FULL-TIME MBA, CLASS OF 2018

Notre Dame challenges its students to Ask More of Business and in doing so, they're creating and developing ethical business leaders. We find this focus on ethics is very much in line with what we have at Proctor & Gamble, our purpose, values and principals. Two of those values are trust and integrity. We find that when Notre Dame alums come into our company, they are already well groomed and well-able to assume leadership with these values in mind. Notre Dame alumni have a passion for winning and they work collaboratively to create innovative solutions to address complex business problems."

- Matthew Perron, Senior Financial Analyst,
Proctor & Gamble

FULL-TIME MBA, CLASS OF 2018

My Notre Dame experience was invaluable in enabling my career switch from education and nonprofit work to the tech sector. The small class size contributed to the incomparable Notre Dame network, fostering close relationships between students, faculty and staff. Additionally, the leadership experience I attained during my MBA offered valuable learnings that apply directly to my career path."

I'm deeply honored and humbled to be part of the Mendoza family - I have gained a business education that is rooted in ethics and values and built deep friendships with truly gifted classmates. Outside of classes that taught ethical leadership through several lenses, I found many learning opportunities through my involvement with clubs. Megan Gallagher, my career coach, played a vital role not only in my landing an amazing job, but also in mentoring me to become better at leading through influence. I can't think of any other two-year period in my life where I've grown more as a person and as a leader."

I owe my opportunity to pursue my current position to the Notre Dame network and clubs. Individuals within the Notre Dame alumni network opened the door for an interview for me for the position, the Finance & Investments Club prepared me to turn that interview into an offer and now do well at the job. I'm incredibly thankful for the Notre Dame alumni network, and I'm excited to now be a part of it and pay the opportunities forward."

INTERNSHIP DATA, CLASS OF 2019

As a recruiter, I look for quality of applicant and ease of process. One of the reasons I like coming to Notre Dame is I'm always impressed with the people I'm meeting here. You have a very high standard of student. They're knowledgeable, they're engaged, they're interesting, they're very enthusiastic and I always enjoy coming to campus."

- William Glaros, Director, PwC, M&A Advisory Practice

INTERNSHIP DATA, CLASS OF 2019

I chose to attend Notre Dame because I wanted to be part of a university that prepared its students to transform the world. From the second I arrived on campus, Career Services helped me navigate an exciting and fast-paced recruiting process. By connecting me with alumni in my field of interest and preparing me for numerous interviews, I was able to land my dream job in New York City."

I chose Notre Dame because of the MBA/MSBA dual degree offering, and the values-based curriculum. It was through a Notre Dame alumni that I got my summer internship at JP Morgan. I had such a great summer and have decided to return to JP Morgan full-time after graduation. I can honestly say that the environment here at Notre Dame is special. From the alumni, to career services, to the students, we all genuinely want the best for everyone! If I had to go back and start over, I would choose Notre Dame again in a heartbeat!"

EMPLOYERS

I was a consultant pre-MBA, and I came to business school looking to advance my career in the same space. I worked closely with the Career Services team who offered one-on-one coaching on resumes, cover letters and mock interviews. The Consulting Career Coach, in partnership with the Consulting Club, even held networking events that facilitated interactions with the Chicago ND MBA network in the industry. It was at such events that I met the amazing alumni who were very instrumental in helping me score my summer internship and full-time offer at EY, and I hope to be as great of a resource after graduation next May.
