success in complex litigation and can manage the high-volume filing needs of today's law firms. Plus we provide a national footprint capable of supporting your firm with eFiling into key jurisdictions across the country.

Monthly Billing
Instead of using a firm credit card to pay fees associated with eFiling, File & Serve Illinois will front these fees and bill the firm via monthly invoices. We reconcile credit card statements for the firm, provide monthly invoices with all the details the firm needs for billing clients, and provide multiple formats for convenient loading into the firm's billing system.

Monthly invoicing streamlines a firm's payment, client billing and budgeting processes, saving the firm significant time and resources. File & Serve Illinois includes this benefit with our standard service

popup helpers throughout the site as well as videos on the critical pages to help guide you on your first filings. More importantly, customers tell us that FileTime is the easiest eFiling system of all available.

Mobile Version
Simply login to FileTime and, if you are on a mobile device, FileTime will present you with a mobile version for checking the status of filings and eServices.

Extended Document Storage
FileTime saves your file marked, in and outbound service documents and outbound faxed document(s) for up to 3 years. Date and time is recorded for your convenience. You have as little as seven days to retrieve service documents with other service providers.

Customizable Reports
Billing made simple. Generate reports based on nearly any criteria you need: by case, by attorney, by jurisdiction, by date range, by

Features unique to Illinois include:

- Auto-filled Attorney Code (Cook and DuPage County)
- Auto-generated notices of filing
