

Testimonials

Dear Lice Angels,

Two of my families came to you yesterday and their children were able to return to school today because of you. In my ten years as a school nurse I have never had students return to school in 24 hours so completely nit free.

Heidi S., RN
Arongen Elementary School Nurse
Clifton Park, NY

I am very impressed with the service you provided the (name removed) family. I have received a number of positive testimonials from parents.

Mary Beth Bulger RN
Orenda Health Elementary
Clifton Park, NY

So thankful that this problem was finally and completely taken care of. The people at Miracles On Lice are so nice and made our daughter comfortable and happy throughout the process!

Matt L. (Saugarties, NY)

What a relief! We are thankful for the outstanding service they provide!

Lyndsay H (Loudonville, NY)

5 Myths About Head Lice and Treatment

1. **Head lice means you have poor hygiene.**

False. Lice actually prefer clean healthy hair.

2. **Head lice can jump and fly.**

False. Lice can not jump or fly. They can only crawl., but very fast!!!

3. **Over the counter products and sprays are completely safe.**

False. Most are toxic pesticides.

4. **Head lice is easily treated at home.**

False. Actually, the opposite. 85% of people do not successfully treat head lice the first time.

5. **You can drown and wash away lice if you take a long shower and wash your hair repeatedly.**

False. Lice shut down for up to two hours and lock their claw like legs on to the hair shaft; allowing them to hang on for dear life!

Why Us?

- New York State Licensed Cosmetologists
- Professionally Trained and Certified
- Specially designed Lice Removal and Treatment Center
- **Thousands** of Happy customers
- Family friendly atmosphere
- Safe Non-Toxic Products

Dedicated to eliminating the persistent lice problem and educating the community on the use of safe and effective methods.

PANIC to Peace of Mind

- We perform very thorough head checks and only confirm cases with physical evidence.
- We are skilled in finding even the smallest nymph and work with paper thin strands of hair, combing and nit picking, inch by inch.
- We work with you and your family to help educate and offer a variety of preventative steps.
- Provide a certificate stating client is lice and nit-free upon completion of treatment.

FSA Accounts

Did you know that you can use your FSA (Flexible Spending Account) and HSA (Health Savings Account) for Lice Removal Treatments?
