Student Mobility and School Grades

Student mobility measures inconsistency in student enrollment/attendance. A school with high student mobility has **many students who have moved in or out** during the school year, or **who are chronically absent**.

Some schools across Texas have found success with highly mobile student populations, but, in general, **as mobility increases, school grades tend to go down.**

Student Mobility and School Grades Statewide

75% of schools with low student mobility **achieved an A or B grade**, compared to **only 18%** of schools with the highest student mobility rates.
