Your ability to drive safely is directly related to the percent of alcohol in your bloodstream. One drink per hour is the lifesaving limit for drivers.

This card is furnished for your information by the Oregon Liquor Control Commission. The chart is only a guide. Each person's response to alcohol will vary, based on individual tolerance for alcohol, food intake, fatigue, and other factors. A person's driving can sometimes be impaired after one drink. Please don't drink and drive.
