Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: | **Low Growth: Less than 35** | **Typical Growth: Between 35 and 65** | **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	29.44	15.0%
Mathematics Proficiency	45.20	15.0%
English Language Arts Growth	47.81	20.0%
Mathematics Growth	49.91	20.0%
Progress Towards English Language Proficiency (coming 2018)	31.28	20.0%
Chronic Absenteeism	72.30	10.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	44.23	n/a
Summative Rating: Percentile rank of Summative Score	39.69	n/a
Requires Comprehensive Support: Summative Score is in the bottom 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Highlights:	• SMARTBoard technology is used to engage students when learning. • Students in grades 3-5 utilize technology via Chromebook access. • Curriculum includes Balanced Literacy, Investigations Math, Next Generation Science Standards and Social Studies.
Mission, Vision, Theme:	Antheil will meet the academic, emotional, social, and physical needs of our diverse student population. We will implement research based best practices and differentiate instruction to meet the needs of all students. As lifelong learners, our students will be challenged academically to be critical thinkers, to work cooperatively, and to be technologically prepared to meet the demands of a constantly changing world.
Awards, Recognition, Accomplishments:	Antheil has implemented a reading incentive with Pre-K through Grade 5 students. This on-going reading initiative is called, "Pawsitively Good Books!" Each month, students are recognized at a reading rally for reading every day during that month. Students who read for the month are given a reward incentive. Monthly grade level meetings with colleagues and with Supervisors, Reading and Math coaches continue to provide on-going support to teachers at Antheil.

Courses, Curriculum, Instruction:	Our ELA instruction targets building strong foundation literacy skills such as phonics, vocabulary to facilitate reading comprehension and writing. Daily students meet in reading or strategies groups. Math instruction fosters students' problem solving and reasoning skills. Our Science program provides a hands-on daily support and classes of provided for gifted learners in ELA and Math.
Clubs and Activities:	Antheil implements Positive Behavior Interventions and Support (PBIS) program which is a proactive approach for establishing the behavioral supports needed for all students to achieve social, emotional and academic success. During morning meeting, we focus on creating and sustaining a more positive school climate. Specific lessons, behavioral expectations and community building activities are taught and reinforced during this time.

	Before and After School Programs:	Antheil's Bricks 4 Kidz program introduces Preschool-Grade 5 students to engineering, architecture and scientific principles. This is a hands-on class where students build machines, buildings, vehicles and other motorized models out of LEGO Bricks using one of a kind model plans by Bricks 4 Kidz. Odyssey of the Mind is an international creative problem-solving program that engages students in their learning by allowing their knowledge and ideas to come to life in an exciting, productive environment.
	Staff and Professional Learning:	Antheil teachers attend grade level meetings for ELA and Math once a month. These meetings are led by our Math and ELA Supervisor as well as our Math Coach. Additionally, the district provides Professional Development opportunities four times per year and staff is encouraged to attend outside PD and turnkey it when they return to school.

Student Supports and Services:	Antheil's I&RS Committee is aligned to meet the needs of all. This collaborative team of educators and parents work closely together to provide action plans for students in need. Antheil's ESL program uses standards to determine group placement and differentiated instruction anchored in academic language. The building has a full time Child Study Team on site to support students.
Student Health and Wellness:	The Ewing Schools have implemented many programs that promote a positive school culture. For the past year, the district has put in place a task force focused on the mental and emotional health of our students. Antheil offers a breakfast program prior to the start of school and all snacks purchased for K-5 students follow strict guidelines. Kindergarten teachers offer dental health where a presenter from Mercer Child Dentistry comes in for a week to meet with classes and review how to properly brush teeth as well as why it is so important to brush nightly. Physical Education is offered K-5. Health is incorporated with in the Physical Education setting.
Parent and Community Involvement:	Antheil School's Parent Teacher Organization (PTO) plans monthly student-centered activities and family nights to enhance both learning and community relationships. The school's web page and newsletters keep parents informed about what is happening in school. Likewise, the PTO actively aligns their projects with our students' academic needs.

	Climate Surveys:	Antheil surveys the community after each Antheil Parent Teacher Organization event held at the school. We then take this data to continuously improve upon the activities created for our student body and their families.
	Facilities:	SMARTBoard technology is available in all classrooms. We have two full computer labs that students visit as one of their specials, once within a six day cycle. Additionally, Antheil has a full gymnasium, auditorium, multi-purpose room and two art rooms. Our building is fully air-conditioned. We also have three playgrounds on site.
	School Safety:	The Ewing Schools have placed a priority on establishing a learning environment that is safe, secure, positive and harmonious. Two district administrators, Superintendent Michael Nitti and Supervisor David Hauserman, have completed training by the Department of Education, Homeland Security and FEMA to become certified School Safety Specialists. The position of School Security Coordinator was first implemented by the Board in 2013. Five of these adaptive experts on school security protocol and crisis management are based in each of the district's school campuses and assist the administrative team in all matters pertaining to school security. The Ewing Schools and Ewing Township Police share a close relationship which includes cameras/surveillance systems that can be a powerful tool to provide real-time information to law enforcement, fire, and emergency medical service personnel as a crisis or emergency situation is occurring.

Technology and STEM:	STEM design and process is integrated into Science lessons on a daily basis. The computer class infuses a variety of technology skills including the Google Suite, coding and a culminating technology project. The District hosts two evening events, Family Math Night and STEM Night each year for students in grades kindergarten through eight. Antheil Hands on Science with a Dash of Math Night: The annual event draws hundreds of Ewing students, parents, and staff with a passion for science and math. Aside from staff members and parents, some outside groups that volunteer to come run experiments for the night are TCNJ's Student Chemists Association, Physics Club, and the Tri-Beta Biology Club. Princeton University's Molecular Biology Group and Rider University's Men and Women's Soccer teams also worked with students to show them how cool science and math can be.
