# 2013

## NONRESIDENT COMBINATION LICENSE AND DEER AND ELK PERMIT APPLICATION PACKET

**Apply for your license and permits by March 15, 2013**

- ▶ Apply for your Nonresident Big Game, Elk, or Deer Combination License.
- ▶ Easily determine where you need a permit to hunt Bull Elk and Buck Mule Deer

Last year, the FWP Commission changed the deadline for deer and elk permits from June 1st to **March 15th**. In the past, nonresidents had to apply for a license by March 15th and then apply by June 1st for a deer or elk permit. Now you'll be able to apply for your license and deer and elk permits on the same application and have drawing results by the end of April, providing three additional months to make plans, scout, talk to landowners and get in shape.

### 2013 DEER & ELK SEASON DATES:

Archery (bow and arrow license required)....Sept. 7 - Oct. 20  
Youth (deer only, 2-day hunt) .....Oct. 17 - Oct. 18  
General.....Oct. 26 - Dec. 1

Backcountry (HD's 150, 151, 280, 316\*)  
Archery .....Sept. 7 - Sept. 14  
General .....Sept. 15 - Dec. 1

\*No archery season in HD 316

# THIS APPLICATION PACKAGE IS FOR NONRESIDENT COMBINATION LICENSES AND ELK AND DEER PERMITS. APPLY BY MARCH 15 USING THE FOLLOWING STEPS:

## 1. Choose the Nonresident Combination License for which you wish to apply:

**Big Game Combination** (\$959) General Elk and Deer, Upland Game Bird, Fishing, Conservation license and Hunting Access Enhancement Fee (HAEF). A total of 17,000 are available.

**Elk Combination** (\$809) General Elk, Upland Game Bird, Fishing, Conservation license and HAEF. The available licenses are included in the 17,000 noted above.

**Deer Combination** (\$570) General Deer, Upland Game Bird, Fishing, Conservation license and HAEF. A total of 4,600 are available.

**Landowner Sponsored Deer Combination** (\$570) Landowner Deer (valid only on LO's property), Upland Game Bird, Fishing, Conservation license and HAEF. A total of 2,000 are available.

## 2. Determine if you need a Deer or Elk permit in your hunting area. A permit and a general license are required to hunt Bull Elk and Buck Mule Deer in certain hunting districts.

- Your permit must be used with your General Elk or Deer hunting license. A permit is not a second license and does not allow the holder to kill an additional animal. Rather, it offers a special opportunity to hunt for a species in a particular hunting district allowing the hunter to harvest a buck mule deer or bull elk.
- Review the maps for Elk and Deer. If the hunting district where you wish to hunt indicates a permit is required, you must apply by March 15. If the map indicates that no permit is required, your General Elk or Deer license is all you need to hunt there during the 2013 general hunting season.

## 3. If you apply for a Big Game or Elk Combination License—and an elk permit—you must choose from the following options if you are not awarded an elk permit via the drawing:

- Keep your Big Game or Elk Combination license, or

- Request an 80 percent refund, or
- Turn in the General Elk license portion of your Big Game Combination License and retain the deer, fishing, and upland bird licenses and receive a \$364 refund.

## 4. Pick the correct elk and deer permit code and know the hunting district

Some hunting districts have more than one option for a permit—for instance, HD 631 offers one for archery only and one for general season only, while HD 380 offers one for archery and the general season. Some permits—like those offered for deer in HDs 213 and HD 298—also are valid in more than one hunting district.

**Note:** You must list all five digits in a permit area on your application. Failure to list all five will result in an invalid permit choice.

## 5. Are you applying as a party?

**NOTE:** In Montana, a “party” simply means that a group of hunters are applying together for the chance to obtain hunting licenses or permits. **It is strictly illegal to transfer any hunting license. Each individual in the application “party” must harvest his or her own game.**

**For paper applications:** Make sure: (1) all party members are listed; (2) all party members apply for the same hunting districts, in the same order and include the same preference/bonus-point participation; (3) all party applications must be submitted in the same envelope; (4) if one party member makes an error, that application will be eliminated but the remaining will be processed.

**For online applications:** The party establisher must list all party members and provide the number to all members so each member can apply online for that party.

## 6. Complete your application

**For paper applications:**

- Fill in date of birth, ALS #
- Complete all mandatory information
- Original signature
- Select the license type
- For permits, fill in all 5 permit numbers
- Double-check your math
- Postmark no later than March 15th

**For online applications:**

- Go to [fwp.mt.gov](http://fwp.mt.gov), and select “Buy a License,” at the top right of the homepage.

## Additional Information for Nonresident Hunters

---

### ■ Hunter Education Requirements

If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course; or an approved hunter safety course from any other state or province prior to applying for or purchasing any hunting license. Duplicate certificates of completion for the Montana hunter education and bowhunter education courses may be obtained from FWP's website at [fwp.mt.gov](http://fwp.mt.gov).

### ■ Bowhunter Education Requirements

To purchase a Montana bow and arrow license, a hunter must provide a certificate of completing the National Bowhunter Education Foundation course; or provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province; or pay \$5 and sign an affidavit stating to the FWP Enforcement Division that you previously held such a license.

### ■ Bow and Arrow License

Must be purchased to hunt during: (1) any Archery Season; or (2) to archery hunt in any Arch-Equip only area or hunting district.

### ■ Youth Hunter Requirements

Youth who have completed Hunter Education, and who will turn 12 years of age before Jan. 16, 2014, may purchase or apply for licenses and hunt after Aug. 15, 2013.

### ■ Landowner Preference

To claim landowner preference for a deer permit, a landowner must own or be contracting for purchase at least 160 acres of contiguous land within the applied for hunting district. For a landowner preference elk permit, the landowner must own or be contracting for purchase at least 640 acres of contiguous land within the applied for hunting district. To obtain the required 2013 Landowner Preference application form, call 406-444-2950.

## Tips for a successful application

---

### ■ Permit drawing choices

- ▶ Your first choice is required, second and third choices are optional. If you have only one choice do not repeat the choice as a second and third option.
- ▶ Your second or third choices will only be considered if there is a quota remaining or if the quota is unlimited and allows second or third choice applicants.
- ▶ Your best chance to use your second or third choice is if you choose a permit where drawing odds are 100 percent or unlimited and allow second or third choices.

### ■ Check your odds of drawing a permit

- ▶ The general drawing statistics for elk and deer permits are located below the deer and elk hunting district maps included in this application packet.

### ■ Preference Points and Bonus Points

#### **Preference Points increase the likelihood of obtaining a combination license.**

- ▶ Preference points essentially move you ahead in line.
- ▶ For instance, a person with three preference points is in front of the person with two, and so on.
- ▶ 75 percent of all combination licenses awarded via the drawing will be issued to hunters with preference points.
- ▶ All preference points accumulate over time until you obtain a combination license.
- ▶ If you wish to participate in the Preference Point program for your combination license, make sure to check "YES"

on the Preference Point question and include the \$50 Preference Point fee.

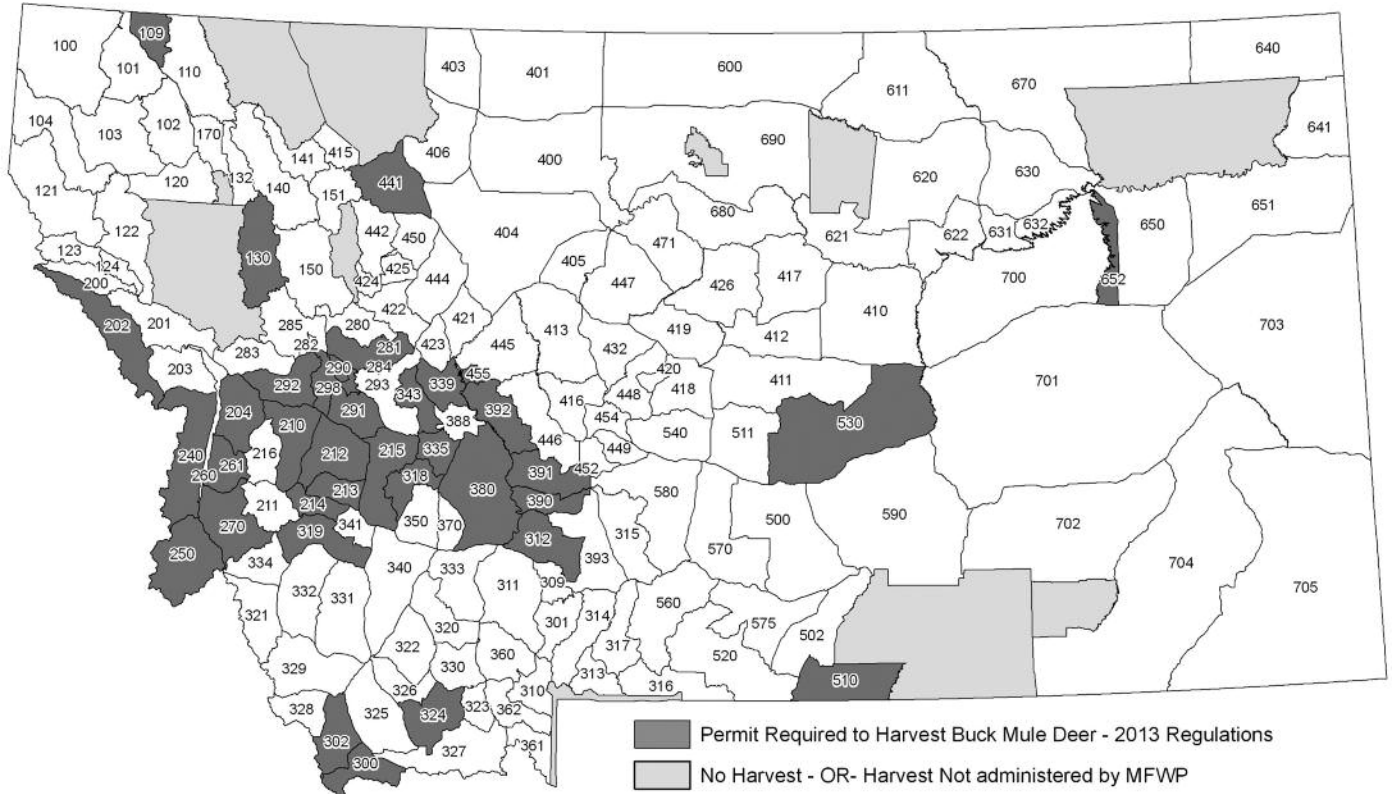

- ▶ Preference points accumulated will be used during the current drawing whether you purchase additional preference points or not. Any accumulated preference points are lost after two years of not applying for a Nonresident Combination License.

#### **Bonus Points can increase your chances to draw a buck mule deer or bull elk permit.**

- ▶ Bonus points essentially offer you additional drawing chances.
- ▶ For instance, a person with two bonus points will have two chances to have his/her application drawn.
- ▶ In addition, existing bonus points will be mathematically "squared" prior to the drawing.
- ▶ That means if you already have three "base" bonus points those will be "squared" and you'll then have nine bonus points going into the 2013 drawing.
- ▶ If you're unsuccessful, you'll be awarded an additional base bonus point for next year's drawing.
- ▶ If you wish to participate in the Bonus Point program for deer/elk permits, make sure to check "YES" on the Bonus Point questions and include the \$20 Bonus Point fee.
- ▶ All "base" bonus points accumulate over time until you obtain a permit or you fail to participate in the bonus point system.
- ▶ Bonus points are lost if they are not used for two consecutive years.

# Deer Permits. Apply by March 15.

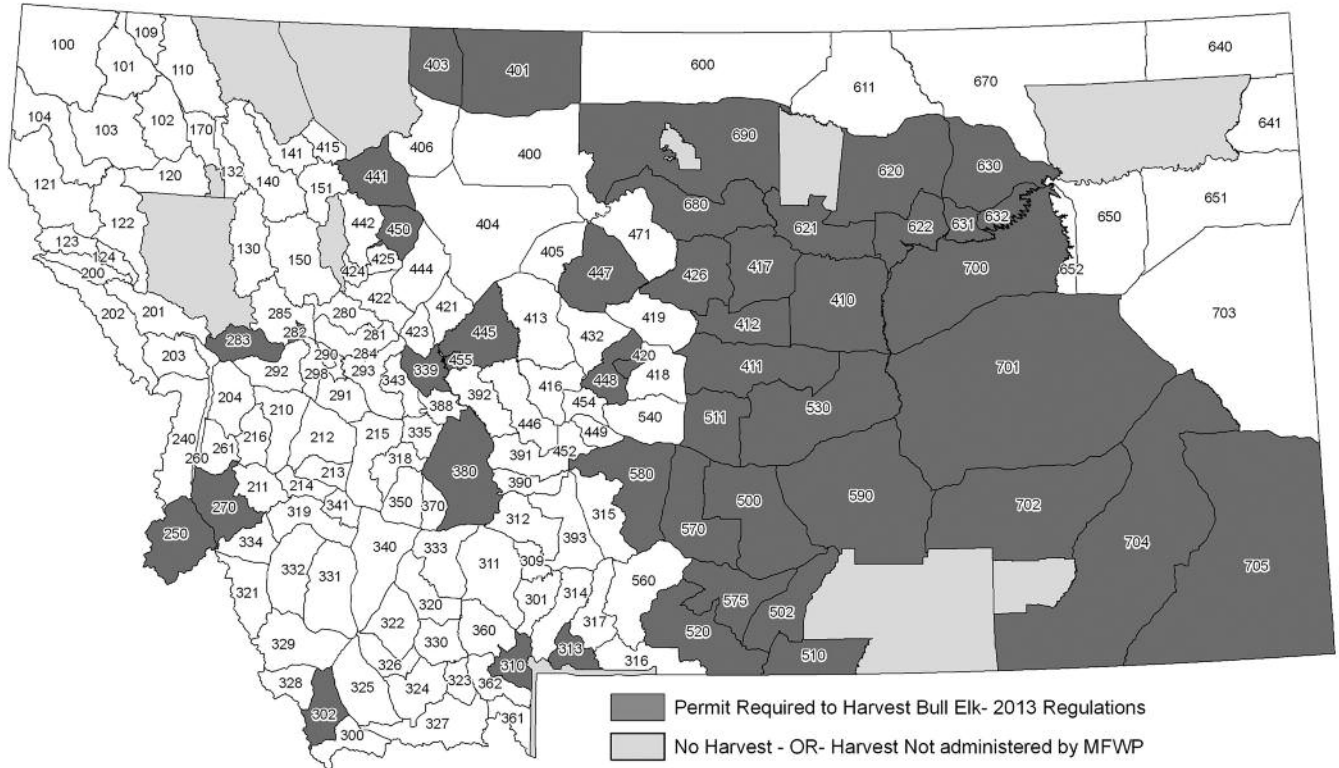

- Hunters who receive a deer permit must use it with a current general deer license. A deer permit does not allow you to take a second deer.
- Hunters who receive a deer permit valid for taking an antlered buck mule deer (with their general deer license) are restricted to taking an antlered buck mule deer only in the district or portion of district specified on the permit. They may not hunt antlered buck mule deer anywhere else in Montana even if the General Season or Archery Only Season is open to mule deer buck hunting with a general deer license. This applies to all deer permit areas, whether limited or unlimited, for antlered buck mule deer. Once the permit is issued, it cannot be voided or withdrawn.
- Up to 10% of a quota can be issued to nonresidents. If you apply for a permit area that has less than a quota of 10, your permit application will be considered invalid and removed from the drawing.
- Permits and licenses are labeled with a three-digit number followed by a dash and then a two-digit number (such as "213-40"). The first three digits may identify the hunting district, and the last two digits are FWP codes for additional opportunities related to that license or permit. Use all five numbers. Hunting districts in which the permit is valid are listed in column 3.

# Elk Permits. Apply by March 15.

- Hunters who receive an elk permit must use it with a current general elk license. An elk permit does not allow you to take a second elk.
- Elk permits, allotted by drawings, allow you to hunt in a restricted area or time period or to harvest a bull where harvest restrictions exist for hunters who have only a general elk license.

- Up to 10% of a quota can be issued to nonresidents. If you apply for a permit area that has less than a quota of 10, your permit application will be considered invalid and removed from the drawing.
