MONKS
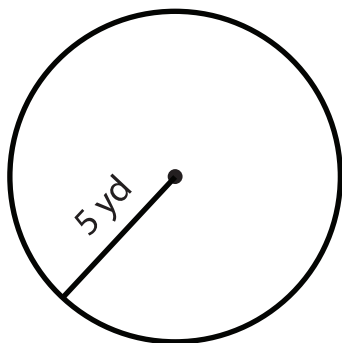

Radius, Diameter and Circumference of a Circle

Find the diameter and circumference of the following circles with given radius

1

5 yd

Diameter = _____

Circumference = _____

2

11 cm

Diameter = _____

Circumference = _____

3

34 km

Diameter = _____

Circumference = _____

4

26 m

Diameter = _____

Circumference = _____

5

2.5 m

Diameter = _____

Circumference = _____

6

30 ft

Diameter = _____

Circumference = _____

7

18 ft

Diameter = _____

Circumference = _____

8

55 mm

Diameter = _____

Circumference = _____
