Making college affordable to all.

Everyone agrees that receiving a college education without incurring a substantial amount of student loan debt allows students to focus on building a better future for themselves and the State of Florida. But no one has put more effort into bringing this notion to life than Stanley G. Tate.

In 1987, Mr. Tate fought to put higher education within the reach of the average Florida family, and he chose the Florida Prepaid College Program as his way to accomplish that goal. He led the program as chairman of the Florida Prepaid College Board from 1987 to 2005, and then tirelessly championed the program.

In 2006, the Florida Legislature renamed the program “The Stanley G. Tate Florida Prepaid College Program” in recognition of the outstanding dedication and service of its founding chairman. The Florida Prepaid College Plan has grown to become the largest and longest continuously running prepaid plan in the nation, thanks to Mr. Tate’s exceptional vision and dedication to Florida’s future generations.

The Florida Prepaid College Plan is the largest and longest-running prepaid plan in the nation.

You can start making their tomorrow brighter today.

EARNING POWER ▶ FOR CAREERS WITH DEGREES

Not only does a Florida Prepaid College Plan give you peace of mind about your child's education, it will make you feel great about their future.

College graduates benefit from a higher employment rate and stronger earning potential.

A student with a bachelor's degree can earn **\$1.6 million more in their lifetime*** than a student with only a high school diploma. Investing in their future today will ensure a brighter tomorrow.

What is a Florida Prepaid College Plan?

Quite simply, it's one of the smartest, safest and most affordable ways to save for college today. It allows families to prepay, on a monthly or lump-sum basis, the future cost of college tuition, specified fees and dormitory housing. So you don't have to worry about how much college costs go up in the future – or the ups and downs of the stock market. That's on us to manage, which leaves you with peace of mind. And when your child is ready for college, the plan pays the tuition, tuition differential fee and other specified fees covered under the plan at any Florida College or State University. If your child attends an out-of-state college or private college, the plan will pay the same amount as it would pay at a public college or university in Florida. Every Prepaid Plan is guaranteed by the State of Florida.

With 28 Florida Colleges and 12 State Universities in Florida, your choices are wide open!

From one end of the peninsula to the other, Florida is bursting with great educational institutions, and they accept Florida Prepaid College Plans.

Knowing is Believing

Every Prepaid Plan is fully guaranteed by the State of Florida – you can never lose your investment.

Florida Colleges

These institutions provide an affordable, accessible path to entering a chosen career. And, while they've always offered associate's degrees and trade certification programs, more and more Florida Colleges are now offering four-year bachelor's degrees as well. In addition to receiving a solid educational foundation, a student earning an associate's degree from a Florida College is guaranteed admission to a State University in Florida.

State Universities

The State Universities offer a broad range of undergraduate and graduate degrees in a dynamic atmosphere. The universities also provide top-notch facilities and the traditional "college experience" that most picture in their minds.

Six Prepaid Plans, each with its own unique advantages.

From one year to a full four years at a college or university, we have plans to fit your child's dreams and your family's budget.

2-Year Florida College Plan

Covers tuition and other specified fees for 60 credit hours at a Florida College, offering your child the ability to earn an associate's degree or trade certification in various fields. It's an excellent springboard to a fulfilling career or further education. Plus, a student earning an associate's degree at any Florida College is **guaranteed admission to a State University**.

4-Year Florida College Plan

Covers tuition and other specified fees for 120 credit hours at a Florida College — the amount required to earn a bachelor's degree. With **diverse course offerings and convenient locations**, this offers tremendous flexibility and many degree options should your child wish to attend school close to home or anywhere throughout the state.

2 + 2 Florida Plan

Covers tuition, tuition differential fee and other specified fees for 60 credit hours at a Florida College and 60 credit hours at a State University. Your child can earn the **same degree in the same amount of time** as if they went straight to a university, and will do so knowing both of you have saved money.

Please refer to the Master Contract for specified fees and plan coverage.

1-Year Florida University Plan

Covers tuition, tuition differential fee and other specified fees at a State University for 30 credit hours — one-quarter of the 120 credit hours generally needed to obtain a bachelor's degree. Our **most affordable Prepaid Plan** also allows friends and family to purchase a year or two as well, making saving for college a team effort.

4-Year Florida University Plan

Covers tuition, tuition differential fee and other specified fees at a State University for 120 credit hours — the amount generally required to earn a bachelor's degree. The 12 State University System institutions blanket the state and offer the widest variety of bachelor's degree options.

University Dormitory Plan

Purchasing a Florida Prepaid College Plan is a great way to cover tuition and other specified fees, but what about housing costs? That's where an add-on plan like the University Dormitory Plan comes in. If you purchase a 2 + 2 Florida Plan, a 1-Year Florida University Plan or a 4-Year Florida University Plan, you are eligible to purchase one or more years of the University Dormitory Plan. **The plan covers the cost of a standard, double-occupancy dormitory room at any of Florida's 12 State Universities.**

Please note, dormitory options and availability vary from school to school, and the plan does not guarantee placement in a particular hall or dormitory room.

Knowing is Believing

The 1-Year Florida University Plan is the first and only Florida Prepaid Plan to allow multiple purchasers for a single beneficiary, so now a whole family can team up to help save for college.

Please refer to the Master Contract for specified fees and plan coverage.

If you have questions about Florida Prepaid

Q Can the plans be used at schools other than Florida public institutions?

A

While Prepaid Plans are designed to be used at a Florida College or State University, the plans can also be applied at other schools nationwide. Public, private, in-state or out-of-state, we would pay what we'd pay a Florida school.

Q If my child gets a scholarship or doesn't attend college, will I lose my investment?

A

Absolutely not. First of all, every Florida Prepaid College Plan is fully **guaranteed** by the State of Florida, so you can never lose what you've paid in. Secondly, you can transfer your plan to another eligible family member or cancel your plan for a full refund of what you've paid in. If your child receives a scholarship, you can get a refund for the same amount as the plan would pay a public college or university in Florida.

College Plans, we have the answers.

Q If I move out of Florida, will I lose my plan?

A

Florida residency is required to get a Prepaid Plan, but it isn't required to keep one. If you or your child move out of state at some point, no problem — your plan will continue as if you never left the Sunshine State. If your child attends a Florida College or State University, they will be considered an in-state student.

Q How long do I have to use my Prepaid Plan?

A

Don't worry. You won't feel like the clock is ticking when it comes time for your child to use their plan. They have up to 10 years from the projected enrollment year selected on the application to use their Prepaid Plan.

Knowing is Believing

Room and board, books, and supplies account for approximately half of the cost of attending a State University.

You're on your way, and we're right beside you every step.

★ **MOST POPULAR**

Age-Based Portfolio

The Age-Based Portfolio utilizes both active and passive investment strategies and automatically allocates your contributions based on your child's age. The younger the child, the higher the percentage invested in stocks. This is because stocks are expected to have higher potential returns, but can be higher in risk. As the child approaches college enrollment, the percentage invested in stocks decreases and the percentage invested in bonds increases. The goal of this transition is to take on less risk as your child approaches college.

Predesigned Static Portfolios

We offer six static portfolios; the investment allocation of these portfolios will not change based on the age of the student. You can choose from both actively and passively managed investment options to meet your savings goals.

Multi-Manager Growth Portfolio

The Multi-Manager Growth Portfolio seeks to provide meaningful growth of capital, over a long investment horizon, in diversified active and passive investments.

Passive Growth Portfolio

The Passive Growth Portfolio seeks to provide an opportunity for meaningful growth of capital, over a long investment horizon, in diversified passive investments.

Multi-Manager Blended Portfolio

The Multi-Manager Blended Portfolio seeks to provide a balance of capital appreciation and current income, in diversified active and passive investments.

Passive Blended Portfolio

The Passive Blended Portfolio seeks to provide a balance of capital appreciation and current income, in diversified passive investments.

Multi-Manager Income Portfolio

The Multi-Manager Income Portfolio seeks to provide current income, in diversified active and passive investments.
