Platform:Mac Download Mastering typing has never been easier than with the all-new edition of Mavis Beacon Teaches Typing Powered by UltraKey! The award-winning software program provides the most efficient way to learn and master typing fundamentals. Designed by educators, Mavis Beacon Teaches Typing Powered by UltraKey uses a success-based approach to typing instruction. This powerful and motivating way to learn provides a clear path to learning a new skill by setting personal goals and progressing along guided roadmaps. Just follow these seven easy steps to achieve your typing success! Step 1: Set Your Personal Goal Success-based learning begins with setting a personal challenge level for speed and accuracy that you seek as you complete lessons. Step 2: Learn Good Posture Habits A virtual reality model demonstrates correct body and hand position. Step 3: Typing Technique Video and interactive graphics teach you typing technique, finger names and home row position. Step 4: Learn New Keys One Stage at a Time Systematically develop new keystrokes, blending them into pairs, chains, words and sentences. Step 5: Build Your Skill by Using It For each lesson you complete, a corresponding skill check uses real-word typing challenges to ensure your progress. Step 6: Practice Excellent Typing at all Times Timed typing tests give standardized performance results that you can put on your resume! Step 7: Celebrate Your Success! After just 8 hours of using this software, you can master typing basics and more! Features: Manage up to 8 users with integrated family management tool and parent guide Proven positive results in just 8 hours of step-by-step instruction User-friendly system for everyone ages 8 to 88 Set personal goals, celebrate your achievement and keep motivated every step of the way You control how fast you proceed and what you do 12 interface themes and countless options adapt to age, needs and style 18 exciting videos introduce typing activities and demonstrate proper stretch break techniques Over 100 skill checks and typing tests measure your progress Add your own content to over 10,000 keystrokes of practice and test material provided Install and use on up to three computers System Requirements:Processor:none specifiedRAM:none specifiedHard Disk:none specified
