SIXTH ANNUAL READERS' POLL

Welcome to the results of our sixth annual New Jersey Law Journal readers' poll, wherein our readers have cast their votes for the best providers of services and goods to the legal profession.

This product was developed out of a desire to help New Jersey lawyers—our readers—identify the finest legal products and service providers and to package their choices all in one reference. We crafted a ballot with several dozen categories for you to cast your Best Of votes on a number of areas critical to practicing law and managing your personal and professional life. From data technology products and banking services to real estate brokers and power lunch locations, New Jersey Law Journal's Best Of showcases the businesses that stand out among their competitors in providing you with the essentials you require to compete in today's legal market.

This year's Best Of offerings are just a starting place. If you see a category we missed or a vendor we should include next year, please send us your thoughts about how we can improve. We adjust our product each year to meet the needs of our readers based on your feedback.

Again, thanks for sharing your voice and your votes. Because of your tremendous support, the New Jersey Law Journal's Best Of has become a permanent, must-have resource for New Jersey's legal professionals.

Coaching *still* works.

- SAT tutor
- Soccer coach
- Law school mentor
- Business Development Coach

The right coach can make all the difference. That's true in business development for law firms, too. Yet less than half of all law firms seek out the right coach for essential business building.

At Corporate Ladders, we coach law firms of all sizes to increase top line revenues. From associates to partners, we sharpen rainmaking skills to increase billings and derive greater value from existing clients. We've been voted *Best Legal Business Development Coaches* (three years in a row) for one reason: **results**.

Our proven results include:

- Doubled the number of partners with seven-figure books of business at one law firm
- Worked with a senior attorney to grow their book from \$700k to \$1.2 million in one year
- Our coaching helped an attorney client close a new multi-year, multi-million dollar engagement

Find out how we can improve your business development results

Contact us for a free consultation and learn about our unique, proven process to boost top line growth. We call it "5 And 5" but our clients call it something else: **A PROVEN WINNER.**
