Three steps to installing Windows on a Mac

- 1. Download and Install VWware Fusion
- 2. Download Windows 10 Professional from Microsoft Imagine
- 3. Install Windows 10

## Step 1 Registering and Installing VMWare Fusion on a Macintosh

An account with VMWare Fusion has been created for you. You should have received an email from George Mason University Computing Resources with the subject "George Mason University - Computing Resources". This email contains the URL for VMWare Fusion registration. If you did not receive or cannot locate the email, use the link below.

Link to the WebStore:

# http://e5.onthehub.com/d.ashx?s=caebvbdr8j

Once you have logged in you will see a screen with a software available for download. Click on the latest version of VMware Fusion to install it on your Mac.
