

New York State For-Hire Registrations

New York State Vehicle & Traffic Law Article 8 Indemnity Bonds or Insurance Policies on Vehicles Transporting Passengers For-Hire

Commissioner Regulation Part 32 Insurance Identification Cards

Commissioner Regulation Part 34 Motor Vehicle Liability Insurance Reporting

For-hire (FH) is defined as the business of carrying or transporting passengers for compensation (direct or indirect). FH also includes private rentals where vehicles are leased to an individual or organization other than the owner with the registration remaining in the owner's name.

NYS has nine FH registration classes with numeric and alpha codes assigned to each class. Seven of these classes have specific fixed registration expiration dates; the policy expiration date must be coterminous (the same as) with the registration expiration. Two of the nine classes (taxi and livery) have a staggered registration expiration date; the registration can expire at any time during the year and the policy need not expire at registration. A FH registration and policy period cannot exceed one year.

FH-1, Insurance Certificates or **FH-1B**, Corporate Surety Bond Certificates are the paper proofs of insurance which must be submitted to NYS DMV at registration and each year at registration renewal. Taxi and livery registration renewals are the **exception**. These two classes do not require FH Certificates at registration renewal since the expiration dates are staggered and the policy does not need to expire at the same time as the registration.

The insured status of FH vehicles is monitored through the Insurance Information & Enforcement System's (IIES) insurer electronic reporting. A new business (NBS) transaction with policy type three (3) must be filed when a new registration is issued and each year at registration renewal for vehicles with fixed registration expirations. A policy number change or other administrative action does not require a NBS.

A cancellation (XLC) transaction with policy type three (3) must be filed with NYS DMV when a policy is cancelled, non-renewed or the vehicle is removed from a policy. The XLC must be **received by NYS DMV a minimum of twenty (20) days prior to the cancellation effective date** per NYS VTL, Article 8, Section 370.1(b). A XLC can be filed after the twenty (20) day filing requirement if:

- The plates have been surrendered to NYS DMV and the surrender has been recorded on the registration record. A XLC with an effective date equal to or after the surrender date will be accepted if the transaction lists the policy type of five (5).
- A NBS or reinstatement (REI) transaction from a different insurer has posted to the insurance record. A XLC with an effective date equal to or after the NBS or REI effective date will be accepted if the transaction lists the policy type of six (6).
- Since the XLC must be received prior to its effective date, registration transactions such as vehicle replacement (transfer of plates) can be processed while the policy is still in effect. If a XLC posted to the insurance record of the replaced vehicle, a XLC with the same effective date and NAIC/ICC code can be sent for the new vehicle with the policy type of seven (7).

A XLC need not be filed for coterminous policies and registrations. A transaction with the same effective date as a fixed registration expiration date will not post and will be returned with error code E780 – Invalid termination date for FH vehicles.

Buses or ambulances that are not operated for-hire (no fees are charged) are exempt from for hire insurance. In these instances, a MV-197, “Exempt Vehicle Certificate” must be completed and presented to NYS DMV at vehicle registration. The form can be downloaded from NYS DMV’s web site at www.dmv.ny.gov. A FS-20, Insurance Identification Card must be submitted in lieu of a FH Certificate. Insurer transactions need to be filed with the policy type of one (personal) or two (commercial) and FS (non FH) filing and business rules apply.

Summary of Required Insurer Reporting

New Business (NBS)

- New (initial) policy
- Vehicle added to an existing policy
- Policy moved to another insurer within the insurer’s group
- Registration renewals for registrations with fixed expiration dates

NBS transaction **must be filed within seven (7) days** of the effective date.

Cancellation (XLC)

- Policy cancellation
- Vehicle dropped from an existing policy
- Non-renewal of policy for registrations with staggered registration expiration dates.

XLC transaction **must be received** by NYS DMV **twenty (20) days prior** to the effective date.

Exceptions:

- Plate surrendered – policy type five (5)
- Coverage provided by different insurer – policy type six (6)
- Plates transferred to replacement (new) vehicle – policy type seven (7)

Reinstatement (REI)

- Policy reinstated
- Vehicle reinstated to an existing policy

REI transaction **must be filed within seven (7) days** of the effective date.

Rescission of New Business (REP)

- NBS or REI filed in error

REP **must have the same** NAIC/ICC code and effective date as the NBS or REI being rescinded. The transaction **must be filed within seven (7) days** of the effective date.

Rescission of Cancellation (REC)

- XLC filed in error

REC **must have the same** NAIC/ICC code and effective date as the XLC being rescinded. The transaction **must be filed within seven (7) days** of the effective date.
