him by the owner of the land or some other authorized person, or unless notice is given by posting in a conspicuous manner. Land that is used for commercial aquaculture or for growing an agricultural crop or crops, other than timber, is not unimproved and apparently unused land if a crop or any other sign of cultivation is clearly visible or if notice is given by posting in a conspicuous manner. Similarly, a field fenced in any manner is not unimproved and apparently unused land. A license or privilege to enter or remain on improved and apparently used land that is open to the public at particular times, which is neither fenced nor otherwise enclosed in a manner to exclude intruders, is not a license or privilege to enter or remain on the land at other times if notice of prohibited times of entry is posted in a conspicuous manner.

D. In any prosecution under subsections A and B above, it is a defense that:

1. A building involved in an offense under subsections A and B, above, was abandoned; or

2. The premises were at the time open to members of the public and the actor complied with all lawful conditions imposed on access to or remaining in the premises; or
3. The actor reasonably believed that the owner of the premises, or other person empowered to license access thereto, would have licensed him to enter or remain.
4. The actor was attempting to serve legal process, which includes any document required or allowed to be served upon persons or property, by any statute, rule, ordinance, regulation, or court order, excluding delivery by the mails of the United States. This defense applies only if the actor did not enter into a private residence or other building not open to the public and the entry onto the premises was reasonable and necessary for service of the legal process.

8.12.050 Severability of provisions.

If any provision of this chapter, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of this chapter or the application of such provision to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

(Ord. 18863 § 1; passed Jun. 17, 1969)

8.12.060 Public disturbance noises.

C. Yelling, shouting, hooting, whistling or singing on or near the public streets, particularly between the hours of 11:00 p.m. and 7:00 a.m., or at any time and place so as to unreasonably disturb or interfere with the peace, comfort and repose of owners or possessors of real property;

Tacoma Municipal Code

D. The creation of frequent, repetitive or continuous sounds which emanate from any building, structure, apartment, or condominium, which unreasonably interfere with the peace, comfort, and repose of owners or possessors of real property, such as sounds from audio equipment, musical instruments, band sessions, or social gatherings;

E. Sound from audio equipment, such as tape players, radios, and compact disc players, operated at a volume so as to be audible greater than 50 feet from the source, and if not operated upon the property of the operator.

B. This chapter shall not apply to vehicles of any municipal fire department, whether or not responding to an emergency.

C. As used in this chapter, the term "compression brakes" means a device which, when manually activated, retards the forward motion of a motor vehicle by the compression of the engine of the vehicle or any unit or part of the engine. "Compression brakes" are also referred to as "jake brakes."

B. It is the intent of the City Council to:

1. Declare that it is a public nuisance and unlawful to accumulate, dismantle, park, place, or store Public Nuisance Vehicles on public or private property in the City of Tacoma;
2. Decrease the likelihood of criminal conduct associated with the unlawful accumulation, dismantling, parking, placing, or storage of Public Nuisance Vehicles;

4. Minimize the likelihood of injury resulting from children playing on or around Public Nuisance Vehicles; and

The hearing should occur within ten (10) business days after the Hearing Board receives the request for hearing. The Hearing Board shall take reasonable steps to notify the offender of the date, time, and place of the hearing.

2. At the hearing, the violation must be proved by a preponderance of the evidence in order to uphold the exclusion notice. The exclusion notice establishes a prima facie case that the offender committed the violation as described. The Hearing Board shall consider a sworn report or a declaration under penalty of perjury, as authorized by RCW 9A.72.085, written by the individual who issued the exclusion notice, without further evidentiary foundation. The certifications authorized in Rule 6.13 of the Criminal Rules for Courts of Limited Jurisdiction shall be considered without further evidentiary foundation. The rules and procedures for the Hearing Examiner set forth in TMC 1.23 and the Rules of Procedure for Hearings adopted by the Hearing Examiner shall govern hearing procedures.

3. If the violation is proved, the exclusion notice shall be upheld; but upon good cause shown, the Hearing Board may shorten the duration of the exclusion. If the violation is not proved by a preponderance of the evidence, the Hearing Officer shall rescind the exclusion. If the Hearing Board rescinds an exclusion, the exclusion shall not be considered a prior exclusion for purposes of this section.

H. The decision of the Hearing Officer or Hearing Board is final. An offender seeking judicial review of the Hearing Officer's or Hearing Board's decision must comply with TMC 1.23 and the Rules of Procedure for Hearings adopted by the Hearing Examiner.

I. The exclusion shall remain in effect during the pendency of any administrative or judicial proceeding.

J. No determination of facts made by a person conducting a hearing under this section shall have any collateral estoppel effect on a subsequent criminal prosecution or civil proceeding and shall not preclude litigation of those same facts in a subsequent criminal prosecution or civil proceeding.

K. Any person who remains on park property after being required to leave by a Metropolitan Park District of Tacoma employee or by a police officer, or who enters any park during a 90-day or one-year exclusion, is guilty of criminal trespass and may be arrested and prosecuted under the Tacoma Municipal Code. Any juvenile violating this section may be arrested and prosecuted under the Tacoma Municipal Code or under chapter 9.52 RCW as currently enacted or hereafter amended.

The police chief and city attorney shall make the investigation, arrest, and prosecution of cannabis (a/k/a "marijuana") offenses the lowest enforcement priority, as this term may be defined in their policies and procedures manuals, for adult personal use.

(City of Tacoma Initiative 1; General Election Nov. 8, 2011)

8.29.010 Findings.

The illegal use of controlled substances within the City creates serious social, medical, and law enforcement problems and constitutes a nuisance hazardous to the health and welfare of the citizens of the City. It causes serious physical and psychological damage to the youth of this community, impairs educational achievement and efficiency, increases non-drug-related crime, and threatens the ability of the community to ensure future generations of responsible and productive adults. The proliferation of the display of drug paraphernalia in stores within the City, and the manufacture, distribution, and sale of such paraphernalia, intensifies and otherwise compounds the problem of illegal use of controlled substances within this community. All of the foregoing is detrimental to the health, safety, and welfare of the citizens of Tacoma.

(Ord. 27272 § 1; passed Oct. 5, 2004: Ord. 22182 § 1; passed Aug. 26, 1980)

8.29.020 Intent and purpose.

A. The City Council has been aware of and concerned about the general proliferation of establishments engaged in the sale of paraphernalia associated with drug use. In 1980, the City Council passed Ordinance No. 22182, regulating the display of drug paraphernalia to minors. However, the City Council now finds that the present ordinance has been ineffective and the continued proliferation of drug paraphernalia and illegal use of controlled substances by all persons, especially those under 18 years of age, requires further legislation on the subject.

B. The display of drug paraphernalia in stores within the City, and the distribution of such paraphernalia, intensifies and otherwise compounds the problem of illegal use of controlled substances within this community. A ban only upon the display and distribution of drug paraphernalia to persons under 18 years of age has not proven practical. A person who displays or distributes has difficulty determining who could lawfully view or receive drug paraphernalia.

C. The present ordinance creates an unnecessary enforcement burden by adding the age of a person who views or receives paraphernalia as an element of a prohibition upon display and distribution. A significant number of high school students are 18 years of age or older. It would be lawful to display and distribute paraphernalia to some students attending the same school in which the display or distribution to other students would be prohibited. Permitted display and distribution to adults within the community symbolizes a public tolerance of illegal drug use, making it difficult to explain the rationale of programs directed against similar abuse by youth. The problem of illegal consumption of controlled substances within this community is significant and substantial.

D. This chapter is a measure which is necessary in order to discourage the illegal use of controlled substances within the community. Therefore, it is the purpose and intent of the City Council to introduce this measure banning the manufacture,

Tacoma Municipal Code

distribution, display, and sale of drug paraphernalia in order to discourage the illegal use of controlled substances within the City.

(Ord. 27272 § 1; passed Oct. 5, 2004; Ord. 22182 § 1; passed Aug. 26, 1980)

8.29.030 Definitions.

A. As used in this chapter, “drug paraphernalia” means all equipment, products, and materials of any kind which are used, intended for use, or designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance as defined by chapter 69.50 RCW, possession of which is unlawful under chapter 69.50 RCW. It includes, but is not limited to:

1. Kits used, intended for use, or designed for use in planting, propagating, cultivating, growing, or harvesting of any species of plant which is a controlled substance or from which a controlled substance can be derived;

B. In determining whether an object is drug paraphernalia under this section, a court or other authority should consider, in addition to all other logically relevant factors, the following:

1. Statements by an owner, or by anyone in control of the object, concerning its use;
2. Prior convictions, if any, of an owner, or of anyone in control of the object, under any state or federal law relating to any controlled substance;
3. The proximity of the object, in time and space, to a direct violation of chapter 69.50 RCW;
4. The proximity of the object to controlled substances;
5. The existence of any residue of controlled substances on the object;
6. Direct or circumstantial evidence of the intent of an owner, or of anyone in control of the object, to deliver it to persons whom he knows, or should reasonably know, intend to use the object to facilitate a violation of chapter 69.50 RCW; the innocence of an owner, or of anyone in control of the object, as to a direct violation of chapter 69.50 RCW shall not prevent a finding that the object is intended or designed for use as drug paraphernalia;
7. Instructions, oral or written, provided with the object concerning its use;
8. Descriptive materials accompanying the object which explain or depict its use;
9. National and local advertising concerning its use;
10. The manner in which the object is displayed for sale;
11. Whether the owner, or anyone in control of the object, is a legitimate supplier of like or related items to the community, such as a licensed distributor or dealer of tobacco products;
12. Direct or circumstantial evidence of the ratio of sales of the object(s) to the total sales of the business enterprise;
13. The existence and scope of legitimate uses for the object in the community; and
14. Expert testimony concerning its use.

8.29.080 Revocation of Business License.

A. The purpose of this chapter is to protect the welfare, health, peace, and safety of the citizens of Tacoma by assuring that businesses within City boundaries conduct their business in a manner that does not promote or encourage the use of illegal drugs within the community.

1. Any license issued under Title 6 TMC may be suspended or revoked for any violation of this chapter by the licensee, or his or her agents or employees on the premises of the licensed business. For the purposes of this section, the term “premises” includes a vehicle.
2. Any license issued under Title 6 TMC may be suspended or revoked for any violation of this chapter by persons other than those listed in subsection (a) when the business owner or operator can reasonably control or prevent the violation.
3. Past violation of this chapter may be considered under Title 6 TMC in determining whether to issue a business license to any person.

4. The standard of proof for a violation is a preponderance of the evidence. It is not necessary for a person to be charged with or convicted of a crime for a violation to occur. Suspension or revocation of a license shall be in addition to any other remedy provided by law, including the penalty provisions applicable for violation of the terms and provisions of this chapter.

5. The procedures for suspending or revoking a license and any appeal of the suspension or revocation shall be in accordance with Title 6 TMC.

B. For a first violation of this chapter, the license of the owner shall be suspended for 30 days. During this 30-day period, the owner shall cease all activity related to that license. At the end of the 30-day period, the license may be reinstated, provided that the licensee refrains from violating this chapter or other provisions of law and complies with all other legal requirements. The 30-day period shall run from the date of suspension unless a timely appeal is filed. In the event a timely appeal is filed but ultimately denied, the 30-day period shall begin to run the day after all appellate remedies have been exhausted.

C. If a licensee engages in activity during any period of suspension or subsequently violates this chapter at any time after a first violation, the license shall be revoked for a period of one year. The one-year period shall run from the date of revocation unless a timely appeal is filed. In the event a timely appeal is filed but ultimately denied, the one-year period shall begin to run the day after all appellate remedies have been exhausted. The licensee shall not be eligible for any license from the City of Tacoma during this period. At the end of the one-year period, the licensee may apply for a new license, provided that the licensee complies with all requirements for such a license, posts a \$50,000 performance bond, refrains from violating this chapter or other provisions of law, and complies with all other legal requirements. The performance bond must continue in effect for all periods during which the licensee conducts business or a licensed activity in the City of Tacoma. The performance bond shall be forfeited and the license permanently revoked should the licensee subsequently violate this chapter or other provisions of law.

D. Second revocation of license. If a license is revoked and a performance bond forfeited pursuant to Section C of this subsection, the licensee shall never be eligible for any license to conduct or manage any business or activity in the City of Tacoma.

E. The penalties set forth herein and throughout this chapter apply to the licensee or any business or entity in which the licensee has an ownership interest or membership, or in which the licensee has or has had influence or control. A licensee may not circumvent the provisions of this chapter by applying for a license in the name of a spouse, relative, or other person, or by using shell business entities. The purpose of this chapter is to provide for the protection of the public health, safety, and welfare of the citizens of the City of Tacoma by proscribing those nuisances which equally affect the rights of an entire community. The presence of litter, overgrown and/or uncultivated vegetation, and other forms of waste or various hazards require an emphasis on measures to correct those conditions which are injurious to the public health, safety, and welfare. It is the intent of the City Council to establish efficient administrative procedures to enforce the regulations of the City, to provide a prompt process to address alleged violations, and to establish standards to be used by the City to abate public nuisances. This chapter further serves to establish procedures, as authorized by RCW 35.22.280 and other laws, both State and City, providing for the enforcement of the provisions herein.

8.30A.010 Scope and purpose.

Chronic nuisance properties present grave health, safety, and welfare concerns and have a tremendous negative impact upon the quality of life, safety, and health of their neighborhoods and on those persons that live, work, visit, engage in commerce, or otherwise seek to enjoy property rights therein. Such properties are a financial burden to the City and the necessary services rendered to and at such properties often result in a disproportionate consumption of City resources. Therefore, any chronic nuisance property located in the City is in violation of this chapter and subject to its remedies. This chapter is enacted to remedy nuisance activities that repeatedly occur or exist at chronic nuisance properties by providing a process for lawfully reducing or eliminating said activities. While the City seeks to promote cooperative and voluntary compliance, the remedies provided herein are not exclusive and the City may pursue any available option in law or equity to remedy a chronic nuisance property.

The purpose of this chapter is to protect the health, safety, and welfare of the general public by:

- A. Establishing standards and recommendations for reducing criminal activity and improving building conditions;
- B. Working in cooperation with property owners to accomplish these goals; and
- C. Establishing a framework of judicial and administrative processes against which the City can seek to alleviate chronic nuisance conditions.

(Ord. 28530 Ex. A; passed Sept. 25, 2018)

8.30A.020 Definitions.

5. that the City can demonstrate by a preponderance of the evidence is the cause of nuisance activities that are occurring on other property adjacent to or in proximity to the property itself, where such nuisance activities occurring on such other property meet the definition of 1, 2, 3, or 4 above.

CHAPTER 8.35
PREVENTING NEGLECT OF HISTORIC PROPERTIES

Sections:

- 8.35.010 Intent and Purpose.
- 8.35.020 Neglect of Historic Properties is a Public Nuisance.
- 8.35.030 Scope and Applicability.
- 8.35.040 Definitions.
- 8.35.050 Neglected Historic Properties.
- 8.35.060 Penalties and Enforcement.
- 8.35.070 Emergencies.

8.35.010 Intent and Purpose.

A. The City of Tacoma finds that the protection, enhancement, perpetuation, and continued use of historically significant properties located within the City are important in the interests of the prosperity, civic pride, and the ecological and general welfare of its citizens. The City further finds that the economic, cultural, and visual standing of the City cannot be maintained or enhanced by disregarding the heritage of the City or by allowing the destruction, defacement, and neglect of iconic historic and cultural assets; and that the neglect and deterioration of such assets is harmful to the entire community.

B. It is the policy of the City to encourage the maintenance, protection, use and enhancement of iconic historic and cultural assets, and to engage with responsible property owners to ensure such protection and enhancement through ongoing collaboration, and through various incentives, programs and technical assistance, where appropriate.

C. In certain cases where an owner fails to properly maintain a historic resource, the public interest in historic resources requires the City to take specific measures to ensure the continued protection of the resource. It is therefore the intent of the City Council to protect the general welfare by establishing efficient administrative procedures to prevent the owner's failure to maintain a historically designated property such that it deteriorates to the extent that the only option to abate the health and safety risks caused by such deterioration is demolition, commonly known as "demolition by neglect".

(Ord. 28172 Ex. A; passed Sept. 17, 2013)

8.35.020 Neglect of Historic Properties is a Public Nuisance.

Neglect of a historic property as defined by this chapter is a detriment to the health, safety, and welfare of the public, and is therefore declared to be a public nuisance.

8.98.010 Legislative findings.

The Council of the City of Tacoma does hereby find, determine and declare that relations between organized labor and management in the City of Tacoma have for many years been based on the principles of good faith, collective bargaining and a mutual respect for the rights, interest, and well-being of working people and of business and industry, and the importation or use in this City of professional strikebreakers as replacements during a strike or lockout is not in keeping with this relationship and endangers such sound and beneficial relationships between labor, management and industry.

The utilization of professional strikebreakers in labor disputes is inimical to the public welfare and good order of the community in that such practice tends to produce and prolong industrial strife, interfere with proper collective bargaining and, in many instances, encourages violence, crimes and other disorders and that the enactment of this chapter is necessary and proper under the police power granted to cities, such as Tacoma.

(Ord. 28293 Ex. A; passed Apr. 14, 2015)

8.122.010 General definitions.

As used in this chapter, the following terms shall have the meanings set forth in this section, unless a different meaning is clearly indicated by the context in which the term is used:

- A. "Activity" means any act or combination of acts, which actually results in the production of sound.
- B. "Ambient" sound means the sound level at a given location that exists as a result of the combined contribution in that location of all sound sources, excluding the contribution of a source or sources under investigation for violation of this code and excluding the contribution of extraneous sound sources. For purposes of the enforcement of this code, the ambient sound level of a given location may be determined based upon measurements taken at a comparable site (which includes but is not limited to comparable physical locations and time of day) in the nearby area.
- C. "ANSI" means the American National Standards Institute, which serves as the administrator and coordinator of the United States private sector voluntary standardization system.
- D. "Apparatus" means any mechanism that prevents, controls, detects, measures or records the production of sound.
- E. "Building" means a structure as defined in Section 2.01.040 of the Tacoma Municipal Code.
- F. "Construction" or "construction work" means any or all activity necessary or incidental to the erection, demolition, assembling, altering, installing, or equipping of buildings, public or private highways, roads, premises, parks or utility lines, including land clearing, grading, excavating, and filling.
- G. "Construction device" means any device designed and intended for use in construction including, but not limited to any air compressor, pile driver, sledgehammer, bulldozer, pneumatic hammer, steam shovel, derrick, crane, steam or electric hoist, construction vehicle, or pneumatic or electric tool.
- H. "Continuous sound" is sound that is measured by the slow response of a sound level meter and which lasts one second or longer. Impulsive sounds that are rapidly repetitive and have a duration of one second or longer shall be measured as continuous sound.

Tacoma Municipal Code

- I. “dB(A)” means the sound level as measured with a sound level meter using the “A” weighting network. This frequency-weighting network for the measurement of sound levels shall comply with standards established by the American National Standards Institute current S1.4 specifications for sound level meters .
- J. “dB(C)” level means the sound level as measured with a sound level meter using the “C” weighting network. This frequency-weighting network for the measurement of sound levels shall comply with standards established by the American National Standards Institute specifications for sound level meters S1.4-1971, as amended or S1.4-1983, as amended.
- K. “Decibel” means the practical unit of measurement for sound pressure level; the number of decibels of a measured sound is equal to 20 times the logarithm to the base 10 of the ratio of the sound pressure to the pressure of a reference sound (20 micropascals); abbreviated “dB.”
- L. “Device” means any mechanism that is intended to or that actually produces sound when operated or handled.
- M. “Department” means the Department of Neighborhood and Community Services.
- N. “Director” means Director of Neighborhood and Community Services Department, or authorized representative.
- O. “Dwelling” means any building lawfully occupied in whole or in part as the temporary or permanent residence of one or more natural persons.
- P. “Emergency” means a public calamity or an exposure of any person or property to imminent danger.
- Q. “Emergency energy release device” means a device used specifically to release excess energy on a nonscheduled basis as necessary for purposes of safety, and not as a part of routine process control.
- R. “Emergency signal device” means any gong, siren, whistle, air horn or any similar device used on authorized emergency vehicles.
- S. “Extraneous sound” means a sound that is relatively intense, intermittent, and of short duration and is neither part of the ambient sound, nor comes from the sound source under investigation. These sources of sound are noted but excluded from all measurements.
- T. “Frequency” means the time rate of repetition of sound waves in cycles per second, reported as Hertz (Hz). “Frequency” is sometimes colloquially referred to as “pitch.” Low frequency sounds can correspond to the bass notes in music. Low frequency sound waves travel farther and penetrate structures more efficiently than high frequency sound waves.
- U. “Impulsive sound” is sound that is of short duration where each peak of sound lasts one second or less. The sound is characterized by abrupt onset and rapid decay. As used in this code, the term impulsive sound shall not include music.
- V. “Lmax” means the maximum measured sound level at any instant in time.
- W. “Owner” means and includes the owner of the property or premises, or a lessee, tenant, or agent of any owner, a lessee of a device or his or her agent, a tenant, operator, or any other person who has regular control of a device or an apparatus.
- X. “Person” means any individual, partnership, company, corporation, association, firm, organization, governmental agency, administration, or department, or any other group of individuals, or any officer or employee thereof.
- Y. “Plainly audible sound” means any sound for which any of the content of that sound, such as, but not limited to, comprehensible musical rhythms, is communicated to a person using his or her unaided hearing faculties. For the purposes of the enforcement of this code, the detection of any component of sound, including, but not limited to, the rhythmic bass by a person using his or her unaided hearing faculties is sufficient to verify plainly audible sound. It is not necessary for such person to determine the title, specific words or artist of music, or the content of any speech.
- Z. “Public right-of-way” includes the area of land, the right of possession of which is secured by the City for right-of-way purposes, and includes the traveled portion of the public streets and alleys as well as the border area, which includes, but is not limited to, sidewalks, driveway approaches, planting strips, traffic circles, parkways or medians, or the area between the sidewalk and curb line.
- AA. “Receiving property” means real property, including, but not limited to, buildings, grounds, offices and dwelling units from which sound levels from sound sources outside such property may be measured. Individual offices or dwelling units within a building may constitute a receiving property.
- BB. “Sound” means an oscillation in pressure, stress, particle displacement, particle velocity, etc., in a medium with internal forces (e.g., elastic, viscous) or the superposition of such propagated oscillation that evokes an auditory sensation.
- CC. “Sound level meter” means any instrument including a microphone, an amplifier, an output meter, and frequency weighting networks for the measurement of noise and sound levels in a specified manner and that complies with standards

established by the American National Standards Institute specifications for sound level meters S1.4-1971, as amended, or S1.4-1983, as amended.

DD. “Sound level” (decibels) means an expression of the acoustic pressure calculated as 20 times the logarithm to the base 10 of the ratio of the root mean square of the pressure of the sound to the reference pressure, 20 micropascals.

EE. “Sound source” means any activity or device that emits sound.

FF. “Total sound level” means that measured sound level that represents the combined sound level of the source or sources under investigation and the ambient sound level. Total sound level measurements shall exclude extraneous sound sources.

B. The Director may promulgate such rules as are necessary to effectuate the purposes of this code, including, without limitation, rules setting forth specifications for the operation, installation, best available technology, or manufacture of sound generating equipment or devices, or sound mitigation equipment or devices.

C. The Director may promulgate such rules as are necessary with regard to standards and procedures to be followed in the measurement of sound pressure levels governed by the provisions of this code.

A. If the Director has reasonable cause to believe that any device is in violation of this code, the Director may order the owner of the device to conduct such tests as are necessary in the opinion of the Director to determine whether the device or its operation is in violation of this code and to submit the test results to the Director within 30 calendar days after the tests are ordered.

B. Such tests shall be conducted in a manner approved by the Director. If any part of the test is conducted at a place other than the site where the device is located, that part of the test shall be certified by a laboratory acceptable to the Director. The Director may require that the entire test results shall be reviewed and certified by (i) a professional engineer with acoustical experience or (ii) a noise consultant with related education and/or acoustical experience.

C. If, in the opinion of the Director, tests by the department are necessary, the Director may order the owner to provide such access to the device as the Director may reasonably request, to provide a power source suitable to the points of testing, and to provide facilities as necessary. These provisions shall be made at the expense of the owner of the device. The owner shall be furnished with copies of the analytical results of the data collected.

D. Impulsive sound levels shall be measured in the A-weighting network with the sound level meter set to fast response, and shall be measured from any point within the receiving property. The requirement for A-weighted measurements shall not apply to impulsive sounds arising from amplified sound sources, when measured indoors.

E. All sound level measurements under this code shall be taken in LMax, as equipment allows.

F. Total sound level measurements shall be conducted for a minimum of three 30-second intervals within a 30-minute period, unless the duty cycle of the sound source precludes multiple measurements.
