**Do you want a new car but dread the stress of negotiating the price? Do you worry about whether you'll get a good deal?**

Now, with the help of AARP, you can buy your next new or used car with confidence. That's a powerful feeling.

The **AARP Auto Buying Program** gives you upfront pricing information and your Guaranteed Savings\* off MSRP from Certified Dealers on new cars and dealer-guaranteed prices on used cars. So you'll know what you should pay on the car you want before you even visit the dealership.

Our dealer network believes in transparency, so you can trust that everything is out in the open and you'll never overpay. There are no hidden costs or surprise fees.

## How it works:

- 1 Go to [AARP.org/autobuying1](https://www.aarp.org/autobuying1) to find the new or used car you're looking for.
- 2 Select your desired vehicle to see what others have paid for the car you want and view your new car savings or used car pricing. Then you'll know if you're getting a good or even a great deal.
- 3 Select up to three Certified Dealers you want to work with, then you'll receive your Guaranteed Savings Certificate or Used Vehicle Price Certificate.
- 4 Go to the Certified Dealer to test drive and purchase your car. If you have any questions or issues, you can call the toll-free number on your Certificate.
