

Enneagram Test Instructions – Full RHETI

The Enneagram provides a framework for helping us better understand ourselves and each other. *Ennea* means 9, and there are 9 personality types in this system. The Enneagram helps us learn more about our overall behavior patterns, underlying motivations and attitudes, as well as our unique strengths and gifts. The Enneagram is used in many different disciplines, such as business, education, psychotherapy, medicine and entertainment. Some of the organizations that use the Enneagram are Kaiser Permanente, Genentech, Walt Disney Company, Apple, and the Federal Reserve Bank.

To Take the Full RHETI Test (RHETI stands for Riso-Hudson Enneagram Type Indicator) you will need about 30-40 minutes, and the fee is \$12.

IMPORTANT!!

The best way to answer the questions is with the mindset you have used in the PAST. If you have already started to make changes in how you respond to situations, select your answer based on the way you used to be! There may be some questions where you will have to make a choice between two options, neither of which fits you. Don't worry about this, just pick an answer and move on.

To begin the Full RHETI Test, please go to:
