INTRODUCTION

This booklet contains a listing and a brief description of most kinds of jobs in the state classified service. Its purpose is to help you apply for jobs in which you are interested and for which you are qualified.

The Merit System

Jobs in the State Classified Service are filled under a merit system which is based on competitive selection, following the principle that positions are filled on an equal opportunity basis.

Permanent jobs with the State are filled by appointment from eligible lists made up of people who have successfully passed an examination or have met the minimum requirements for a training and experience evaluation. Each examination is based on the kind of experience, training, and knowledge needed for the particular kind of job.

There are at this time over 1300 classifications in the state service, but only about 400 are listed in this booklet. We have omitted those for which there are so few positions that applications are seldom needed; and, for the most part, we have listed only the beginning level classes of the others. In other words when a "I" level position is listed; you will know there are higher classes in the series which require more education and training or experience (some of which may be given on a promotional basis). In some cases, when a "II" or "III" level position is listed, there are higher classes in the series.

Applications Will Be Accepted And Appointments Made On An Equal Opportunity, Merit Basis, Without Regard To Sex, Race, Age, Religion, Disability, Color, or National origin.

Types of Announcements

Examinations are open on a continuous basis for many job classifications. This means that a person can make application at any time. Because vacancies in these job classes occur at irregular intervals throughout the year, applications are accepted at all times to ensure that an up-to-date employment register is maintained.

Some jobs are direct appointment classifications. For these jobs no examination is given, and no employment register is created. Applicants should make applications directly to the State agency of interest.

Other announcements, called current announcements, are published periodically and usually remain open for the receipt of applications for a period of three weeks. These announcements are distinguished from continuous announcements by the limited time period during which applications can be filed. In order to be considered for these positions, it is necessary that candidates' applications be received by the closing date shown on the announcement notice.

Current and continuous job announcements can be found at WWW.PERSONNEL.ALABAMA.GOV

How Appointments Are Made

Appointments to vacant positions are made by various State operating agencies from among the top ten ranking applicants whose names are furnished to that agency by the Personnel Department. The names of those applicants not selected remain on the employment register for consideration for future vacancies that may occur. For direct appointment jobs no employment register is established, and no list of names is provided to State agencies. Applicants must make applications directly to the employing agency. Appointments are ordinarily made at the minimum of the salary range for the job classification.

Pay Plan

Each job is assigned to one of 218 pay ranges in the State Pay Plan. For example, Account Clerk has been assigned pay range 57 which is \$25,332 - \$37,584. Under each job description in this booklet, the assigned pay range at the time of printing has been listed. In addition, this booklet includes a salary schedule for all merit system job classifications. This schedule should be used only as a guide because pay ranges for some job classifications are occasionally updated to be competitive with the job market.

Summary of State of Alabama Benefits

Retirement

- *Defined Benefit Retirement Plan* (employer/employee based)

See State Retirement Systems (RSA) for more details (<https://www.rsa-al.gov/>)

- *Direct Deposit or Check Card*
- *Payroll deductions for insurance*
- *Payroll deductions for organization dues, credit union and United Way*
- *Employee Discounts* (hotel/motel, travel, rental car, cellular service, etc.)

How to Use Employment Guide

Read this booklet carefully and decide which jobs you are interested in and may be qualified to fill. The qualifications written in this book are general statements that are subject to change when new job studies are done. These statements help you understand the type of education and/or experience background you should possess; however, the qualification statements on the job announcement will be more exact and will be used to determine if an applicant is eligible for examination. You may select as many jobs as you wish. After you have made your selections, **you can visit our website at www.personnel.alabama.gov "Career Opportunities" tab to view continuous and current open job announcements as well as to place your name on the mailing list for job classifications not currently open for application.**

OR

You may fill out a "Job Opening Notification Request" form and write in the code numbers and options, if listed. When indicating code numbers of job classes with options, please enter the class code as many times as you indicate a different option. For example, if you enter on the first line 10525/448, and on the second line 10527/402, your name will be placed on the notification list for IT Systems Technician (Personal Computer Option) and IT Systems Specialist, Associate (General Option).

When you complete the "Job Opening Notification Request" form, mail it to:

**STATE PERSONNEL DEPARTMENT
64 NORTH UNION STREET
P O BOX 304100
MONTGOMERY, ALABAMA 36130-4100**

If the examinations are not open, your name will be placed on a notification list and you will be informed when those jobs open for application. If you do not have an e-mail address, you can visit our website at www.personnel.alabama.gov to view all of the continuous and current open job announcements. Since there are no registers for “direct appointment” jobs, you should not indicate these jobs on the “Job Opening Notification Request” form. Inquiries about “direct appointment” jobs should be made to the employing State agencies.

State Personnel Department Job Opening Notification Request
--

This form may be submitted at our website: www.personnel.alabama.gov

Social Security Number: _____

Your Name: _____

Your Address: _____

City, State Zip: _____

E-Mail Address*: _____

State of Alabama Personnel Department's Online Employment System

The Online Employment System (OES) is an easy and convenient alternative to handwritten paper applications.

Once you have created your OES profile you will be able to:

- Review and print your application for job announcements that are not eligible for online submission
- Review and submit your application for job announcements that are eligible for online submission
- Receive email notifications for job announcements that are now accepting applications
- View your employment Register Standings online (if applicable)

We make every effort to protect your personal information. Unless required by law, your information will not be disclosed without your consent.

You may create an online profile at <https://personnel.alabama.gov/OES/Login.aspx>

OCCUPATIONAL GROUPS

10000 Clerical, Administrative, Fiscal and Information Technology

20000 Engineering, Science and Allied

30000 Education, Museum and Library

40000 Medical and Public Health

50000 Social Services, Rehabilitation Counseling and Allied

60000 Public Safety, Corrections, and Inspection

70000 Agriculture, Forestry and Conservation

80000 Services

90000 Maintenance and Operations

I. Clerical, Administrative, Fiscal and Information Technology

10103 Clerical Aide

Salary Range: (28) \$17,548.80 - \$18,741.60

This is a temporary job in the State service. Employees in this class perform office work which consists of routine clerical stenographic and typing duties and which follows well-established procedures that can be readily learned on the job.

Qualifications: Completion of 10th grade and proof of enrollment in high school **OR** Graduation from high school or GED certificate.

Note: Application should be made directly to the agency of interest.

10121 Clerk

Salary Range: (42) \$19,214.40 - \$26,474.40

The Clerk is a permanent full-time position used by various agencies throughout the state. Employees in this class may perform a variety of clerical duties.

Qualifications: High School diploma or a GED certificate.

Note: Application should be made directly to the agency of interest.

10180 Medical Records Technician

Salary Range: (54) \$24,604.80 - \$35,618.40

This is technical work in the operation of a medical records unit in state mental institutions.

Qualifications: High school diploma or GED certificate, and completion of a Medical Records Technician or Accredited Records Technician course accredited by the American Health Information Management Association.

Special Requirements: Applicants must be certified by the American Health Information Management Association as Accredited Record Technicians **OR** must obtain certification during the probationary period in order to obtain permanent employment.

10196 Administrative Support Assistant I

Salary Range: (4753) \$21,194.40 - \$34,761.60

This is entry level office support work involving a variety of clerical duties. These duties include filing documents, sorting mail, typing documents, proofreading documents, making copies, greeting and directing the public, issuing licenses or vital statistics certificates, taking telephone messages, posting records, or making simple calculations.

Qualifications: High school diploma or GED certificate and 6 months of clerical work experience.

Note: Typing skills are required for some but not all jobs in this classification. To be considered (selectively certified) for positions that require typing, we must receive a Certificate of Proficiency which describes your skill level.

⇒ *Please review announcement for additional requirements for this classification.*

10197 Administrative Support Assistant II

Salary Range: (5257) \$23,397.60 - \$38,335.20

This is advanced and/or supervisory office support work involving a variety of tasks and work methods.

Qualifications: High school diploma or GED certificate and at least three years of responsible clerical work experience.

Note: Typing skills are required for some but not all jobs in this classification. If you wish to be considered (selectively certified) for positions that require typing, we must receive a Certificate of Proficiency which describes your skill level.

⇒ *Please review announcement for additional requirements for this classification.*

10310 Graphic Arts Operator

Salary Range: (4750) \$21,194.40 - \$32,280.00

This is beginning level graphic arts work.

Qualifications: High School Diploma or GED certificate

10312 Graphic Arts Technician

Salary Range: (5758) \$25,838.40 - \$39,280.80

This is advanced and skilled technical graphic arts work in the operation of varied equipment in the performance of the more complex technical processes used in the areas of copying, duplicating, and printing.

Qualifications: High School Diploma or GED certificate and one year of experience in the skilled operation of composition, press, pre-press, and/or bindery equipment or a production printer **OR** associate degree from an approved technical or trade school in graphic arts/compositions technology.

10314 Graphic Arts Specialist

Salary Range: (6365) \$29,215.20 - \$46,663.20

Employees in this class operate the most complex equipment and perform the most difficult graphic arts operations.

Qualifications: High school diploma/GED certificate and two years of graphic arts experience in the skilled operation of composition, pre-press, press, and/or bindery equipment or a production printer.

10410 Data Entry Operator

Salary Range: (4654) \$20,671.20 - \$35,618.40

This is entry level work operating a personal computer to capture alpha and/or numeric data from source and/or imaged documents.

Qualifications: High school diploma or GED certificate plus six months of work experience in data entry or typing.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10421 IT Operations Technician

Telecommunications Option (008)

Salary Range: (5964) \$27,129.60 - \$45,532.80

This is entry through full performance operations support for data and voice communications equipment, mainframe and client server operations, and network operations.

Qualifications: High school diploma or GED certificate plus six months experience in telecommunications working with voice and data communications equipment.

Notes: College/technical school credit in Information Systems above the minimum may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

10421 IT Operations Technician

Computer Option (449)

Salary Range: (5964) \$27,129.60 - \$45,532.80

This is entry through full performance operations support for data and voice communications equipment, mainframe and client server operations, and network operations.

Qualifications: High school diploma or GED certificate plus six months experience working with computers for a business, organization, or government.

Notes: College/technical school credit in Information Systems above the minimum may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

10422 IT Operations Specialist

Telecommunications Option (008)

Salary Range: (6870) \$33,081.60 - \$52,653.60

This is highly specialized and lead supervisory operations support for data and voice communications equipment, mainframe and client server operations, and network operations.

Qualifications: High school diploma or GED certificate plus two years of experience in telecommunications working with voice and data communications equipment.

Notes: College/technical school credit in Information Systems above the minimum may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10422 IT Operations Specialist

Computer Option (449)

Salary Range: (6870) \$33,081.60 - \$52,653.60

This is highly specialized and lead supervisory operations support for data and voice communications equipment, mainframe and client server operations, and network operations.

Qualifications: High school diploma or GED certificate plus two years of experience in computer operations including running, canceling, and monitoring jobs on a mainframe application system, modifying JCL, using a PC system to access mainframe applications and databases, and/or performing system IPLs.

Notes: College/technical school credit in Information Systems above the minimum may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10515 Programmer

Salary Range: (74) \$41,277.60 - \$62,529.60

This is entry-level through full performance computer programming work.

Qualifications: High School/GED certificate and one year of college/technical school courses in an information technology program (at least 2 courses must be in programming languages).

6 months experience in computer programming utilizing high level languages to manipulate databases or files and produce outputs and reports.

Notes: Additional education and/or experience above that which is minimally required, may be substituted on a year-for-year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10516 Programmer Analyst, Associate

Option - General (003)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is the beginning through routine standard professional level for performing programming and analysis work.

Qualifications: Two-year degree (AS/AA) from an accredited college or university in Computer Science, Math, Information Technology or a related field, including 2 courses in programming plus two years of experience in computer programming utilizing high level languages to manipulate databases or files and produce outputs and reports.

Notes: Additional education and/or experience above that which is minimally required, may be substituted on a year-for-year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10516 Programmer Analyst, Associate
Quality Management Option (465)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is beginning through mid-level professional quality management verification and validation work.

Qualifications: – Two-year degree (AS/AA) from an accredited college or university in Computer Science, Math, Information Technology or a related field, including 2 courses in programming and two years of experience in Quality Management activities such as Quality Assurance, Quality Control, or Configuration Management utilizing Quality Management tools and techniques to analyze, verify, and validate software, and ensure programmatic changes will integrate with production.

Note: Additional education and/or experience above that which is minimally required, may be substituted on a year-for-year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10516 Programmer Analyst, Associate
Geographic Information Systems Option (484)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is beginning through mid-level professional geographic and geospatial programming and systems analysis work.

Qualifications: - Two-year degree (AS/AA) from an accredited college or university in Geomatics, Geographic Information Systems, Geography, Computer Science, Math, Information Technology or a closely related field, including 2 Courses in programming and two years of computer programming experience in Geographic Information Systems (GIS) utilizing high level languages to manipulate databases or files and produce outputs and reports.

Notes: Additional education and /or experience above that which is minimally required, may be substituted on a year-for-year basis. Computer Aided Design (CAD) experience is not acceptable.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10525 IT Systems Technician
Personal Computer Option (448)

Salary Range: (66) \$31,468.80 - \$47,805.60

This is applied technical work involving the physical aspects of voice and data network operations.

Qualifications: High school diploma or GED certificate plus one year of experience in troubleshooting and installing Business and/or Government applications software and/or hardware.

Note: College/technical school credit in Information Systems may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10525 IT Systems Technician
Telecommunications Option (008)

Salary Range: (66) \$31,468.80 - \$47,805.60

This is applied technical work involving the physical aspects of voice and data network operations.

Qualifications: High school diploma or GED certificate plus one year of experience in troubleshooting and installing telecommunications systems, such as performing adds, changes, and deletes.

Note: College/technical school credit in Information Systems may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10526 IT Systems Technician, Senior
Personal Computer Option (448)**

Salary Range: (74) \$41,277.60 - \$62,529.60

This is advanced applied technical level and/or supervisory work in data systems and installation. Employees are responsible for the planning, coordination, installation, and maintenance of varied and complex personal computer systems and equipment.

Qualifications: One year of credit from an accredited college or technical school in the field of Information Systems and two years of experience in troubleshooting and installing Business and/or Government applications software and/or hardware.

Note: Additional education and/or experience above that which is minimally required, may be substituted on a year-for-year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10526 IT Systems Technician, Senior
Telecommunications Option (008)**

Salary Range: (74) \$41,277.60 - \$62,529.60

This is advanced applied technical level and/or supervisory work in voice systems and installation. Employees are responsible for the planning, coordination, installation, and maintenance of varied and complex personal computer systems and equipment.

Qualifications: One year of credit from an accredited college or technical school in the field of Information Systems and two years of experience in troubleshooting and installing telecommunications systems, such as performing adds, changes, and deletes.

Note: Additional education and/or experience above that which is minimally required, may be substituted on a year-for-year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10527 IT Systems Specialist, Associate
Telecommunications Option (008)**

Salary Range: (7679) \$45,532.80 - \$80,210.40

This is beginning through mid-level applied and developmental technical work in voice and data systems design and maintenance.

Qualifications: An associate degree from an accredited college or technical school in Information Technology and two years of experience in telecommunications (voice) system design, maintenance, or support.

Notes: Additional education and/or experience above that which is minimally required, may be substituted on a year-for year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10527 IT Systems Specialist, Associate
Mainframe/Midrange Option (399)**

Salary Range: (7679) \$45,532.80 - \$80,210.40

This is beginning through mid-level applied and developmental technical work in voice and data systems design and maintenance.

Qualifications: An associate degree from an accredited college or technical school in Information Technology and two years of experience in mainframe/midrange system design, maintenance, or support.

Notes: Additional education and/or experience above that which is minimally required, may be substituted on a year-for year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10527 IT Systems Specialist, Associate
Networking Option (400)**

Salary Range: (7679) \$45,532.80 - \$80,210.40

This is beginning through mid-level applied and developmental technical work in data systems design and maintenance.

Qualifications: An associate degree from an accredited college or technical school in Information Technology and two years of experience in local/wide area network design, maintenance, or support.

Notes: Additional education and/or experience above that which is minimally required, may be substituted on a year-for year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10527 IT Systems Specialist, Associate
Database Option (401)**

Salary Range: (7679) \$45,532.80 - \$80,210.40

This is beginning through mid-level applied and developmental technical work in data systems design and maintenance.

Qualifications: An associate degree from an accredited college or technical school in Information Technology and two years of experience in database system design, maintenance, or support.

Notes: Additional education and/or experience above that which is minimally required, may be substituted on a year-for year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**10527 IT Systems Specialist, Associate
General Option (402)**

Salary Range: (7679) \$45,532.80 - \$80,210.40

This is beginning through mid-level applied and developmental technical work in data systems design and maintenance.

Qualifications: An associate degree from an accredited college or technical school in Information Technology and two years of experience in two or more of the following areas: local/wide area network design, maintenance, or support; mainframe/midrange design, maintenance, or support; and database system design, maintenance, or support.

Note: Additional education and/or experience above that which is minimally required, may be substituted on a year-for year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10582 IT Functional Systems Analyst

Salary Range: (79) \$52,653.60 - \$80,210.40

This is highly specialized work analyzing user needs, relationships and requirements, and facilitating the design, implementation, and maintenance of new or existing information technology systems for agencies having sufficient need for functional and business analysis and procedural development.

Qualifications: Bachelor's degree from an accredited four-year college or university in computer science, information systems, or related field **or** a bachelor's degree from an accredited four-year college or university in business administration or a related field with at least three courses in computer science or information systems.

Two (2) years of experience in performing IT coordinator functions and liaison activities, and user testing and/or functional systems training for information technology-related projects/agencies/departments.

Note: Your application must contain enough information to satisfy all of the above minimum requirements including specific detail regarding your IT coordinator/liaison experience as well as your experience conducting user testing and/or IT functional systems training. Applications that do not contain this specific information will not be accepted.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10601 Account Clerk

Salary Range: (57) \$25,838.40 - \$38,335.20

This is moderately difficult clerical accounting work involving varied work methods and problems.

Qualifications: High school diploma or GED certificate and one year of experience in clerical or office work, which includes bookkeeping responsibility.

OR

Completion of two courses in bookkeeping or accounting from a vocational/technical school or college.

Note: Income Tax courses will not count toward the two bookkeeping or accounting courses.

10605 Accounting Technician

Salary Range: (67) \$32,280.00 - \$48,974.40

This is supervisory and/or highly specialized paraprofessional accounting work in an agency with a diversified accounting program.

Qualifications: High School Diploma/GED certificate and completion of five (5) college-level accounting courses and two years of work experience performing accounting, bookkeeping, or fiscal clerical work.

Note: Two years of college in Business or a closely related field will substitute for each year of experience. No substitution will be allowed for the five (5) college-level accounting courses. Income Tax courses will not count toward the five accounting courses.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10611 Accountant

Salary Range: (71) \$35,618.40 - \$53,976.00

This is beginning professional level accounting work in the application of accounting and auditing principles, methods, and procedures in the establishment, analysis, and maintenance of fiscal records.

Qualifications: Bachelor's degree from an accredited college or university with a major in Accounting. College seniors who are in their last semester or quarter may submit an application but will not be certified for appointment until they receive their degrees.

⇒ *Please review announcement for additional requirements for this classification.*

10612 Staff Accountant

Salary Range: (75) \$43,346.40 - \$65,695.20

This is professional accounting work performed according to established procedures and regulations.

Qualifications: Bachelor's degree from an accredited college or university with a major in Accounting, and two years of experience performing professional-level accounting, financial auditing, and/or compliance auditing work.

OR

Current, permanent status as an Accountant with the State Merit System, and two years of experience performing professional-level accounting, financial auditing, and/or compliance auditing work.

⇒ *Please review announcement for additional requirements for this classification.*

10641 Accounts Examiner I

Salary Range: (72) \$37,389.60 - \$56,726.40

This is entry-level professional auditing work involving the examination of the records and accounts of state and local government agencies, offices, and entities.

Qualifications: Bachelor's degree from an accredited four-year college or university with a major in Accounting.

10660 Budget Analyst

Salary Range: (71) \$35,618.40 - \$53,976.00

This is professional work in the field of budget administration.

Qualifications: Bachelor's degree from an accredited four-year college or university with major coursework in Accounting, Business or Public Administration, Finance, Economics, or a closely related field.

10701 Revenue Examiner I

Four years of professional experience conducting mediation or arbitration for issues regarding law, labor relations, or insurance, OR Bachelor's degree from an accredited four-year college or university in Business Administration, Public Administration, or a closely related field

Four years of professional Workers' Compensation experience in examining claims, adjusting claims, investigating claims, and/or representing clients in court

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

11501 Docket Clerk

Salary Range: (58) \$26,474.40 - \$39,280.80

This is responsible legal clerical work processing a large volume of criminal and civil case documents and records, and related typing duties.

Qualifications: High school diploma or GED certificate supplemented by a Certificate of Proficiency in typing of at least 50 net words per minute with 10 or less errors and two years of experience in responsible legal clerical work such as court clerk, paralegal, or legal secretary.

11503 Legal Research Assistant

Salary Range: (6870) \$33,081.60 - \$52,653.60

This is legal work of a paralegal level in conducting research into legal problems arising in connection with the operation of state departments and agencies, in the preparation and interpretation of basic legal documents, and in the handling of routine administrative duties.

Qualifications: Graduation from an accredited legal assistant or paralegal program and possession of a legal assistant or paralegal certificate and one year of experience in legal research work; or graduation from a recognized school of law and eligibility for admission to the Alabama State Bar examination.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

11504 Paralegal

Salary Range: (74) \$41,277.60 - \$62,529.60

This is paraprofessional legal work conducting research for legal issues arising in connection with the operation of state departments and agencies, and in the preparation and interpretation of legal documents.

Qualifications: Graduation from an American Bar Association (ABA) accredited paralegal program in paralegal studies or a closely related field, or graduation from an accredited college or university with a four-year degree in paralegal studies or a closely related field

One year of experience conducting paralegal research work

OR

Graduation from an ABA accredited school of law with eligibility to be admitted to the Alabama State Bar Examination or a current member in good standing with the ABA

Additional Requirements: All applicants must attach a copy of their legal assistant certificate, paralegal certificate, college transcripts, or J.D. diploma to their application. Applications received without this information will not be processed.

11515 Public Protection Specialist

Salary Range: (6972) \$33,921.60 - \$56,726.40

This is responsible work involving the review, analysis, and resolution of a wide variety of complaints, problems, and inquiries received from the general public.

Qualifications: Bachelor's degree from an accredited four-year college or university in any major one year of experience performing duties such as consumer complaint resolution or claims adjustment.

Please review announcement for additional requirements needed to qualify for this classification.

11516 Victims' Service Officer

Salary Range: (73) \$39,280.80 - \$59,556.00

This is professional and/or supervisory work over a small number of specialists and/or field representatives within a citizen protection unit of an agency assisting victims of violent crimes.

Qualifications: Graduation from an accredited four-year college or university with a bachelor's degree in any major, preferably supplemented by coursework in psychology, counseling, or social work and one year of experience in victims' services and assistance or in counseling.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

11531 Attorney I

Salary Range: (77) \$47,805.60 - \$72,595.20

Employees in this classification may serve as counsel for a department having moderately difficult legal work; or as a member of a legal staff with responsibility for legal programs which may involve the supervision or oversight of a staff to include clerical and technical personnel and other legal professionals.

Qualifications: Graduation from an approved school of law and possession of a certificate of admission to the Bar of the Supreme Court of the State of Alabama

11681 Fire Fighter/Driver Operator

Salary Range: (65) \$30,703.20 - \$46,663.20

This is specialized protective service work in all phases of structural firefighting and aircraft crash-fire-rescue and the operation of all equipment peculiar to these functions on an assigned shift.

Qualifications: High school diploma or GED certificate and one year of experience in a compensable military or civilian firefighting position.

Special Requirements: The following Special Requirements will be conditions of employment and will be verified by the appointing agency upon completion of the examination process: (1) Candidate must possess a Fire Fighter I and Fire Fighter II Certifications, (2) Candidates must have a valid State of Alabama Motor Vehicle Operator's License, and (3) Candidates must pass a physical examination.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

11706 ABC Sales Associate I

Salary Range: (52) \$23,397.60 - \$33,921.60

Employees perform retail and/or wholesale work involving the selling and accounting for cash and stock in a state store dispensing alcoholic beverages. These functions require employees to be capable of lifting cases of merchandise weighing up to 53 pounds ranging in height from floor level up to six (6) feet to unload trucks, organize inventory, and stock/organize sales area. ABC Stores serve the public Monday through Saturday which requires employees to work nights, weekends, and/or holidays. Vacancies are filled by direct appointment. No examination is required. No employment register is maintained. Applicants meeting the minimum qualifications listed below may apply directly to the ABC Board or to the State Personnel Department to be placed on the direct appointment list for ABC Sales Associate I.

Qualifications: High school diploma or GED certificate.

Notes: Employees in this class must be 21 years of age. Some positions may require a valid driver's license.

11730 ABC Operations Assistant Division Director

Option – Product Management (263)

Salary Range: (76) \$45,532.80 - \$69,014.40

This is highly responsible administrative work assisting in planning and directing product support functions of the Alabama ABC Board.

Qualifications: For the open-competitive register, Bachelor's degree from an accredited college or university in Business Administration or a closely related field and two years of managerial experience in merchandising, procurement, and/or warehousing in retail/wholesale operations.

Note: Required experience above the minimum may be substituted for the required education on a year-for-year basis up to two years. For the promotional register, current permanent status at or above the level of ABC Operations Supervisor with the Alabama ABC Board, completion of at least two years of college from an accredited college or university in Business Administration or a closely related field, and two years of managerial experience in planning and directing ABC merchandising, procurement, and/or warehouse operations.

11730 ABC Operations Assistant Division Director
Option – Stores (264)

Salary Range: (76) \$45,532.80 - \$69,014.40

This is highly responsible administrative work assisting in planning and directing the state sales operation functions of the Alabama ABC Board.

Qualifications: For the open-competitive register: Bachelor's degree from an accredited college or university in Business Administration or a closely related field and two (2) years of managerial experience in retail/wholesale store operations.

Note: Required experience above the minimum may be substituted for the required education on a year-for-year basis up to two (2) years.

For the promotional register: Current, permanent status at or above the level of ABC Operations Supervisor with the Alabama ABC Board; completion of at least two (2) years of college from an accredited college or university in Business Administration or a closely related field; and two (2) years managerial experience in retail/wholesale store operations.

11803 Cargo Billing Clerk

Salary Range: (5763) \$25,838.40 - \$44,404.80

This is specialized computer billing work in assembling and supervising the preparation and maintenance of detailed records relating to service charges for use of facilities at the Alabama State Port Authority.

Qualifications: High school diploma or GED certificate, including or supplemented by courses in business practice and two years of experience in computerized billing work and customer service with ports, steamship lines, freight forwarders, stevedoring companies, customhouse brokers, or common carriers, including one year of experience in interpreting and billing related tariff charges for services performed by cargo handling permittees.

Note: Associate degree from an accredited college or university in business administration, accounting, or computer science/information systems may substitute for one year of the required experience.

11803 Port Transportation and Marketing Representative

Salary Range: (76) \$45,532.80 - \$69,014.40

This is administrative, promotional, and public contact work in the development and solicitation of business for the Alabama State Docks.

Qualifications: Bachelor's degree from an accredited four-year college or university and two years of experience in sales, public relations and/or advertising in foreign trade, transportation, steamship operation or terminal operation.

Notes: Additional experience beyond the two-year minimum can be substituted for the required education on a year-for-year basis. A background investigation will be conducted prior to making hiring decisions. Employee will be required to work after hours and/or weekends/holidays/emergencies.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

11921 Administrative Analyst I

Salary Range: (72) \$37,389.60 - \$56,726.40

This is professional work in analyzing administrative costs, office procedures, or operational functions in a state department or agency.

Qualifications: Bachelor's degree from an accredited four-year college or university. Two years of professional experience conducting studies such as cost analysis, management analysis, systems and procedures analysis, feasibility studies, and methods analysis.

Note: A Master's degree from an accredited college or university may be substituted for one year of the required experience.

11922 Administrative Analyst II

Salary Range: (75) \$43,346.40 - \$65,695.20

This is advanced professional work in analyzing administrative costs, office procedures, and operational functions in a large state agency.

Qualifications: Bachelor's degree from an accredited four-year college or university. Four years of professional experience conducting studies such as cost analysis, management analysis, systems and procedures analysis, feasibility studies, and methods analysis, including at least six months of experience in a governmental setting.

Note: A Master's degree from an accredited college or university may be substituted for one year of the required experience but may not be substituted for the six months of experience in a governmental setting.

11930 General Services Supervisor

Salary Range: (78) \$50,174.40 - \$76,365.60

This is responsible work supervising a variety of support services in a major state department.

Qualifications: Graduation from an accredited four-year college or university with a degree in any major

Two years of progressively, responsible experience in a support services function such as shipping/receiving, motor pool operations, property management/control, supply room operations, purchasing, records retention, office machine maintenance/control, and mail processing, including two years of supervisory experience

Note: Qualifying experience in a support services function above the minimum will substitute for the required four-year degree on a year-for-year basis.

11943 SEIB Communication Specialist

Salary Range: (74) \$41,277.60 - \$62,529.60

This is responsible professional work planning, marketing, and coordinating activities designed to maximize enrollment in various State Employee's Insurance Board supplemental insurance plans.

Qualifications: Graduation from an accredited four-year college or university with a bachelor's degree in Business Administration, Public Administration, or a related field

Two years of experience in marketing health insurance programs for a large company or government entity such as a city, county, or state

Note: Additional experience above the minimum may be substituted for the required four-year degree on a year-for year basis (e.g., one year of experience equals one year of education)

11950 Underwriter

Option – General (003)

Salary Range: (76) \$45,532.80 - \$69,014.40

This is responsible office and field work maintaining property and liability insurance underwriting needs for state agencies in the areas of general liability, aviation, fire, casualty, automobile, and others as needed.

Qualifications: Bachelor's degree from an accredited four-year college or university with major coursework in insurance, accounting, public or business administration, or a closely related field. Two years of insurance underwriting experience in the property and casualty or liability field.

Note: Applicants who do not meet the above educational requirement may substitute appropriate full-time experience on a year-for-year basis.

11953 Claims Representative, Senior

Option – General (003)

Salary Range: (7476) \$41,277.60 - \$69,014.40

This is highly technical work in the adjustment of property or automobile claims within the Risk Management Division of Finance.

Qualifications: Bachelor's degree from an accredited four-year college or university and two years of experience in the adjusting of property or automobile claims.

Note: Experience above the minimum may be substituted for the required education on a year-for-year basis.

11953 Claims Representative, Senior

Employment Injury Option (398)

Salary Range: (7476) \$41,277.60 - \$69,014.40

This is highly technical work in the adjustment of employee injury claims.

Qualifications: Bachelor's degree from an accredited four-year college or university and two years of responsible experience in the adjustment of worker's compensation or employee injury claims.

Note: Experience above the minimum may be substituted for the required education on a year-for-year basis.

11957 Claims Representative

Salary Range: (6972) \$33,921.60 - \$56,726.40

The Claims Representative is a permanent full-time position with the Department of Finance. This is technical work in the adjustment of claims in the Risk Management Division of the Department of Finance.

Qualifications: Bachelor's degree from an accredited four-year college or university and one year of experience in the adjusting of property, general liability, automobile, or worker's compensation claims.

Note: Experience above the minimum may be substituted for the required education on a year-for-year basis.

11970 Elections Specialist

Salary Range: (64) \$29,959.20 - \$45,532.80

This is specialized work in assisting in state election activities.

Qualifications: Graduate at the bachelor's degree level from an accredited four-year college or university with major course work in political science, public administration, government, English, or a related field.

11973 Elections Analyst

Salary Range: (76) \$45,532.80 - \$69,014.40

This is responsible analytical and advisory work with data and information regarding the state's election activities to include legislative initiatives.

Qualifications: Bachelor's degree from an accredited four-year college or university in political science, public or business administration, or a related field and two years responsible professional experience in elections processes, laws, and procedures.

11980 Departmental Program Manager

Salary Range: (71) \$35,618.40 - \$53,976.00

This is professional and administrative work in managing state agency programs of considerable scope and complexity and which have a direct impact on organizational goals and objectives.

Qualifications: Bachelor's degree from an accredited four-year college or university and two years of professional experience in program management. Examples of professional experience in program management are managing departmental programs, developing and/or analyzing legislation, developing/implementing budgets, and administering grants and/or bonds. (Applicants must provide a **detailed** description of their experience.)

Note: Professional experience in program management functions beyond the required minimum of two years may be substituted for the required college education on a year-for-year basis.

Special Requirement: Candidates who meet the above minimum requirements and are employed with the Alabama State Port Authority will be required to obtain a valid Transportation Worker Identification Credential Card.

II. Engineering, Science and Allied

20111 Engineering Assistant I

Salary Range: (5657) \$25,207.20 - \$38,335.20

This is entry-level (sub professional) work assisting on engineering projects and related activities in the field, office, or lab of the Alabama Department of Transportation.

Qualifications: High school diploma or GED certificate

20130 Structural Steel Inspector

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is specialized technical work in inspecting and evaluating the fabrication of metal structural components to be used in construction work.

Qualifications: High school diploma or GED certificate plus one year of structural steel inspection experience.

Please review announcement for additional requirements needed to qualify for this classification.

20205 Photography Technician I

Salary Range: (55) \$25,207.20 - \$36,492.00

This is skilled technical work in film and digital photography and film processing.

Qualifications: High school diploma or GED certificate, supplemented by two courses in photography and/or film processing and one year of experience in commercial or news photography to include digital photography.

20220 Cartographic Specialist

Salary Range: (5663) \$25,207.20 - \$44,404.80

This is beginning level work in creating computer graphics including drafting and revising maps, charts, and graphics from aerial photographs, typographic maps, deeds, and annexation ordinances and other documents.

Qualifications: High school diploma/GED certificate supplemented with or including course work in mathematics, geography or drafting and 6 months of experience in drafting work, design, or computer graphic work on a CADD workstation

OR

Completion of one year of technical/trade school training in drafting, design, or cartographic drafting.

20410 Right of Way Coordinator

Salary Range: (74) \$41,277.60 - \$62,529.60

This is technical and professional work in relocation assistance, property management, and securing title to property needed for departmental purposes.

Qualifications: Bachelor's degree from an accredited four-year college or university in any major and two (2) years of experience in negotiation, appraisal assistance, coordination oversight, relocation, property management, and/or court assistance.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20410 Architect, Associate

Salary Range: (75) \$43,346.40 - \$65,695.20

This is professional work in designing, in reviewing designs, and in overseeing the construction of buildings and facilities throughout the state.

Qualifications: Current registration as a professional Architect with the Alabama Board of Registration of Architects.

20411 Architect

Salary Range: (81) \$58,128.00 - \$88,538.40

This is professional and administrative work in the field of architecture. Employees may supervise or advise professional and technical associates in design, inspection, and construction activities.

Qualifications: Two years of responsible experience in the design, design review, construction, and contracting of large or commercial type buildings as a registered Architect.

Special Requirement: Current registration with the Alabama Board of Registration of Architects

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20425 Engineering Graduate

Salary Range: (7578) \$43,346.40 - \$76,365.60

This is professional work in the field of engineering performed under the supervision of a licensed engineer.

Qualifications: Bachelor's degree in engineering or engineering technology from an accredited four-year college or university.

20429 Professional Civil Engineer Trainee

Salary Range: (5054) \$22,821.60 - \$35,618.40

This is introductory technical work for civil engineering college students in a work-study program designed to provide training and experience in civil engineering and to stimulate interest in the Alabama Department of Transportation.

Qualifications: Enrollment at a regionally accredited four-year U.S. college or equivalent in a Civil Engineering curriculum; or Enrollment in a pre-Engineering curriculum at a regionally accredited two or four-year U.S. college or equivalent; or enrollment in college-level courses (i.e. Calculus, Analytic Geometry, Chemistry, Physics, Surveying, etc.) at a regionally accredited U.S. college or equivalent which are transferable to a Civil Engineering program at a regionally accredited four-year U.S. college or equivalent.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20430 Civil Engineering Graduate

Salary Range: (78) \$50,174.40 - \$76,365.60

This is introductory professional work in the field of civil engineering performing duties associated with the planning, location, design, or construction of roads, bridges, or structures in the field, office or lab of the Alabama Department of Transportation.

Qualifications: Graduation from a regionally accredited college or university with a bachelor's degree from an accredited college or university in Civil Engineering.

Note: College seniors who are in their first quarter or semester of their senior year may apply, be placed on the register, and be certified for appointment but cannot begin work until they receive their degree.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20433 Professional Civil Engineer I

Salary Range: (82) \$62,529.60 - \$95,316.00

This is advanced professional work in the field of civil engineering. Employees in this class perform a variety of complex engineering duties associated with the planning, geodetic surveys, location, design, construction or maintenance of roads, bridges, buildings, or other civil engineering projects.

Qualifications: Possession of a Professional Engineer's License as issued by the Alabama Engineers and Land Surveyors Board of Registration and four years Civil Engineering experience.

Note: The Professional Engineer's License must be classified as "active" status to be qualified.

20439 Civil Engineer, Licensed

Salary Range: (80) \$55,327.20 - \$84,350.40

This is professional work in the field of engineering. Employees in this class perform a variety of engineering duties associated with the planning, location, design, or construction of roads, bridges, buildings, or other civil engineering projects.

Qualifications: Bachelor's degree from a regionally accredited four-year college or university in Civil Engineering.

Professional Engineers license as issued by the Alabama Engineers and Land Surveyors Board of Registration.

For the Promotional Register, current, permanent status as a Civil Engineering Graduate or Transportation Technologist, Sr. in addition to the qualifications listed above.

Note: The Professional Engineers license must be classified as "active" to be qualified.

**20481 Transportation Technologist
Bridge Design Option (005)**

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is paraprofessional civil engineering work completing the detailing of moderately complex bridge plans.

Qualifications: High School Diploma or GED certificate and two years of experience in the Bridge Design area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology.

**20481 Transportation Technologist
Materials and Test Option (006)**

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is paraprofessional civil engineering work conducting various tests of highway construction materials in a lab or plant.

Qualifications: High school diploma or GED certificate and two years of experience in the Materials and Tests area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

High School Diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology.

**20481 Transportation Technologist
Design Option (007)**

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is paraprofessional civil engineering work serving as a roadway designer completing sheets of roadway plans or other closely related design duties.

Qualifications: High School Diploma or GED certificate and two years of experience in the Design area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology or Geomatics.

**20481 Transportation Technologist
Construction Option (438)**

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is paraprofessional civil engineering work serving as an assistant construction project manager on major projects or construction project manager on simple to moderately complex highway construction jobs or other construction related assignments.

Qualifications: High school diploma or GED certificate and two years of experience in the Construction area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology or Geomatics.

**20481 Transportation Technologist
Analysis and Planning Option (439)**

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is paraprofessional civil engineering work performing duties such as supervising field personnel engaged in obtaining road and bridge inventory data, coordinating traffic control studies and surveys, serving as an assistant Chief Bridge Inspector, serving as a District Permit Officer, District Operations Engineer, or Survey Party Chief.

Qualifications: High School Diploma or GED certificate and two years of experience in the Analysis and Planning area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

Bachelor's degree from and accredited four-year college or university in Civil Engineering or Civil Engineering Technology or Geomatics.

20481 Transportation Technologist

Underwater Bridge Inspection Option (498)

Salary Range: (7073) \$34,761.60 - \$59,556.00

This is specialized work in the commercial diving field of underwater bridge inspection. Employees in this class assist a lead diver in the inspection, maintenance, and repair of underwater bridge foundations and other underwater structures owned or maintained by the department.

Qualifications: High school diploma or GED certificate and graduation from a commercial diving school or equivalent military diving school.

20483 Transportation Manager

Salary Range: (81) \$58,128.00 - \$88,538.40

This is technical supervisory and administrative engineering work in the planning, location, construction, and maintenance of highways, bridges, and other structures or in the testing, inspection, and research of materials.

Qualifications: High school diploma/GED certificate and 12 years of civil engineering experience, 4 years of which must be at the Transportation Technologist, Sr. level.

OR

Bachelor's degree from an accredited college or university in Civil Engineering, or a related field and 4 years of experience at the Transportation Technologist, Sr. level.

20510 Consumer Services Specialist

Salary Range: (6467) \$29,959.20 - \$48,974.40

This is responsible work of a technical and public relations nature involving the investigation, analysis, and resolution of a wide variety of complaints, problems, and inquiries received from the general public relating to regulated public utilities.

Qualifications: Graduation from an accredited college or university with a bachelor's degree in any major and one year of experience in the investigation, analysis, and resolution of consumer complaints in a utility company or a governmental utility regulatory agency.

Note: Experience above the required minimum may substitute for the required education on a year-for-year basis.

20521 Public Utility Technical Specialist

Salary Range: (77) \$47,805.60 - \$72,595.20

This is professional, disciplined work with public utilities to include electricity, natural gas, water, and/or wastewater.

Qualifications: Bachelor's degree from an accredited college or university with a major in electrical, mechanical, industrial, civil, chemical, or nuclear engineering or in a closely related engineering field, and two years of professional engineering experience to include one year of experience in the electric, natural gas, water, or telecommunication utility field or in an agency regulating utilities.

Note: Overnight travel is required.

20614 Environmental Scientist

Salary Range: (7173) \$35,618.40 - \$59,556.00

This is professional work of a technical nature conducting biological studies, inspections, investigations, and field chemical or physical tests using technical equipment.

Qualifications: Bachelor's degree from an accredited four-year college or university in biology, chemistry, geology, environmental science, engineering (agricultural, bio-systems, chemical, civil, or mechanical), or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20621 Radiation Physicist

Salary Range: (71) \$35,618.40 - \$53,976.00

This is professional work in the control of radiation health hazards.

Qualifications: Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in physics, nuclear engineering, chemistry, mathematics, biology, or other very closely related fields, supplemented by at least one college-level calculus course.

20622 Radiation Physicist, Senior

Salary Range: (77) \$47,805.60 - \$72,595.20

This is professional work in the control of radiation health hazards.

Qualifications:

Master's degree from an accredited* four-year college or university in the field of Radiation or Radiation Protection, including one college level calculus course and one year of experience in a radiological health program.

or

Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in physics, nuclear engineering, chemistry, mathematics, biology, or other very closely related fields, supplemented by at least one college-level calculus course.

20649 Animal/Vector Control Technician

Salary Range: (49) \$22,276.80 - \$31,468.80

This is beginning level work in providing services in animal or vector control.

Qualifications: High school diploma or GED certificate

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20652 Public Health Environmentalist

Salary Range: (6973) \$33,921.60 - \$59,556.00

This is professional work in a general or specific field of environmental health such as on-site sewage, food protection, lodging, solid waste, or vector control.

Qualifications: Bachelor's degree from an accredited college or university with a minimum of 30 quarter hours or 20 semester hours of course work in biology, chemistry, environmental science, mathematics, or physical science.

Note: Employees appointed to this class must successfully complete the training program for environmentalists conducted by the Alabama Department of Public Health before being granted permanent status.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20653 Public Health Senior Environmentalist

Salary Range: (7476) \$41,277.60 - \$69,014.40

This is professional environmental health work in a general or specific field of environmental health.

Qualifications: A Bachelor's degree from an accredited college or university including 20 semesters or 30 quarter hours of combined coursework in biology, chemistry, environmental science, mathematics, or physical science and Three years of experience in a public or private environmental health program.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20671 Environmental Engineering Specialist

Salary Range: (77) \$47,805.60 - \$72,595.20

This is professional work in environmental engineering which includes basic and more routine engineering evaluations.

Qualifications: Bachelor's degree from an accredited four-year college or university in engineering, preferably civil, chemical, mechanical, or agricultural.

Additional Requirement: Positions require overnight travel.

Note: Individuals on the employment register may be selectively certified in the following areas: civil engineering, chemical engineering, mechanical engineering, or agricultural engineering.

**20672 Environmental Engineering Specialist, Senior
General Option (003)**

Salary Range: (80) \$55,327.20 - \$84,350.40

This is advanced professional work in environmental or public health engineering.

Qualifications: Bachelor's degree from an accredited four-year college or university in engineering, preferably in civil, chemical, mechanical, environmental, or agricultural and Two years of professional, post-degree experience in environmental engineering. For promotional register, current permanent status as an Environmental Engineering Specialist

20705 Pharmacy Technician

Salary Range: (5458) \$24,604.80 - \$39,280.80

This is para-professional work under the immediate supervision of a licensed pharmacist.

Qualifications: High school diploma or GED certificate and one-year experience working in a pharmacy under the supervision of a registered pharmacist.

Current registration as a Pharmacy Technician in the State of Alabama.

20742 Pharmacist

Salary Range: (85) \$78,247.20 - \$119,220.00

This is professional and occasional supervisory pharmaceutical work.

Qualifications: Graduation from a recognized school of pharmacy.

Special Requirement: Possession of a license to practice pharmacy issued by the Alabama State Board of Pharmacy.

20751 Microbiologist

Salary Range: (6871) \$33,081.60 - \$53,976.00

This is entry level professional work in the performance of Public Health or Agricultural laboratory tests and procedures.

Qualifications: Bachelor's degree from an accredited college or university in Medical Technology or in a chemical, physical, or biological science including 12 semester (18 quarter) hours of combined coursework in microbiology, biochemistry, immunology, parasitology, virology, or hematology.

Notes: A minimum of one course must be in microbiology. Employees may be required to work with highly infectious agents and must agree to receive special immunizations.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20753 Microbiologist, Senior

Salary Range: (74) \$41,277.60 - \$62,529.60

Senior Microbiologists are responsible for supervising and directing a section of a laboratory.

Qualifications: Bachelor's degree from an accredited college or university in Medical Technology or in a chemical, physical or biological science including 12 semester (18 quarter) hours of combined coursework in microbiology, biochemistry, immunology, parasitology, virology, or hematology and Three years of professional clinical, food quality, or veterinary diagnostic laboratory experience performing standard microbiology and chemical tests and microscopic examinations.

Notes: Employees in this class may be required to work with highly infectious agents and must agree to receive special immunizations. Employees may be required to work holidays, weekends, and after hours on a rotation basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20811 Chemist I

Salary Range: (7173) \$35,618.40 - \$59,556.00

This is professional work in the chemical analysis and examination of a wide variety of substances and materials in state laboratories.

Qualifications: Bachelor's degree from an accredited four-year college or university in chemistry or chemical engineering.

20812 Chemist II

Salary Range: (7476) \$41,277.60 - \$69,014.40

This is advanced professional or minor supervisory lab work in the chemical analysis and examination of a wide variety of materials.

Qualifications: Bachelor's degree from an accredited four-year college or university in Chemistry or Chemical Engineering and two (2) years of experience processing and analyzing chemical solutions and samples

For the promotional register, current, permanent status as a Chemist I with the State of Alabama

20830 Forensic Pathology Specialist, Associate

Salary Range: (6568) \$30,703.20 - \$50,174.40

This is technical work in the field of death investigation, assisting a State Medical Examiner in post-mortem examinations and research into the manner and cause of death.

Qualifications: Bachelor's degree from an accredited four-year college or university in Forensic Science, Criminal Justice, Nursing, Biology, Chemistry, Anthropology, Natural Sciences, Mathematics, Pharmacy or a closely related field.

OR

An associate degree in Nursing (RN) and two (2) years of experience in conducting forensic investigations, performing postmortem examinations, or providing direct patient care in a healthcare setting.

OR

- Certification as a Surgical Technician, Radiology Technician, or a closely related certification and two (2) years of experience in conducting forensic investigations, performing postmortem examinations, or providing direct patient care in a healthcare setting.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20911 Laboratory Technician I

Salary Range: (49) \$22,276.80 - \$31,468.80

This is entry level technical work in performing routine laboratory functions.

Qualifications: High school diploma or GED certificate, preferably including courses in laboratory science and general mathematics and one year of experience in performing routine laboratory work.

20912 Laboratory Technician II

Salary Range: (53) \$23,997.60 - \$34,761.60

This is technical work in performing laboratory functions in a specialized area and in the caring for and using basic laboratory equipment.

Qualifications: High school diploma or GED certificate, preferably including courses in laboratory science or general math and two years of experience in performing routine laboratory work.

OR

Graduation from an accredited four-year college or university with major course work in a biological, chemical, or physical science.

21010 Oil and Gas Field Agent

Salary Range: (6972) \$33,921.60 - \$56,726.40

This is technical inspection work in securing compliance with state laws and regulations governing the drilling, production, and abandonment of oil and gas wells.

Qualifications: High school diploma /GED certificate plus two (2) years of experience in On/Offshore Oil/Gas drilling or Oil/Gas production operations or Oil/Gas processing plant operations or a combination therein.

Note: One (1) year of college coursework in Petroleum Engineering or Geology may substitute for one (1) year of the required work experience.

21038 Energy Engineering Manager

Salary Range: (79) \$52,653.60 - \$80,210.40

This is responsible technical and professional work in the area of energy management, including conservation and allocation.

Qualifications: Bachelor's degree from an accredited four-year college or university with chemical, mechanical, civil, or electrical engineering and three years of experience conducting energy usage audits and analysis or energy systems costs analysis.

21043 Construction Project Management Specialist

Salary Range: (71) \$35,618.40 - \$53,976.00

This is entry-level professional work involving the enforcement of construction standards in public building construction.

Qualifications: Bachelor's degree from an accredited college or university in engineering, architecture, building science, or a closely related field

21058 Electrical Engineering Graduate

Salary Range: (76) \$45,532.80 - \$69,014.40

This is professional work in the field of electrical engineering.

Qualifications: Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in electrical engineering or electrical engineering technology.

21059 Electrical Field Technician

Salary Range: (72) \$37,389.60 - \$56,726.40

This is sub-professional engineering work in assisting in the field of electrical engineering.

Qualifications: High school diploma and two years of electrical experience in construction, design, or repair work.

OR

Graduation from an accredited vocation/trade school or junior college with a major in the electrical or electronics trade.

21060 Electrical Engineer I

Salary Range: (82) \$62,529.60 - \$95,316.00

This is professional work in the field of electrical engineering.

Qualifications: Graduation from a regionally accredited four-year college or university with a bachelor's degree in Electrical Engineering.

Eighteen (18) months of experience in electrical design, construction, installation, and/or maintenance work.

Special Requirement: Possession of an active Professional Engineer's license as issued by the Alabama Board of Licensure for Professional Engineers and Land Surveyors.

**21062 Docks Professional Facilities Engineer
Civil Option (162)**

Salary Range: (82) \$62,529.60 - \$95,316.00

This is supervisory and professional civil engineering work involving the state port and inland waterway facilities.

Qualifications: Bachelor's degree from an accredited four-year college or university in Civil Engineering and four years of technical and administrative work experience in engineering and maintenance, railway construction, plant and dock construction, and/or other engineering maintenance activities.

Additional Requirement: Possession of a Professional Engineer's License issued by the Alabama Board for the Registration of Professional Engineers and Land Surveyors.

**21062 Docks Professional Facilities Engineer
Mechanical Option (164)**

Salary Range: (82) \$62,529.60 - \$95,316.00

This is responsible professional engineering work involving the state port and inland waterway facilities.

Qualifications: Bachelor's degree from an accredited four-year college or university with specialization in Mechanical Engineering and four years of technical and administrative work experience in planning, analyzing, designing, and performing mechanical engineering activities.

Additional Requirement: Possession of a Professional Engineer's License issued by the Alabama Board for the Registration of Professional Engineers and Land Surveyors.

**21062 Docks Professional Facilities Engineer
Electrical Option (374)**

Salary Range: (82) \$62,529.60 - \$95,316.00

This is professional electrical engineering work involving State port and inland waterway facilities.

Qualifications: Bachelor's degree from an accredited four-year college or university in Electrical Engineering and four years of technical and administrative work experience in planning, analyzing, designing, and performing electrical engineering activities.

Additional Requirement: Possession of a Professional Engineer's License issued by the Alabama State Board of Licensure for Professional Engineers and Land Surveyors.

21070 GIS Technician

Salary Range: (6466) \$29,959.20 - \$47,805.60

This is technical work in the capture, storage, manipulation documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: High school diploma or a GED certificate and one year of experience performing Geographic Information Systems activities OR One year of college coursework (30 semester hours or 45 quarter hours) from an accredited college or university, to include completion of two college-level courses in Geographic Information Systems, may substitute for the one year of required experience.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

21074 Geographic Information Systems Technician, Senior*Salary Range: (70) \$34,761.60 - \$52,653.60*

This is full-performance technical work in the capture, storage, manipulation, documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: High school diploma or a GED certificate, plus two years of experience performing Geographic Information Systems activities and current, permanent status in the Geographic Information Systems Technician (21070) classification or in a comparable job classification. (Promotional Register only)

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

21075 GIS Specialist*Salary Range: (7576) \$43,346.40 - \$69,014.40*

This is responsible technical work in the capture, storage, manipulation, documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: Bachelor's degree from an accredited college or university in Geometrics, Geographic Information Systems, Geography or a closely related field which must include completion of at least two college-level courses in Geographic Information Systems.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

21091 Geologist I*Salary Range: (7274) \$37,389.60 - \$62,529.60*

This is entry level professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university.

21092 Geologist II**General Option (003)***Salary Range: (7678) \$45,532.80 - \$76,365.60*

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university, plus two years professional experience.

21092 Geologist II**Hydrology Option (035)***Salary Range: (7678) \$45,532.80 - \$76,365.60*

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university and two years of hydrogeological experience to include one year of field experience. OR Master's degree in Geology from an accredited college or university and one year of hydrogeological field experience. OR Ph.D. from an accredited college or university in Geology

21092 Geologist II**Coal Geology Option (192)***Salary Range: (7678) \$45,532.80 - \$76,365.60*

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university, plus two years professional experience in the specified option.

21092 Geologist II

Paleontology Option (193)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university, plus two years professional experience in the specified option.

21092 Geologist II

Petroleum Geology Option (194)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree from an accredited four-year college or university in Geology and two years of experience in Petroleum Geology to include one year of field experience

OR

Master's degree from an accredited college or university in Geology and one year of field experience in Petroleum Geology

OR

Ph.D. from an accredited college or university in Geology

21092 Geologist II

Petrology-Mineralogy Option (195)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university, plus two years professional experience in the specified option.

21092 Geologist II

Stratigraphy/Sedimentology Option (196)

Salary Range: (7678) \$45,532.80 - \$76,365.60

This is advanced professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree from an accredited four-year college or university in Geology and two years of experience in Sedimentology/Stratigraphy to include one year of field experience

OR

Master's degree from an accredited college or university in Geology and one year of field experience in Sedimentology/Stratigraphy

OR

Ph.D. from an accredited college or university in Geology

21110 Radio Operator

Salary Range: (4650) \$20,671.20 - \$32,280.00

This is responsible work receiving and transmitting voice radio and telephone messages in a state operated communications office or forestry office.

Qualifications: High school diploma or GED certificate and one year of experience operating a field or base two-way radio.

**21121 Police Communications Officer I
Forestry Option (219)**

Salary Range: (62) \$28,492.80 - \$43,346.40

This is specialized work receiving and dispatching messages in a sophisticated communications center.

Qualifications: High school diploma or GED certificate and 12 months of experience operating a two-way radio.

Note: Shift work may be required.

**21121 Police Communications Officer I
ALEA Option (220)**

Salary Range: (62) \$28,492.80 - \$43,346.40

This is specialized work receiving and sending messages in a police communication center.

Qualifications: High school diploma or GED certificate and 12 months of responsible office administration experience including the use of a two-way radio network or multi-line-telephone system.

**21121 Police Communications Officer I
Corrections Option (032)**

Salary Range: (62) \$28,492.80 - \$43,346.40

This is specialized work receiving and dispatching messages at the Corrections Communications Command Center.

Qualifications: Graduation from a high school or GED certificate and 12 months experience operating a two-way radio.

**21121 Police Communications Officer I
State Port Authority Option (275)**

Salary Range: (62) \$28,492.80 - \$43,346.40

This is specialized work receiving and sending messages in a police communication center.

Qualifications: Graduation from a high school or GED certificate and Twelve (12) months of experience operating a two-way radio.

21130 Traffic Signal Technician

Salary Range: (6367) \$29,215.20 - \$48,974.40

This is technical electrical work in installing and maintaining highway traffic control devices.

Qualifications: Completion of the 10th School Grade and two years of work experience performing electrical, electronics, and/or signal work.

OR

Completion of two years in a vocational, trade, or technical school in the electronics or electrical field.

OR

Certification as an International Municipal Signal Association (IMSA) Traffic Signal Technician Level I.

Note: Certain positions may require a valid Commercial Driver's License (CDL). Employees in these positions must obtain the license during the probationary period and maintain the CDL throughout employment.

**21144 Electronic Technician
General Option (003)**

Salary Range: (6470) \$29,959.20 - \$52,653.60

This is skilled work at the journeyman level in the installation, maintenance, and repair of electrical and electronic equipment.

Qualifications: Associate degree in Electronic Repair or a closely related field **or** High School Diploma/GED certificate and four years of experience in digital and analog electronic repair.

**21150 Electronic Equipment Repairer
Electronic Option (011)**

Salary Range: (52) \$23,397.60 - \$33,921.60

This is skilled work at the journeyman level in the installation, maintenance, and repair of electrical and electronic equipment.

Qualifications: High school diploma or GED certificate and experience as a journeyman in the maintenance and repair of a variety of electrical and electronic equipment.

21154 Communications Technician I

Salary Range: (67) \$32,280.00 - \$48,974.40

This is skilled technical work in installing, maintaining, repairing, and using radio transmitters and receivers and other electronic and related mechanical and electrical equipment.

Qualifications: Graduation from an accredited technical/trade school in Electronics.

OR

One year of experience in the repair of two-way radios/communication equipment.

Notes: Equivalent Military training courses in Electronics will substitute or graduation from an accredited technical/trade school. Applicants must possess a valid Alabama driver's license.

⇒ *Please review announcement for additional notes regarding this classification.*

21156 Communications Technician II

Salary Range: (72) \$37,389.60 - \$56,726.40

This is highly skilled technical work in checking, installing, maintaining, repairing, and using FM VHF two-way radio transmitting and receiving equipment and other electronic, electrical, and mechanical equipment.

Qualifications: Graduation from an accredited technical/trade school in Electronics and 1 year of experience in the repair of two-way radios.

OR

High school diploma/GED certificate and two years of experience in the repair of two-way radios.

Notes: Equivalent Military training courses in Electronics will substitute for graduation from an accredited technical/trade school. Applicants must possess a valid Alabama driver's license.

Based on experience, individuals on the employment register may be selectively certified in the specialty area listed below:

VOIP (Voice Over Internet Protocol) Area— examples include working with digital equipment, microwave systems and networking.

⇒ *Please review announcement for additional notes regarding this classification.*

**21210 ALDOT Environmental Specialist
Architectural History Option (175)**

Salary Range: (6974) \$33,921.60 - \$62,529.60

This is professional work in assessing a construction project's impact on the surrounding community and its environment. Employees in this classification conduct field surveys to locate historical sites as well as perform archival database searches as needed to gather historical data concerning the cultural/historical impact of proposed ALDOT activities.

OR

Bachelor's degree from an accredited four-year college or university in any field and two years of experience in managing environmental impact assessments in transportation projects to include dealing with the public, coordinating with local, state and federal agencies, and compiling data in a narrative report

**21210 ALDOT Environmental Specialist
Biology Option (457)**

Salary Range: (6974) \$33,921.60 - \$62,529.60

This is professional work in assessing a construction project's impact on the surrounding community and its environment. Employees in this class conduct ecological research, wetland evaluations, and wetland mitigations in order to compile environmental analysis concerning the biological impact of proposed ALDOT activities.

Qualifications: Bachelor's degree from an accredited four-year college or university in Biology, Ecology, Wildlife, Fisheries, Environmental Science, Botany, or Zoology

OR

Bachelor's degree from an accredited four-year college or university in Forestry to include at least: Two advanced level courses in Field Biology and/or Plant Biology

OR

One advanced level course in Field Biology or Plant biology and one year of experience performing biological research in field biology or plant biology

**21210 ALDOT Environmental Specialist
Archeology Option (458)***Salary Range: (6974) \$33,921.60 - \$62,529.60*

This is professional work in assessing a construction project's impact on the surrounding community and its environment. Employees in this classification conduct archaeological surveys and archival database searches as needed to gather historical data concerning the archaeological impact of proposed ALDOT activities.

Qualifications: Bachelor's degree from an accredited four-year college or university in Archaeology

OR

Bachelor's degree from an accredited four-year college or university in Anthropology and six (6) months of experience in archaeological field work

Note: Successful completion of a term in an archaeological field program from an accredited college or university can substitute for the six months of experience.

**21213 ALDOT Environmental Specialist, Senior
Archeology Option (458)***Salary Range: (7678) \$45,532.80 - \$76,365.60*

This is professional work in assessing a construction project's impact on the surrounding community and its environment. Employees in this classification conduct archaeological surveys and archival database searches as needed to gather historical data concerning the archaeological impact of proposed ALDOT activities.

Qualifications: Master's Degree from an accredited college or university in Anthropology or Archaeology, or closely related field with a specialization in archaeology and two (2) years of experience performing archaeological work to include: analysis, report writing, surveying, evaluative testing, and data recovery.

21220 Transportation Planner*Salary Range: (7074) \$34,761.60 - \$62,529.60*

This is professional transportation planning work in statewide or urbanized area comprehensive multi-modal transportation planning.

Qualifications: Graduation from an accredited four-year college or university with a bachelor's degree in Transportation Planning, Urban Planning/Studies, or a closely related field.

OR

Graduation from an accredited four-year college or university with a bachelor's degree in any area and one year of responsible experience in planning to include transportation planning, urban planning, and/or community planning in a state, federal, or local agency.

OR

Successful completion of a master's degree from an accredited college or university in Transportation Planning, Urban Planning/Studies, or a closely related field.

21231 Planning and Economic Development Specialist I*Salary Range: (68) \$33,081.60 - \$50,174.40*

This is professional work in support of local, regional, or statewide planning or related evaluation, monitoring, review, and implementation activities for state and federal planning and economic development programs.

Qualifications: Bachelor's degree from an accredited four-year college or university

Note: Applicants may apply for this position during their last semester of college; however, applicants will be required to submit documentation verifying completion of the bachelor's degree to the hiring agency prior to beginning work.

21242 Natural Resources Planner

Salary Range: (74) \$41,277.60 - \$62,529.60

This is advanced professional planning and management work in the field of natural resources and the physical environment.

Qualifications: Bachelor's degree from an accredited* four-year college or university in Environmental Engineering, Geology, Mineralogy, Hydrology, Environmental Science, Forestry, Biological Sciences, Natural Resource Planning, or a closely related field.

One year of experience managing and/or monitoring natural resource programs with emphasis on regional or statewide planning.

OR

Master's degree from an accredited* college or university in Environmental Engineering, Geology, Mineralogy, Hydrology, Environmental Science, Forestry, Biological Sciences, Natural Resource Planning, or a closely related field.

⇒ **Note:** *Please review announcement for additional requirements for this classification.*

III. Education, Museum and Library

30122 Education Specialist

Salary Range: (7680) \$45,532.80 - \$84,350.40

This is specialized professional work in promoting, developing, and supervising statewide educational programs.

Qualifications: Master's degree from an accredited college or university in an approved subject matter or education specialty area and five years of experience in teaching, education administration, or a related assignment including three years of experience in one of the specialty areas.

Note: Advanced graduate study in approved coursework may be substituted for the required experience on the basis of one year of post master's education for one year of experience up to two years. Advanced graduate study is considered coursework towards a Doctorate in Education (Ed.D.) or a Doctor of Philosophy (Ph.D.).

⇒ **Note:** Please review announcement for additional requirements for this classification.

30123 Education Administrator

General Option (003)

Salary Range: (7983) \$52,653.60 - \$102,712.80

This is highly responsible professional and administrative work in directing and managing Alabama Department of Education programs.

Qualifications: Master's degree from an accredited college or university in an approved subject matter or education specialty area and six years of experience in teaching, education administration, or a related assignment including four years of experience in one of the specialty areas.

Note: Advanced graduate study in approved coursework may be substituted for the required experience on the basis of one year of post master's education for one year of experience up to two years. Advanced graduate study is considered coursework towards a Doctorate in Education (Ed.D.) or a Doctor of Philosophy (Ph.D.).

⇒ **Note:** Please review announcement for additional requirements for this classification.

30123 Education Administrator

Financial Option (391)

Salary Range: (7983) \$52,653.60 - \$102,712.80

This is specialized work involving the overseeing of the collection and evaluation of financial reports as required by the School Fiscal Accountability Act.

Qualifications: Master's degree from an accredited college or university in education, business administration, or a closely related field and six years of experience in educational or governmental finance.

Note: Certification as a Chief School Finance Officer from the Alabama Association of School Business Officials offered by the University of Alabama College of Continuing Studies may substitute for the master's degree.

30405 Cultural Resources Assistant

Salary Range: (56) \$25,207.20 - \$37,389.60

This is para-professional work in all aspects of archives and museum work including conducting historical research, performing visitor services, and assisting archivists and curators.

Qualifications: Completion of two years (60 semester or 90 quarter hours) from an accredited college or university.

30407 Museum Aide

Salary Range: (49) \$22,276.80 - \$31,468.80

This is responsible public contact work in a small state museum.

Qualifications: High school diploma or GED certificate and two years of experience in public relations or public contact work, preferably in a museum or other historic site. College education with a major in American History, Historic Preservation, Anthropology, Architectural History, or Art History may be substituted for the required experience on the basis of two years of college for one year of experience.

30422 Cultural Resources Specialist

Architectural History Option (175)

Salary Range: (69) \$33,921.60 - \$51,400.80

This is professional work in identifying, researching, evaluating, cataloging, and protecting the cultural resources of the state.

Qualifications: Bachelor's degree from an accredited four-year college or university in Architectural History, Architecture, Historic Preservation, Art History, Preservation Architecture, American Studies, or a closely related field and two years of professional experience working in a federal or state agency or other historic preservation program conducting architectural surveys or registering national or state historic properties.

OR

Master's degree from an accredited college or university in Architectural History, Architecture, Historic Preservation, Art History, Preservation Architecture, American Studies, or a closely related field.

30422 Cultural Resources Specialist

History Option (176)

Salary Range: (69) \$33,921.60 - \$51,400.80

Qualifications: Bachelor's degree from an accredited four-year college or university in Architectural History, American History, Historic Preservation, Preservation Planning, or a closely related field and one year of professional experience in historical preservation work with a state historic preservation office, a certified local government historic preservation office, or a historic preservation program.

Note: A Master's degree from an accredited college or university in one of the fields of study listed above may be substituted for the required year of experience.

30422 Cultural Resources Specialist

Preservation Planning Option (177)

Salary Range: (69) \$33,921.60 - \$51,400.80

This is professional work in identifying, researching, evaluating, cataloging, and protecting the cultural resources of the state.

Qualifications: Bachelor's degree from an accredited four-year college or university in Architectural History, American History, Historic Preservation, Preservation Planning, Architecture, American Studies, or a closely related field and at least two years of professional preservation planning experience with a federal or state historic preservation agency, local government, historic preservation program, or private consulting firm surveying historic resources, monitoring a register of historic properties, or developing/monitoring a comprehensive preservation plan for a state or municipality.

OR

Master's degree from an accredited college or university in Architectural History, American History, Historic Preservation, Preservation Planning, Architecture, American Studies, or a closely related field.

Note: Master's degree coursework from an accredited college in the degrees listed above can be substituted for the required experience on a year for year basis.

30430 Archivist

Salary Range: (70) \$34,761.60 - \$52,653.60

This is technical and professional work in preserving manuscripts and archival records documenting the state's history.

Qualifications: Bachelor's degree from an accredited college or university in history, political science, government, public administration, or a closely related field and two graduate courses in archival administration.

Notes: If you do not have two graduate courses from an accredited college or university in archival administration, you need a bachelor's degree in one of the areas above; and one year's professional level experience in archival work and records management in an archival repository. Professional archival work involves records appraisal, arrangement, description, preservation or reference, and access activities.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

30444 Archaeologist I**Options - Environmental Review (187)**

Salary Range: (6869) \$33,081.60 - \$51,400.80

Archaeology/Military Property (189), Project Analyst (385)

This is professional archaeological work in the field of historical preservation.

Qualifications: Bachelor's degree from an accredited four-year college or university with major course work in archaeology or in anthropology, with major concentration in archaeology and experience in the field of specialization.

Qualifications: Master's degree from an accredited four-year college or university in psychology, counseling, behavioral science, social work, criminal justice, juvenile justice, criminology, or a related field.

60899 Probation and Parole Officer, Trainee

Salary Range: (72) \$37,389.60 - \$56,726.40

This is specialized probation and parole work as a trainee that consists of formal on-the-job training of the policies and procedures associated with the supervision and rehabilitation of supervised adult offenders throughout the state of Alabama.

Qualifications: Graduation from an accredited four-year college or university.

Special Requirements: Applicants must possess a valid driver license at the time of their appointment. Applicants must successfully complete a background investigation.

Notes: Applicants must meet the minimum standards of the Alabama Peace Officers' Standards and Training Act during their probationary period.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

60932 Probation and Parole Specialist

Salary Range: (6366) \$29,215.20 - \$47,805.60

This is administrative work in preparing investigations to include pre-sentence and post-sentence investigation reports as required by the Department.

Qualifications: Bachelor's degree from an accredited four-year college or university.

⇒ **Note:** *Please review announcement for additional requirements needed to qualify for this classification.*

61101 Cosmetology and Barber Inspector

Salary Range: (5460) \$24,604.80 - \$41,277.60

This is field work in the inspection of cosmetology salons and schools of cosmetology for compliance with state licensing laws and regulations.

Qualifications: High school diploma or GED certificate.

Special Requirements: Applicants must possess, or have the ability to obtain, an Alabama driver's license.

61140 Home Builders Licensure Board Investigator

Salary Range: (7173) \$35,618.40 - \$59,556.00

This is professional work of a specialized and complex nature in a statewide program for home builder licensure, certification, and regulation.

Qualifications: Bachelor's degree from an accredited four-year college or university in building science or a related field and two years of responsible experience in different phases/trades of residential construction.

OR

High school diploma/GED certificate and six years of responsible experience in different phases/trades of residential construction.

**61155 Licensing/Regulatory Compliance Field Officer
Heating/Air Conditioning Option (409)**

Salary Range: (6970) \$33,921.60 - \$52,653.60

This is skilled, technical work performing inspections, investigations, and evaluations to ensure compliance with appropriate laws, regulations, or standards. Employees specialize in residential and light commercial heating, air conditioning, and refrigeration.

Qualifications: High school diploma or GED certificate and three years of experience in the installation, inspection, service, or repair of heating and air conditioning equipment.

Special Requirements: Qualified applicants must possess a Valid Alabama Driver's License. Qualified applicants must possess a State of Alabama Heating and Air Conditioning Certification. Qualified applicants must possess a State of Alabama Refrigeration Certification.

Extensive and/or overnight travel may be required.

Note: Applicants must include a copy of all certifications with their application.

**61155 Licensing/Regulatory Compliance Field Officer
Liquefied Petroleum Gas Option (411)**

Salary Range: (6970) \$33,921.60 - \$52,653.60

This is skilled, technical work performing inspections, investigations, surveys, and evaluations to ensure compliance with appropriate laws, regulations, or standards.

Qualifications: Graduation from High School or GED certificate, and three years of experience as a liquefied petroleum service repairman or inspector, or as a liquefied petroleum gas fuel truck deliveryman OR three years of experience as a certified fire investigator with experience in conducting investigations involving gas fires, explosions, or accidents.

Additional Requirement: Must be eligible for APOST certification from the Alabama Peace Officers Standards and Training Commission

Notes: Candidates who have current APOSTC certification may substitute that certification for one year of the required experience. Qualifying experience must have occurred within the past five years. This position requires extensive travel. Occasional overnight travel is required.

**61155 Licensing/Regulatory Compliance Field Officer
Veterinary Option (486)**

Salary Range: (6970) \$33,921.60 - \$52,653.60

This is skilled, technical work performing inspections, investigations, and evaluations to ensure compliance with appropriate laws, regulations, or standards. Employees specialize in residential and light commercial heating, air conditioning, and refrigeration.

Qualifications: High school diploma or GED certificate and two years of criminal/civil investigations or license/regulatory compliance.

Special Requirements: Qualified applicants must possess a Valid Alabama Driver's License.

Note: Extensive and/or overnight travel may be required.

61201 Loss Control Specialist

Salary Range: (76) \$45,532.80 - \$69,014.40

This is professional field work surveying state insured buildings and properties in order to identify physical hazards, report on any properties not yet insured, and investigate insurance claims resulting from property loss or damage.

Qualifications: Bachelor's degree from an accredited four-year college or university. Two years of experience in insurance property and casualty loss control/prevention or in related building construction.

Notes: Applicants who do not meet the above educational requirement may substitute appropriate full-time experience on a year-for-year basis. Extensive travel is required. Valid Alabama driver's license at time of appointment.

61210 Deputy State Fire Marshal/Insurance Fraud Investigator

Salary Range: (7375) \$39,280.80 - \$65,695.20

This is responsible investigational work in obtaining evidence as to the cause and origin of fires where arson is suspected or independently investigating suspected cases of insurance fraud.

Qualifications: High school diploma or GED certificate and five (5) years of experience conducting in-depth criminal or fire investigations.

Additional Requirements: Must meet the established requirements of the Alabama Peace Officers Standards and Training Act during the probationary period

Valid Alabama driver's license at time of appointment

Note: Completion of college-level coursework from an accredited college or university can substitute for up to four years of the required experience on a one year of college for one year of experience basis.

61309 Land Reclamation Inspector I

Salary Range: (68) \$33,081.60 - \$50,174.40

This is entry level inspection work assisting in the enforcement of state surface mining reclamation laws in an assigned district of the state.

Qualifications: Graduation from an accredited four-year college or university with major course work in agronomy, botany, agriculture, forestry, biology, conservation, geology, hydrology, ecology, mining engineering, environment, silviculture, chemistry, water resources or related natural sciences.

Candidates not possessing the four-year degree can substitute experience in one of the above fields for the required degree on a year-for-year basis.

Special Requirements: Possession of a valid Alabama driver's license. Applicants may be required to complete a 40-hour certification blasting training program during the probationary period.

**61311 Land Reclamation Inspector II
Hydrology Option (035)**

Salary Range: (7273) \$37,389.60 - \$59,556.00

This is responsible technical work in enforcing the state surface mine reclamation laws.

Qualifications: Bachelor's degree from an accredited four-year college or university with major coursework in hydrology. At least one year of experience in the practice of hydrology or work closely related to the study and analysis of water on land surfaces, in soil, and in underlying rock strata and water tables.

Note: Experience in the practice of hydrology or closely related work above the minimum will substitute for the required four-year degree on a year-for-year basis.

Special Requirements: Possession of a valid Alabama driver's license. Applicants may be required to complete a 40-hour certification blasting training program during the probationary period.

**61311 Land Reclamation Inspector II
Geology Option (036)**

Salary Range: (7273) \$37,389.60 - \$59,556.00

This is responsible technical work in enforcing the state surface mine reclamation laws.

Qualifications: Bachelor's degree from an accredited four-year college or university with major coursework in geology. At least one year of experience in geology or work closely related to the study of rock and mineral formations and strata and properties associated with the occurrence of various geological structures.

Note: Experience in geology or closely related work above the minimum will substitute for the required four-year degree on a year-for-year basis.

Special Requirements: Possession of a valid Alabama driver's license. Applicants may be required to complete a 40-hour certification blasting training program during the probationary period.

**61311 Land Reclamation Inspector II
Mining Engineering Option (037)**

Salary Range: (7273) \$37,389.60 - \$59,556.00

This is responsible technical work in enforcing the state surface mine reclamation laws or in developing projects for restoration of abandoned mine lands.

Qualifications: Bachelor's degree from an accredited four-year college or university with major coursework in mining engineering. At least one year of experience in mining engineering or work closely related to planning and implementing carefully engineered and executed mining designs, timetables, and associated plans.

Note: Experience in mining engineering or closely related work above the minimum will substitute for the required four-year degree on a year-for-year basis.

Special Requirements: Possession of a valid Alabama driver's license. Applicants may be required to complete a 40-hour certification blasting training program during the probationary period.

61311 Land Reclamation Inspector II
Science Option (074)

Salary Range: (7273) \$37,389.60 - \$59,556.00

This is responsible technical work in enforcing the state surface mine reclamation laws or in developing projects for restoration of abandoned mine lands.

Qualifications: Bachelor's degree from an accredited four-year college or university with major coursework in agronomy, botany, agriculture, forestry, biology, fish/wildlife biology, conservation, environment, silviculture, ecology, chemistry, water resources, or a closely related field. At least one year of experience in one of the above fields related to land reclamation or environmental restoration.

Note: Experience in one of the above fields related to land reclamation or environmental restoration above the minimum will substitute for the required four-year degree on a year-for-year basis.

Special Requirements: Possession of a valid Alabama driver's license. Applicants may be required to complete a 40-hour certification blasting training program during the probationary period.

61405 School Bus Equipment Inspector

Salary Range: (71) \$35,618.40 - \$53,976.00

This is technical fieldwork in the inspection of school buses for compliance with construction, maintenance, and safety standards as required by state and federal laws and regulations.

Qualifications: Eight years of experience as an auto or truck mechanic OR six years of experience as a school bus mechanic's helper OR Completion of technical school training in automotive mechanics.

Special Requirements: Eligibility to obtain a valid Commercial Driver's License (CDL), School Bus Driver's Certificate, and an Alabama School Bus Mechanic's Certificate. Considerable overnight travel required.

61407 Revenue Motor Vehicle Inspector

Salary Range: (67) \$32,280.00 - \$48,974.40

This is responsible technical field inspection work ensuring compliance with applicable revenue laws concerning salvage automobiles.

Qualifications: Graduation from high school with a diploma or GED certificate and completion of technical school training in automotive mechanics

OR

One year of automotive mechanic experience in areas such as inspection, repair, and identification of motor vehicle parts.

61451 Pipeline Safety Investigator

Salary Range: (6972) \$33,921.60 - \$56,726.40

This is technical work in enforcing standards for the transportation of natural hazardous liquids and other gas by pipelines.

Qualifications: Bachelor's degree from an accredited college or university in engineering.

Note: Applicants must possess a valid Alabama driver license at the time of appointment. Extensive statewide and nationwide overnight travel is required.

61610 Child Labor Inspector

Salary Range: (66) \$31,468.80 - \$47,805.60

This is inspectional work in enforcing the standards of the state child labor laws.

Qualifications: Bachelor's degree from an accredited four-year college or university with a degree in any major.

61618 Manufactured Housing Inspector

Salary Range: (70) \$34,761.60 - \$52,653.60

This is skilled journey-level inspection work of manufactured housing and buildings.

Qualifications: High School Diploma or GED certificate.

AND

Three years of experience working in the manufactured housing industry as a certified (by the Alabama Manufactured Housing Commission) installer, certified heating and air conditioning technician, certified electrical technician, certified plumbing technician, quality control inspector, service manager, service representative, or salesperson; a HUD approved agency employee whose primary responsibility is enforcing federal and state construction and safety standards in manufactured homes; or an operator of earth moving equipment to prepare sites for manufactured housing.

OR

Six years of experience as a supervisory detective/investigator for a law enforcement agency.

61640 Elevator/Boiler Inspector

Salary Range: (7374) \$39,280.80 - \$62,529.60

This is specialized regulatory work in performing inspections of boilers, pressure vessels, and/or public elevators and related equipment to ensure compliance with required operational and safety codes and standards.

Qualifications: High school diploma or GED certificate and two years of experience in the maintenance, repair, installation, or inspection of boilers and pressure vessels and/or public elevators and similar equipment.

Additional Requirements: Some positions require the ability to obtain, during the probationary period, and maintain certification as a Boiler and Pressure Vessel Inspector by the National Board Commission. Some positions require the ability to obtain, during the probationary period, and maintain the State Elevator Inspector Certificate.

Special Requirement: Possession of a valid Alabama driver license at the time of appointment.

61660 ABC Licensing Inspector

Salary Range: (68) \$33,081.60 - \$50,174.40

This is administrative and field inspection work coordinating with business owners, civic groups, law enforcement agencies, and the general public as required to provide guidance and ensure compliance with state alcoholic beverage laws and ABC Board Rules and Regulations.

Qualifications: Bachelor's degree from an accredited four-year college or university in Business Administration, Public Administration, or a closely related field.

Special Requirements: Extensive Travel and Valid Alabama driver license at time of appointment.

61661 ABC Licensing Inspector, Senior

Salary Range: (72) \$37,389.60 - \$56,726.40

This is fully-functioning professional and administrative field inspection work coordinating with business owners, civic groups, law enforcement agencies, and the general public as required to provide guidance and ensure compliance with state alcoholic beverage laws and ABC Board Rules and Regulations.

Qualifications: Bachelor's degree from an accredited four-year college or university in Business Administration, Public Administration, or a closely related field and two years of responsible experience performing alcohol/tobacco licensing and compliance work.

Special Requirements: Extensive Travel and Valid Alabama driver license at time of appointment.

VII. Agriculture, Forestry and Conservation

**70106 Consumer Food Safety Protection Specialist
Meat Inspection Option (209)**

Salary Range: (6468) \$29,959.20 - \$50,174.40

Meat Inspectors perform inspections to determine sanitary conditions of slaughtering and processing establishments in enforcing state laws, standards and regulations pertaining to livestock and poultry and their by-products for human consumption.

Qualifications: High school diploma or GED certificate and two years of experience in the meat or poultry industry performing duties such as production or quality control work in a poultry plant, slaughtering, meat cutting, meat processing, boning or curing, sausage making or packaging in wholesale or retail meat plants including one year of experience administering and/or monitoring a Hazard Analysis Critical Control Point (HACCP) inspection system or similar perishable food product quality control system.

Note: A Bachelor's degree from an accredited four-year college or university in microbiology, food technology, meat science, food science or food sanitation may substitute for the required work experience.

**70106 Consumer Food Safety Protection Specialist
Food and Drug Inspection Option (257)**

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is inspectional work in determining compliance with federal and state laws and regulations regarding foods and drugs.

Qualifications: High school diploma or GED certificate and two years in the manufacture or sale of food or drug products.

Note: College coursework from an accredited college or university including at least one (1) course in Microbiology, Biology, Chemistry, Environmental Science, or Physical Science may substitute for the required experience on a year-for-year basis. One year of college coursework is equivalent to 30 semester hours or 45 quarter hours.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

**70107 Agricultural and Consumer Protection Specialist
Plant and Pesticide Option (258)**

Salary Range: (6468) \$29,959.20 - \$50,174.40

Agricultural Inspectors conduct inspections and surveys of one or more types of agriculture or related industries to determine regulatory compliance in such areas as registration, labeling, and handling.

Qualifications: High school diploma or GED certificate and two years of pesticide experience or experience in an agricultural related position such as producing, processing, manufacturing, marketing, inspecting, or quality control of agricultural commodities.

Note: College coursework from an accredited college or university, including at least three courses in Chemistry, Biology, Plant Science, or a closely related field, may substitute for the required experience on a year-for-year basis. One year of college coursework is equivalent to 30 semester hours or 45 quarter hours.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

70107 Agricultural and Consumer Protection Specialist

Seed Analyst Option (259)

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is standardized laboratory and sampling work in performing agricultural seed analysis. Employees conduct seed germination and purity tests.

Qualifications: High school diploma or GED certificate and two years of technical laboratory experience.

Note: College coursework from an accredited college or university, including at least four courses in Plant or Agricultural Science or a closely related science field may substitute for the required experience on a year-for-year basis. One year of college coursework is equivalent to 30 semester hours or 45 quarter hours.

70107 Agricultural and Consumer Protection Specialist

Gins and Warehouses Option (301)

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is field investigative work in the enforcement of laws and regulations governing gins and warehouses.

Qualifications: High school diploma or GED certificate and two years of warehouse inventory experience OR two years of experience in the grain or cotton industry to include six months of bookkeeping experience

Note: College coursework from an accredited college or university, including at least one course in accounting or mathematics, may substitute for the required experience on a year-for-year basis. One year of college coursework is equivalent to 30 semester hours or 45 quarter hours.

Special Requirement: Applicants must possess a valid Driver License.

70107 Agricultural and Consumer Protection Specialist

Livestock and Poultry Option (303)

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is technical and specialized work involving a variety of animal disease prevention, control, education, and marketing activities.

Qualifications: High school diploma or GED certificate and two years of experience in the production, health care, grading, inspecting, or marketing of livestock and/or poultry.

Note: College coursework from an accredited college or university, including at least three (3) courses in Animal Health Technology, Animal Science, or Livestock Production may substitute for the required experience on a year-for-year basis. One year of college coursework is equivalent to 30 semester hours or 45 quarter hours.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

70108 Consumer Weights and Measures Protection Specialist

Heavy Duty Weights and Measures Option (249)

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is specialized work in the inspection and enforcement of laws and regulations concerning weights and measures.

Qualifications: High school diploma or GED certificate and two years of experience installing, calibrating, and repairing heavy weight scales such as truck scales, stockyard scales and poultry scales.

Note: College coursework from an accredited college or university, including at least 3 courses in mathematics and/or physical science, may substitute for the required experience on a year-for-year basis.

70108 Consumer Weights and Measures Protection Specialist

Light Weights and Measures Option (250)

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is specialized work in the inspection and enforcement of laws and regulations concerning weights and measures.

Qualifications: High school diploma or GED certificate and two (2) years of experience in weights and measures inspection work or in the repair and maintenance of mechanical weights and measuring devices such as meters, gauges, pumps, scales or similar mechanical measuring devices (Light Weights & Measures Option). College coursework from an accredited college or university, including at least 3 courses in mathematics and/or physical science, may substitute for the required experience on a year-for-year basis.

70115 Agriculture and Industries Supervisor

Plant and Pesticide Option (258)

Salary Range: (7174) \$35,618.40 - \$62,529.60

This is professional and administrative inspection and supervisory work in a plant and pesticide program.

Qualifications: Bachelor's degree from an accredited college or university with major coursework in Agricultural Sciences, Biological Science, Physical Science, Food Science, Botany, Plant Pathology, Entomology, or a closely related field.

Three (3) years of experience performing inspection/enforcement or compliance review activities in a plant and pesticide program area.

NOTE: Applicants who do not meet the above educational requirement may substitute appropriate full-time experience on a year-for-year basis (e.g., one year of experience equals one year of education).

One year of substituted experience is equivalent to 30 semester hours of college coursework (please list appropriate coursework on application).

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

70180 Shipping Point Inspector

Salary Range: (6468) \$29,959.20 - \$50,174.40

This is entry to journey level regulatory enforcement work in the grading and weighing of grain and in the grading of produce, peanuts and tree nuts.

Qualifications: High school diploma or GED certificate and one-year full-time experience in sampling or inspecting grain, produce, peanuts, tree nuts or fruits and vegetables

Special Requirements: Qualified applicants must have a valid Alabama Driver's License. In addition, applicants must have a valid license issued by the U.S. Department of Agriculture to inspect commodities to be graded and/or Good Handling Agricultural Auditor License.

70230 Animal Industry Veterinarian

Salary Range: (80) \$55,327.20 - \$84,350.40

This is professional veterinary work in the identification, prevention and control of livestock and poultry diseases.

Qualifications: Graduation from an accredited school of veterinary medicine with a degree as a Doctor of Veterinary Medicine. Eligibility for licensure as a registered veterinarian issued by the Alabama State Board of Veterinary Medical Examiners.

70410 Forest Ranger/Technician

Salary Range: (61) \$27,804.00 - \$42,290.40

This is beginning through full performance level forestry work in the fields of forest management, fire prevention and suppression, forest resource planning, forest insect and disease control and information and education.

Qualifications: High School Diploma or GED, and Applicants must also have one of the following to qualify:

- One (1) year of forestry related work experience.
- One (1) year of firefighting experience.
- One (1) year of experience in the operation and maintenance of equipment such as trucks, tractors, transports, crawlers, and bulldozers.
- Associate degree in Forestry, Forest Technology, or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70413 Forestry Specialist

Salary Range: (65) \$30,703.20 - \$46,663.20

This is specialized and/or supervisory work in developing, coordinating and/or implementing forestry programs within an assigned county.

Qualifications: Graduation from an approved two-year college with a degree in Forest Technology, Forestry, Forest Management, or a closely related forestry field and Two (2) years of experience in forestry work

For the promotional register, applicants must have current permanent status as a Forest Ranger/Technician.

Note: Education or experience above the minimum may be substituted for the required education/experience on a year for year basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70428 Natural Resources Specialist

Salary Range: (63) \$29,215.20 - \$44,404.80

This is entry level professional work in the development and control forest conservation, environmental protection and participating in the protection of forest resources.

Qualifications: Graduation from an accredited four-year college or university with a degree in timber harvesting management, forestry, forest management, or other closely related forestry field.

Special Requirement: Possession of a valid Alabama driver's license.

70429 Forester

Salary Range: (7273) \$37,389.60 - \$59,556.00

This is beginning through full performance level professional work in the fields of forest protection, management, or nursery management.

Qualifications: Bachelor's degree in Forestry, Forest Management, or a closely related field from an accredited four-year college or university.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70509 Lands Inspector Trainee

Salary Range: (47) \$21,194.40 - \$29,959.20

This is responsible manual field work.

Qualifications: High school diploma or GED certificate and six months experience in the timber or forest land management field. Courses in silviculture, mensuration and fire control may substitute for experience.

Inland Fish Option (046)

Salary Range: (6973) \$33,921.60 - \$59,556.00

This is limited management and scientific research work in the study, development, and improvement of state inland fish resources.

Qualifications: Bachelor's degree from an accredited four-year college or university with major course work in Fisheries Management, Fisheries Science, Aquaculture, Aquatic Biology, Ichthyology, or a closely related field.

Special Requirements: Qualified applicants must meet the education requirements for certification as an Associate Fisheries Professional (AFP) by the American Fisheries Society. The American Fisheries Society's requirements for certification as an Associate Fisheries Professional can be found at <http://fisheries.org/>.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70721 Biologist I

Marine Option (047)

Salary Range: (6973) \$33,921.60 - \$59,556.00

This is limited management and scientific research work in the study, development, and improvement of marine resources.

Qualifications: Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in marine biology, fisheries biology or closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**70721 Biologist I
Ecology Option (048)**

Salary Range: (6973) \$33,921.60 - \$59,556.00

This is limited management and scientific research work in the study, development, and improvement of state's water and biological marine resources.

Qualifications: Bachelor's degree from an accredited four-year college with major course work in wildlife management, limnology, botany, zoology, field biology, ecology or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**70721 Biologist I
Natural Resources Option (319)**

Salary Range: (6973) \$33,921.60 - \$59,556.00

This is limited management and scientific research work in the study, development, and improvement of state natural resources.

Qualifications: Bachelor's degree from an accredited four-year college or university in natural resource management, biology, environmental science, wildlife biology, botany, zoology, ecology, or closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

Special Requirements: Some options may require professional certification in the area of specialization.

**70721 Biologist I
Non-Game Wildlife Option (462)**

Salary Range: (6973) \$33,921.60 - \$59,556.00

This is limited management and scientific research work in the study, development, and improvement of state fish, wildlife, marine, and plant resources.

Qualifications: Bachelor's degree from an accredited college or university in Wildlife Science, Wildlife Management, Zoology, Ecology, Biology, or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

**70722 Biologist II
Option – Wildlife (045)**

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management or research work in the study, development and improvement of state wildlife resources

Qualifications: Bachelor's degree from an accredited college or university in Wildlife Science, Wildlife Management or a closely related field and two years of professional experience in wildlife management and/or wildlife research

OR

Master's degree from an accredited college or university in Wildlife Science, Wildlife Management or a closely related field

Special Requirements: Qualified applicants must meet the education requirements for certification as an Associate Wildlife Biologist by the Wildlife Society. The Wildlife Society's requirements for certification as an Associate Wildlife Biologist can be found at <http://wildlife.org/>.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II
Inland Fish Option (046)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and scientific research work in the study, development, and improvement of state aquatic resources.

Qualifications: Bachelor's degree from an accredited four-year college or university in Fisheries Management, Fisheries Science, Aquaculture, or a closely related biological field and two years of professional experience in inland fish research, management, or aquaculture (qualifying experience includes work with fish, mussels, snails, and/or crayfish)

OR

Master's degree from an accredited college or university in Fisheries Management, Fisheries Science, or Aquaculture.

Special Requirements: Qualified applicants must meet the education requirements for certification as an Associate Fisheries Professional (AFP) by the American Fisheries Society. The American Fisheries Society's requirements for certification as an Associate Fisheries Professional can be found at <http://fisheries.org/>.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II
Marine Option (047)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and scientific research work in the study, development, and improvement of state marine resources.

Qualifications: Graduation from an accredited college or university with a bachelor's degree in Marine Biology, Fisheries Biology, or a closely related field and two years of experience performing biological research in marine biology.

OR

Graduation from an accredited college or university with a master's degree in Marine Biology, Fisheries Biology, or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II
Ecology Option (048)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and resource work in the study, development, and improvement of state wildlife and plant resources.

Qualifications: Bachelor's degree from an accredited four-year college or university in Wildlife Management, Limnology, Botany, Zoology, Field Biology, Ecology, or a closely related field, and two years of experience performing biological research in field biology or in a plant or animal ecology.

OR

Master's Degree in Wildlife Management, Limnology, Botany, Zoology, Field Biology, Ecology, or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II

Plant and Pesticide Option (258)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and research work in an agricultural pesticide or plant protection program.

Qualifications: Bachelor's Degree from an accredited college or university in Biology, Environmental Science, Ecology or a closely related field, and two years of experience conducting plant and pesticide biological research or enforcing pesticide related agricultural laws related to the manufacture, storage, sale and/or use of chemical pesticides

OR

Graduation from an accredited college or university with a master's degree in Biology, Environmental Science, Ecology or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II

Natural Resources Option (319)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and scientific research work in the study, development, and improvement of state fish, wildlife, marine, and plant resources.

Qualifications: Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in wildlife management, fisheries management, marine biology, zoology, botany, ecology, limnology, or field biology.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II

Entomology Option (327)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and scientific research work in monitoring and controlling vector borne infectious diseases as the State Vector Control Coordinator.

Qualifications: Bachelor's degree from an accredited college or university in Animal Science, Entomology, Biology, Zoology, , Field Biology, or a closely related field and two years of experience in the general area of medical entomology performing such duties as conducting a program of vector control or conducting ecological research related to vector management and abatement.

OR

Master's degree from an accredited college or university in Entomology.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70722 Biologist II

Non-Game Wildlife Option (462)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is management and scientific research work in the study, development, and improvement of wildlife resources.

Qualifications: Bachelor's degree from an accredited college or university in Wildlife Science, Wildlife Management, Zoology, Ecology, Biology, or a closely related field and two years of professional experience in wildlife management and/or wildlife research

OR

Master's degree from an accredited college or university in Wildlife Science, Wildlife Management, Zoology, Ecology, Biology, or a closely related field

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

70798 Conservation Enforcement Officer, Trainee

Salary Range: (72) \$37,389.60 - \$56,726.40

This is specialized work in the enforcement of state conservation laws pertaining to game and fish, seafood, water safety, and parks and limited management and scientific research work in the study, development and improvement of state wildlife resources.

Qualifications: High school diploma or GED certificate.

VIII. Services

80101 Custodial Worker

Salary Range: (39) \$18,288.00 - \$24,604.80

This is manual work involving the custodial care of state buildings and premises, including cleaning, maintenance, and minor repair work on buildings, equipment, fixtures, and grounds.

Qualifications: Six months of experience in janitorial work, grounds, maintenance or related work.

Note: Application should be made directly to the agency of interest.

80111 Building Custodian I

Salary Range: (48) \$21,715.20 - \$30,703.20

This is responsible semi-skilled work supervising the custodial care and maintenance of a public building.

Qualifications: One year of experience in janitorial or general cleaning work and routine building maintenance tasks.

Note: Application should be made directly to the agency of interest.

80211 Laundry Worker I

Salary Range: (39) \$18,288.00 - \$24,604.80

This is routine work in performing repetitive manual or machine operation tasks in an institution laundry.

Qualifications: Completion of the eighth school grade.

Note: Application should be made directly to the agency of interest.

80221 Laundry Manager I

Salary Range: (55) \$25,207.20 - \$36,492.00

This is responsible supervisory work over the operation of an institutional laundry.

Qualifications: High school diploma or GED certificate and two years' experience in laundry operations.

80301 Food Service Worker

Salary Range: (38) \$17,848.80 - \$23,997.60

This is routine work in the preparation and serving of food and related manual tasks in kitchens, dining rooms, and wards.

Qualifications: Completion of the eighth school grade.

Special Requirement: Possession of or the ability to obtain a valid health certificate issued by the county health department.

Note: Application should be made directly to the agency of interest.

80321 Cook I

Salary Range: (42) \$19,214.40 - \$26,474.40

This is routine cooking in an institutional kitchen.

Qualifications: Completion of the eighth school grade and 6 months experience in cooking or food preparation in a commercial or institutional kitchen.

80341 Steward I

Salary Range: (61) \$27,804.00 - \$42,290.40

This is supervisory work in the preparation and service of food in a state prison, work release center, or other institution.

Qualifications: High school diploma or GED certificate and two years of experience preparing full course meals in full-service food establishment.

Note: Fast food experience is not considered qualifying experience.

80342 Steward II

Salary Range: (64) \$29,959.20 - \$45,532.80

This is supervisory work in the preparation and service of food in a state prison, work release center, or other state institution.

Qualifications: High school diploma or GED certificate and three years of experience in preparing full course meals in a full-service food establishment.

Note: Fast food experience is not considered qualifying experience.

80401 Barber

Salary Range: (4952) \$22,276.80 - \$33,921.60

This is skilled barbering work in a state mental institution.

Qualifications: Graduation from a recognized barber college or completion of a state approved technical school program of barber training.

80412 Beautician

Salary Range: (4952) \$22,276.80 - \$33,921.60

This is skilled work in providing hair care and personal grooming to patients in an institution beauty shop.

Qualifications: High school diploma or GED certificate supplemented by graduation from a recognized school of beauty or cosmetology.

Special Requirement: Possession of a license as a cosmetologist as issued by the Alabama State Board of Cosmetology.

IX. Maintenance and Operations

90103 Utility Laborer

Salary Range: (44) \$20,174.40 - \$27,804.00

This is semi-skilled and manual labor.

Qualifications: One year of semi-skilled work experience in a building or mechanical trade OR one year of semi-skilled work experience operating equipment such as tractors or forklifts.

Note: Application should be made directly to the agency of interest.

90140 Grounds Worker

Salary Range: (46) \$20,671.20 - \$29,215.20

This is semi-skilled work in the care of the grounds of a state institution, public building, state park, or historical site.

Qualifications: Completion of the sixth school grade and two years of experience in grounds keeping and gardening work.

Note: Application should be made directly to the agency of interest.

90142 Grounds Maintenance Crew Leader

Salary Range: (52) \$23,397.60 - \$33,921.60

This is skilled work and involves supervising the care of landscaped grounds at state institutions, office building complexes, and park areas.

Qualifications: High school diploma or GED certificate and two (2) years of recent experience in caring for, planting, and cultivating plants and shrubs in landscaped grounds (Recent work experience is experience gained within the last ten (10) years)

Special Requirements: Applicants must possess a valid driver's license issued by the Alabama Department of Public Safety at time of appointment.

90219 Underwater Bridge Inspector I

Salary Range: (69) \$33,921.60 - \$51,400.80

This is specialized work in the commercial diving field of underwater bridge inspection.

Qualifications: A High School course in English and a course in math supplemented by graduation from a commercial diving school or equivalent military diving school.

Notes: This position requires extensive overnight travel. Applicants must also possess an Alabama Driver's License and be eligible for an Alabama boat operator license at the time of appointment. Acceptable commercial diving schools are those accredited by the Association of Commercial Diving Educators or their equivalency.

90230 Automated Transportation System Maintenance Specialist

Salary Range: (6768) \$32,280.00 - \$50,174.40

This is responsible work performing installation, maintenance, and repair of electrical, electronic, and mechanical systems and devices that are utilized in the operation of an Automated Transportation System.

Qualifications: High School Diploma or GED certificate and three years of experience in the maintenance and repair in at least two of the following areas: industrial electrical, electronic, or mechanical systems. Experience should include the maintenance and repair of equipment such as pumps, generators, power distribution systems, AC/DC electrical systems, and electronic systems and controls.

OR

Successful completion of an associate degree at an accredited institution in Industrial Electricity/Electronics and two years of experience in the maintenance and repair in at least two of the following areas: industrial electrical, electronic, or mechanical systems. Experience should include the maintenance and repair of equipment such as pumps, generators, power distribution systems, AC/DC electrical systems, and electronic systems and controls.

Special Requirements: Applicants may be required to possess a valid Commercial Driver's License (CDL) at the time of employment.

90234 Automated Transportation System Operator

Salary Range: (66) \$31,468.80 - \$47,805.60

This is responsible work monitoring traffic flow and dispatching appropriate response personnel to incidents within the Automated Transportation System (ATS) coverage area.

Qualifications: High School Diploma or GED certificate.

OR

One year of experience in the operation of electronic equipment such as surveillance systems, motor controls, communications equipment, computer systems, and emergency power systems as needed to monitor roadways and/or facilities and dispatch appropriate personnel in accordance to departmental rules and regulations.

OR

One year of experience responding to emergency traffic situations and incidents to include experience communicating with emergency response personnel and establishing emergency traffic control procedures.

OR

One year of experience responding to routine or emergency traffic situations and incidents to include experience managing traffic on scene and setting up temporary traffic control devices

Note: Communications equipment is defined as two-way radio systems and/or public-address systems.

90241 Transportation Worker

Salary Range: (48) \$21,715.20 - \$30,703.20

This is varied manual work performing a variety of routine tasks ranging from simple unskilled manual work to the operation of various pieces of simple mechanized equipment at the Alabama Department of Transportation.

Qualifications: Completion of Eighth Grade

Note: In order to be considered for employment in this class, applicants must apply directly to the Alabama Department of Transportation. State Personnel does not accept applications for this job class.

90244 Transportation Maintenance Technician I*Salary Range:* (5657) \$25,207.20 - \$38,335.20

This is skilled light to heavy equipment operation in connection with the maintenance and construction of highway facilities.

Qualifications: Completion of Eighth Grade

Notes: Applicants must apply directly to the Alabama Department of Transportation. State Personnel does not accept applications for this job class. Appointment to this class will be made on a conditional basis. A Commercial Driver License (CDL) must be obtained during the probationary period. In order to remain in this class, an employee must maintain a valid CDL.

90311 Equipment Operator I*Salary Range:* (48) \$21,715.20 - \$30,703.20

This is semi-skilled work in the operation of automotive type equipment and heavy equipment.

Qualifications: Completion of the Eighth grade and one year of experience in commercial truck/bus driving, heavy equipment operation, forklift, wrecker or related experience.

To be considered (selectively certified) for positions that require a Commercial Driver License, you must possess a valid license and complete the "Professional License or Certificate" section of the application. Employees may work irregular hours and be subject to 24 hour on-call. Overnight travel may be required by some departments. There may also be special licenses that the department will require.

90312 Equipment Operator II*Salary Range:* (54) \$24,604.80 - \$35,618.40

This is semi-skilled work in the operation of automotive type equipment and heavy equipment.

Qualifications: Completion of the eighth grade and one year of combined experience operating at least two of the pieces of equipment listed below

OR two years of experience operating one of the pieces of equipment listed below

PIECES OF EQUIPMENT

Tractor Trailer/Semi	Bulldozer	Backhoe	Front-End Loader
Grader	Forklift	Dump Truck	Skid-steer Loader
Pallet Jack	Bush Hog	Cherry Picker	Cutter
Lift Bucket			

Notes: Some positions will require possession of or performance of the following: Alabama Driver's License, Commercial Driver's License, Alabama Boat Operator's License, Travel/Overnight Travel, Ability to lift and carry 50 pounds, Work in all weather conditions, Traverse uneven terrain, Use, surveying equipment, Swimming, Stand for long periods of time in heat and humidity, Construct and inspect boat ramps.

To be considered (selectively certified) for positions that require a CDL, you must possess a valid CDL and you must complete the "professional License or Certificate" section of the application.

90355 Unmanned Aerial System Operator*Salary Range:* (7073) \$34,761.60 - \$59,556.00

This is specialized work in the operation of Unmanned Aerial Systems.

Qualifications:

High school diploma or GED certificate and possession of a Remote Pilot Certificate (Part 107) from the FAA

Note: Must possess a valid Alabama Driver's License at the time of appointment.

90356 Unmanned Aerial System Operator, Senior

Salary Range: (81) \$58,128.00 - \$88,538.40

This is responsible technical and administrative work directing the Unmanned Aerial System (UAS) Program for the Alabama Department of Transportation.

Qualifications:

High school diploma or GED, six (6) months of experience in collecting data utilizing an Unmanned Aerial System, and possession of a Remote Pilot Certificate (Part 107) from the FAA

Note: Experience above the minimum can be substituted for the required education on the basis of one year of experience for each year of college.

Additional Requirement: Possession of a valid Alabama driver license at the time of appointment.

90405 Auto Body Repairer

Salary Range: (58) \$26,474.40 - \$39,280.80

This is skilled body and fender work at the journeyman level.

Qualifications: High school diploma or GED certificate and two years of experience as a body and fender mechanic.

Additional Requirement: Qualified applicants are required to acquire and maintain a valid Alabama Driver's License.

Note: An associate degree in Automotive Technology – Body Repair from an accredited technical school can substitute for up to one year of the required experience.

90422 Aircraft Mechanic

Salary Range: (7476) \$41,277.60 - \$69,014.40

This is specialized work in the mechanical maintenance and repair aircraft.

Qualifications: High school diploma or GED certificate.

Possession of an Airframe and Powerplant License issued by the Federal Aviation Administration (FAA) (copy must be included with the application.) and two (2) years of experience in the maintenance and repair of fixed and/or rotary wing aircraft.

Notes: Some positions may require a Class B Commercial Driver License (CDL) with Hazardous Tank Endorsement be obtained during the probationary period. Some positions may require a Class D Driver License. Some positions may require successful completion of a background investigation.

90428 Service Patrol Operator

Salary Range: (5860) \$26,474.40 - \$41,277.60

This is repair and service patrol work in curtailing traffic congestion and providing incident control until proper authorities arrive.

Qualifications: High school diploma or GED certificate.

Special Requirement: Applicants must possess a valid Alabama driver's license at the time of their appointment.

Notes: (1) At the time of appointment, applicants must have the ability to climb, stoop, or crouch. (2) Employees in this classification workday or evening shifts, and/or weekends, holidays, and emergencies. (3) Employees must be able to work in all weather conditions.

Special Requirement: Applicants must possess a valid Alabama driver's license at the time of their appointment.

90445 Equipment Mechanic

Options– General (003), Marine (047)

Salary Range: (6364) \$29,215.20 - \$45,532.80

This is skilled, journeyman level mechanical work in the maintenance and repair of various types of automotive, heavy construction and/or marine equipment and patrol vehicle.

Qualifications: Completion of the 10th school grade and two years of experience in the maintenance and repair of heavy construction and/or automobile equipment.

OR

Associate degree or Certificate from an approved technical or trade school in diesel or auto mechanics.

90446 Equipment Mechanic, Senior

Option – General (003)

Salary Range: (6668) \$31,468.80 - \$50,174.40

This is advanced journeyman level work performing the most complex maintenance and repairs on automotive, heavy construction, and/or patrol vehicles and equipment.

Qualifications: Completion of the 10th school grade and four years of experience in the maintenance and repair of heavy construction and/or automobile equipment.

OR

Associate degree or Certificate from an approved technical or trade school in diesel or auto mechanics and two years of experience in the maintenance and repair of heavy construction and/or automobile equipment.

90446 Equipment Mechanic, Senior

Option – Marine (047)

Salary Range: (6668) \$31,468.80 - \$50,174.40

This is advanced journeyman level work performing maintenance and repairs on marine engines and equipment.

Qualifications: Completion of the 10th grade and four years of experience in the maintenance and repair of marine engines and equipment.

OR

Associate degree or Certificate from an approved technical or trade school in marine equipment maintenance and repair, and two years of experience in the repair of marine engines and equipment.

90450 Equipment Repair Supervisor

Salary Range: (7072) \$34,761.60 - \$56,726.40

This is skilled and supervisory mechanical work in directing and participating in the maintenance and repair of a wide variety of automotive equipment.

Qualifications: High school diploma or GED certificate and considerable recent experience as a journeyman mechanic in the maintenance of diesel and gasoline-powered equipment.

90501 Maintenance Repairer

Salary Range: (50) \$22,821.60 - \$32,280.00

This is semi-skilled maintenance and repair work in the building, mechanical or electrical trades.

Qualifications: One year of experience in general maintenance work involving the building, electrical or mechanical trades.

Note: Applicants must provide a detailed description of their experience to include listing the trade and the general maintenance work performed in the trade.

Additional Requirement: Valid Alabama driver's license at time of appointment.

90503 Plant Maintenance Worker

Salary Range: (58) \$26,474.40 - \$39,280.80

This is semi-skilled general maintenance and repair work performing building repair or installation work.

Qualifications: Completion of tenth grade and two years of experience in at least 2 building trades.

90507 Heating and Air Conditioning Technician I

Salary Range: (60) \$27,804.00 - \$41,277.60

This is responsible technical work in the installation, operation, and maintenance of air conditioning, heating, and ventilating systems in state buildings.

Qualifications: High school diploma or GED certificate; three years of experience in the maintenance and repair of commercial heating and cooling equipment. Possession of Type I and Type II EPA Certification for Proper Refrigeration Practices.

90508 Heating and Air Conditioning Technician II

Salary Range: (62) \$28,492.80 - \$43,346.40

This is advanced technical work in the efficient operation and maintenance of large and complex central air conditioning, heating, and ventilating equipment in a group of State buildings.

Qualifications: High school diploma or GED certificate and five years of experience in the maintenance and repair of commercial heating and cooling equipment.

Notes: Graduation from a trade school with an associate degree in heating and cooling technology will substitute for one year of the experience. Possession of Type III EPA or Universal EPA Certification for Proper Refrigeration Practices.

90530 Painter

Salary Range: (59) \$27,129.60 - \$40,286.40

This is skilled work at the journeyman level in painting and finishing buildings and other structures of equipment.

Qualifications: Completion of the tenth school grade and completion of a two-year apprenticeship in the painter trade.

90540 Plumber

Salary Range: (60) \$27,804.00 - \$41,277.60

This is skilled plumbing work at the journeyman level performing maintenance and repairs of water, gas, sewage, and steam heating plumbing facilities.

Qualifications: High school diploma or GED certificate and completion of a four-year apprenticeship in the plumbing trade.

90542 Plumber Supervisor

Salary Range: (64) \$29,959.20 - \$45,532.80

This is skilled and supervisory work in the plumbing trade determining work methods and participating in the work of the trade.

Qualifications: High school diploma or GED certificate and three years of experience in the plumbing trade at the journeyman level.

90552 Maintenance and Repair Supervisor

Salary Range: (61) \$27,804.00 - \$42,290.40

Employees in this class are responsible for maintenance work involving a variety of mechanical, electrical, and building trades.

Qualifications: High School diploma/GED certificate and two years of experience in a "building trade" or small engine repair.

OR

Trade school graduation in a "building trade".

Note: "Building trade" is defined as fields such as electricity, carpentry, plumbing, and heating/air conditioning.

90564 Traffic Sign Painter I

Salary Range: (4856) \$21,715.20 - \$37,389.60

This is semi-skilled work in connection with the fabrication of highway signs.

Qualifications: Completion of high school level courses in English and Math.

Note: Completion of one of each of the courses listed is required.

90570 Carpenter

General Option (003)

Salary Range: (59) \$27,129.60 - \$40,286.40

This is skilled work at the journeyman level involving rough and finished carpentry.

Qualifications: General Option High school diploma or GED certificate plus at least six months experience as a journeyman carpenter.

90570 Carpenter

Restoration Option (375)

Salary Range: (59) \$27,129.60 - \$40,286.40

This is skilled work at the journeyman level involving rough and finished carpentry.

Qualifications: High school diploma or GED certificate plus at least six months experience as a journeyman carpenter on a recognized historic building restoration under the direction of a historical agency or foundation or an architect specializing in historic restoration.

90574 Cabinetmaker

Salary Range: (62) \$28,492.80 - \$43,346.40

Employees in this class perform skilled hand and bench cabinetmaking duties including the operation of power-drawn woodworking machinery and may involve various types of finish carpentry work on buildings.

Qualifications: Graduation from high school or GED certificate and 2 years of experience in cabinetmaking or furniture making and 2 years of supervisory experience.

90582 Electrician

Salary Range: (61) \$27,804.00 - \$42,290.40

This is skilled work at the journeyman level in directing and performing work involving the installation, alteration, maintenance, and repair of electrical systems, equipment, and fixtures.

Qualifications: Graduation from high school or GED certificate and completion of a three-year apprenticeship in the trade.

Note: Graduation from a two-year vocational-technical school in the electrical trade may substitute for the required experience.

90584 Electrician Supervisor

Salary Range: (65) \$30,703.20 - \$46,663.20

Employees in this class are responsible for planning, organizing, and directing the work of all personnel engaged in the installation, maintenance, and repair of electrical and electronic equipment and systems at a large state facility.

Qualifications: High school diploma/GED certificate and five (5) years' experience as a Journey level electrician.

Notes: Graduation from a two-year vocational/technical school as an HVAC Technician or an Electronics Technician may substitute for one year of the required experience. Some positions require supervision of inmates at a state correctional facility.

90594 Docks Production Maintenance Supervisor

Option: General (003)

Salary Range: (7475) \$41,277.60 - \$65,695.20

This is responsible supervisory work in the maintenance, repair, adjustment, and replacement of mechanical and/or electrical components for equipment used in maritime/port operations.

Qualifications: High school diploma or GED certificate and five years of experience in the maintenance, repair, adjustment and replacement of mechanical and/or electrical components for equipment used in maritime/port operations such as heavy cranes, conveyor systems, generators, compressors, front end loaders, bull dozers, dump trucks and other diesel and gasoline powered rolling stock including three of the above five years in a supervisory capacity which included assigning tasks, evaluating employees, and recommending hiring, discharge, and discipline of employees.

Notes: Candidates must list on their application any training they have had in the maintenance, repair, adjustment, and replacement of mechanical and/or electrical components for equipment used in maritime/port operations. At the time of appointment, applicants must have the ability to stoop, bend, climb, reach, and work at varied heights and in small spaces as needed to maintain, repair, adjust, and replace mechanical and/or electrical components. Employees in this class may be required to work shifts and/or weekends/holidays/emergencies.

90597 Plant Maintenance Supervisor I

Salary Range: (68) \$33,081.60 - \$50,174.40

This is supervisory and skilled work in a building maintenance program at a state building or institution.

Qualifications: High school diploma or GED certificate and two years of experience in the operation and maintenance of commercial building heating, cooling and refrigeration equipment and in the maintenance and repair of buildings to include one year of supervisory experience.

90598 Plant Maintenance Supervisor II

Salary Range: (71) \$35,618.40 - \$53,976.00

This is supervisory and skilled work in a building maintenance program at a state building or institution.

Qualifications: High school diploma or GED certificate and four years of experience in the operation and maintenance of commercial building heating, cooling and refrigeration equipment and in the maintenance and repair of buildings to include two years of supervisory experience.

90722 Cold Storage Supervisor

Salary Range: (61) \$27,804.00 - \$42,290.40

This is responsible work in directing the receipt, storage, and shipment of specialized stores in a cold storage warehouse.

Qualifications: High school diploma or GED certificate and two (2) years of responsible experience in the operation of cold storage facilities.

90870 Correctional Industries Assistant Plant Supervisor

Metal Fabrication Option (471)

Salary Range: (62) \$28,492.80 - \$43,346.40

This is skilled supervisory work assisting in directing manufacturing operations of a specialized correctional industries program.

Qualifications: High school diploma or GED certificate and two years of experience in a textile production manufacturing operation

Notes: Work involves the supervision and training of a considerable number of inmates.

90870 Correctional Industries Assistant Plant Supervisor

Clothing and Textile Production Option: (472)

Salary Range: (62) \$28,492.80 - \$43,346.40

This is skilled supervisory work assisting in directing manufacturing operations of a specialized correctional industries program.

Qualifications: High school diploma or GED certificate and two years of experience in a textile production manufacturing operation

Notes: An associate degree in Fashion/Textiles, Plant Management, Management Technology, or Industrial Engineering from an accredited college or university will substitute for the required experience.

90870 Correctional Industries Assistant Plant Supervisor

Option: Upholstery (474)

Salary Range: (62) \$28,492.80 - \$43,346.40

This is skilled supervisory work assisting in directing manufacturing operations of a specialized correctional industries program.

Qualifications: High school diploma or GED certificate and two years of progressively responsible experience in upholstery operations.

Notes: An associate degree in Business Administration, Fashion/Textiles, Plant Management, Management Technology, or Industrial Engineering from an accredited college or university will substitute for the required experience.

90871 Correctional Industries Plant Supervisor

Option: Upholstery (474)

Salary Range: (70) \$34,761.60 - \$52,653.60

This is responsible technical and supervisory work overseeing the manufacturing operations of a specialized correctional industries program.

Qualifications: High school diploma or GED certificate and five years of responsible experience in upholstery operations, including two (2) years of responsible management experience in plant operations.

QUICK REFERENCE GUIDE TO ENTRY LEVEL JOBS

Quick Reference Guide to Classification Requiring One Year or Less of Experience

This section of the book contains a list of classified jobs arranged primarily by education level. The listings shown may require a high school diploma, or an associate, Bachelor's degree or master's degree. The last category lists other classified jobs that require limited work experience. You can visit our website at www.personnel.alabama.gov "employment" tab to view continuous and current open job announcements as well as to place your name on the mailing list for job classifications not currently open for application or You may fill out a "Job Opening Notification Request" form on page 5 of this book.

Jobs Requiring a Bachelor's Degree

DEGREE IN ANY MAJOR

Code Title

- 10601 Account Clerk (*2 courses in accounting*)
- 10875 Retirement Counselor
- 11408 Employment Security Representative
- 20652 Public Health Environmentalist (*20 semester hours in science and mathematics*)
- 21231 Planning and Economic Development Specialist I
- 30503 Library Technician
- 40641 Disease Intervention Specialist
- 50246 Social Service Caseworker I (*30 semester hours in social science*)
- 50247 Financial Support Worker I
- 50401 Disability Specialist, Trainee
- 60504 Latent Print Examiner Trainee
- 60899 Probation and Parole Officer, Trainee
- 60932 Probation and Parole Specialist
- 61610 Child Labor Inspector
- 30405 Cultural Resources Assistant (*60 semester hours of college in any field*)

ACCOUNTING

- 10601 Account Clerk (*2 courses in accounting or 1 year of bookkeeping experience*)
- 10611 Accountant
- 10660 Budget Analyst
- 10713 Revenue Compliance Officer I
- 10721 Tax Valuation Analyst I
- 10641 Accounts Examiner I
- 10701 Revenue Examiner I
- 10830 Personnel Assistant I
- 10829 Departmental Personnel Specialist
- 11251 Public Utility Analyst I
- 40761 Health Services Administrator I
- 70107 Agricultural and Consumer Protection Specialist/Gins and Warehouses Option - 301 (*Two years of college with 1 course in accounting or math*)

AGRICULTURE

- 20652 Public Health Environmentalist (*20 semester hours in science and mathematics*)
- 61309 Land Reclamation Inspector I

- 21026 Agronomist
- 70106 Consumer Food Safety Protection Specialist/Meat Inspection Option - 209 *Bachelor's Degree from an accredited college or university in Microbiology, Animal Science, Food Sanitation, Food Science, Food Technology, Meat Science or closely related field may substitute for the required work experience)*
- 70106 Consumer Food Safety Protection Specialist/Food and Drug Inspection Option - 257 *(College coursework from an accredited college or university including at least one (1) course in Microbiology, Biology, Chemistry, Environmental Science, or Physical Science may substitute for the required experience on a year-for-year basis. One year of college coursework is equivalent to 30 semester hours)*
- 70107 Agricultural and Consumer Protection Specialist/Plant and Pesticide Option - 258 *(associate degree or two years of college coursework, including at least three (3) courses in Chemistry, Biology, Plant Science, or a closely related field may substitute for the required two years of pesticide experience or experience in an agricultural related position such as producing, processing manufacturing, marketing, inspecting, or quality control of agricultural commodities)*

HIGH DEMAND OR DIFFICULT TO RECRUIT JOBS

Hot Jobs Listings as of March 1, 2021

Listed below are several job titles which are either in high demand or difficult to recruit. The State of Alabama Personnel Department is now accepting applications for these positions. There is continuous hiring occurring throughout the year for each of these jobs. If you are interested in applying, simply go to www.personnel.alabama.gov/JobsHot.aspx and click the job title above its description and you will access the recruitment announcement for that job. This announcement will describe the minimum qualifications required of successful applicants, how to apply, the selection procedure and other employment skills.

Important Note: Job classifications listed in this section were in high demand or difficult to recruit as of **March 1, 2021**. For an up-to-date job listing, please check our website.

Accountant (10611-000)

Salary Range: (71) \$35,618.40 - \$53,976.00

This is beginning professional level accounting work in the application of accounting and auditing principles, methods, and procedures in the establishment, analysis, and maintenance of fiscal records. Employees in this class perform professional accounting and auditing work of routine difficulty according to established procedures and regulations. Employees may also assist higher-level accountants in providing specific analysis, interpretation, and preparation of complex financial reports. Other employees in this class perform various phases of complex audits and make professional decisions and judgments in accordance with generally accepted auditing and accounting practices.

Accounting Technician (10605-000)

Salary Range: (67) \$32,280.00 - \$48,974.40

The Accounting Technician is a permanent; full-time position used by various agencies. Positions are located throughout the state. This is supervisory and/or highly specialized paraprofessional accounting work in an agency with a diversified accounting program.

Actuary (11110-000)

Salary Range: (89) \$105,266.40 - \$160,341.60

The Actuary is a permanent full-time position with the Department of Insurance. Positions are located in Montgomery. This is highly specialized professional actuarial work in reviewing and analyzing insurance company forms, sales materials, rate reserves, benefits, and resources.

ALEA Trooper, Trainee (60670-000)

Salary Range: (72) \$37,389.60 - \$56,726.40

ALEA Trooper, Trainee is a permanent full-time position with the Alabama Law Enforcement Agency (ALEA). Positions are statewide, in various locations throughout Alabama. ALEA Trooper, Trainee is the entry-level law enforcement classification for ALEA's Department of Public Safety. Employees are trainees who complete required courses of training approved by the Alabama Peace Officers Standards and Training Commission (APOSTC) as well as specialized ALEA job assignment training (e.g., highway patrol, marine patrol, capitol police). After successfully completing a six-month probationary period, incumbents become eligible for promotion to the ALEA Trooper classification.

Audiologist (40554-000)

Salary Range: (80) \$55,327.20 - \$84,350.40

This is professional work in conducting diagnostic hearing evaluations in mental health institutions, or in the Children's Rehabilitation Services or Vocational Rehabilitation divisions in the Department of Rehabilitation Services. Employees in this class make diagnostic hearing evaluations and referrals of those with significant hearing losses requiring medical attention or therapy.

Biologist III (70723-045)

Salary Range: (79) \$52,653.60 - \$80,210.40

The Biologist III – Wildlife Option is a permanent full-time position with the Department of Conservation and Natural Resources. Positions are located in various locations throughout Alabama. This is advanced management and scientific research work in the study, development, and improvement of wildlife resources in an assigned district.

Claims Representative (11957-000)

Salary Range: (6972) \$33,921.60 - \$56,726.40

The Claims Representative is a permanent full-time position with the Department of Finance. Positions are located in Montgomery. This is technical work in the adjustment of claims in the Risk Management Division of the Department of Finance.

Claims Representative, Senior (11953-003)

General Option - 003

Salary Range: (7476) \$41,277.60 - \$69,014.40

The Claims Representative, Senior is a permanent full-time position with the Department of Finance. Positions are located in Montgomery. This is highly technical work in the adjustment of property or automobile claims within the Risk Management Division of Finance.

Claims Representative, Senior (11953-398)

Employee Injury Option – 398

Salary Range: (7476) \$41,277.60 - \$69,014.40

The Claims Representative, Senior is a permanent full-time position with the Department of Finance. Positions are located in Montgomery. This is highly technical work in the adjustment of employee injury claims.

Correctional Officer Trainee (60710-000)

Salary Range: (66) \$31,468.80 - \$47,805.60

This is correctional security work as a trainee that consists of formal and on-the-job training of the policies and procedures associated with the custody and rehabilitation of inmates within a correctional institution. Employees in this class learn to maintain security of a correctional institution and to observe and participate in the supervision, control, and custody of offenders. Work is performed under close supervision by a training officer or higher-ranking correctional officer following established standards and guidelines.

Docket Clerk (11501-000)

Salary Range: (58) \$26,474.40 - \$39,280.80

The Docket Clerk is a permanent full-time position used by various agencies throughout the state. This is responsible legal clerical work processing a large volume of criminal and civil case documents and records, and related typing duties. Qualified applicants must have an approved typing proficiency on file with the State Personnel Department indicating a typing skill of at least 50 net words a minute with ten or less errors in order for their application to be processed. Please refer to the job announcement for additional information.

Elevator/Boiler Inspector (61640-000)

Salary Range: (7374) \$39,280.80 - \$62,529.60

The Elevator/Boiler Inspector is a permanent, full-time position with the Department of Labor. Positions are located throughout the state. This is specialized regulatory work in performing inspections of boilers, pressure vessels, and/or public elevators and related equipment to ensure compliance with required operational and safety codes and standards.

Employment Security Representative (11408-000)**Salary Range: (6568) \$30,703.20 - \$50,174.40**

The Employment Security Representative is a permanent full-time position with the Department of Labor. Positions are located throughout the state. This is technical employment security work at the entry level involving interviewing, assessing, and referring applicants to jobs and training, including applicants that meet local veterans' employment program criteria; processing unemployment compensation claims; auditing and adjusting employers' accounts; or determining employer tax rates.

Equipment Mechanic (90445-003)**Salary Range: (6364) \$29,215.20 - \$45,532.80**

The Equipment Mechanic is a permanent full-time position used by various agencies throughout the state. This is skilled journeyman level mechanical work in the maintenance and repair of various types of automotive, heavy construction, and/or patrol vehicle equipment.

Financial Support Worker I (50247-000)**Salary Range: (66) \$31,468.80 - \$47,805.60**

The Financial Support Worker is a permanent full-time position with the Department of Human Resources. Positions are located throughout the state. This is entry-level to advanced social work in the public assistance, food stamp, child support, or work and training services programs. Employees in this class review and determine initial and continuing client eligibility for public assistance, food stamp, child support services, work and training services, or medical assistance benefits determination and entitlements.

Heating and Air Conditioning Technician I**Salary Range: (60) \$27,804.00 - \$41,277.60**

The Heating and Air Conditioning Technician I is a permanent, full-time position used by various agencies throughout the state. This is responsible technical work in the installation, operation, and maintenance of air conditioning, heating, and ventilating systems.

Heating and Air Conditioning Technician II**Salary Range: (62) \$28,492.80 - \$43,346.40**

The Heating and Air Conditioning Technician I is a permanent, full-time position used by various agencies throughout the state. This is responsible technical work in the installation, operation, and maintenance of air conditioning, heating, and ventilating systems.

Insurance Examiner (11231-000)**Salary Range: (75) \$43,346.40 - \$65,695.20**

The Insurance Examiner is a permanent full-time position with the Department of Insurance. Positions are located throughout the state. This is specialized professional accounting work in making fiscal examinations of insurance companies operating within the state.

Licensure and Certification Surveyor (40726-500)**Salary Range: (77) \$47,805.60 - \$72,595.20**

The Licensure and Certification Surveyor is a permanent full-time position with the Alabama Department of Public Health (www.adph.org). Positions are located throughout the state. This is professional work in serving as a surveyor and consultant in a program of licensure and certification.

Loss Control Specialist (61201)**Salary Range: (76) \$45,532.80 - \$69,014.40**

The Loss Control Specialist is a permanent, full-time position within the Department of Finance, Division of Risk Management. Positions are based in Montgomery. This is professional field work surveying state insured buildings and properties in order to identify physical hazards and report on any existing properties and those not yet insured in order to establish replacement costs.

Managed Care Analytics Analyst, Sr. (11112-000)

Salary Range: (8182) \$58,128.00 - \$95,316.00

The Managed Care Analytics Analyst, Senior is a permanent full-time position with the Alabama Medicaid Agency. Positions are located in Montgomery. This is responsible, supervisory, and professional work analyzing various data to provide information that will assist management in determining performance, financial viability, and quality of care provided by Regional Care Organizations (RCOs).

Managed Care Analytics Manager (11113-000)

Salary Range: (84) \$72,595.20 - \$110,738.40

The Managed Care Analytics Analyst Manager is a permanent full-time position with the Alabama Medicaid Agency. The position is located in Montgomery. This is responsible, managerial and administrative work in overseeing all facets of the quality metrics analysis of Regional Care Organizations (RCOs).

Mine Inspector (61321-000)

Salary Range: (73) \$39,280.80 - \$59,556.00

The Mine Inspector is a permanent full-time position with the Department of Labor. Positions are located in Birmingham. This is technical work involving the responsibility for inspection of mines and for enforcing state laws, rules and regulations concerning health safety.

Orientation & Mobility Specialist (50396-000)

Salary Range: (71) \$35,618.40 - \$53,976.00

This is entry level professional work in the field of rehabilitation and instruction of persons who are blind or visually impaired. Employees in this class are responsible for developing and implementing plans of instruction in orientation and mobility and adjustment counseling for persons of all ages who are visually disabled. Work at this level involves making consumer contacts; evaluating consumers' needs for services; providing instruction in skills needed to travel indoors or outdoors; and referring consumers for additional rehabilitation services.

Programmer (10515-000)

Salary Range: (74) \$41,277.60 - \$62,529.60

The Programmer is a position used by various agencies throughout the state. This is entry level through full performance computer programming work. Employees in this class are responsible for preparing, from predetermined program information and specifications, basic to complex computer programming applications, along with coding, testing, debugging, and documenting these applications.

Programmer Analyst (10517-003)

Salary Range: (81) \$58,128.00 - \$88,538.40

The Programmer Analyst (General Option) is a position used by various agencies throughout the state. This is the full performance professional level work performing moderately to highly complex programming and systems analysis work. This differs from the lower level in that incumbents work on projects with integrated systems that impact multiple applications. Supervision may be exercised over lower level IT personnel. Work at this level requires full proficiency in more than one programming language.

Public Health Physician Director

Salary Range: (93) \$141,796.80 - \$216,204.00

The Public Health Physician Director is a permanent, full-time position with the Alabama Department of Public Health (www.adph.org). Positions are located in Montgomery. This is highly responsible professional medical work in administering a large bureau with responsibilities of statewide public health programs or coordinating activities within one or more districts.

Rehabilitation Staff Nurse (50399-000)**Salary Range: (7576) \$43,346.40 - \$69,014.40**

This is professional nursing work with Children's Rehabilitation Services. Employees in this class perform progressively responsible services in the field of community health nursing as applied to children with disabilities and their families. Employees are expected to provide clinical care and assist in promoting and developing services for children with special health care needs and their families in an assigned area of the state.

Revenue Compliance Officer I (10713-000)**Salary Range: (68) \$33,081.60 - \$50,174.40**

The Revenue Compliance Officer I is a permanent, full-time position with the Department of Revenue. Positions are located statewide. This is professional collection work in the enforcement of Alabama state and local revenue laws.

Revenue Examiner I (10701-000)**Salary Range: (72) \$37,389.60 - \$56,726.40**

The Revenue Examiner I is a permanent, full-time position with the Department of Revenue. Positions are located throughout the state. This is professional auditing work in enforcing state tax laws.

Revenue Examiner II (10702-000)**Salary Range: (76) \$45,532.80 - \$69,014.40**

The Revenue Examiner II is a permanent, full-time position with the Department of Revenue. Positions are located throughout the state. This is professional auditing work of considerable difficulty examining taxpayers' returns and records for compliance with Alabama tax laws.

Senior Social Worker I (50221-000)**Salary Range: (73) \$39,280.80 - \$59,556.00**

The Senior Social Worker is a permanent full-time position used by various agencies throughout the state. This is advanced professional service social work. Employees in this class develop a social service plan for a difficult and complex select caseload in child protective services, adult protective services, child and adult foster care and/or adoptions; investigate complex abuse and neglect cases; provide immediate crisis intervention; assess need and delivery of services; arrange for clinical services; and/or plan for nursing home care.

Social Service Caseworker I (50246-000)**Salary Range: (69) \$33,921.60 - \$51,400.80**

The Social Service Caseworker is a permanent full-time position used by various agencies throughout the state. This is service social work developing social service plans for select caseloads; investigating abuse and neglect cases; providing crisis intervention; assessing need and delivery of services; arranging for clinical services and/or planning for nursing home care; determining financial eligibility of day care and homemaker schedules; recruiting applicants for foster care and residential day care providers; speaking to the general public and groups; and preparing court reports and testifying in court.

Social Worker I (50248-000)**Salary Range: (71) \$35,618.40 - \$53,976.00**

The Social Worker is a permanent full-time position with the Department of Human Resources. Positions are located throughout the state. Employees in this class perform entry level to advanced level service social work by developing a social service plan for a select caseload in child protective services, adult protective services, day care, child and adult foster care, and/or adoptions.

Staff Nurse (40240-000)**Salary Range: (7274) \$37,389.60 - \$62,529.60**

The Staff Nurse is a permanent full-time position used by various agencies. Positions are located throughout the state. This is professional nursing work in a generalized or specialized field of nursing.

Tax Valuation Analyst I (10721-000)

Salary Range: (72) \$37,389.60 - \$56,726.40

**APPLICATION CERTIFICATION STATEMENT AND
DEGREE ACCEPTANCE AND
EXAMINATION SECURITY POLICIES**

Policy on Accepting College Coursework, Post-Secondary and Advanced Degrees

1. Specific college coursework required for a job, as well as Bachelor's, graduate, postgraduate, and doctoral degrees will be accepted from the schools accredited by any of the six regional accreditation associations in the United States listed below:
 - ✓ Southern Association of Colleges and Schools (SACS)
 - ✓ Middle States Commission on Higher Education (MSCHE)
 - ✓ Northwest Commission on Colleges and Universities (NWCCU)
 - ✓ Higher Learning Commission (HLC)
 - ✓ New England Commission of Higher Education (NECHE)
 - ✓ Western Association of Schools and Colleges –Senior College and University Commission (WASC-SCUC)
2. Coursework or degrees from schools that have not been accredited by one of the above listed regional accreditation associations may be accepted if a *regionally accredited school** considers the coursework or degree to be an acceptable prerequisite for admission to an advanced degree program. For example, if a regionally accredited school accepts an applicant's bachelor's degree for admittance into a graduate degree program, State Personnel will accept the degree. In the case of required college coursework (but no degree requirement), State Personnel will accept the college coursework if a regionally accredited school accepts the coursework towards a post-secondary degree (e.g., a bachelor's degree). **This must be documented by a letter of acceptance from the regionally accredited school.** State Personnel will review such requests on a case-by-case basis.

Note: This policy is subject to change. Certain state agencies may have additional requirements.

*The term "regionally accredited school" refers to an institution of higher education accredited by one of the above listed accreditation associations.

Examination Security Policy

Except for pretest information provided by State Personnel to all applicants, you should not directly or indirectly obtain information about examinations. If you do, the State Personnel Director may do several things. One, you may not be given an examination. Two, you may be disqualified after an examination. Three, your name may be removed from a register. Or four, your name may not be certified from the register. (Rules of the State Personnel Board, Chapter 670-x-9.) According to the Code of Alabama, 36-26-47, a willful violation of exam security is a misdemeanor. Any person who is convicted of this type of misdemeanor will not get a State job. If they are officers or employees of the State, they will be required to forfeit their office or position for five years.

If you know of anyone who has violated this policy, you should contact the Examination Manager at the State Personnel Department.

Applicants hired by the State of Alabama on or after January 1, 2012 will be subject to the E-Verify process pursuant to Act No. 2011-535.
