So soon you'll be in your own danger. 26 Jun 2020 Source: Reddit via Minecraft Dungeons u/zozozrov2 Mojang Studios is a co-op focused ARPG looter. The basic game is great, but the content that promises to fix the dlc, a little light. The first paid DLC expansion, Jungle Awakens, comes July 1, 2020. We will add these new enemies, gears, comrades and three new areas to explore. Minecraft Dungeons Minecraft has proven to be a fun and exciting expansion into the universe, but its launch has been a little lacking in deep content. Mojang Studios has promised at least two DLC packages to add to this, as well as sprinkled between free updates. It will be the first DLC Jungle Awakens, and officially comes less than a week from July 1, 2020! DLC will add: New gears, weapons, including armor, and artifacts new enemies, Lealeaf and Whisperer will be a free update for anyone who is freed at the same time as Jungle Awakens DLC to discover a new boss known as Jungle Abomination in new areas such as three new areas Add some new items, balancing tweaks for the game and Lost Temple dungeon, so everyone gets just a little fun. Those who buy Hero Edition (or Hero Pass upgrade for the base game) will buy the new DLC for free on the first day, so you don't need to do anything else. If you are interested, you can check mojang studios' post announcement for more information. I'm a super excited, as the base game has been a little lacking when it comes to long-term engagement. I will jump back on the first day of the game with Jungle Awakens to check out new additions. What about you? Minecraft explores dungeons. Minecraft Dungeons is the next saga in the Minecraft story, and Mojang Studios has another knockout outside the park. Awesome co-op fight paired with powerful booty, all at a crazy price?
