Quote of the Month

"Without doubt one is allowed to resist against the unjust aggressor to one's life, one's goods or one's physical integrity; sometimes, even 'til the aggressor's death.... In fact, this act is aimed at preserving one's life or one's goods and to make the aggressor powerless. Thus, it is a good act, which is the right of the victim."

Air Rifle \$ Pistol

We have had shooters show up with just about every kind of air gun at the matches, from the single stroke pneumatics and the ones cocked by breaking open the barrel, to the modern PCP guns.

We shoot at 18 yards from a bench and use guns with a pretty powerful scope - you need at least a 9X to see the tiny targets.

Up until this time, we have only had two classes: rifle and pistol, with many of the shooters finally investing in a nice PCP gun (pre-charged pneumatic), which is powered from a scuba tank of air.

In order to make it possible for everyone to participate and be competitive, we are starting a "Production" class, for shooters who have a less expensive gun...one you may have purchased at Academy or Walmart, which didn't cost you an arm or a leg.

Our shooting is done on Monday morning at 9:00 a.m. We shoot three short matches and are through by 11:00 a.m. All you need to shoot besides your scoped gun is some kind of front and back rest and some pellets. The entry fee is just \$2 and the ammo is readily available and cheap, making this kind of shooting easy on the pocketbook. Besides that, we never have to worry about the weather, since we get to shoot inside our nice club house.

This is an excellent time to begin shooting with us, since we have just finished our Spring/Summer season and are beginning our Fall/Winter matches which will run until Thanksgiving. When you come shoot with us, you are sure to get plenty of friendly help getting you started.

Muzzleloader

The start of Muzzleloader season didn't stop six of us to come out and shoot our first "All Steel" Match. Dell M. was the Steel Master leaving the rest of us in the dust.

For the next All Steel Match we are working on more and better targets. Our next Match is our annual "Turkey Shoot" on Nov. 30th and the Pistol Match will start at 10:00 and the Rifle at 11:00 All Steel Match Results 1st-Dell M. -172 2nd-Mike B. -164 3rd-Ron D. -142

Primer Action Pistol Division

54 shooters turned out for the October IPSC match to shoot 7 stages. In spite of a couple of small glitches, things were over and done by 4 with the range restored and results posted.

Thanks to everyone who came out to play!

The October match results are as follows:

IMPORTANT NEWS: <u>Use extra caution entering the ranges</u>! Some idiot is periodically spreading roofing nails at the entrances to the ranges (at least the Action Shooting and Shotgun ranges). Several members have gone over the areas with magnets and visual sweeps; I have personally picked up several dozen nails (by hand, not using my tires, fortunately). Others have not been so lucky and have reported flats with roofing nails. Since it appears to have happened more than once, we have a repeat offender. Please report any incidents.

With the shift to Practiscore software, we now have the capability to post interim match results during our IPSC matches and I've been doing that for several months. Unfortunately, the Practiscore website doesn't seem to have good search capability. From here out, I will post to Practiscore with the match name always starting with OKCGC, so the search will quickly bring up those results if you search by that word. I put INTERIM RESULTS in the notes box during the match so everyone knows they aren't the finals. All that said, the **OKC Gun Club website is the authoritative source for match results**.

In response to several requests, a number of target stands are staged in the north bays for use by club members. Please **KEEP THEM UP AT THE NORTH END**, and clean up after yourself.

Our next monthly IPSC match will be November 1st. ALWAYS CHECK THE WEBSITE FOR LAST MINUTE UPDATES & SCORES.

Steel Challenge

Perfect fall shooting conditions on Saturday Oct 25 brought out several top shooters for the final 2014 AR Steel Challenge match, where several course records were broken. The short course match brought two perfect 20x20 scores posted by Mike Elston with his .223 and Glenn Blanton with his 6.5 Lapua. Mike edged out Glenn in a 400 meter shoot off (no practice shots allowed) giving Mike the win in the short range contest. The rapid fire short range contest brought an exciting finish with Glenn Blanton kicking of a perfect 20x20 in 52 seconds. Then, Dan Bailey immediately set a new course record with 20x20 in 48 seconds beating the previous course record by 2 seconds with his Les Baer 223. Next, Mike Elston shocked everyone by shattering all the previous records by shooting a perfect 20x20 in a mind blowing 44 seconds. Mike's new course record posted a hit every 2.2 seconds - shooting 5 @ 300 meters, 5 @ 200 meters, 5 @ 150 meters, and 5 @ 100 meters, using a Mossberg .223 AR-15. Great job Mike!

In the long range contest, Glenn Blanton kicked off the match with a 19x20 score using his 6.5 Lapua, followed by Dan Bailey also shooting a near perfect 19x20 for a tie of the best long range scores. In a 500 meter shoot off, Dan edged out Glenn by hitting 4x5 to Glenn's 3x5, giving Dan the long range win.

Total scores over the three courses of fire placed Glenn Blanton in the lead for overall three gun match win with a score of 59x60 for a new across the course 3 gun record (previous record was 57x60), missing only one shot at 500 meters.

For the 2014 season overall, Mike Elston sealed the AR Steel Top Shot Champion position with a commanding lead, by posting 353 hits out of a possible 420 giving him a 84% hit average for the entire 2014 season.

Congratulations to Mike Elston for a great 2014 season of AR Steel shooting!

The AR Steel Challenge match is held the last Saturday of the month (unless there is a conflict) from March through October on the silhouette range. The competition is open to the public so everyone is welcome. \$20 gets three entry cards for short, long and rapid fire AR competition with 20 rounds shot at each course. Any caliber of AR rifle is acceptable with any sights. Practice sighters and safe-ty briefing starts at 9am. New shooters are always welcome, so bring plenty of ammo.

The next AR Steel Challenge match will be next spring on March 28 2015, we will see you then!

Glenn Blanton
