A predisposition towards the Arts and Performing Arts does not preclude ambition for academic excellence.

Learners from Grade 8 to 12 study a full range of academic subjects in addition to their chosen speciality subjects. The specialist studies foster the discipline and dedication which are pre-requisites for academic achievement. Our excellent Matric results over nearly two decades bear witness to this.

The GET examination covers eight learning areas: languages, mathematics, social sciences (SS), natural sciences (NS), arts and culture, economic management services (EMS), technology and life orientation. In addition all learners specialize in either Art, Drama, Dance or Music.
