Daniel Roy is a video game narrative writer and copywriter. He has worked as a producer of AAA games for Ubisoft Montreal, Ubisoft Shanghai and EA BioWare. His published games include Tom Clancy's *Splinter Cell Double Agent* and Tom Clancy's *Ghost Recon 2*.

I picked up this book along with the *Crafting* guide by the same author (*Crafting and Construction Handbook (Terraria)*). This is an excellent guide and even though there is a [at least one] great wiki online for this game, sometimes a physical guide helps, especially if you're like me and playing this on the 3DS. I love the color pictures, they are vital for a *Terraria* book. Looking forward to the third volume: *Exploration & Adventure*. While the cost of all three does add up, I feel like the quality is well worth it.

I'm a die hard Terraria fan, and frequently reference sources while playing this game. The book is a handy reference guide to keep at my desk. My construction and game play have improved significantly! The tone of the book is lighthearted and fun, while being highly informative on the basics of Terraria. The pictures are of high quality, there's even a handy quick reference poster in the back of the book!

This series of tip books provides essential info on all three platforms, console-mobile and PC...a **MUST HAVE** for players and new comers alike.

It helped a bunch with my game play in Pre-Hard mode; but now that I play in Hard mode it is not much help (child age 10)

Well , my 10 yo son took a break from playing the video game to read this book so thumbs up !

My son loved it he is a big Terraria fan.

It's been read over 25 times. They said it's very helpful.
