Retailer's Use Tax Return Instructions

General Information

In general, any retailer that makes sales into Colorado is required to obtain a sales tax license and collect sales tax, rather than use tax. See *Part 4: Retailers Who Must Collect* in the *Colorado Sales Tax Guide* for additional information about retailers' obligations to collect Colorado sales tax.

Retailers with active retailer's use tax accounts must file a return for each filing period, even if the retailer made no sales in Colorado during the period and no tax is due. Typically, returns must be filed on a monthly basis. If a retailer fails to file a return for any filing period, the Department will estimate the tax due and issue to the retailer a written notice of the estimated tax due. The Department may deactivate the retailer's use tax account of a retailer who fails to file returns for successive filing periods.

ELECTRONIC FILING INFORMATION

Retailers can save time and reduce filing errors by filing their retailer's use tax returns electronically through Colorado.gov/RevenueOnline. Retailers must first create a Revenue Online account to file returns through Revenue Online. Revenue Online can be accessed at Colorado.gov/RevenueOnline.

PAYMENT INFORMATION

The Department offers retailers several payment options for remitting retailer's use taxes.

Electronic Payments

Regardless of whether they file electronically or with a paper return, retailers can remit payment electronically using one of two payment methods. Retailers who remit electronic payments should check the appropriate box on line 13 of the return to indicate their electronic payment.

- **EFT Payment** – Retailers can remit payment by electronic funds transfer (EFT) via either ACH debit or ACH credit. There is no processing fee for EFT payments. Retailers must register prior to making payments via EFT and will not be able to make payments via EFT until 24-48 hours after registering. See Electronic Funds Transferred (EFT) Program For Tax Payments (DR 5782) and Electronic Funds Transfer (EFT) Account Setup For Tax Payments (DR 5785) for additional information.
- **Credit Card and E-Check** – Retailers can remit payment electronically by credit card or electronic check online at Colorado.gov/RevenueOnline. A processing fee is charged for any payments remitted by credit card or electronic check.

Paper Check

Regardless of whether they file electronically or with a paper return, retailers can remit payment with a paper check. Retailers should write "Retailer's Use Tax," the account number, and the filing period on any paper check remitted to pay retailer's use tax to ensure proper crediting of their account.

- **Paper Return** – Retailers who file a paper return can mail a paper check with the return to pay the tax reported on the return.
- **Electronic Filing Through Revenue Online** – A retailer who files electronically through Revenue Online can remit payment by paper check. Once the electronic return has been submitted, the retailer can select "Payment Coupon" for the payment option to print a payment processing document to send along with their paper check.

FILING A PAPER RETURN

Retailers electing to file a paper return must sign, date, and mail the return, along with their payment, if applicable, to:

**Colorado Department of Revenue
Denver CO 80261-0013**

Retailers are required to keep and preserve for a period of three years all books, accounts, and records necessary to determine the correct amount of tax.

Form Instructions

In preparing a retailer's use tax return, a retailer must include its identifying information (such as name and account number), the filing period and due date, and information about sales and exemptions in order to calculate the tax due. Specific instructions for preparing retailer's use tax returns appear below and on the following page.

Amended Returns

If a retailer is filing a return to amend a previously filed return, the retailer must mark the applicable box to indicate that the return is an amended return. If the retailer needs to amend multiple previously filed returns, a separate amended return must be filed for each filing period. The amended return replaces the original return in its entirety and must report the full corrected amounts, rather than merely the changes in the amount of sales or tax due. If the amended return reduces the amount of tax reported on the original return, the retailer must file a Claim for Refund (DR 0137) along with the amended return to request a refund of the overpayment. If the amended return is filed after the due date and reports an increase in the amount of tax due, penalties and interest will apply.

SSN and FEIN

Retailers must provide a valid identification number, issued by the federal government, when filing a retailer's use tax return. If the retailer is a corporation, partnership, or other legal entity, this will generally be a Federal Employer Identification Number (FEIN). If the retailer is a sole proprietorship, a Social Security number (SSN) will generally be used instead.

Colorado Account Number

Retailers must enter their Colorado account number on each return, including both their eight-digit account number and the four-digit site/location number (for example: 12345678-0001). If a retailer makes sales that are delivered within the boundaries of any Regional Transportation Authority (RTA) district, the retailer must file a separate return for that RTA district. The eight-digit account number will be the same for each RTA district, but the four-digit site/location number will be unique for each RTA district.

If you have applied for your license, but do not have your account number, please contact the Customer Contact Center at 303-238-7378 for assistance.

Period

Retailers must indicate the filing period for each return. The filing period is defined by the first and last months in the filing period and entered in a MM/YY-MM/YY format. For example:

- For a monthly return for January 2020, the filing period would be 01/20-01/20.
- For a quarterly return for the first quarter (Jan. through March) of 2020, the filing period would be 01/20-03/20.

- For an annual return filed for 2020, the filing period would be 01/20-12/20.

Location Juris Code

Retailers must enter the applicable six-digit location jurisdiction (juris) code to identify the site/location of sales reported on the return. The juris code is determined by whether the sale is delivered to a location inside a Regional Transportation Authority (RTA) district. The following juris codes should be used in preparing retailer's use tax returns:

- Roaring Fork RTA: 24-0016
- Pike Peak RTA: 04-0017
- South Platte Valley RTA: 13-0029
- Sales delivered outside of all RTAs: 80-0000

A complete listing of location juris codes can be found in Department publication Location/Jurisdiction Codes for Sales Tax Filing (DR 0800).

Due Date

Retailers must enter the due date for the return. Returns are due the 20th day of the month following the close of the filing period. If the 20th is a Saturday, Sunday, or legal holiday, the return is due the next business day.

Monthly Returns: due the 20th day of the month following the reporting month.

Quarterly Returns:

- 1st quarter (January – March): due April 20
- 2nd quarter (April – June): due July 20
- 3rd quarter (July – September): due October 20
- 4th quarter (October – December): due January 20

Annual Returns: (January – December): due January 20

State and Special District Use Taxes

The Retailer's Use Tax Return (DR 0173) is used to report not only Colorado retailer's use tax, but also retailer's use taxes administered by the Colorado Department of Revenue for various special districts in the state. The use taxes for different local jurisdictions are calculated and reported in separate columns of the DR 0173. Retailer's use taxes for the state, the Regional Transportation District (RTD), and the Scientific and Cultural Facilities District (CD) should all be reported on the same return, in the designated column for each. If the return is filed for any tax period prior to January 1, 2012, use taxes for the Metropolitan Football Stadium District (FD) should be reported on the same return, in the appropriate column.

Several different RTAs in Colorado impose use taxes on tangible personal property delivered within their district boundaries. A separate return must be filed to report and remit use taxes collected for each RTA. RTA use taxes are reported in the first column of the DR 0173. The name of the specific RTA district for which the return is being filed must be entered at the top of the column.

DR 0173 (10/07/19)
COLORADO DEPARTMENT OF REVENUE
Denver CO 80261-0013
(303) 238-SERV (7378)
www.TaxColorado.com

On each return reporting RTA taxes, the columns for state, FD, CD, and RTD taxes should be left blank. RTA use taxes cannot be reported on the same return as state, FD, CD, and RTD taxes. The RTAs that currently impose a use tax in Colorado are:

- **Gunnison Valley** – Gunnison County except for areas surrounding the towns of Marble, Ohio City, Pitkin and Somerset;
- **Pikes Peak** – El Paso County except the municipalities of Calhan, Fountain, Monument, Palmer Lake and the Commercial Aeronautical Zone in the City of Colorado Springs (any areas annexed into these municipalities after 2004 are included in the Pikes Peak RTA);
- **Roaring Fork** – Aspen, Snowmass Village, Basalt, Carbondale, Glenwood Springs, New Castle, Pitkin County, and a portion of Eagle County;
- **San Miguel** – Mountain Village and Telluride and portion of unincorporated San Miguel County except for the towns of Ophir and Sawpit;
- **South Platte Valley** – Sterling city limits.

See Department publication Colorado Sales/Use Tax Rates (DR 1002) for tax rates, service fee rates, and exemption information for state-administered special district use taxes.

City and County Use Taxes

The Colorado Department of Revenue does not administer retailer's use taxes for any city or county in Colorado. Please contact directly any city or county in Colorado for information about any retailer's use taxes they impose.

Avoiding Common Filing Errors

You can avoid several common errors by reviewing your return before filing it to verify that:

- You completed all applicable lines of the return.
- You completed the Itemized Deductions and Exemptions Schedules and the RTA Schedules, if applicable. You must complete and submit all these schedules, even if you have no deductions or exemptions to report.
- You entered your account number and site number correctly on your return.
- You used the correct tax rate for each jurisdiction reported on your return. See Colorado.gov/tax/sales-and-use-tax-rates-lookup for information about state and local tax rates.
