A. Entire Agreement.

This written contract supersedes and cancels the 2018-2019 written contract between the Board of Education of the Metropolitan School District of Lawrence Township and the Lawrence Education Association.

B. Supremacy.

Any individual contract between the Board and an individual member of the bargaining unit shall be made subject to this contract.

C. Severability.

The teacher requesting the leave shall notify the Superintendent of the expected time of leave as soon as is reasonably possible.

B. Medical Leave.

Teachers shall be granted twelve (12) days of medical leave without loss of compensation to care for a member of the immediate family or for personal medical treatment. Such medical leave days will remain as the same number of day units, even if a teacher has a change in the status of the length of their teaching day (i.e., full time to part time, or part time to full time).
3. Transfer of accumulated sick leave from other school systems shall be made in accordance with Indiana law. - d. The administration of the Bank will be vested in the Leave Bank Committee.

6. **Repayment of Loan.**

- a. The recipient who remains in the employment of the School Corporation shall repay the Bank the borrowed days at the rate of at least three (3) days per year until the loan has been repaid. A teacher and his/her spouse who is also a teacher may elect to have this repayment made by the teaching spouse rather than the teacher who is obligated to repay. The remaining days of the leave shall then be without pay from the School Corporation.

The School Corporation reserves the right to require written verification of the kind and dates for all leaves.

2. The appropriate person in the Administration Center shall assist any teacher in understanding the fringe benefits available.
3. The Association President and the Association Insurance Chairperson shall receive copies within two days of reviewing copies of all information received from the insurance carriers concerning changes in coverages, services and rates. Representatives of the Association shall be allowed to examine and copy all correspondence between the School Corporation and the insurance carriers other than that information and correspondence which pertains to any individual teacher or employee.
4. As soon as possible after enrollment and with any plan change thereafter, each teacher shall be provided an abstract of benefits for each plan in which he/she is enrolled.
5. It shall be the responsibility of the Board and the Association to notify the employees of the need for information when requested by the insurance company.
6. It shall be the responsibility of the teacher to notify the Board and fill out the appropriate forms when any change in marital or dependent status affects his/her insurance coverage. The Board shall be responsible for reporting changes in marital or dependent status to the insurance carrier in a timely manner.
7. A committee of five (5) representatives of the Association and five (5) designees of the Board shall meet, if such a meeting is requested by either party, to discuss insurance carriers, coverages, services, and/or costs. Such insurance committee has the authority to make recommendations to the Board based on the committee's findings provided these recommendations are mutually agreed upon by the Association's insurance committee representatives and the Board's insurance committee representatives. If the Board does not accept the committee's recommendation(s), written reasons shall be provided to the committee.

B. Health Insurance.

For each teacher participating in the health insurance plan, the following amounts shall be contributed by the District on a monthly basis towards the cost of premiums of the health insurance coverage elected by the employee.

▪ Employee + Spouse	1,310.00	1,250.76
▪ Family	1,550.00	1,489.82

For reference purposes, contribution levels appear in Appendix A-2.

However, if the total monthly premium for any coverage option is less than the amount specified above for that coverage, the Board shall contribute all but one dollar (\$1) of the total premium for that option on an annual basis.

PPO: Beginning February 1, 2019, the employees' contribution will absorb twenty-five percent (25%) of the ten percent (10%) offset that was contained in the 2017-2018 collective bargaining agreement in addition to the current year's premium increase. This amount does not reduce the employer's contribution levels as reflected herein.

Employee contributions will be divisible by twenty-four (24).

1. **Effective February 1, 2016:**

- a. If both the employee and spouse are teaching in the School Corporation, the Board shall contribute an amount equal to the employee getting the HSA 3,000/\$5,000 deductible plan at a cost of no more than \$1 per year per individual.
- b. If the employee and spouse elect other than what is stated above and have dependents, the School Corporation will only contribute towards the cost of one (1) family plan.
- c. If said employee and spouse do not have any dependents on the plan, then they both must enroll in the HSA \$3,000 deductible plan in order to receive their insurance benefit at \$1 per year

2. **Insurance Benefits.**

- a. A teacher who begins an unpaid leave during the school year shall have his/her insurance benefits paid for a time equal to the time worked under contract in proportion to the total year. A teacher on leave who is not being compensated for such leave or whose compensation for such leave has expired, may continue his/her insurance by paying an amount equal to the following month's premium to the School Corporation prior to the last day of each month. Such insurance coverage shall be subject to the permission of the applicable insurance carrier.

Once received, the School Corporation shall remit such premiums to the insurance company. For the purposes of this section, once a teacher has commenced the unpaid portion of a leave, the teacher shall maintain such unpaid leave status in connection with insurance contributions even if the teacher is qualified for and takes sick leave within the period of the unpaid leave.

3. The policies offered on February 1, 2020 shall remain in effect until changed by mutual agreement of both parties.
4. Health Savings Account Contributions are to be as follows based on points earned determined by the insurance committee:
 - a. \$250 annually for single plan coverage

1. The amount equal in cost to eighty (80) percent of the single premium shall be paid for each calendar year toward either the single or family dental plan that the teacher selects. If both the employee and spouse are teaching in the School Corporation, the Board shall contribute an amount equal to two single allotments that may be applied toward two single plans or one family plan. The current dental benefits shall continue until changed by mutual agreement of both parties.

D. Enrollment in Health and Dental Insurance.

1. Any eligible teacher may enroll in any of the insurance plan(s) described in this contract. Such enrollment must take place within thirty (30) calendar days following their first day of contracted employment. Coverage shall begin as outlined by insurance company policy provisions.
2. New applications and reclassification applications that do not meet the above criteria are considered late entrants and will be subject to evidence of insurability. Acceptance or rejection notification will be made to the employee after submission of a medical application. Coverage will be effective at the next premium due date following application approval. Evidence of insurability will not be required if an individual loses coverage due to the death of a spouse, layoff of a spouse, or divorce; provided that application is made within thirty (30) calendar days of the event causing the loss of coverage. The applicant shall provide proof of loss of coverage.
3. A teacher who returns from a leave of absence and who has not elected to retain his/her insurance coverage while on leave, may enroll according to the same procedures as a newly employed teacher unless contrary to policy provisions.

4. For informational purposes only: Any teacher who teaches less than a full day, the Board shall pay a prorated amount toward the part-time teacher's fringe benefit. The prorated ratio shall be that ratio used to calculate a part-time teacher's salary.
5. If a teacher was enrolled in the health and/or dental insurance plan(s) the preceding year, his/her coverage shall be continuous.

E. Termination of Health and Dental Insurance.

1. Any teacher may terminate his/her health and/or dental insurance coverage at open enrollment or upon life changing event by notifying the Business Office in the Administration Center.
2. In case of termination of employment at the end of the school year, the following shall be applicable:

 - b. The School Corporation shall continue to pay the School Corporation's share of the cost of the health and/or dental insurance premiums through August 31 for any teacher who has taught in the School Corporation through the end of the school year, but ceases to receive his/her regular salary from the School Corporation prior to August 31, provided the teacher deposits with the School Corporation such teacher's proportionate share of the insurance premium(s).

F. Long Term Disability Insurance.

The Board shall make available long term disability insurance coverage for each teacher. Such coverage shall include but not be limited to sixty-six and two-thirds (66 2/3) percent of the teacher's current base contract salary. Such insurance payments shall begin after ninety (90) consecutive calendar days of disability. The Board shall pay the total cost of the premium less twenty-four (24) cents for tracking purposes.

G. Life Insurance.

The Board shall provide sixty (\$60,000) thousand dollars of term life insurance thereafter. For each teacher upon payment of twenty-four (24) cents by the teacher, such term life insurance provided by the Board shall be effective on the first (1st) day of the month following thirty (30) days of employment for a newly enrolled teacher. Teachers may purchase up to two hundred and fifty thousand (\$250,000) dollars of additional term life insurance within the insurance company provisions.

H. Liability Insurance.

The Board shall provide the same liability insurance coverage for teachers as is provided for building administrators. The Board shall pay the cost of such insurance coverage for teachers.

2. **Base Salary Increases.**

General Eligibility.

Teachers must be rated by MSDLT in the prior year, and not rated Ineffective or Improvement Necessary to be eligible for a salary increase. Teachers rated Ineffective or Improvement Necessary will remain at their prior year salary.

Evaluation rating – A returning teacher must have received a highly effective or effective evaluation rating for the prior school year.

Academic needs of students – The need to retain returning teachers with one or more years of MSDLT experience whose current salary is less than the starting salary placement in Appendix A-1. The teacher shall receive a percentage increase not to exceed \$2,000.00 or the starting salary placement that corresponds with the teacher's experience and education level in Appendix A-1. The salary increase for academic needs is a teacher retention catch-up.

Distribution

Evaluation rating = 3%

Academic Needs = up to 9.8%

Example 1: The current salary placement for a teacher with a bachelor's degree and 1 year of experience is \$43,635. A returning teacher with a bachelor's degree and 1 year of experience whose current base salary is \$41,100 shall receive the lesser of 9.8% increase (\$4,027.80) or \$2,000.00, or not to exceed the current placement salary of \$43,635. In this scenario, the teacher will receive a \$2,000.00 base increase under the Academic Needs factor.

Example 2: The current salary placement for a teacher with a bachelor's degree and 3 years of experience is \$45,200. A returning teacher with a bachelor's degree and 3 years of experience whose current base salary is \$42,100 shall receive the lesser of 9.8% increase (\$4,125.80) or \$2,000.00, or not to exceed the current placement salary of \$45,200. In this scenario, the teacher will receive a \$2,000.00 base increase under the Academic Needs factor.

Example 3: The current salary placement for a teacher with a master's degree and 3 years of experience is \$45,250. A returning teacher with a master's degree and 3 years of experience whose current base salary is \$45,100 shall receive the lesser of 9.8% increase (\$4,419.80) or \$2,000.00, or not exceed the current placement salary of \$45,250. In this scenario, the teacher will receive a \$150.00 base increase under the Academic Needs factor.

Example 4: The current salary placement for a teacher with a master's degree and 14 years of experience is \$66,200. A returning teacher with a master's degree and 14 years of experience whose current base salary is \$51,000.00 shall receive the lesser of 9.8% increase (\$4,998.00) or \$2,000.00, or not exceed the current

placement salary of \$66,200. In this scenario, the teacher will receive a \$2,000.00 base increase under the Academic Needs factor.

Redistribution

Pursuant to I.C. Ch. 20-28-11.5 Any money that would have been given to teachers who were rated ineffective or needs improvement will be equally distributed amongst all teachers receiving an effective or highly effective evaluation rating. This amount will not be added to the base contracted salary.

**ARTICLE VI
RETIREMENT**

A. Overview of Retirement Benefits.

The specific retirement benefits will vary for teachers depending upon which classification is applicable to a teacher. Teachers employed prior to the 2007-2008 school year were eligible for one of the following two Benefit Options:

1. Transition Option Benefits as provided Appendix I below.
2. Retirement Restructuring Program Benefits as provided in Section B below.

The above benefit options are still included in this contract for historical reference for retirees.

Retirement Benefits for teachers whose first day of teaching was after the 2007-2008 school year or a teacher who resumed teaching after the 2007-2008 school year after a separation of employment will qualify for the benefit option set forth in Section D.

Teachers retiring prior to the 2008-2009 school year shall be governed by the respective Collective Bargaining Agreement in effect at the time of the teacher's retirement.

B. Retirement Benefits for Teachers Participating in the Retirement Restructuring Program.

1. Eligibility.

Teachers employed during (1) both the 2007-2008 and 2008-2009 school years, and (2) who were enrolled in the School District's (i) medical and pharmacy, (ii) dental and/or vision insurance program during the 2007-2008 school year will receive a buyout of their current bridge benefits provided by the 2005-2008 Collective Bargaining Agreement with the exception of the following:

- Teachers who (1) are fifty-nine (59) years of age or older on or before November 1, 2008, and (2) file on or before November 1, 2008 (received by the date), a written irrevocable notice of election to receive the transition retirement benefits (the retirement benefits which were in the 2005-2008 Collective Bargaining Agreement and as set forth in this Section) will receive such benefits upon retirement.

2. Retirement Restructuring Lump Sum Contribution.

In response to both the mandate and opportunity provided by Public Law 253 (Acts of 2001) commonly known as Senate Enrolled Act 199 the Association and the School District engaged in a retirement restructuring review for several years culminating in an agreement in 2008.

As a result of this restructuring, teachers (1) who do not elect the transition option benefits of Article XIII, Section B or who (2) do not qualify for retirement benefits pursuant to Article XII, Section D, will receive a one-time lump sum buy-out contribution.

A teacher's eligibility and the data for determining the amount of the lump sum data will be frozen as of the 2007-2008 school year.

The amount of the buy-out contribution was actuarially determined and the amount of the buy-out contribution is set forth in a "Retirement Restructuring Buyout of Medicare Bridge Benefit Program Memorandum of Agreement" by and between the School District and the Association. The amount of the buy-out specified in the Memorandum of Agreement is enforceable through the grievance procedure of the Agreement. These contributions will be deposited on or before November 15, 2008.

The lump sum buyout will be deposited into a separate account for each eligible teacher in the Retirement 501(c)(9) Trust ("Retirement VEBA") with the exception of the following contribution:

Teachers who would be eligible for a buy-out above in paragraph one (1) but are in dental only, vision only, or dental/vision, will receive a prorated buy-out to the equivalent of a buy-out toward a health insurance program as to those teacher's current respect premiums (dental only, vision only, dental/vision). These amounts will not be deposited in the Retirement VEBA but will be deposited in the teacher's 401(a) account.

If there are any fees charged by the VEBA vendor for the active teachers prior to their retirement, the School District will reimburse for the first four (4) years following the deposit date any fees charged by depositing an amount equal to the fee or fees charged to the account. After the third year (November 2011) a joint committee of up to three (3) Association members and up to three (3) administrators will review the current VEBA

vendor with the purpose of determining whether the vendor should be changed for the Retirement VEBA Plan.

Since this Retirement Restructuring Program is a replacement for the benefits provided for in Article XIII, Section C, that contribution to eligible teachers will not vest until the teacher has a total of ten (10) years or more of service in the Metropolitan School District of Lawrence Township and reaches the age of fifty (50) years.

A teacher who qualifies for and is receiving benefits from the Metropolitan School District of Lawrence Township Long Term Disability Insurance Plan will continue to accrue years of service credit.

Teachers on approved leave will accrue years of service for vesting if the teacher's approved leave pursuant to the Collective Bargaining Agreement grants service credit for salary schedule placement.

Teachers on recall who were laid off by the School District will continue to accrue years of service for vesting until the earlier of the following events:

- (1) three (3) years on the recall list when the teacher's recall rights terminate; or
- (2) rejects a recall offer to a position for which the teacher is licensed.

In the event that either of the above two (2) events occur and the teacher has not become vested then the value of the teacher's account will be forfeited to the Plan and will be reallocated.

A teacher meeting the above vesting requirement will become fully vested. A teacher whose employment is terminated prior to vesting or who is on recall status and a forfeiting event occurs prior to vesting will have the then current value of the Retirement Restructuring Buy-Out Payment reallocated at the end of each school year among the then remaining separate Retirement Restructuring Buy-Out Payment accounts in a similar ratio for the reallocation as was the ratio for the initial deposit of the remaining accounts.

3. **Service Credit.**

A teacher currently employed by the School Corporation who retires from the School Corporation at age fifty (50) or more before September 1st of the next contract year and who has been employed therein for at least ten (10) years or who becomes permanently disabled with at least ten (10) years of employment therein, shall be eligible to receive a service credit.

The amount of the service credit shall be fifty dollars (\$50.00) for each day of unused accumulated medical leave and any eligible personal leave days that qualify under Article VI Retirement, Section C, Advanced Notice of Retirement Benefits.

This service credit shall be deposited in the teacher's account with a School District's Qualified Tax Deferred Plan as soon as administratively possible after the last day the teacher receives pay before they retire.

In order to become eligible for the benefits described in this section, the retiring teacher shall notify the Superintendent in writing of his/her intent to retire on or before the

teacher's last regular contracted day. This requirement shall be waived if retirement is due to disability.

If a teacher currently employed by the School Corporation who has attained age fifty (50) or more before September 1st of the next contract year and who has been employed for at least ten (10) years in the School Corporation becomes deceased, his/her estate shall receive his/her service credit based on the computations outlined in this section.

4. **Health Insurance Benefits During Retirement.**

a. **Retired Teacher Eligibility.**

A faculty member who chooses to retire may continue to participate in the health insurance program at the same level they were at the time of retirement or on a single plan at the faculty member's option in the group health insurance program provided by the Board, if that teacher meets the following three qualification requirements:

- (1) Is at least age fifty (50) on the first day of retirement;
- (2) Has at least 10 years of service in the School Corporation; and
- (3) Either is:
 - (a) Enrolled in the group health insurance, dental and/or vision plan at the time of retirement; or
 - (b) otherwise is eligible pursuant to the Plan and IC 51082.6(G).

The right to continue membership is contingent upon the retired teacher timely submitting insurance premiums and will continue until the month the retired teacher is eligible for Medicare.

1. A "grievance" is an alleged violation, claimed misinterpretation or misapplication of a specific article or section of this contract.
2. The terms "teacher" and "grievant" shall include any individual in the bargaining unit, group of individuals in the bargaining unit, or the Association.

B. General Conditions.

2. Each written grievance shall contain a clear, concise statement of the grievance, the issue involved, and shall in each instance state the specific alleged violation and the remedy recommended.
3. Individual written grievances and appeals of grievances shall be signed by the teacher and the Association. All other grievances shall be signed by the Association.
4. After a grievance has been filed, no consultation or discussion concerning the grievance shall exist outside the grievance procedure.

5. Any grievance not presented at the appropriate level within forty-five (45) days of the time the grievant knew or reasonably should have known of the alleged violation shall be deemed waived.
6. All steps of the grievance procedure shall be conducted outside the regular teacher day or at a mutually agreed upon time.
7. Time limits may be extended only by mutual agreement signed by both parties.
8. Any grievance not advanced from one (1) step to the next within the time limits shall be deemed resolved by the answer at the previous step.
9. No information, witness, or documentation may be used in any arbitration proceeding unless it has been made known to the other party prior to the arbitration hearing.
10. Decisions rendered shall be submitted in writing.
