

# STOP Living Paycheck to Paycheck!

**Here is your opportunity to learn the one thing  
**NOT TAUGHT** in any public school:**

***"How to manage your money and create a  
household budget."***

**Dear Friends,**

Just like you I went to school, I learned all about math, history, science, heck I even learned about sex education - I have a bachelors degree in business from a state university and yet some how after all those classes and years in school NO ONE ever taught me about how to manage MY money.

No one ever sat me down and gave me a lesson about how to manage my household income and expenses. How to budget to pay my bills, how to save to splurge on things like toys, vacations, and clothes. Next thing I know I find myself making a great income yet somehow still trying to figure out how to make ends meet.

It seems like the more money I made the harder it was to pay the bills I had. It got out of control - hard to manage - and impossible to enjoy living my life on a daily basis. I was living to work - living to pay my bills - living only to give all my hard earned money over to someone else month after month - *sound familiar?*

- ▶ Do you find yourself not having enough money to make ends meet week after week?
- ▶ Are you paying bills with your credit cards?
