

## ABBREVIATIONS OF SELECTED JOURNALS

When preparing the REFERENCES CITED section of an article to be submitted to *BioResources*, authors are urged to use the following list from CASSI as a starting point. Not every journal, by far, will be on this list, but you can use these examples as a guide in order to prepare appropriate abbreviations of other journals that you cite in your article.

### CAplusSM Core Journal Coverage List

Bibliographic information and abstracts for all articles in more than 1,500 key scientific journals are added to CAplus within 7 days. The list below is sorted alphabetically by the full journal title and also includes the journal abbreviation, CODEN, and publication frequency. This is not the full list of publications covered by CAS, and the list is subject to change. Last Updated 3/12

The publication frequency codes are as follows:

A = Annual; BM = Bimonthly; IRR = Irregular; M = Monthly; Q = Quarterly; SA = Semiannual; SM = Semimonthly; X/YR = No. per Year; W = Weekly; UNKN = Unknown
