

U. S. ARMY SHOULDER SLEEVE INSIGNIA AUTHORIZED SINCE 1989

(Revised June 2013)

I invite my friends to use this document freely and share with other collectors. It was created to identify SSI authorized by TIOH after the publication of Richard W. Smith's book "Shoulder Sleeve Insignia of the U.S. Army 1946 - 1989" so I have selected 1 January 1990 as the starting point for this document. I have not addressed redesignations of pre-1990 SSIs, but the 1106th and 1109th Signal Brigades are included in this document because their new brigade number designation can cause confusion. Collectors are finding several of the new patches with size and color variations. The only variations listed in this document are those that are documented TIOH changes of the original design of the SSI. I want to thank COL Mike Jorgensen for meticulously editing and adding to this document.

Enjoy, LTC John Monis (Ret)

This may or may not be a TIOH approved SSI. When the New York ARNG decided to change their SSI from the 1st Army SSI back to a State SSI, this merrowed edged patch in the 1948 design was made in 1993. However it was rejected and not worn.
