HOROSCOPE

By EUGENIA LAST

ARIES (March 21-April 19): You'll see situations clearly, but that doesn't mean you should react unwarily. Let the dust settle, take a step back and try to enjoy the finer things in life. Love is highlighted and focusing on romance will do you good. 4 stars
TAURUS (April 20-May 20): Take care of business. Refuse to let an emotional situation stifle your ability to excel. Once your responsibilities are taken care of, you can channel your energy and emotions into physical activity and being productive. 2 stars
GEMINI (May 21-June 20): Keep your emotions out of your conversations with peers or your boss. Stay focused on doing your job and getting along with your colleagues. Plan to socialize after work. Love and romance should highlight your evening. 5 stars
CANCER (June 21-July 22): Joint ventures may tempt you, but before you decide to take the plunge, consider the downside. You are better off doing your own thing or watching from the sidelines. Work toward fixing up your living space and making physical improvements. 3 stars
LEO (July 23-Aug. 22): Impulsive moves will not go the way you planned. Avoid letting your emotions lead to mistakes that will be difficult to recover from. Keep your personal problems separate from your work. Don't pay for someone else's mistakes. 3 stars
VIRGO (Aug. 23-Sept. 22): Take part in social events, but don't share personal information with others. Listen and you will develop a rapport with people who will offer a great source of knowledge and experience. Learn from the experts. 5 stars
LIBRA (Sept. 23-Oct. 22): An impulsive emotional move will leave you at a loss, very confused and wondering what to do next. Ask someone with more experience than you to help shed light on a situation that appears to be crumbling. Anger won't solve anything. 2 stars
SCORPIO (Oct. 23-Nov. 21): Stick to your plan. Refuse to give in to bullies. Do your own thing and you will surpass even your most fearful nemesis. Your instincts will guide you and your strength and courage will help you outmaneuver whoever gets in your way. 4 stars
SAGITTARIUS (Nov. 22-Dec. 21): High energy coupled with spontaneity will help you reach whatever goals you set. Taking an innovative approach to life and love will tempt others to follow in your footsteps. An eclectic group of friends and ideas will lead to something great. 4 stars
CAPRICORN (Dec. 22-Jan. 19): Keep your plans simple and your opinions to yourself. Situations will explode quickly if you aren't cognizant of what others are doing or saying. Stay focused on what you need to accomplish and what's expected of you. 3 stars
AQUARIUS (Jan. 20-Feb. 18): Get in the groove. Once you physically take action, you will be able to conquer whatever you set out to do. Personal changes will boost your confidence and help you prepare for advancement. Romance is in the stars. 3 stars
PISCES (Feb. 19-March 20): An encounter will leave you feeling mixed emotions and uncertainty regarding the future. Use common sense when dealing with finances or regulations. Speak up and lay down some guidelines that will ensure equality and longevity. 3 stars
