DISTRICT OF COLUMBIA PUBLIC SCHOOLS

School Health Requirements, School Year 2018-2019

Please turn in the following forms to the **Registrar** at your child's school when you enroll your child. DC law requires that all students be current on immunizations to attend school. DC law also requires Universal Health Certificates and Oral Health Assessments for all students enrolling in all grades.

Form	Description	Required	Notes
Universal Health Certificate	Two-page form, and two-page instructions for your medical provider	Students enrolling in all grades (PK3-12th).	Have your child's physician or nurse practitioner complete the Universal Health Certificate. The Universal Health Certificate must document immunizations, tuberculosis assessment and physical exam completed within 365 days before the start of school. Every child less than six years of age must be tested **twice** for blood lead poisoning. Testing must be completed, regardless of exposure risk, and documented on Universal Health Certificate. If your child participates in athletics, the certificate will expire 365 days from the date of the exam listed on the form. To remain eligible for athletics, an updated Universal Health Certificate must be submitted to the school when a new physical occurs. (Need health insurance? You many qualify for Medicaid or subsidized health insurance. Visit https://dchealthlink.com for more information. Need help finding a doctor? Contact your health plan's Member Services at the number printed on the back of your health insurance card.)
Immunization Documentation	Age-appropriate immunizations must be documented on the Universal Health Certificate. A one-page flier of required immunizations is included. Please schedule a visit with your child's physician as soon as possible if your child's immunizations are not up to date. Some immunizations require more than one dose with return visits. If you have questions about DC's immunization requirements, please discuss them with your child's physician. You can also contact the DC Department of Health Immunization Division at 202-576-9325.

School Health Services Program
AUTHORIZATION FOR ADMINISTRATION OF MEDICATION

Dear Parent/Guardian/Responsible Person and Physician:

Whenever possible, your child should take their medication during non-school hours. If medication is needed while in school, the following requirements must be met on the first day that the student is to receive medication:

1. The parent/guardian/responsible person (student or adult 18 years or older) must submit to the school nurse a completed Medication Plan, without deletions or changes. This will be kept on file in the Student's Health Record. You are responsible for obtaining the required medication information from a licensed health care provider. Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students age 18 or older ("eligible students") certain rights with respect to the student's education records.

(1) The right to inspect and review the student's education records within 45 days of the day the District of Columbia Public Schools (DCPS) receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school principal or other appropriate school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students may write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If DCPS decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent (in writing) to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. For example, DCPS discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled, when such disclosure is requested for purposes of the student's enrollment or transfer. In addition, FERPA authorizes disclosure without consent to school officials whom DCPS has determined to have legitimate educational interests. A school official is a person employed by DCPS as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom DCPS has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); an official of another school system where a student seeks or intends to enroll, or where the student is already enrolled; or a parent, student or other volunteer serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(4) The right to withhold disclosure of directory information. At its discretion, DCPS may disclose basic "directory information" that is generally not considered harmful or an invasion of privacy without the consent of parents or eligible students in accordance with the provisions of District law and FERPA. Directory information includes:

A. Student Name
B. Student Address
C. Student Telephone Listing
D. Name of School Attending
E. Participation in Officially Recognized Activities and Sports
F. Weight and Height of Members of Athletic Teams
G. Diplomas and Awards Received
H. Student's Date and Place of Birth
I. Names of Schools Previously Attended
J. Dates of Attendance

Parents or eligible students may instruct DCPS to withhold any or all of the information identified above (i) by completing the attached "Release of Student Directory Information" Form also available at www.dcps.dc.gov/enroll or your local school).

(5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by DCPS to comply with the requirements of FERPA. The name and address of the office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that requires DCPS, with certain exceptions, to get your permission before disclosing personally identifiable information from education records. However, DCPS may disclose basic "directory information" that is generally not considered harmful or an invasion of privacy without your consent. The primary purpose of directory information disclosure is to allow DCPS to include this type of information in certain school publications such as pamphlets for drama productions, graduation programs, honor rolls or sports team activity sheets for football, basketball, etc. Directory information can also be disclosed to outside organizations such as federal and state agencies offering jobs and educational benefits, media sources, and companies that make class rings and publish yearbooks.

The information listed below has been designated as directory information under District of Columbia law and FERPA, and may therefore be released at the discretion of DCPS. You have the right to instruct DCPS that it may not release any or all of this information without obtaining your prior written consent by completing this form. Your decision on this form will be valid for the remainder of the current school year. **A new Release of Student Directory Information form must be completed each School Year.**

Notification of Rights Under the
Protection of Pupil Rights Amendment (PPRA)

This notice informs parents/guardians and eligible students (emancipated minors or those 18 or older) of their rights regarding the conduct of surveys, the collection and use of information for marketing purposes, and the conduct of certain physical exams. These rights are spelled out in the *Protection of Pupil Rights Amendment* (20 U.S.C. § 1232h; 34 CFR Part 98). The law and regulations require educational institutions, such as the District of Columbia Public Schools (DCPS) to notify parents and eligible students of their right to—

1. *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (USDE):

   - Political affiliations or beliefs of the student or student's parent;
   - Mental or psychological problems of the student or student's family;
   - Sexual behavior or attitudes;
   - Illegal, antisocial, self-incriminating, or demeaning behavior;
   - Critical appraisals of others with whom respondents have close family relationships;
   - Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
   - Religious practices, affiliations, or beliefs of the student or parents; and
   - Income, other than as required by law to determine program eligibility.

2. *Receive notice and an opportunity to opt a student out of*—

   - Any other protected information survey, regardless of funding;
   - Any nonemergency, invasive physical exam or screening required as a condition of attendance administered by the school or its agent and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screening, or any physical exam or screening permitted or required under state law; and
   - Any activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

3. *Receive notice* of a parent's right to inspect, upon request and before administration or usage of—

   - Protected information surveys of students and surveys created by a third party;
   - Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
   - Instructional material used as part of the educational curriculum.

DCPS has developed and adopted policies regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. In addition, DCPS provides public access to its Survey Calendar, which notifies parents and eligible students, at the beginning of each school year and on a continuing basis, of the specific or approximate dates of the following activities (along with an opportunity to opt a student out of participating in the activity)—

- Collection, disclosure, or use of personal information for marketing, sales, or other distribution;
- Administration of any protected information survey not funded in whole or in part by USDE; and
- Any nonemergency, invasive physical examination or screening as defined above.

The DCPS policies related to PPRA rights, as well as the Survey Calendar, can be accessed by visiting the following website: http://dcps.dc.gov/page/conduct-research-or-obtain-confidential-data. In addition, parents/guardians and eligible students may also contact their neighborhood school for DCPS policies related to PPRA rights and the Survey Calendar.
