# GET AN AUTO LOAN RIGHT AT THE DEALERSHIP

ASK A PARTICIPATING DEALER for BECU financing and apply for your auto loan right at the dealership. You will receive the

same great rates and features you would find online or in-person. If you're not a BECU member, you may be able to join right at the dealership.

*\*BECU membership subject to eligibility requirements. BECU loan financing subject to BECU credit and underwriting approval.*

## ABOUT BECU INDIRECT DEALER FINANCING

BECU indirect financing is a point of purchase loan application web-based processing system. We utilize indirect financing to provide convenience for members and prospective members at most franchises and some independent auto dealerships. From the dealership, your loan is submitted through indirect lending secure channels requesting financing directly with BECU. If you are already approved for an auto loan, you will need to complete a credit application at the dealership as well for processing purposes (this will not impact your credit score).

Use BECU indirect financing at the dealership and enjoy the same benefits you would get through a BECU location or online:

- >> Great low rates
- >> Flexible terms
- >> Convenient application

And, if you're approved, the added benefit of being able to drive away with your new or pre-owned car the same day!

*For a complete list of participating dealers, please visit [www.becu.org/indirect](http://www.becu.org/indirect).*
