“This is the perfect program at the best price for one seeking an online MBA while working full time. When I started researching online MBA programs, many schools were as much as two to three times the price of FSU. The affordability and flexibility aspects of the program also drew me to FSU.”

Students then select a final elective course (3 credit hours) from options available during their time in the program.

Specializations in Business Analytics, MIS and RMI are subject to program director approval and appropriate student background. Instead of choosing a specialization, students may select their own slate of four elective courses based on their own interest and course availability provided by their online MBA adviser each semester. For current specialization course lists, see mba.fsu.edu.

Prerequisites

Designed for professionals with extensive work experience, the Florida State MBA does not require prerequisite coursework. However, it is helpful to have a general knowledge of accounting, economics, finance and statistics when beginning the program.

Please note: Program requirements are subject to change.

Cost of a Florida State MBA

Students pay the same price, plus applicable fees, for courses regardless of location. For a complete list of estimated costs, see mba.fsu.edu.
