1. Writing and Related Skills

The purpose of courses in this category is to develop students' skills in writing, reading, critical thinking, and oral expression.

A. First Course 5 hours

All undergraduate degree-granting units require the completion of English 110.01, 110.02 or 110.03(110) or its equivalent.

B. Second Course 5 hours

All undergraduate degree-granting units require the completion of a second writing course; however:

- ▶ the landscape architecture major specifies Landscape Architecture/Natural Resources 367 (double counts as a cultures and ideas course),
- ▶ the art education major specifies Art Education 367.01,
- ▶ the music education major specifies Music 470,
- ▶ the voice specialization recommends Theatre 367.01,
- ▶ the technology education major specifies that one of the Comparative Studies 367 decimals be taken, and
- ▶ the natural resources majors specify Landscape Architecture/Natural Resources 367 (double counts as a cultures and ideas course).

Also, overlap between the second writing course and another GEC category is allowed in AGR, AMP, ASC BS, DHY, and PHR.

2. Quantitative and Logical Skills

The purpose of this category is to develop logical reasoning, including the ability to identify valid arguments, use mathematical models, and draw conclusions based on quantitative data.

The Quantitative and Logical Skills requirement varies. Contact your degree-granting unit for the course work.

A. Basic Computational Skills

You must have Mathematics Placement Level R or higher, or complete Mathematics 075, 076 or 104 (course required varies with degree program). Credit hours earned for Mathematics 075 or 076 do not count toward any degree program.

B. Mathematical and Logical Analysis

ASC Bachelor of Arts (BA), Bachelor of Arts in Journalism (BA Jour)

Mathematics Placement Level L or select one course from the following list.

Computer Science and Engineering 101 or any course at the 200 level or above¹
 Linguistics 280, 384
 Mathematics: any course at the level of 116 or above¹
 Philosophy 150, 250
 Statistics: any course except one of those listed in Category 2C¹
¹except courses numbered X93 or X94

ASC Bachelor of Science (BS)

Mathematics 151-152¹

¹Please note that a grade of C- or higher is necessary in Math 151 to advance to Math 152.

All Other Programs

Any non-remedial course work as specified by the degree-granting unit.

C. Data Analysis

ASC BA, BA Jour

Select one course from the following list. The course may double count in your major, if it is at the 200 level or above and approved by your faculty adviser.

Agricultural and Extension Education 387

Agricultural, Environmental, and Development Economics 205
 Animal Sciences 260

¹Please note: Stat 145 requires Math placement level M or higher or equiv.

ASC BS

Course work is taken as part of the major program, or prerequisite work.

All Other Programs

Course work as specified by the degree-granting unit.

3. Natural Science

The purpose of courses in this category is to foster an understanding of the principles, theories, and methods of modern science, the relationship between science and technology, and the effects of science and technology on the environment.

The Natural Science requirement varies. Contact your degree-granting unit for the specific course work required for your major or specialization.

Option 1 20 hours

ASC BA, BA Jour

Select one two-course sequence in either the biological or the physical sciences, and two other courses. At least one of the four courses must be in the biological sciences and one in the physical sciences. At least one of the four courses chosen must have a laboratory.

1. Biological Science Sequences

The second course can be any of the above or any History course at the 300 or 500 level (except for 598).

B. Analysis of Texts and Works of Art 15 hours

The purpose of courses in this category is for students to evaluate significant writing and works of art. Such studies develop capacities for aesthetic and historical response and judgment; interpretation and evaluation; critical listening, reading, seeing, thinking, and writing; and experiencing the arts and reflecting on that experience.

Select 15 credit hours from the following lists, with at least five credit hours from the literature section and five credit hours from the visual/performing arts section. A maximum of five hours is permitted from the area of the major, but these hours may not be counted on the major.

6. Diversity Experiences 0 hours

You should plan to overlap these courses with another GEC category or your major. If you do not plan such overlap, the diversity experiences requirement must still be met.

A. Social Diversity in the United States

The purpose of courses in this category is to foster an understanding of the pluralistic nature of institutions, society, and culture in the United States.

All undergraduate degree-granting units require the completion of one social diversity in the United States course and permit overlap with another GEC category or the major.

B. International Issues

The purpose of courses in this category is to help students become educated, productive, and principled citizens of their nation and the world.

The International Issues requirement varies. Contact your

degree-granting unit for the specific course work required for your major or specialization.

ASC BA, BA Jour, BS

As you complete the Natural Science, the Social Science, and the Arts and Humanities categories (or your major), ensure that your selection includes courses that fulfill the international issues requirement. You are required to complete two international issues courses, one of which must be a non-western or global course. The other course may be another non-western or global course, or a western (non-United States) course.

7. Foreign Language

The purpose of courses in this category is to develop students' skills in communication across ethnic, cultural, ideological, and national boundaries, and help students develop an understanding of other cultures and patterns of thought.

- ▶ AGR, AMP, DHY, EDU, ENG, HEC, NRE, NUR, PHR, and SWK do not require a foreign language.
- ▶ The architecture major suggests that foreign language be used to fulfill the directed elective requirement; the landscape architecture major suggests it and will count toward the free elective hours.
- ▶ Music history requires course work through 104 in French or German; voice requires course work through 103 in French, German, or Italian (the language must be different from the one studied in high school); all other ART majors/specializations do not require foreign language.
- ▶ ASC requires completion through 104 in a foreign language.
- ▶ The international business administration major requires completion through 104 in a modern foreign language (Arabic, Bulgarian, Chinese, French, German, Hausa, Hebrew, Italian, Japanese, Korean, Latin, Modern Greek, Persian, Polish, Portuguese, Romanian, Russian, Serbo-Croatian, Shona, Somali, Spanish, Swahili, Swedish, Turkish, Twi, Ukrainian, Urdu, Uzbek, Yiddish, Yoruba, Zulu).

8. Issues of the Contemporary World 5 hours

The purpose of courses in this category is for thematic upper-division course work, which draws upon multiple disciplines, to enrich students' experiences of the contemporary world.

- ▶ AGR, ASC BA, BUS, and HEC BS in Nutrition require one contemporary world course (597).
- ▶ AMP, ART, ASC BS, DHY, EDU, ENG, HEC (other than BS in Nutrition), NRE, NUR, PHR, and SWK do not require a 597.
- ▶ Architecture does not require a 597; however, landscape architecture requires LARCH 597.

Courses Used to Meet More than One Requirement

- ▶ All undergraduate degree-granting units allow the Diversity Experiences Category to overlap with other GEC categories (see the lists for overlapping courses).
- ▶ AGR allows double counting between major courses and foundations, natural sciences, arts and humanities, and social sciences to a maximum of 10 credit hours. Double counting is not allowed between the minor and other categories.
- ▶ AMP, DHY, and PHR allow the second writing course to double count with another GEC requirement [see the 367 courses designated with a dagger (†)].
- ▶ AHR allows double counting in various GEC categories and in the majors.
- ▶ ASC permits double counting courses used to satisfy the Diversity Experiences Category with another GEC category, or with the major. Also, the courses used to satisfy the BA/BA Jour GEC Data Analysis requirement may double count on the GEC and on the major, if it is at the 200 level or above and approved by the faculty adviser. The ASC BS permits double counting of the second writing course with another GEC requirement, or on the major, or on the minor.

Drop-a-GEC Course Option

If students are pursuing certain majors offered by the University, they may elect to drop one course from the GEC requirements in order to accommodate the substantial size of the major program.

ASC BS

In ASC, this option is available in the Bachelor of Science degree programs in astronomy, chemistry, computer and information science, earth sciences, and physics. The drop-a-course option may be used only as follows:

- ▶ in the Natural Science Category, if the student has completed a sequence and has met the distribution and the laboratory experiences requirements;
- ▶ in the Social Science Category, if the student has two courses from two of the sections;
- ▶ in the Historical Survey section of the Arts and Humanities Category, if the student has the first course in the sequence;
- ▶ in the Analysis of Texts and Works of Art section of the Arts and Humanities Category, if the student has one literature course and one visual/performing arts course; or
- ▶ in the Foreign Language Category, if the student has proficiency through 103.

AMP

The drop-a-course option may be used only as follows:

- ▶ in the Social Science Category, if the student has two courses from two of the sections;
- ▶ in the Historical Survey section of the Arts and Humanities Category, if the student has the first course in the sequence; or
- ▶ in the Analysis of Texts and Works of Art section of the Arts and Humanities Category, if the student has one literature course and one visual/performing arts course.

The drop-a-course option may not be used to drop:

- ▶ a GEC course that is required as a program prerequisite for admission, or
- ▶ a course in the Natural Science Category.
