THE BODY SHOP AT HOME™

# OUR STORY

The Body Shop was created in 1976 by Dame Anita Roddick, based on her revolutionary belief that business could be a force for good. Since then, we've always done things differently, broken the mould, been bold, been brave.

In 1994, Anita wanted to create a fun and flexible earning opportunity for women and The Body Shop At Home™ began. Today, by empowering our Consultants with the opportunity to be their own boss and run their own business with the backing and support of a globally recognised brand, anything is possible.

## BE A FORCE FOR GOOD

In 1987, we pioneered fair trade in beauty with the launch of our Community Trade programme. We began sourcing some of the finest raw ingredients and hand-crafted accessories from expert producers around the world. Today we have 31 Community Trade suppliers in 23 countries around the world, benefiting thousands of people.

# OUR CAMPAIGNS

As a trusted global brand with a history of successful activism, we are uniquely able to voice the concerns of our customers and persuade decision makers around the world to secure long-term positive change.

For over 25 years, The Body Shop At Home™ has been supporting Children on the Edge; a charity sparked into life by Dame Anita Roddick in 1990. Today Children on the Edge exists to help marginalised and forgotten children around the world, who are living on the edges of society.

Since 1989 we have campaigned to ban animal testing in cosmetics with later wins in the European Union (2009).

We're now taking our petition with 8 million signatures to the United Nations. It's time to wipe out animal testing in cosmetics for good.

In 2016, we launched The World Bio Bridges Mission - bio-bridges are restored wildlife corridors within damaged landscapes that help endangered species reconnect, enabling them and local communities to live more sustainably. The Body Shop aims to build 10 new Bio-Bridges across the globe by 2020 and regenerate 75 million square metres of habitat.

**BE PART OF SOMETHING GREAT, MORE THAN A JOB, A BEAUTY MOVEMENT.**

# ENRICH YOUR LIFE

Whether you're looking for:

- A fun and social way to make some extra cash
- A flexible and rewarding part time opportunity around other commitments
- A new full-time career to replace your income,

with The Body Shop At Home™, you are empowered to choose when and how you work.

Be recognised for your achievements with amazing rewards and the knowledge that you are impacting change around the world!

## IT'S ALL A JOURNEY!

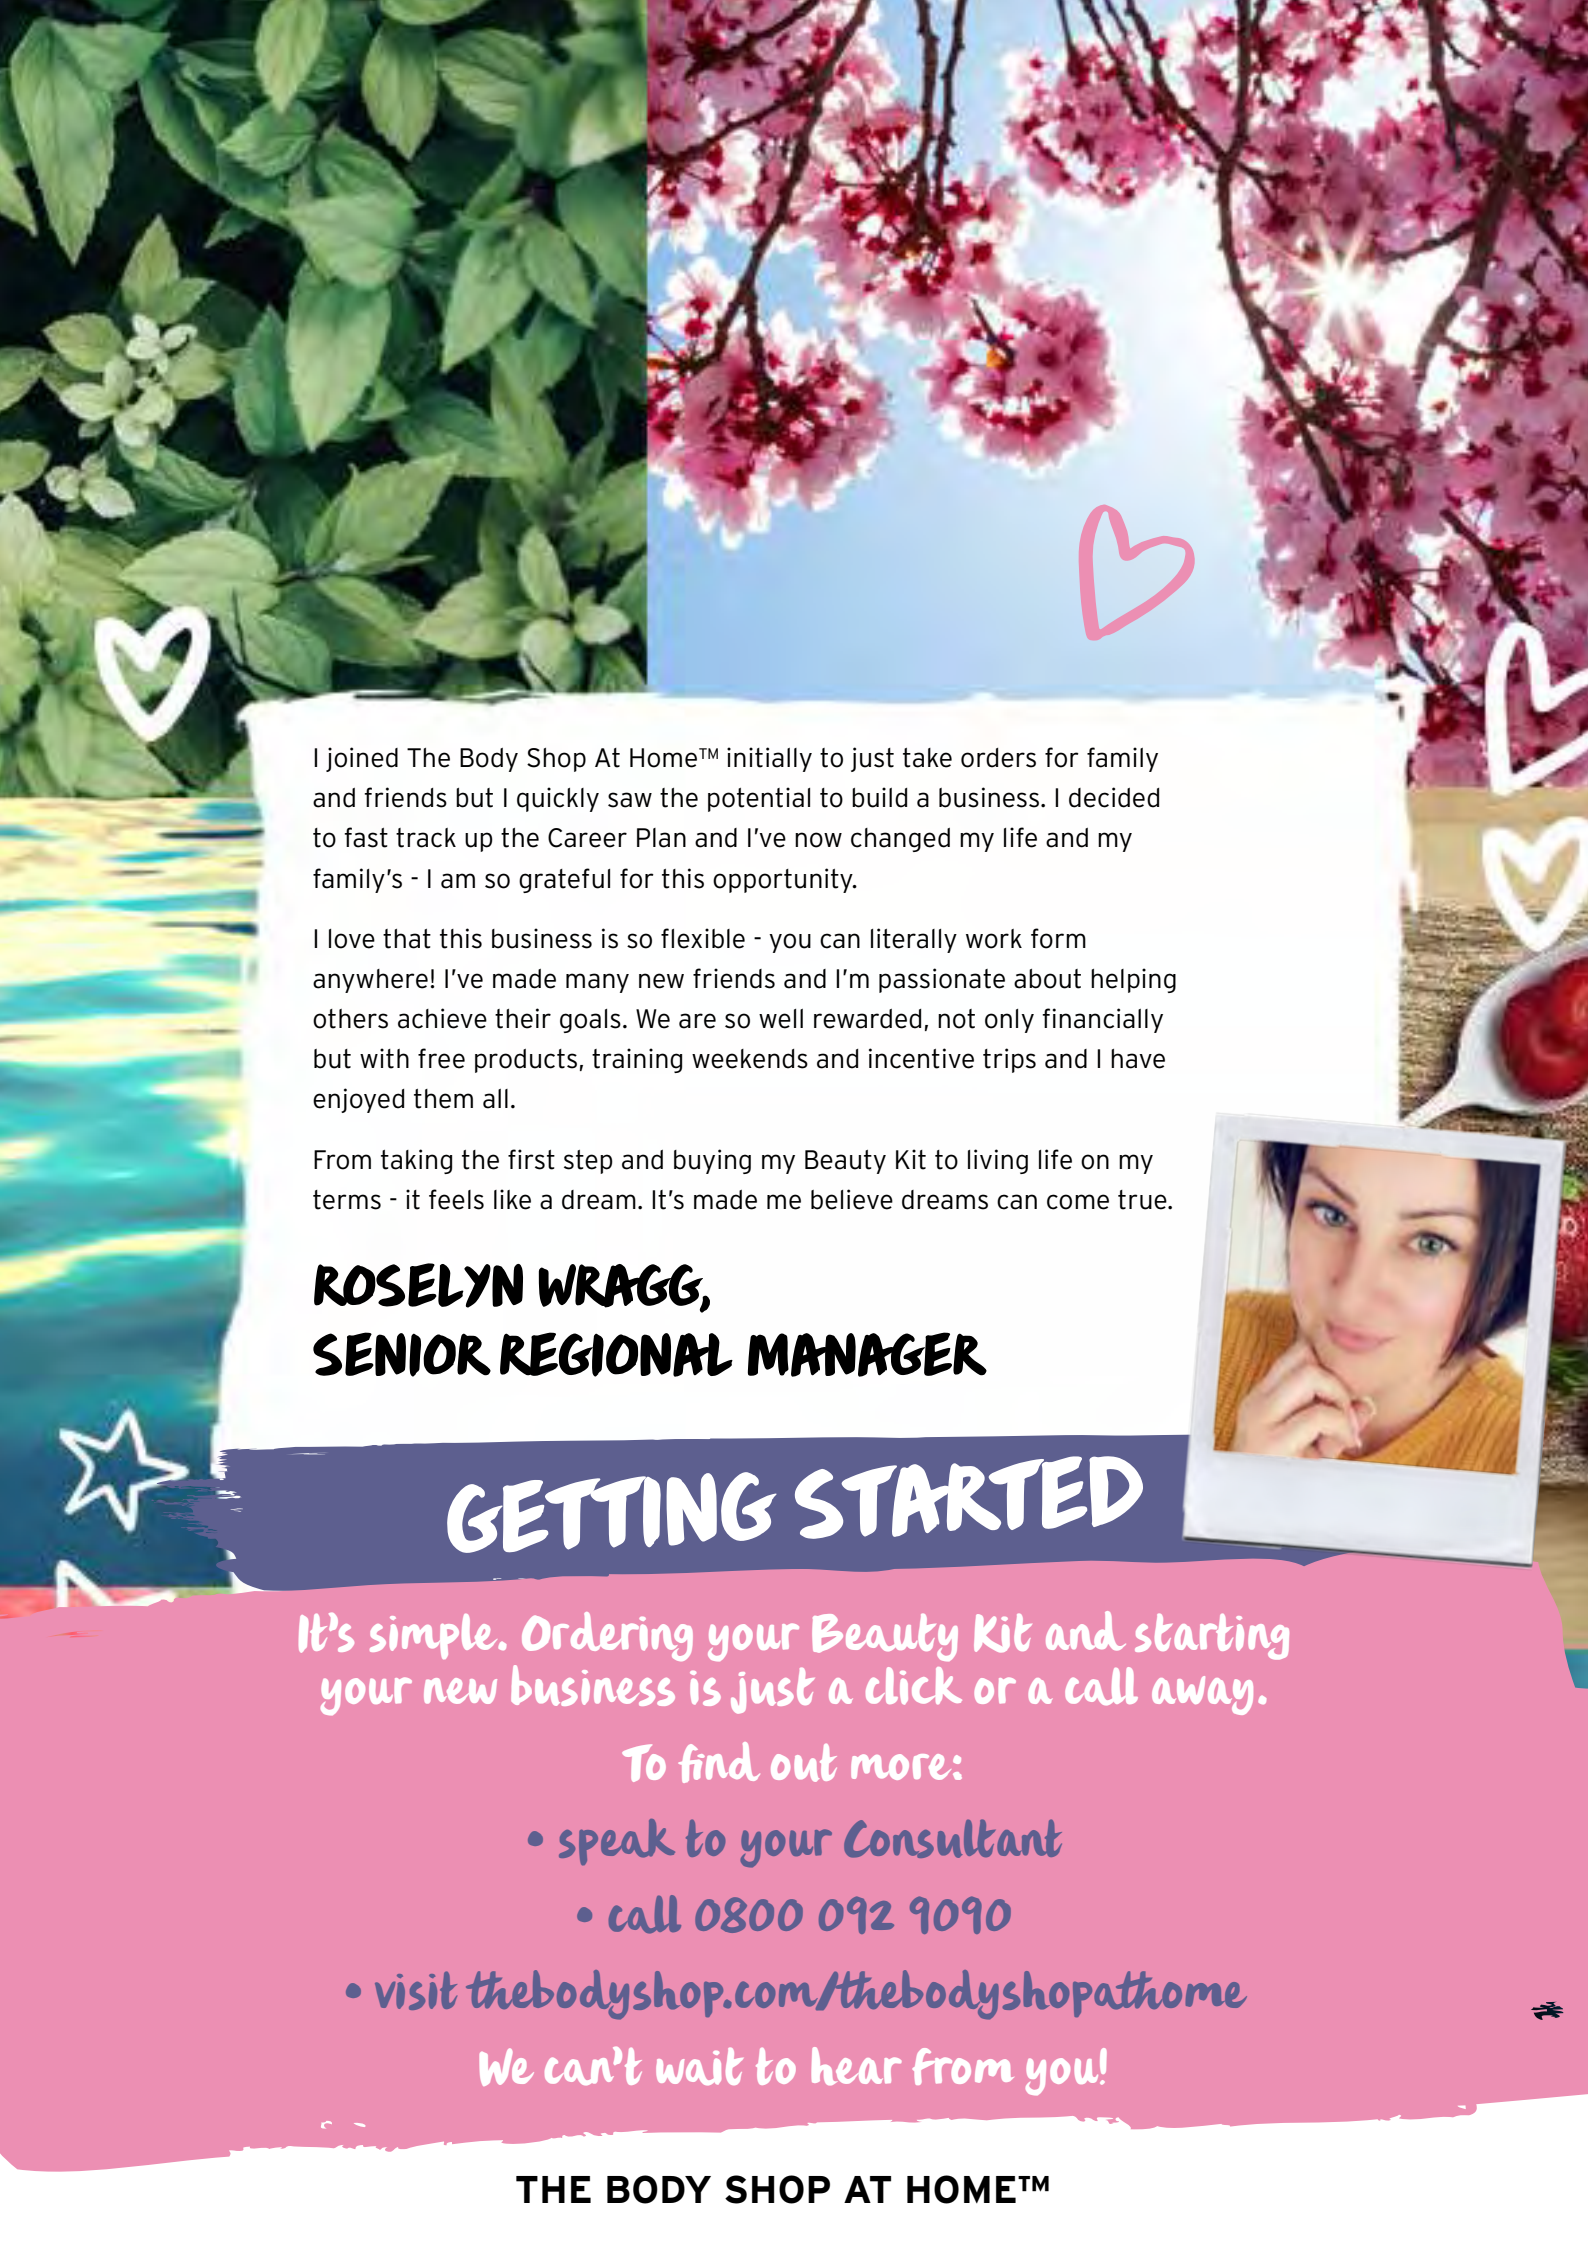

I joined The Body Shop At Home™ just three weeks after having my son resulting in me having 2 under 1 year olds! I joined to have something to do for myself but I never imagined this could become a full time career. I'm loving every single second. My Manager bonus covers my rent and the freebies have made my skin beautiful! The confidence I've gained is insane. I never used to make phone calls because my anxiety was that bad. Now I'm out chatting to strangers and having calls with my team! I work around my children at home, it's super flexible. It's changed my life completely and I'll never look back!

**MEL O'DONOGHUE,  
EXECUTIVE MANAGER**

I joined The Body Shop At Home™ when I returned to work after maternity leave as a top up to my part time job, to get out of the house and be me again for a few hours a week. During this time, I've also graduated with a Law degree and had another little boy. I've chosen not to return to my previous job now as being a Consultant has given me financial support and I can climb the career ladder without waiting for annual appraisals. I get to stay at home with my children, watch them grow up and treat them with my extra income, alongside building my own business and helping others too. From what started off as a hobby and extra spending money has now become my full time job.

**KAYLEIGH FELL  
EXECUTIVE MANAGER**

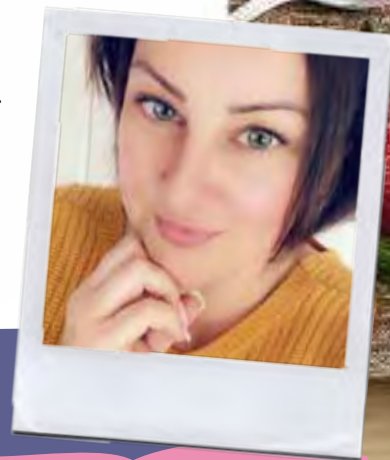

I joined The Body Shop At Home™ initially to just take orders for family and friends but I quickly saw the potential to build a business. I decided to fast track up the Career Plan and I've now changed my life and my family's - I am so grateful for this opportunity.

I love that this business is so flexible - you can literally work from anywhere! I've made many new friends and I'm passionate about helping others achieve their goals. We are so well rewarded, not only financially but with free products, training weekends and incentive trips and I have enjoyed them all.

From taking the first step and buying my Beauty Kit to living life on my terms - it feels like a dream. It's made me believe dreams can come true.

**ROSELYN WRAGG,  
SENIOR REGIONAL MANAGER**
