The information included in this list of covered drugs was correct as of *10/2019*. To see the most current information, visit healthpartners.com/mhcupdruglist. If you have questions, contact Member Services at the number listed on this page. You can ask for a printed copy of this Medicaid List of Covered Drugs at any time.

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.
Members must use network pharmacies to receive prescription drug benefits.

This list is subject to change and is not all-inclusive. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable. Note to existing members: This list of covered drugs has changed since last year. Please review this document to make sure that it still has the drugs you take. Please contact Member Services at the number listed on this page with questions.

If you have Medicare, you need to get most of your prescription drugs through the Medicare Prescription Drug Program (Medicare Part D). You must be enrolled in a Medicare prescription drug plan to get prescription drug benefits.

Civil Rights Notice

Discrimination is against the law. HealthPartners does not discriminate on the basis of any of the following:

- Race
- Color
- National Origin
- Creed
- Religion
- Sexual Orientation
- Public Assistance Status
- Age
- Disability (including physical or mental impairment)
- Sex (including sex stereotypes and gender identity)
- Marital Status
- Political Beliefs
- Medical Condition
- Health Status
- Receipt of Health Care Services
- Claims Experience
- Medical History
- Genetic Information

Auxiliary Aids and Services

HealthPartners provides auxiliary aids and services, like qualified interpreters or information in accessible formats, free of charge and in a timely manner to ensure an equal opportunity to participate in our health care programs. **Contact 1-866-885-8880.**

Language Assistance Services

HealthPartners provides translated documents and spoken language interpreting, free of charge and in a timely manner, when language assistance services are necessary to ensure limited English speakers have meaningful access to our information and services. **Contact 1-866-885-8880.**

Civil Rights Complaints

You have the right to file a discrimination complaint if you believe you were treated in a discriminatory way by HealthPartners. You may contact any of the following three agencies directly to file a discrimination complaint.

U.S. Department of Health and Human Services' Office for Civil Rights (OCR)

You have the right to file a complaint with the OCR, a federal agency, if you believe you have been discriminated against because of any of the following:

- Race
- Color
- National Origin
- Age
- Disability
- Sex

Contact the **OCR** directly to file a complaint:

Director

U.S. Department of Health and Human Services' Office for Civil Rights

200 Independence Avenue SW

Room 509F, HHH Building

Washington, DC 20201

800-368-1019 (voice)

800-537-7697 (TDD)

Complaint Portal: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>

Minnesota Department of Human Rights (MDHR)

In Minnesota, you have the right to file a complaint with the MDHR if you believe you have been discriminated against because of any of the following:

- Race
- Color
- National Origin
- Religion
- Creed
- Sex
- Sexual Orientation
- Marital Status
- Public Assistance Status
- Disability

Contact the **MDHR** directly to file a complaint:

Minnesota Department of Human Rights
Freeman Building, 625 North Robert Street
St. Paul, MN 55155
651-539-1100 (voice)
800-657-3704 (toll free)
711 or 800-627-3529 (MN Relay)
651-296-9042 (fax)
Info.MDHR@state.mn.us (email)

Minnesota Department of Human Services (DHS)

You have the right to file a complaint with DHS if you believe you have been discriminated against in our health care programs because of any of the following:

- Race
- Color
- National Origin
- Creed
- Religion
- Sexual Orientation
- Public Assistance Status
- Age
- Disability (including physical or mental impairment)
- Sex (including sex stereotypes and gender identity)
- Marital Status
- Political Beliefs
- Medical Condition
- Health Status
- Receipt of Health Care Services
- Claims Experience
- Medical History
- Genetic Information

Complaints must be in writing and filed within 180 days of the date you discovered the alleged discrimination. The complaint must contain your name and address and describe the discrimination you are complaining about. After we get your complaint, we will review it and notify you in writing about whether we have authority to investigate. If we do, we will investigate the complaint.

DHS will notify you in writing of the investigation's outcome. You have a right to appeal the outcome if you disagree with the decision. To appeal, you must send a written request to have DHS review the investigation outcome period. Be brief and state why you disagree with the decision. Include additional information you think is important.

If you file a complaint in this way, the people who work for the agency named in the complaint cannot retaliate against you. This means they cannot punish you in any way for filing a complaint. Filing a complaint in this way does not stop you from seeking out other legal or administrative actions.

Contact **DHS** directly to file a discrimination complaint:

Civil Rights Coordinator
Minnesota Department of Human Services
Equal Opportunity and Access Division
P.O. Box 64997
St. Paul, MN 55164-0997
651-431-3040 (voice) or use your preferred relay service

HealthPartners Complaint Notice

American Indian Health Statement

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Important Information.....	2
List of Covered Drugs.....	8
Index of Covered Drugs.....	211

IMPORTANT INFORMATION

What is a list of covered drugs?

A list of covered drugs includes the prescription drugs covered by HealthPartners. The drugs on the list are selected by HealthPartners with the help of a team of doctors and pharmacists. HealthPartners will generally cover the drugs listed in the list of covered drugs as long as the drug is medically necessary, the prescription is filled at a HealthPartners network pharmacy and other requirements related to the drug are followed.

Does the list of covered drugs ever change?

The HealthPartners list of covered drugs can change during the course of a calendar year. If changes occur which will impact the coverage of a medication you are taking, HealthPartners will make reasonable efforts to contact you and your prescriber to inform you and your prescriber about the change and possible alternative medications which will be covered.

Examples of some changes that may occur are:

- A drug you are taking is no longer preferred.
- A drug is removed from the list of covered drugs due to safety reasons.
- Changes in prior authorization requirements.

How are drugs listed in the list of covered drugs?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by drug type.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it in the back of this book. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs, generic drugs, and over-the-counter (OTC) drugs are listed in the index.

To search **by drug type**, find the list of covered drugs starting on page 8. The drugs in this section are grouped into categories by type. A category starts with a title in a gray row. Drugs are listed below the category. For example, if you are taking a medicine for migraines, you should look in the “Antimigraine Agents” category title in gray. That is where you will find drugs that treat migraines.

What is a Preferred Drug List?

In Minnesota, all managed care organizations are required to follow the Department of Human Services’ Preferred Drug List. The Preferred Drug List (PDL) is created by the Department of Human Services, in consultation with the Drug Formulary Committee, to let prescribers and members know about drugs or drug classes that are more or less cost effective. Generally, drugs that are listed on the PDL as preferred are more cost effective; and drugs that are listed as non-preferred on PDL are less cost effective. Preferred drugs are available to members with fewer restrictions. Non-preferred drugs will require a prior authorization. To receive a non-preferred drug, your doctor or health care provider must get prior authorization. The Preferred Drug List is a portion of your HealthPartners list of covered drugs. HealthPartners list of covered drugs is a complete list of all covered drugs. The Preferred Drug List is available on the department’s website: [Minnesota Fee-for-Service Medicaid Preferred Drug List](http://mn.gov/dhs/mhcp/ffs-preferred-drug-list) (mn.gov/dhs/mhcp/ffs-preferred-drug-list).

What are generic or biosimilar drugs?

A generic drug is approved by the Food and Drug Administration (FDA) and has the same active ingredient as the brand name drug and produces the same clinical effect as the brand-name drug.

A biosimilar drug is an FDA-approved biologic drug (most often an injectable prescription drug) that is highly similar to and has no clinically meaningful differences in terms of safety and effectiveness from an already-approved biological product. Biosimilar drugs are not the same as generic drugs, but like generics, biosimilar drugs may offer more affordable treatment options for you.

Generic or biosimilar substitution means a generic version or biosimilar version of a drug is given instead of the brand name or non-biosimilar version of the drug.

HealthPartners will cover the brand name or non-biosimilar version of the drug only when:

1. Your prescriber informs HealthPartners in writing that the brand name or non-biosimilar version of the drug is medically necessary; OR
2. HealthPartners may prefer the dispensing of certain brand name version over the generic or non-biosimilar version over the biosimilar version of the drug; OR
3. Minnesota law requires the dispensing of the brand name or non-biosimilar version of the drug.

Within the list of covered drugs, brand name drugs are capitalized (e.g., HUMALOG) and generic drugs are listed in lowercase italics (e.g., *atorvastatin*).

What are over-the-counter drugs?

Drugs and products that are available for purchase without a prescription are referred to as over-the-counter (OTC). Although an OTC product is available without a prescription, if a doctor writes a prescription for an OTC product, HealthPartners may cover it.

What are specialty drugs?

Specialty drugs are used by people with complex or chronic diseases. These drugs often require special handling, dispensing, or monitoring by a specially-trained pharmacist.

If you are prescribed a drug that is on the HealthPartners Specialty Drug List, your prescriber will need to send the prescription of that specialty drug to one of HealthPartners' Specialty Pharmacies listed here.

Name of Specialty Pharmacy: **Cystic Fibrosis Medications Fairview Specialty Pharmacy**

Phone: 612-672-5260 or 800-595-7140 (toll-free)

Fax: 866-347-4939

Hours of Operation: Mon-Fri: 8 a.m. – 7 p.m. CT

Sat: 8 a.m. – 4 p.m. CT

Sun: Closed

Infertility Medications

Name of Specialty Pharmacy: **Walgreens** retail store in Minnesota

Phone: 612-377-3308

Fax: 612-377-5670

Hours of Operation: Pharmacy is open 24 hours

Name of Specialty Pharmacy: **AllianceRx Walgreens Prime – Frisco, Texas**

Phone: 800-424-9002

Fax: 800-874-9179

Hours of Operation: Mon-Fri: 7 a.m. – 7 p.m. CT

Sat: 9 a.m. – 3 p.m. CT

All other specialty medications:

Name of Specialty Pharmacy: **CVS Caremark Specialty Pharmacy**

Phone: 800-368-1624

Fax: 800-441-5809

Hours of Operation: Mon-Fri: 9 a.m. – 9 p.m. CT

Sat: 10 a.m. – 2 p.m. CT

You will also need to call the specialty pharmacy that receives your prescription to set up an account. You will need to have your HealthPartners member ID card when you call the specialty pharmacy.

What if a drug is not on the list of covered drugs?

Not all drugs are covered. If a drug is not listed in the list of covered drugs, you should contact Member Services at **952-967-7998** or **866-885-8880**, TTY **711**, and ask if the drug is covered. If not, it is considered a non-formulary drug. If you need a drug that is not included in the list of covered drugs, you can ask HealthPartners to make an exception to cover it. You can also ask us to change the rules on your drug. For example, HealthPartners may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more. You can also ask us to drop step therapy restrictions or prior authorization requirements.

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours. If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior authorization:** HealthPartners requires you or your doctor to get prior authorization for certain drugs. This means that you will need to get approval from HealthPartners before you fill your prescriptions. If you don't get approval, HealthPartners may not cover the drug.
- **Quantity limits:** For certain drugs, HealthPartners limits the amount of the drug that HealthPartners will cover.
- **Age requirements:** In some cases, there are age requirements for you to try certain drugs. A prior authorization is needed depending on your age and the specific drug prescribed.

You can find out if your drug requires prior authorization, has quantity limits, or has an age requirement by looking in this list of covered drugs. A drug restriction or limit can be removed if your doctor submits a statement or documentation supporting the request. Refer to your Member Handbook for more information. You can also get more information about the restrictions applied to specific covered drugs by contacting Member Services at **952-967-7998** or **866-885-8880**, TTY **711**, or by visiting our website at **healthpartners.com/mhcpdruglist**.

● **Excluded drugs:** Some drugs are excluded from the list of covered drugs. Excluded drugs include the following:

- Drugs used to treat sexual or erectile dysfunction
- Drugs used to enhance fertility
- Drugs used for cosmetic purposes, including drugs to treat hair loss
- Drugs or products to promote weight loss
- Drugs not clinically proven to be effective
- Investigational or experimental drugs
- Medical cannabis

Can I request an exception to the coverage restrictions?

Yes. Your health care provider can obtain the Pharmacy Administration – Prior Authorization/Exception Form from <https://www.healthpartners.com/hp/pharmacy/forms/index.html> or by contacting Member Services at **952-967-7998** or **866-885-8880**, TTY **711**. Your provider must return this form to the fax number or address listed on the document. To facilitate a thorough review and to ensure that your health care provider receives a response within 24 hours, HealthPartners asks that all information requested in the form be provided, including documentation of which medications have been tried and failed, including the dosages used, and the identified reason for failure (e.g. side effects).

What will a prescription cost?

All copay information for prescriptions is listed in the Member Handbook. If you have additional questions, contact Member Services at **952-967-7998** or **866-885-8880**, TTY **711**, or by visiting our website at **healthpartners.com/mhcpdruglist**.

LEGEND

TYPE	DESCRIPTION
QL Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
PA Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
ST Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
AL1 Age Limit	This prescription drug may only be covered if you meet the minimum or maximum age limit.
S Specialty Drug	Specialty drugs are high-cost drugs used to treat complex or rare conditions, such as multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia.
AQ1 Age Quantity Limit	There is a limit on the amount of drug covered per prescription, or within a specific time frame. Must also fall into the specified age range.
MED Medical Drug	Medicines marked with this symbol are not on the formulary, but may be covered under your medical benefit. Go to https://www.healthpartners.com/public/coverage-criteria/ for criteria or log on to your secure account.
OP Opioid Program	New users will be limited to a 7 days supply for their first fill, and a total of 14 days supply for each episode. Longer therapy requires prior authorization: Provider attestation, that therapy for this patient is being managed per standard opioid prescribing guidelines, including assessment and documentation of risk factors for chronic opioid use.
TD Trial Drug	Medicines marked with this symbol are in a trial drug program. The first 6 fills may be limited to less than a month supply. If tolerated and effective you will receive the remainder of the supply and pay no more than one copay for each full month supply.
ONC Oncology	Oncology (cancer) medicines must be filled at a specialty pharmacy, but are not subject to the specialty benefit. Your regular generic or brand pharmacy copay or coinsurance will apply.
P Preferred	Preferred Product

Non-Preferred

Non-Preferred Product criteria can be found at
https://mn.gov/dhs/assets/Nonpreferred_Drug_PA_Criteria_tcm1053-379166.pdf
