## HANDBOOK

The Graduate Student Handbook is an excellent resource for all graduate students at the University of Miami. It may be used as a point of reference for incoming and continuing students. The Handbook describes policies and procedures pertaining to the Graduate School and graduate study at the University of Miami that are set forth in the [Academic Bulletin](#). It is the student's responsibility to be aware of and comply with all policies, procedures and deadlines. Although the Handbook contains general information, students should be aware of regulations and policies that directly pertain to individual graduate programs, as many programs have additional requirements of their own, as well as a program handbook.

## ABOUT THE GRADUATE SCHOOL

The Graduate School is the administrative body overseeing all master's and doctoral programs.

### MISSION AND GOAL STATEMENT

The mission of the Graduate School is to promote graduate education, scholarship, and research; to support individuals, departments, and programs in the pursuit of excellence; to foster innovative, multidisciplinary, and interdisciplinary activities; and to maintain high ethical and academic standards in graduate studies.

The standards of study and conduct in the Graduate School are high. They are not set by the Graduate School but rather by the faculty who determine the standards for their individual program. The Graduate School through its Council sets no course requirements for a degree. It does set certain general residence, grade and examination standards. Fundamentally, the Graduate School delegates responsibility to the student and his/her program. Within this broad responsibility the recommendation for the degree rests with the Committee.

## ACADEMIC CALENDAR

The [Academic Calendar](#) is maintained by the University Registrar and is the official record of academic instruction. There is an academic calendar for each academic semester (fall, spring, summer) and for both on-campus and UOnline graduate programs. The academic calendar contains information on the first day of classes, readmission deadlines, registration and withdrawal deadlines, final exam periods, and more.

## GENERAL ACADEMIC REQUIREMENTS AND REGULATIONS

All graduate work (except for the master's degree in Law, J.D. in Law, and M.D. degree) at the University of Miami is under the direction of the Dean of the Graduate School and the Graduate Council.

All graduate students at the University of Miami are subject to the general standards and requirements of the University and its various programs in regard to attendance, examinations, payment of fees and conduct, as well as to the specific requirements of the Graduate School. The graduate student is expected to assume the initiative in completing all requirements in the time specified.

Admission requirements are described in the [Academic Bulletin](#) of the Graduate School, and may be obtained from the individual department or program. Information also is available on the [Graduate School website](#).

Application forms are processed through the various schools and colleges. Visit the [Apply page](#) on the Graduate School's website for the application procedures for on-campus and online graduate programs.

Prospective students should note that "graduate study" means an integrated program of advanced, specialized study, based on an undergraduate major and/or adequate background, presupposing academic and personal maturity, and making much more than average demand upon the industry, initiative and scholarship of the student. The term must be distinguished from "post-graduation study" which means merely that courses, not necessarily of graduate level, are taken after the student has received a bachelor's degree.

To preserve its ideals of scholarship, conduct, and character, the Graduate School reserves the right and the student by his/her registration concedes the right to require the withdrawal of any student for any reason deemed sufficient by the Graduate School at any time.

## TIME TO COMPLETION

Time to completion starts when a student begins any program in the Graduate School, whether it be a master's or doctoral program. All work must be completed within six years of the time of admission for those studying for the various master's degrees; and within eight years for those studying for doctoral degrees. For those admitted directly into a Ph.D. program without a master's degree in that field, work must be completed within eight years. Individual programs may set a shorter time period. Exceptions to the time to completion policy may be granted by the Dean of the Graduate School at the request of the [Graduate Program Director](#).

## REQUIREMENTS FOR ADMISSION APPLICATION

1. The completed application form.
2. Official transcripts of all college work, both undergraduate and graduate. International applicants must have their educational credentials earned outside the United States verified by an approved international credentialing evaluation service. Contact the specific program to which you are applying for details on this process.
3. The official score report of the appropriate entrance examination.

**GRE** All applicants must submit recent (within five years) Graduate Record Examination (GRE) scores, which include:

- 1) the aptitude portion (verbal and quantitative)
- 2) the most relevant advanced test in the major field if required by the program.

GRE scores are valid for five years after the test date.

**GMAT** Applicants for the Master or Ph.D. of Business Administration, the Master of Professional Accounting, or the Master of Science in Taxation must submit the Graduate Management Admissions Test (GMAT) scores. GMAT scores are valid for 5 years after the test date.

**TOEFL/IELTS** International applicants whose native language is not English must take the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) in addition to the Graduate Record Examination (GRE) or Graduate Management Admissions Test (GMAT). The TOEFL and IELTS scores are valid for 2 years after the test date.

4. Letters of recommendation sent directly to the [Graduate Program Director](#) of the academic program.
5. Other requirements may be required/requested by individual programs. Contact the specific program to which you are applying for their requirements, or for exemptions from the entrance examination.
6. Application fee of \$85 for all graduate programs except master's and doctoral programs in the Frost School of Music, which have a \$100 application fee.
7. All materials and the fee should be sent directly to the program as indicated on the application.

Materials submitted in support of an application cannot be released for other purposes nor returned to the applicant.

## REGISTRATION

Graduate students can register on the first day of registration and through the registration period. For more information on registration, students should contact their respective school or college. Registration periods can be located in the [Academic Calendar](#).

## FULL-TIME STUDY

The categories of full-time students include:

1. Graduate students taking 18 or more graduate credit hours during the calendar year (9 credit hours in a regular semester or 6 credit hours in a summer semester. In online programs, 6 credit hours in each regular semester and 6 credit hours during the summer.)
2. Graduate teaching and research assistants taking 16 or more graduate credit hours during the calendar year (8 credit hours in regular semester or 6 credit hours in a summer semester).
3. Graduate students enrolled in any course numbered 800 or above, i.e., any 800-level course required for the completion of the degree.
4. All MBA for Executive and Professional students are considered full-time.

In all cases, determination as to whether or not a student is in full-time study is the privilege of the Dean of the Graduate School.

The maximum number of credit hours allowed for full-time study is 12 for each semester and 6 for each summer semester.

Exception to this policy can only be made by the Dean of the Graduate School or his/her designee and requires a signed recommendation from the [Graduate Program Director](#).

For thesis and dissertation students, full-time registration is required during the semester or summer session in which a candidate defends the thesis or dissertation. Students who wish to have this requirement waived must have a written request provided to the Graduate School by the Dean of their respective college or school, or the Dean's designee.

No full-time faculty member may be a full-time student, whether or not working toward a degree. Nor may a full-time student be a full-time faculty member.

No full-time student will be a principal investigator in any grant or contract, whether in name or fact. And no principal investigator will be a full-time student.

Exceptions to these rules may be made in cases in which students are encouraged to apply individually for small research grants that are consistent with and contribute to their field of study and their dissertation work, and, in certain programs, in which students in a terminal degree status are obliged, as a part of their degree program, to teach as de facto faculty members. (Note: Faculty from the School of Nursing and Health Studies and from the Physical Therapy program are permitted to pursue doctoral degrees in their home program/school.)

#### **RECENCY/VALIDATION FOR OVER-AGED CREDITS**

Graduate credit hours transferred from another university may not be applied toward a graduate degree at the University of Miami if their age at the time of acceptance into the University of Miami program exceeds six years. On an individual basis, students may be permitted to validate over-aged credit hours by examination, with program approval.

## GRADUATE GRADING

### SCALE/QUALITY POINTS

Grade	Description
<b>A</b>	Excellent accomplishment
<b>B</b>	Good accomplishment
<b>C</b>	Fair, but below that expected of graduate students (C- is the lowest passing grade. Some programs may require higher standards.).
<b>S</b>	Symbol used for acceptable (U-unacceptable) thesis, dissertation, practicum, and internship credit hour. It may be used for regular courses under special circumstances with the prior approval of the instructor, department chairman, and the Dean of the Graduate School. The Graduate School considers a grade of "S" to indicate a minimum of a 3.0 GPA in a graduate course if a student has taken no prior coursework on the graduate level. A grade of "S" reflects that a student is in good academic standing.
<b>D</b>	Poor (not acceptable for credit hour toward the advanced degree).
<b>F</b>	Failure
<b>W</b>	Course dropped prior to the last day for withdrawing from classes as published in the official calendar of the university. Courses dropped after last date must have approval of Dean of graduate school. Credit hour can be earned only by successful repetition of the course.
<b>I</b>	Incomplete work in passing status with the instructor's permission to complete the course. (Not to be used for thesis or dissertation credit hours). The "I" should be changed to a letter grade within one (1) calendar year after it is given, unless the Academic Dean of the student's primary school or college and the Dean of the Graduate School approve the delay. If the "I" is not changed within one year, credit hour can be earned only by successful repetition of the course. (Note: Fellowships and financial aid may be withdrawn if there is an excess accumulation of "I"s on a student's transcript).
<b>NG</b>	Symbol assigned by Enrollment Services indicating that the instructor has not yet reported the student's grade. For a student to receive credit hour for the course, the instructor must report a passing grade prior to the student's graduation.

An average of "B" (3.0) is required for a graduate degree, and no "D" credit may be counted toward the degree. All work leading to the graduate degree and taken as a graduate student will be counted in computing the quality point average, including courses graded "D."

No transferred credits are calculated into the University of Miami G.P.A.

Quality points are awarded as follows:

Grade	Quality Points
<b>A+</b>	4.00
<b>A</b>	4.00
<b>A-</b>	3.70
<b>B+</b>	3.30
<b>B</b>	3.00
<b>B-</b>	2.70

Grade	Quality Points
C+	2.30
C	2.00
C-	1.70
D+	1.30
D	1.00
F	0.00

The quality point average is then determined by dividing the total of quality points earned by the total of credits attempted. The symbols "S," "W," and "I" are not counted as credit attempted.

### WITHDRAWALS

Withdrawals, either from individual courses or from a graduate program, should be processed through the office of the Dean of the school or college of the student's program. Students who wish to officially withdraw from joint or dual degree programs should consult the office of the Dean of the school or college for both disciplines. The date of withdrawal is that on which the student notifies the office of the Dean or the date of receipt of a letter requesting withdrawal. No withdrawal from the University is official until the student has consulted with the Dean of his/her school or college and has completed the necessary forms.

Students wishing to officially withdraw from the University of Miami must provide the Office of the Registrar notification of their intent to withdraw. Initial notification may be made in person, in writing, by fax, or by telephone. This notification will be recorded and used for notification purposes for the federal government. Repayment of any federal funds will be based on the date of notification.

Students must also follow the required process as set forth by their school/college for withdrawing from courses. This process often requires that a signature from a Dean or the Dean's representative be obtained on a Change of Course form. In some cases, students can complete the Change of Course form (hard copy or through the [CaneLink system](#)) without an approving signature. Change of Course forms must be submitted to the Office of the Registrar for final processing/review.

To officially withdraw from the MBA Program or Master of Science in Professional Management program, students must inform the Office of Graduate Business Programs in writing prior to the beginning of a course/term. Tuition will be refunded on a prorated basis based on the number of class meetings attended. No tuition refund will be granted when class attendance has exceeded 50% of class meetings. For more information contact the Office of Graduate Business Programs, (305) 284-2510, [mba@miami.edu](mailto:mba@miami.edu), Jenkins Building #221, Coral Gables.

### Military Withdrawal

Tuition refunds of 100% are granted to students who withdraw due to military service, provided they do not receive credit hour for the course (see below under "Credit Hour for Courses After the 12th Week of the Semester").

If you receive federal financial aid and withdraw before you complete 60% of the semester, a pro rate calculation will determine the amount of financial aid you have earned. It is based on the amount of time you were enrolled. This calculation is independent of any charges incurred at the university.

## Credit Hour for Courses after the 12th Week of the Semester

The following statement of policy was adopted by action of the Academic Deans' Council April 14, 1967:

1. On recommendation of the Dean of the school or college, students who withdraw after the 12th week of the semester because of official orders to active duty with the Armed Forces of the United States may be awarded credit in any course in which they have achieved a "C" or better up to the time of withdrawal. Instructors must certify that the student had achieved satisfactory accomplishment on the basis of previous work in the course by awarding an appropriate grade. Accomplishment of less than "C" should be entered on the permanent record as a withdrawal without prejudice (W).
2. Credit granted for a course under this policy should count toward graduation.
3. There should be no refund of tuition for courses for which credit has been granted. Refunds of courses not awarded credit should be on the same basis as complete withdrawals for military service.
4. The above recommendations are procedures for determining the awarding of credit and do not release the student from the usual withdrawal procedures.

Veterans and children of deceased or totally disabled veterans attending the University as students under the government's educational benefits bills must also clear their withdrawal with the main campus Veterans Affairs Officials in the Office of the Registrar.

## GRADUATE REPEAT RULE

A student may repeat a course in which a failing grade was earned, but the repetition of the course will not eliminate the previous grade from the record. A course may be repeated only once unless written authorization is provided by the Dean of the Graduate School. All grades are included in the computation of the quality point average. If a course in which an unsatisfactory grade (as determined by the program advisor) was earned is repeated and the repeat grade is a "C-" or higher, the number of credit hours required for graduation will be increased by the number of credit hours repeated.

Please note that there is a repeat rule that applies specifically to graduate students in the Miami Business School. Refer to the [Academic Bulletin](#) for details.

## CONTINUOUS ENROLLMENT

To maintain status as a graduate student, registration in each fall and spring semester is required. Otherwise, admission lapses and readmission must be granted. Doctoral students for whom course work is no longer appropriate should consult their program for registration guidance.

## COURSES OF STUDY AND DEGREE (MASTER'S AND DOCTORAL) REQUIREMENTS

### THE DOCTORAL DEGREE (For Ph.D., D.M.A., and Ed.D. candidates only)

#### Requirements

The Graduate School does not specify course requirements for the Ph.D. However, the Graduate School will not, ordinarily, approve the taking of the qualifying examination until the student has had a minimum of one continuous academic year of graduate work in courses, seminars, and directed or tutorial study. 60 credit hours beyond the baccalaureate degree are the minimum requirement for the Ph.D., and not less than half of the total credit hours must be in work open only

to graduate students. At least 24 credit hours must have been taken in residence at the University of Miami. A minimum of 12 dissertation credit hours must be taken. Graduate students studying for the Ph.D. who have received their master's degree in the same field must take at least 24 credit hours in residence at the University of Miami in doctoral status.

The specific course requirements for the Ph.D. are established by the major department or program which may require such additional graduate credit hours as it deems necessary. Such requirements will be found in that part of the Bulletin which lists course offerings.

### **The Supervisory and Dissertation Committees**

A supervisory committee is usually appointed when a student is formally admitted to a doctoral program. For the dissertation/doctoral essay/lecture recital essay committee a student needs no less than four members. The committee chair must be Regular Faculty from the student's program of concentration (this includes secondary appointments). In addition to the chair, two members must be Regular Faculty or have [Graduate Faculty](#) status in the student's program of concentration. The fourth member must be an outside member. "Regular Faculty" are faculty having tenured or tenure-earning appointments of a program or department. A thesis or dissertation committee cannot be chaired by a person unless they hold a higher or equivalent degree as the candidate for the graduate degree. Exceptions to the committee composition may be approved by the [Graduate Program Director](#) or Chair of the Department and Dean of the Graduate School. A department, program, or school/college may require additional members.

This committee is nominated by the chairperson of the program concerned. It is appropriate for the chairperson to consult with the student regarding the membership of the committee. The supervisory committee is empowered to plan the course of study for the student; to determine deficiencies, if any; to set language and other requirements; to request applicable transfer of credit hour where appropriate and to make up and administer the qualifying examination.

When the student is admitted to candidacy, a dissertation committee is formed. This may be the supervisory committee, but it may also be a committee formed anew to undertake the duties of advising and passing upon the dissertation. The dissertation committee is nominated by the department or program concerned, and appointed by the [Graduate Program Director](#) and approved by the Department Chair. The dissertation committee is comprised of at least four members; this includes the committee chair (i.e. the primary research mentor/advisor), who may or may not be from the student's program, department or School (this includes secondary appointments), and must be a permanent member of the [Graduate Faculty](#). Of the remaining members, it is also required that two shall be members of the program or department of concentration, as well as permanent members of the [Graduate Faculty](#), and one from outside the program or department of concentration. A program may require additional members. The duties of the Dissertation Committee are:

1. To consult with and to advise students on their research;
2. To meet, at regular intervals, to review progress and expected results;
3. To read and comment upon the draft dissertation;
4. To meet, when the dissertation is completed, to conduct the final oral examination and to satisfy itself that the dissertation is a contribution to knowledge and that it is written in lucid and correct English and submitted in approved form.

No student gains the right to be recommended for the degree simply by fulfilling requirements. This right is reserved to the student's committee. Changes of committee members must be approved by the [Graduate Program Director](#), and submitted to the Graduate School.

## Qualifying Examinations

A written qualifying examination is to be taken by each doctoral degree candidate in all doctoral programs, with the exception of Physical Therapy, at the time that the student and the supervisory committee deem appropriate. The major program may specify that its students must take an oral examination as well. In those cases, normally, the student shall pass the written examination before the oral examination is conducted. Upon completion of the examination process, the supervisory committee shall notify the Graduate School and the instructional school or program that the student has passed or failed the examination. A student who fails the examination will be given one opportunity to retake it with the permission of the supervisory committee. After a qualifying exam is failed for a second time, the student is terminated from the program. Some programs do not administer qualifying examinations during the summer months. Check with the [Graduate Program Director](#) for specific program requirements.

## Admission to Candidacy

When the student has met all requirements and passed the qualifying examinations, admission to candidacy for the degree is approved. No student may receive the degree in the same semester or summer session in which he or she is admitted to candidacy. The student must be admitted to candidacy before the defense of dissertation is scheduled. A graduate student who has been admitted to candidacy for the Ph.D./Ed.D./D.M.A. degree must complete the Application for Admission to Candidacy form, available on the [Forms page of the Graduate School website](#). If there are any changes to the doctoral committee after this form is submitted and processed, the Committee Composition Change Request Form, available on the [Forms page of the Graduate School website](#), must be submitted.

## Final Examination

A final public oral defense of the dissertation is required. Refer to the [Academic Calendar](#) or the deadline regarding dissertation defense for each graduation. Graduate programs set the specific requirements and format of the defense. Please contact your [Graduate Program Director](#) for details.

## Dissertation, Doctoral Essay, or Lecture Recital Essay

A student must take a minimum of 12 credit hours of dissertation research except where otherwise stated. Not more than 12 credit hours of research may be taken in a regular semester, nor more than 6 in a summer session.

Ph.D., D.M.A., and Ed.D. degree students must defend their dissertation, doctoral essay, or lecture recital essay by the deadline specified in the [Academic Calendar](#) and on the [ETD website](#), upload one Dissertation Editor-approved PDF conforming in style to the standards set by the Graduate School to the ETD database, complete any online requirements, and submit the final three forms to the Graduate School in the semester the student wishes to graduate. Final forms include one Certificate of Defense Approval form, one ETD Final Content Approval form, and one ETD Availability Agreement form. All three forms are available on the [Forms page of the Graduate School website](#).

All students are required to adhere to the following deadlines (and the requirements associated with these deadlines) posted on the [ETD website](#): 1) Deadline to defend the thesis, dissertation, or doctoral/lecture recital essay; 2) Deadline to submit the full draft of the thesis, dissertation, or doctoral/lecture recital essay draft for formatting review by the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs); 3) Deadline to produce the final PDF; and 4) Deadline for completion.

The candidate is well advised to have a final, acceptable typescript of the dissertation in the hands of each member of his/her committee a minimum of two weeks prior to the defense. It is recommended that students begin the process early in the semester by discussing with their advisors a suitable timetable for meeting the ETD deadlines. All information

pertaining to the formatting and electronic guidelines for electronic thesis and dissertation submission can be located on the [ETD website](#). It is the duty of the student to acquire a copy of the formatting guidelines for preparing theses and dissertations and to conform to the requirements therein. All dissertations are also published by ProQuest/University Microfilms, Inc. The Graduate School encourages students to contact the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs) early in the semester at [grad.dissertation@miami.edu](mailto:grad.dissertation@miami.edu) if they have questions regarding any aspect of the ETD process.

The dissertation may be written in a language other than English at the recommendation of the dissertation committee and with the approval of the program and the Graduate School. Graduate School approval will be determined on a case-by-case basis. The Dissertation Chair will submit a memorandum from the Department Chair to the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs) together with the student's application for admission to candidacy explaining why it is both relevant and appropriate for the dissertation research to be written in a language other than English. Acceptable "relevant and appropriate" reasons for writing the dissertation in a language other than English include, but are not limited to: relevancy to research where presentation in a non-English language expands knowledge of that language; relevancy where the loss or weakening of the research's meaning and impact if primary data, e.g., interviews, are translated into English; or appropriateness where the majority of the bibliographic sources, references, and potential outlets for future publication are anticipated to be in that language other than English. Both the memorandum and the application for admission to candidacy form must be submitted to the Graduate School at the same time. In some cases upon review of the memorandum, the Graduate School may determine that the student will also be required to submit an English translation of the non-English dissertation. For all approved cases, an abstract in English should be included in the final dissertation.

## **THE MASTER'S DEGREE**

The minimum residence requirement is two semesters in full-time study or the equivalent in part-time work. In practice, most students need at least three semesters, or two semesters plus summer work, to complete degree requirements.

### **Comprehensive Examinations**

In most master's programs (and in some doctoral programs) a comprehensive examination, either written, oral or both, is a requirement. When the thesis is not a part of the program, an examining board, at least one of whose members must be a regular member of the [Graduate Faculty](#), will be appointed by the program.

A student failing the comprehensive examination may be allowed one opportunity to retake it if the student's committee so advises. The re-examination may not be taken during the same semester or summer session, and must be taken within one calendar year.

### **Thesis**

Decision as to the thesis subject must be approved by the program. The thesis committee will consist of not less than three members. The committee chair must be Regular Faculty from the student's program or department of concentration (this includes secondary appointments). In addition to the chair, one of the remaining members must also be Regular Faculty or have [Graduate Faculty](#) status in the student's program or department of concentration; the third member must be an outside member. "Regular Faculty" are faculty having tenured or tenure-earning appointments of a program or department. A thesis or dissertation committee cannot be chaired by a person unless they hold a higher or equivalent degree as the candidate for the graduate degree. Exceptions to the committee composition may be approved by the Chair of the Department and Dean of the Graduate School. A program may require additional members.

The committee is nominated by the [Graduate Program Director](#) of the program concerned. The duties of the thesis committee are similar to those of the dissertation committee. The student who presents a thesis must enroll for at least 6 credit hours of thesis. Ordinarily no more than 6 credit hours may be granted.

When a student has completed coursework, it is recommended that those students in programs requiring a thesis discuss with their advisor a suitable topic and form a committee per guidelines noted above.

Master's degree students who are required to write a thesis must defend their thesis by the date specified in the [Academic Calendar](#) and on the [ETD website](#), upload one Dissertation Editor-approved PDF conforming in style to the formatting standards set by the Graduate School to the ETD database, and submit the three final forms to the Graduate School on or before the last day of exams in the semester the student wishes to graduate. Final forms include one Certificate of Defense Approval form, one ETD Final Content Approval form, and one ETD Availability Agreement form. The forms are available on the [Forms page of the Graduate School website](#).

All students are required to adhere to the following deadlines (and the requirements associated with these deadlines) posted on the [ETD website](#): 1) Deadline to defend the thesis, dissertation, or doctoral/lecture recital essay; 2) Deadline to submit the full draft of the thesis, dissertation, or doctoral/lecture recital essay draft for formatting review by the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs); 3) Deadline to produce the final PDF; and 4) Deadline for completion.

It is the duty of the student to acquire a copy of the formatting guidelines for preparing theses and to conform to the requirements therein. It is recommended that students begin the process early in the semester by discussing with their advisors a suitable timetable for meeting these deadlines. The Graduate School also encourages students to contact the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs) early in the semester at [grad.dissertation@miami.edu](mailto:grad.dissertation@miami.edu) if they have questions regarding any aspect of the ETD process.

### **Final Examination**

A final public oral defense of the thesis is required. However, no one but the members of the thesis committee may interrogate the candidate. In addition there may be required, if desired by the program, a final written integration examination to test the candidate's ability to integrate the whole graduate program and the thesis in relation to it. These examinations must be held at least two weeks prior to commencement.

## **ELECTRONIC THESES AND DISSERTATIONS (ETD)**

Theses and Dissertations are to be submitted electronically. Electronic Theses and Dissertations (ETD) is a technologically advanced program that allows graduate students to disseminate their ideas. ETD stores theses and dissertations in a format that is suitable for machine archives, allowing for worldwide retrieval. This program is a joint effort between the Graduate School and the University of Miami Libraries.

Master's thesis, Ph.D., Ed.D., and D.M.A. degree students must defend their thesis, dissertation, doctoral essay, or lecture recital essay by the date specified in the [Academic Calendar](#) and on the [ETD website](#), upload one Dissertation Editor-approved PDF of the final manuscript to the ETD database, and submit the final three forms to the Graduate School in the semester the student wishes to graduate.

All students are required to adhere to the following deadlines (and the requirements associated with these deadlines) posted on the [ETD website](#): 1) Deadline to defend the thesis, dissertation, or doctoral/lecture recital essay; 2) Deadline to submit the full draft of the thesis, dissertation, or doctoral/lecture recital essay draft for formatting review by the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs); 3) Deadline to produce the final PDF; and 4) Deadline for completion.

It is recommended that students begin the process early in the semester by discussing with their advisors a suitable timetable for meeting these deadlines. All information pertaining to the formatting and electronic guidelines for electronic thesis and dissertation submission can be located on the [ETD website](#). The Graduate School also encourages students to contact the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs) early in the semester at [grad.dissertation@miami.edu](mailto:grad.dissertation@miami.edu) if they have questions regarding any aspect of the ETD process.

Graduate students can elect to withhold download of their electronic thesis or dissertation for up to two years before the work is available for open access for download from the University of Miami's [Scholarly Repository](#). The metadata for all theses and dissertations regardless of the availability option elected (i.e., open access, UM campus only, or embargo) will be immediately available for viewing in the university's Scholarly Repository after the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs) has approved and released the thesis or dissertation to the repository. If embargo is elected by the student, the existence of the student's information page will appear in the Scholarly Repository right away displaying title, defense date, abstract, committee, keywords, etc., but the PDF of the electronic thesis, dissertation, doctoral essay, or lecture recital essay will not be downloadable until the term of embargo elected has expired. After the elected embargo period has expired the electronic thesis or dissertation will be released for open access in the Scholarly Repository. Students requesting embargo should carefully review the details of embargo election described in the ETD Availability Agreement form available on the [Forms page of the Graduate School website](#) to ensure they fully understand the terms of access for their embargoed work.

## **ETHICS, STUDENT RIGHTS AND RESPONSIBILITIES**

Graduate students agree to abide by the [Graduate Student Honor Code](#).

The University of Miami expects all graduate students to adhere to the highest standards of ethics and academic integrity. All forms of academic fraud are strictly prohibited. These include, but are not limited to, plagiarism, cheating, collusion, falsification, violation of professional ethics or misrepresentation of research data. Students certify that all work (whether an examination, dissertation, thesis, research paper, research project, form of creative expression, experimental data, or any other academic undertaking) submitted for evaluation, presentation, or publication meets these standards. Additionally, graduate students are expected to respect and appreciate the diversity of the community and to respect the rights of others, be they property, privacy, opinion, or expression. Any student found to be in violation of these standards is subject to disciplinary actions by the student's program and/or the Graduate School through the process described in the Graduate Student Honor Code. All graduate students are bound by the rules and regulations of the University of Miami that apply to them.

## **GRIEVANCE PROCEDURES FOR GRADUATE STUDENTS**

The Graduate School can provide guidance on addressing graduate student concerns or grievances. Grievance or appeals procedures vary depending on the nature of the concern. The University Ombudsperson may also be consulted. It should

be noted that the Graduate School expects an appeal to have gone through the program or department and then the school's or college's Academic Dean prior to it being heard by the Graduate School. For more information, please refer to the Academic Bulletin (see "Graduate School Grievance Guidelines" and "Graduate Student Grade Appeal Process" sections.)

## **REQUIREMENTS FOR COMMENCEMENT**

It is the responsibility of the student to apply for graduation through [CaneLink](#) during the student's final semester before the deadline date communicated by the Office of the Registrar. These dates are published in the [Academic Calendar](#).

Students who previously applied for graduation but did not receive the degree must repeat the application procedure. Deadlines for the commencement program are firm. Students may walk in the commencement ceremony, but the program will indicate "in progress" if information is missing. Students will be degree candidates until they have been cleared by the Graduate School.

Commencement ceremonies are held in May and December only. Those completing degree requirements during the fall, spring, or summer sessions may, if they wish, participate in the commencement ceremonies of the previous or following May or December. Doctoral students participating in the hooding ceremony and master's students marching in the commencement ceremony must have the approval of the graduate advisor, director, or appropriate person in the program to participate in the ceremonies.

Participation in graduation for students in all graduate programs is contingent upon the following:

1. The student must have met the requirements for his or her program.
2. The student must have a minimum of 3.00 cumulative grade point average; all students receiving master's degrees must have completed a minimum of 30 credit hours; all Ph.D., D.M.A., and Ed.D. students must have completed a minimum of 60 credit hours.
3. The student (Ph.D., D.M.A., and Ed.D. candidates) must be admitted to candidacy one semester prior to graduation.
4. The student may not have any outstanding debt including, but not limited to, tuition, fines, and fees. Tuition for the last semester of study must be paid in full by the beginning of the final semester.
5. The student must complete an electronic thesis or dissertation (ETD) according to the Graduate School's requirements and submit the final three forms, online surveys and agreements (if required) in the semester the student wishes to graduate. All students are required to adhere to the following deadlines (and the requirements associated with these deadlines) posted on the [ETD website](#): 1) Deadline to defend the thesis, dissertation, or doctoral/lecture recital essay; 2) Deadline to submit the full draft of the thesis, dissertation, or doctoral/lecture recital essay draft for formatting review by the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs); 3) Deadline to produce the final PDF; and 4) Deadline for completion. It is recommended that students begin the ETD process early in the semester by discussing with their advisors a suitable timetable for completing the defense of their thesis or dissertation. Students should check the [Academic Calendar](#) for the defense deadline date set for the semester they wish to graduate. The Graduate School also encourages students to familiarize themselves with the ETD process posted on the [Graduate School website](#), or contact the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs) early in the semester at [grad.dissertation@miami.edu](mailto:grad.dissertation@miami.edu) if they have questions regarding any aspect of the ETD process.

## CLEARANCE FOR DEGREE CONFERRAL

For the Graduate School to clear a student for graduation:

1. All original documents (official transcripts from previous degrees, GRE scores, etc.) must be on record in the Graduate School (except for MBA students).
2. The Admission to Candidacy form must have been completed by the program at least one semester before graduation. The Graduate School does not require application to candidacy for master's, D.P.T., nor D.N.P. degrees.
3. Student must defend the dissertation, doctoral essay, lecture recital essay, or thesis by the deadline specified in the [Academic Calendar](#) for the semester the student wishes to graduate.
4. Student must upload one Dissertation Editor-approved PDF of the dissertation, doctoral essay, lecture recital essay, or thesis, conforming in style to the standards set by the Graduate School, to the ETD database and submit the final three forms to the Graduate School in the semester the student wishes to graduate. All students are required to adhere to the following deadlines (and the requirements associated with these deadlines) posted on the [ETD website](#):
  - 1) Deadline to defend the thesis, dissertation, or doctoral/lecture recital essay; 2) Deadline to submit the full draft of the thesis, dissertation, or doctoral/lecture recital essay draft for formatting review by the Dissertation Editor (Doreen Yamamoto, Associate Director of Programs); 3) Deadline to produce the final PDF; and 4) Deadline for completion.

## INSURANCE

### HEALTH INSURANCE

Graduate students are required to obtain adequate health insurance according to the insurance guidelines provided for Domestic Students and International Students. All international students are required to be insured under the University student health insurance plan.

The [Student Health Insurance Plan for 2018-2019](#) is offered by UnitedHealthcare. This plan is designed to be used in conjunction with the services of the [Student Health Service](#) and [Counseling Center](#). To obtain greatest benefits, students will need to utilize the Student Health Service first, where treatment will be administered or referral issued, except in the case of medical emergency, maternity, when away from campus or when the Student Health Service is closed. Spouses and dependents are encouraged to establish care with a UHealth or other UnitedHealthcare participating primary care provider by calling (305)-243-2273 for UHealth providers or referring to myuhc.com for UHC providers. Please refer to the Dependent Coverage section for further information.

There are no co-payments for clinical and diagnostic services provided at the Student Health Service or Counseling Center. Co-payments and coinsurance may apply to services received elsewhere. Higher out of pocket costs apply when using out-of-network versus in-network providers. Coinsurance for in-patient care is lowest at UHealth Tower: prescription drug copays are lowest at the Lennar Walgreens Pharmacy.

Students who do not want to enroll in the University's student health insurance plan for 2018-2019 and have alternative coverage, must waive the University's student health insurance plan via [miami.edu/waive](http://miami.edu/waive). You will be required to provide proof of alternative, acceptable insurance coverage in order for the waiver to be accepted. See additional information provided on the Student Health Service website. If you do not waive the University's student health insurance plan, you automatically will be enrolled and charged the cost of the University's student health insurance plan. **All students, including those with limited out of state coverage and otherwise inadequate coverage, are encouraged to review their options carefully before choosing to waive the insurance charge.**

As in previous years, the Graduate School in collaboration with the Office of the Provost, will provide an 80% subsidy for the University's student health insurance for graduate students who 1) have an active assignment for Fall 2018 as a Research Assistant (RA), Teaching Assistant (TA), Graduate Assistant (GA), Fellow or Trainee AND 2) who are enrolled in a terminal and eligible degree program on the Coral Gables Campus (this includes Ph.D., D.M.A. and M.F.A. programs only). Both domestic and international students in such programs are eligible for the subsidy. NOTE: The 80% subsidy described herein does not apply to graduate students enrolled in School of Nursing and Health Studies programs, RSMAS programs, or Medical School programs. These students should contact their programs for information on any subsidy options that may be available to them. Students enrolled in online programs also are not eligible for the subsidy.

### SIGNING UP FOR THE HEALTH INSURANCE SUBSIDY

Coral Gables graduate students who meet the eligibility requirements for the 80% subsidy are required to sign up for the subsidy in [CaneLink](#) using the Student tab – Other Important Links section. [Visit the Student Health Service website](#) for instructions. The website for subsidy election opens August 1, and students have until October 1 to sign up. If the subsidy option does not appear on your [CaneLink](#) screen, please contact your academic department immediately to verify the status of your assignment and/or course enrollment. Once you sign up for the subsidy this is an irrevocable election. Students who sign up for the 80% subsidy will be responsible for paying only the remaining 20%, which amounts to a total cost of \$619.20 for the period August 15, 2018 through August 14, 2019.

## FALL GRADUATES

Students who are graduating at the end of the Fall semester are advised to contact Student Health Service at [studenthealth@miami.edu](mailto:studenthealth@miami.edu) if they would like to cancel their insurance for the Spring/Summer semester.

## DEPENDENT COVERAGE

Enrollment for dependent coverage is available through USI Insurance Services for both domestic and international students. You must first enroll in the University student health insurance plan and have an active policy with United Healthcare in order to enroll your dependent(s). Dependent enrollment must be for the same coverage period as that of yourself, the graduate student. Dependent(s) must be enrolled within 14 days of the policy start date (with the exception of newborns). Domestic Partners are not eligible for enrollment. Dependents are not eligible for patient care at the Student Health Service. The preferred method of enrollment is via phone (payment options credit card, MasterCard, VISA) by calling USI at (800) 853-5899. Customer care representatives are available Monday-Friday, 8 a.m.-5 p.m. PST. Please note that the dependent coverage is not subsidized, entirely or in part, by the University. You will be responsible for 100% of the cost of dependent coverage.

## DENTAL AND VISION INSURANCE

Dental and vision coverage is offered through UnitedHealthcare for both domestic and international students. Enrollment in the UM sponsored health insurance plan is not required to purchase this combined dental/vision coverage. Students who are enrolled in the UM sponsored health insurance plan who enroll in dental/vision coverage, may also enroll their dependent(s). Although University of Miami Optometry services are not currently participating in this plan, they may participate in the near future. Updates will be posted as soon as participation arrangements are finalized. UM Oral Medicine does participate in the plan and appointments can be made at 305-243-CARE. ## GRADUATE SCHOOL POLICY ON CHILDCARE ACCOMMODATION

The Graduate School recognizes that doctoral students receiving a stipend from a fellowship, teaching or research assistantship may require a paid leave of absence due to pregnancy or the need to care for a new child. The process to secure the leave should follow the steps described below:

1. Graduate students must apply for a leave using the leave of absence form. This form, available on the [Forms page of the Graduate School website](#), should be submitted one semester before the intended start of the leave, if at all possible.
2. The length of the paid leave of absence should not exceed a total of three months. Any student requesting a longer period of leave may be granted an unpaid leave of absence.
3. Any accommodations and funding required during the leave must be provided by the academic home school/college, department or program. This is particularly important if the student is the recipient of a research assistantship from a federal grant (NSF, NIH, DOE, DoD, etc.) or an external fellowship without maternity/paternity leave stipulations, since a student cannot keep receiving stipend payments from these sources during the leave of absence.
4. Requests to extend the leave of absence beyond three months can be made only due to medical reasons during the leave period and require the submission of proper documentation. Any leave extensions may be granted as unpaid leaves of absence.
5. The time spent on leave of absence due to childcare accommodation will not count against the student's academic time-to-completion in the corresponding graduate program.
6. During the graduate tenure a given student can only benefit once from this policy.
7. On a case-by-case basis, the Graduate School may consider two doctoral students for co-parenting the same child and the conditions of the accommodation will vary. Requests can be directed to the Dean of the Graduate School.
8. Any other cases not contemplated in this document should be directed for consultation by the Dean of the Graduate School.

Once a student returns from an approved leave, he/she will need to submit an application for readmission form, available on [Forms page of the Graduate School website](#).

### STAY STRATEGY

After extensive research among peer institutions, the University of Miami Police Department has recommended the "STAY in Place" approach as the best safety practice. The key components of the STAY strategy are:

- S** Secure your area, lock doors and windows, close blinds, prevent suspect from accessing victims.
- T** Take cover, hide, and stay out of sight.
- A** Advise others so that they can take steps to protect themselves; await further information.
- Y** You must take measures to protect your safety. Police will be busy with the actual response to the incident and will not be able to direct your personal actions unless you are actively involved.

Under the STAY strategy, all buildings and organizational units would use existing emergency plans and access to shelter-in-place options will be emphasized. It is expected that a large number of people would seek shelter-in-place in classrooms and major buildings on the campuses. Any decision to lock down buildings would be made on an individual and localized basis within the framework of overall incident management.

## HURRICANE PREPAREDNESS

Due to the location of the University, the annual hurricane season is a time to be prepared at home and at the University. Should a storm threaten South Florida or some other emergency threaten the University, members of the UM community should continually monitor the UM Emergency Preparedness page for updated information. Students, faculty, and staff can visit the recover site after a storm to notify the University of any changes in status.
