ParentEye

A smart touch to the future

Why CRM is important?

A good Customer Relationship Management (CRM) tool is essential for any education institution management for reaching their quality goals. Ensuring continuous improvement of parent-teacher engagement is vital. The active engagement of a teacher with students and parents is a key factor in assessing the quality standard of the institution. A good CRM should have reports that provide insights into the quality of parent teacher engagements.

ParentEye

ParentEye is a CRM tool designed specifically for educational institution managements, considering all aspects of schooling.ParentEye provides all necessary tools and reports to enhance the school/parent relationship and continuously improve the quality of engagement. It's a platform catering all the stakeholders in the institution.

Scientia

Scientia, a Tech Organization, is driven by 3 core values – Commitment, Customer Focus and Innovation. Scientia has its presence in the technology arena for more than a decade.
The venture is the outcome of passion of a group of technocrats who always wanted to do things diferently. Scientia has successfully launched multiple products so far - ParentEye, CorpERP and Kemedy are a few of them.
